"In Time of Peace."

As in time of fire we are hereafter mostly to depend upon steam fire engines, it is very important not only that water be kept in the cisterns but that no delay should occur in arriving at the scene of the conflagration; therefore we suggest that, especially at night, as soon as the cry ef hire is raised, one of the mounted police shall proceed rapidly to the residence of EACH ENGINEER of the steam engines to arouse If the Marshal and chief of the fire department are to be aroused, it can be very easily and promptly done by policemen walking the beats near the residences of those officials. Besides this, the policemen should be required so make themselves proficient in the sounding of the alarms, location of wards

N. C. Dead at Gettysburg.

The Ladies' Memorial Association of this city propose to raise a fund to assist in the noble work of removing the North Carolina dead from the battle ground of Gettysburg. With this object in view they request a contribution of twenty-five cents or more from each person disposed to aid in the accomplishment of this desirable purpose, the amount to be sent to Mrs. W. G. Thomas, Treasurer of the Association. The object is a very worthy one and should culist the active sympathy and co-operation of our people.

An Expression of Thanks.

The pastor and congregation of St. Mark's (colored) parish, desire to express through the medium of the STAR, to the churchmen and citizens of Wilmington, their heartfelt gratitude for the assistance so kindly extended to them in their efforts to build their new church, praying that God may reward them for their kindness seven-fold.

ROBESON COUNTY.

- It is reported that two prisoners escaped from the County Work House on Sunday

- Mr. F. M. James, reported to have been sun-struck on Saturday, was merely overcome by the heat and is now improving.

- We unintentionally omitted to credit the Eagle with the article headed "Military Com panies of Fayetteville," in Sunday's paper.

- An excursion party will go down to Smithville on the steamer Waccamaw this morning, leaving the wharf at 916 o'clock. - A colored man, by the name of Joe Chad-

bourn, who is an old offender, was arrested yesterday for drunkenness on the streets. - Sylvester Price, John McRae and Sam

Owens, three colored boys, were sent to the Work House yesterday for non-payment of City Court fines and costs. - James A. Oates, manager of the English Comic Opera Company, died at the Grand

Central Hotel at New York Friday evening,

aged 29 Mr. Oates was in bad health when he was here with his wife's troupe. - A meeting of the College of Physicians and Surgeons will be held at the City Court room this evening, at 8% o'clock. Physicians

In good standing in the city and county are invited to attend. - We learn that another installment of the goods stolen from Mr. Coben were recovered by Officers Sellars and Carr yesterday. The

arteles were found in the same place in which the others were concealed. - We were glad to meet in our sanctum. yesterday, our genial friend and ardent co worker in the cause of Convention and Constitutional reform, Mr. Julius A. Bonitz, of that sprightly paper, the Goldsboro Messenger. He

returns home this morning. - Capt. B. J. Lawton, Harbor Master of this port, leaves this morning for Spraguesville, R. I., intending to be absent about four weeks, during which he will visit the various watering places. Capt. John Griff will act in his place during his absence.

- Considerable excitement was created at the foot of Market street yesterday afternoon by a party of sailers, who were in bathing with their clothing on. A large crowd collected to witnest their antics, some of which were quite amusing.

- A friend very properly suggests for the consideration of our city pastors the propriety of commencing Sabbath morning worship at 9 o'clock, in order that the memb rs of their congregations may be able to return to their homes before the middle or the hottest portion of the day.

- It is to be hoped that the city authorities will immediately commence the erection of the ballast walk on Seventh street, in secondance with the petition recently presented them. As the property owners interested propose to pay for the walk there should be no delay, as it is almost daily needed by persons going to and from their homes; and also by many who wish to visit the Cemetery.

A pretty and impressive sight was witnessed at the Front Street Methodist Church, on Sabbath, in the baptism of five young persons and the reception of nineteen young ladies and gentlemen as members of the church, after which an impressive sermon was preached by pastor, Rev. Dr. Moran, from the text: "The flowers appear on the earth; the time of the singing of birds is come, and the voice of the turtle is heard in our land."-Solomon's Song, 2d chapter and 12th verse-which he continued and closed during the evening service.

