#### Weather Report.

WAR DEPARTMENT, Office of Chief Signal Officer, Washington, July 14-4:35 P. M. Probabilities.

The barometer will probably rise on the lakes, with clear weather from Michigan to Kentucky and eastward. The area of lowest barometer will probably move eastward to the Bay of Funday by Saturday morning. Fresh westerly winds are probable for Saturday on the Atlantic coast and the lakes. Partially cloudy weather, with southerly winds, will probably prevail in the Southern States. Danverous winds are not anticipated. Storms merely local are not considered.

#### Local Dots.

- There is very little doing in police circles. - Quite a number of people complain that the weather is hot.

- The thermometer in the STAR office in decated only 90 degrees yesterday at noon. - A colored male patient was granted permission to enter the City Hospital yesterday. - We learn that some of the cisterns in dif-

ferent portions of the city need replenishing with water.

- Viola Burr, colored, was sent to the Work House yesterday for non-payment of fine in the City Court.

- If you want to make your way straight to poverty, rags and nudity, just hang round expecting you are to get a lively win at some good luck.

- The politicians are busy. We learn that Geo. W. Price is to commence a canvass of Columbus county to day, intending to devote a week to that purpose.

- Mr. Jacob Keyser, upon application to the City Marshal, was sent to the City Hospital yesterday. Mr Keyser has been in very bad health for sometime past.

- We learn that there was a political gathering yesterday, with speaking, at Piney Woods, Franklin Township, and to-day there will be a meeting in Caswell Township.

- We learn that Mr. Samuel R. Chinnis, the Convention candidate in Brunswick, and Judge Russell, the anti-Convention candidate, will have a joint discussion at Town Creek to-day.

- There was a prospect at one time yesterday afternoon of a heavy rain, but we were blessed with only a light shower. For this we should be thankful, for it had the effect of laying the dust and cooling the atmosphere.

- A colored woman, by the name of Diana Blocker, who resided on Church, between Second and Third streets, being in a very low state, obtained permission a day or two since to enter the City Hospital, but when an attempt was made to remove her it was found

The following cases were disposed of yesterday morning :

John A. Henderson, charged with assault and battery upon the person of his wife, was found guilty and required to pay \$20 and costs. The fine would have been heavier, but the evidence showed great provocation on the wife's part.

Lowrey Again.

We were informed yesterday that the bold and daring villain, Henry Berry Lowrey, had the audacity to go to Mr. John McNair's house, in Robeson county, yesterday morning, and demand his breakfast. This was given him, when he told Mr. McNair to go to Lumberton and inform Sheriff McMillan for him that if his wife, who is now in jail at that place, was not set at liberty by Monday next, he would drench the county of Robeson in blood. Mr. McNair resides about four miles above Buie's Store, the latter place being the general rendezvous or headquarters of the Sheriff's party who are trying to effect his capture. Our informant conversed with Mr. McNair, who was on the train yesterday en route for Lumberton to inform the Sheriff of Lowrey's threat, and obtained the above facts from him. That Lowrey should thus boldly and defiantly stalk about the county at his pleasure, and almost under the very noses of those who are seeking

time past, will soon undergo necessary repairs, including a new boiler, when she will resume her place on the river in the capacity of a tug.

- "Boys will be boys." Just so. What pity it is, though, men won't always be men.

## SPIRITS OF TURPENTINE

- Greensboro' has corn 131 feet high. - Raleigh has a hundred pound turtle.

- Roller-skating has reached Greensboro'.

- Roller skating is still the thing in Fayetteville.

- Conservative mass meeting in

Greensboro' on the 29th. - Col.B. F. Askew is the Conservative candidate in Jones.

- The erection of the market-

house in Weldon has commenced. - An excursion from Weldon for Petersburg takes place on the 17th inst.

- Raleigh and vicinity was visited by a delightful rain on Wednesday evening.

- A Lodge of Kights of Pythias was formed in Raleigh on Wednesday evening last.

- A. G. Thornton, a Radical Magistrate of Fayetteville, has been released from jail.

- The Winston Sentinel says the prospect for a large corn crop was never better than at this time.

- The *Eagle* learns that the Fayetteville Independent Light Infantry Company will soon reorganize.

- T. S. Lutterloh and W. A.

HONESTY is the best policy in medicine as well as in other things. AYER'S SARSAPA-RILLA is a genuine preparation of that un-equalled spring medicine and blood purifier, decidedly superior to the poor imitations heretofore in the market. Trial proves it.

YE PIMPLED, BLOTCHED AND ULCERATED VIC-TIME of scrofulous disases, who drag your un-clean persons into the company of better men, take AYEE'S SARSAPARILLA, and purge out the fonl corruption from your blood. Be-store your health, and you will not only enjoy life better, but make your company more tolerable to those who must keep it.

Economy in the Kitchen. Prudent housekeepeis are ever on the aler-to practice economy in the culinary depart. ment. In no way can this be done more effect tually than in the use of a Baking Powder which combines purity, strength and reli-ability. Dooley's Yeast Powder has attained the deserved reputation of being economical, convenient and wholesome, besides which it will produce from a barrel of flour twenty-five to forty pounds more bread, rolls, &c., than by the old process of raising dough with bakers' or hop yeast. Here alone is a great saving, and authorizes the guarantee that it will give entire satisfaction. [Tu Th Sat

All subscriptions due W. L. Harlow, and uppaid July 1st, are payable only to the undersigned or his authorized Agents. June 13, 1871. WM, H. BERNARD.

