LLINER Horticultural Pair.

Fruit raisers in New Hanover, and the adjoining counties should bear in mind that there will be a Horticultural Fair held in this city on Wednesday, the 19th of July and

The Fair last year was a very successful one, especially when it is considered that but little time had been given the Hosticulturalists of this section in which to become properly interested in the subject previous to the Fair. This year our friends bave advantage of 'he previous year's expesience and will doubtless exert themselves to make a much more favorable showing than they did on the last occasion. Let our funitories bestir themselves between this and the time of the proposed Fair and place its success beyond perad venture. Col. Walter L. Steele, of Bichmond county, the President of the Hortleultural Association, is exhibiting a lively interest in the matter and it is to be hoped that his efforts will be seconded by other members of the Association and the public generally.

To Take Bruises out of Furniture. Wet the part with warm water; double piece of brown paper five or six times, soak in the warm water and lay it on the place; ap ply on that a warm, but not hot flat iron, till the moisture is evaporated. If the bruise be not gone repeat the process. After two or three applications the dent or bealse will be raised to the surface. If the bruise be small, merely soak it with warm water and hold a red hot iron near the surface; keeping the surface continually wet the bruise will soon

A Medical Meeting. The New Hanover Medical Society met last

night at the office of Marsden Bellamy, Esq. in this city, the President, Dr. Satchwell, in the chair. The meeting was a very interesting one, indicating true devotion to the pro-A committee was appointed to invite the

co-operation and membership of the entire regular profession of the city and county. The subject of transfusion was taken up and

reference made to its recent operation at the Hospital in this city. Dr. J. Francis King, one of the operators in this case, was requested to make a full report of the case to the Soclety, when an interesting discussion upon this subject may be expected.

The Society adjourned to meet at the same place on next Wednesday night, at 816 o'clock, when a new election of officers will take place and the question be determined whether the old organization will be kept up in its present torm, or a new Society instituted.

We should suppose that every regular member who loves his profession and is ready to maintain a proper esprit d'corps would come into this organization, or a similar one, and we trust that the next meeting will be numerously attended. We are glad to learn, in this connection, that a similar medical club has been organized at Rocky Point, in this county.

Supreme Cours. We learn from the Sentinel that the follow ing among other cases were argued before this tribunal Tuesday morping:

Wesson & Hunting es. Thos. J. Johnson and wife, of Camberland county. Argued by Col. J. W. Hiusdale, for the plaintiffs; and W. McL. McKoy, for defendants.

Points discussed: 1st. Is a mortgagee who petitions to put the mortgagor into involuntary bankruptcy debarred by the act of petitioning from foreclosing the mortgage? 2d. Can a suit in a United States Court be

pleaded in abatement or in bur of a suit in a State Court for the same cause of action? 3d. Is the dower act of 1867 constitutional K. P. Battle, Public Treasurer, vs. Joseph

By an advertisement in another column, it will be seen that the First Annual Examination and Commencement Exercises of the above Institute, over which Prof. J. F. The examination and exercises will be conducted in both the English and German languages, and the excellent reputation which this institution has attained, although in its infancy, would warrant the conclusion that the occasion will be

an exceedingly interesting one.

The patrons of the Institute and all others who may feel interested in the school are cor-

The Exhibition.

The annual exhibition and examination of the Union and Hemmingway Grammar Schools, under the efficient superintendence of Miss Amy M. Bradley, took place at Thalian Hall last evening. There was an immense crowd present, dress circle, parquette and all the available space elsewhere was filled to repletion and a great many were unable to obtain seats, while not a few turned away from the building without entering on account of inability to secure even good standing posi-

tion. The exercises were of a most interesting character, embracing dialogues, declamation, vocal and instrumental music, &c., and evidenced a thoroughness of training, a proficlency in study and a degree of mental capaci teachers and pupils. The scholars were all neatly and appropriately dressed, and in some of the dialogues the participants appeared on the stage en costume. The whole affair was admi rably arranged and carried out in a manner that challenged the appreciation of the large ed by the applause which greeted the youthful performers and the unflagging patience displayed by the audience throughout the lengthy exercises, which were kept up until a late hour.

With this exhibition the schools will be closed until the 1st of October.

County Meeting.

At the suggestion of many citizens of the county, and by virtue of my appointment as a member of the Executive Committee for this Congressional District, I respectfully request that such citizens of New Hanover county as favor the call of the Convention shall meet in their several townships on Saturday, 24th instant, for the purpose of appointing delegates to assemble in this city on Saturday, July 1st, for consultation upon matters in relation to the pending election.
