Early Apples. Our old triend, Mr. Joseph McLaurin, laid upon our table, yesterday, a number of ripe apples, of a blood red color, taken from a tree in his garden in this city. He calls the tree from which these beautiful specimens were pulled his "May Queen," although it was planted as a "Red Astracan"-a summer apple. There are seven of the apples alluded to, there being two on one twig, four on another and one detached. Mr. McLaurin's garden is famous for its early apples. We would like to hear from Newbern on the apple question!

Robeson County. We learn that the United States troops which have been stationed at Lumberton, Robeson county, for some time past, for the purpose of looking after the outlaws in that section, have been ordered to Cleaveland county, and that they will leave for their new destination to-morrow. So they turn their backs upon the real Ku Klux, of the radical stripe, to commit what outrages and depredations they please, and go to hunt up imaginary ones in another quarter! But as they did but little good while they were in Robeson it is probable that their absence will not make much difference to the people of that county.

Fatal Accident. From passengers who arrived at this place on the Wilmington, Charlotte and Rutherford hold feast and fair at Gaston on fatal accident occurred in Lumberton on Friday morning. A man by the name of McCormick, a resident of Robeson county, was driving through the streets in a cart when his horse suddenly became frightened at some thing and ranaway, throwing Mr. McCormick from his cart, by which he was so badly injured about the head that he expired about 4 o'clock the same afternoon. We learn that a brother of the unfortunate gentleman was drowned not long since.

Bitten by an Alligator.

A white man, whose name we did not learn, while showing a crowd of the curious what he knew about alligators, put his hand in the mouth of the one on exhibition on Water street, yesterday afternoon, when, not pleased with his too evident familiarity, he suddenly closed'his ponderous jaws upon that limb of the luckless adventurer. The teeth of the animal went completely through his hand and it was with the utmost difficulty that he effected its release, which he did finally in a very lacerated condition.

The dwelling of Mr. C. L. Grafton, on the corner of Red Cross and Third streets, was entered a night or two since, during the absence of Mr. G., and robbed of a large amount of clothing, mostly ladies' dresses. An entrance was effected through a door or window opening upon the front plazza, a box containing the clothing taken out and carried down stairs, where it was emptied of its contents and then left. The ladies of the family were asleep at the time and knew nothing of the occurrence. No clue to the perpetrators.

Eminent members of the medical profession and hospital surgeons without number, have candidly admitted that the pharmacopæis of the faculty contains no prescription that produces such beneficial effects in dyspepsia, general debility and nervous diseases, as Hostetter's Bitters. To use the language of a venerable physician of New York, "The Bitters are the purest stimulant and the safest tonic we have. As a preparatory antidote to epidemic disease, a genial stimulant, a promoter of constitutional vigor, an appetizer, a stomachic, and a remedy for nervous debility, no medicinal preparation has ever attained the reputation of Hostetter's Bitters. It is the household tonic of the American people, and in all human probability will be so for centuries to come.