#### For Sale or Rent.

If you have a house or farm for sale or rent advertise it in our new department, under head of "For Sale or Rent," at half of our reg ular rates, for advertisements not exceeding tive lines.

#### Sale of Real Estate.

Don't forget the valuable real estate to be sold at auction this morning, at 11 o'clock, at the Court House door, by Messrs. James & Meares, auctioneers. The property is located on Swann and Sixth streets, and is sold by virtue of the power of sale contained in a certain deed of mortgage made to the Wilmington Building Association.

#### The Fire Alarms Again.

It seems a very difficult matter to make al of those whose duty it is to ring the fire alarm bells in case of fire to understand the proper way of ringing them. During the fire of Thursday night the bell in the colored. Presbyterian Church, in the 2nd District, persisted in ringing the alarm for the 3rd District, when the fire was actually in the 5th District, thus tending to create confusion.

If you have found anything, advertise it in our new department, under head of "Lost and Found," at half our regular rates, for adver lisements not exceeding five lines.

Newbern Journal of Commerce. We are glad to see that the Newbern Journal of Commerce, a sterling Democratic sheet, has donned a new and handsome dress, which makes a material change in its appearance, ther improvements are also observable. #### A Large Cistern

A short time since the Board of Aldermen appropriated the sum of \$275 for the enlarge ment of the cistern on the lot occupied by the Engine House of the Wilmington Steam Fire Engine Company, on the corner of Fourth and Princess streets. This cistern, which is now in process of completion, will be of 785 barrels capacity, and will add materially to the suppy of water in case of fire anywhere within

that her condition would not admit of it, and on Thursday night she breathed her last.

### **Tileston Normal School.**

We were shown yesterday by Messrs. Strausz & Rice, the plans for the new building soon to be erected on the commodious lot, corner of Fourth and Ann streets, for the use of Miss Amy M. Bradley as a Normal School. The ground floor will contain four roome, capable of seating forty scholars each. The two front rooms will be 261/2 by 34 feet, and the two back rooms 18 by 34 feet in dimensions. The front passage, with stair cases, will be 11 feet wide and the back passage 8 feet wide. Each of the rooms will contain a platform constructed so that the teacher can overlook the whole school.

On the second floor will be the Exhibition Hall, covering the entire dimensions of the building, which will be 68 feet front, and 72 feet deep, and will be capable of seating a large number of persons. In the back part of the hall a large and convenient stage will be located with ante-rooms in the rear, and a handsome bay window overlooking the back portion of the lot. In front there will be recitation rooms, which can be thrown open so as to seat a portion of the audience during an exhibition. The building will be furnished with all the modern improvements for ventillating or heating the various rooms and will be surmounted by a handsome cupalo 8 feet square by 11 feet high. The front view, judging by the plans, will present a very handsome appearance, as will also those of the sides and rear. The building taken altogether will be one of the finest school edifices in the State. It will be named for the father of Mrs. Hemmingway, of Boston, the generous lady to whose liberality this community is indebted for the important educational advantages which it has enjoyed to such a large extent for several years past, and we predict that the 'Tileston Normal School" is destined to exert a powerful influence for good in the community in years to come.

The plans to which we are indebted for the above particulars, which are exceedingly well executed, were drawn by John A. Fox, Esq., of Boston.

#### Advertising for the People.

We would call the attention of the public to the MORNING STAR's charges for short advertisements, especially for the accommodation of the growing demand for the publication of brief notices such as "Wants," "To Let," "For Sale," etc. Most advertisements of this character can be reduced to five lines space, and the charge for them being but half our regular rates when paid for strictly inadvance. This offers increased inducements for servants wanting places, for families wishing domestics, for farmers having a horse, or a cow,

knows no limit. It is said that the inhabitants of the Scuffle-

to capture or kill him, shows that his audacity

town region generally are very indignant at the capture and incarceration of Lowrey's wife. and we should not be surprised, considering the recklessness of the daring outlaw, if he was to call around him his friends and sympathizers and cause the people of the county a great deal of trouble, if he is not speedily disposed of. The fact that his wife has been imprisoned seems to have aroused the lion in his nature to such an extent as to render him a perfect demon.

#### Boarders.

If you want Boarders, advertise in our new department, under head of "Wants," at half our regular rates, for advertisements not exeeding five lines.

#### New Store.

Attention is called to the advertisement of Mr. A. L. Price, late of the Wilmington Journal, which will be found in this issue. Mr. Price has lately purchased the Boot and Shoe establishment formerly owned by Mr. Jas. A. Bradley, since which he has replenished the stock and intends by making constant additions to keep always a complete assortment of boots and shoes on hand. Mr. Price's extensive acquaintance throughout this section will enable him to understand the wants of his customers, and we have no doubt that his new business will prove a profitable and lucrative one, especially as he is bound to suit both in Price and the quality of his goods.

#### The Fire.

Alarms of fire are becoming unpleasantly fr. quent. The one yesterday morning, between 1 and 2 o'clock, was caused by the burning of a small unoccupied building, the property of Mr. Samuel Blossom, which was entirely destroyed. The house was located on Dawson, between Fifth and Sixth streets, and was situated in such a remote section of the city that it was burned to the ground before the engines and Hook and Ladder truck, which were promptly on the wing, could reach the scene of the disaster. The loss is small and the origin of the fire is at present unknown.