We learn that the address to the congregation in the forenoon was exceedingly touching and appropriate, and that the whole church seemed not only jubilant over this important accession to its membership, but evidently looked upon it as the most hopeful and promising which has ever been received into its pale. Several heads of families have also been received of late into this church, we learn, and quite a number of young persons who have been under the pastor's instructions will probably become united with the church 600D.

All this has been accomplished noiselessly, without effort, and is the legitimate fruit of the faithful and upremitting labors of the Pastor, in co-operation with his flock.

City Court. SO SU SAL The following cases were disposed of yester-

Benj. Robinson, charged with fighting and quarreling on the street, was found guilty and required to pay the penalty and costs. Appeal to the Superior Court allowed on his giving security for the costs.

Mathew Cole, charged with receiving stolen goods knowing them to be stolen, was found not guilty and discharged.

Sylvester Price, John McRae and Samuel Owens, charged with stealing shoes, combs, &c., of S. Bear, were found guilty. Judgment for the penalty and costs, Price and Owens afterwards required to give bond in the sum of \$50 for their appearance at the next term of the Superior Court.

Fred. Saky, charged with being drunk or the street. Care continued over.

Crops in South Carolina. A friend at Timmonsville, in a private letter to the Editor, says: "Crops in this region are very promising, much more so than any previous year since the war. There has not been as much cotton planted this as other years, and the people think they will have their own hog and homony for next year if the season holds out a little longer."

Speaking at Smithville.

ABBARBA TOTAL

Hon. A. M. Waddell and Mr. Samuel R. Chinnis, the Conservative candilate for Convention in Brunswick county, will address the people at Smithville to-day. It is also reported that Judge Russell, the Republican candidate, will speak on the occasion, but we are not positive as to the accuracy of the latter report.

The Work of Blood Goes On-Another Horrible Murder by Lowrey and His Band-One of the Victims a Prominent Citizen-His Threats of Blood and Carnage being Carried

Out, &c. &c. Again we are called upon to record a repetition of the bloody achievements of the infamous Lowrey and his gang of outlaws and cut throats in the county of Robeson. It seems that the threat of Lowrey as conveyed to the Sheriff by Mr. John McNair was no meaningless boast, but made with the full intention on his part, as far as possible, to carry it into execution. He said that if his wife and other females who had been captured were not set at liberty before Monday morning he would drench the county in blood ! Yesterday he commenced carrying out his threat of tlood and carnage by shooting down two of the citizens of that county, while riding peaceably along

According to reports brought down by passengers on the Wilmington, Charlotte and Rutherford Railroad, Mesers. Daniel Murdock McLean, Hugh McLean and Arch. McCollum. the two former of whom live about two miles f om Shoe Heel, were riding in a buggy, and when about two hundred yards from their house they were suddenly fired upon by the outlaws and the two McLeans instantly killed. Mr. McCollum received a flesh wound, but jumped out of the buggy and I ran to wards Shoe Heel, closely pursued for some distance by the outlaws. Mr. M. thinks there were three members of the gang concerned in the murder, as there were three distinct reports, as if each had selected his man. There was one gun in the buggy at the time, but the attack was so sudden and unexpected that they had no opportunity to use it. Their close proximity to the residence of the Me-Leans would make it appear that they were

watching for them particularly. The scene of this horrible affair is, we learn, about 22 miles from Buie's Store, in which vicinity they were when the message was sent to Sheriff McMillan concerning the women which shows that the movements of the our laws are as rapid as they are secret and myste-

Daniel Murdock McLean, or Murdock Mc-Lean, as he was commonly called, was about 28 years of age, and was one of the most prom inent citizens of the county, well known and highly respected. On the occasion of the last Agricultural Fair in this city he acted as one of the marshals. Hugh McLean, his brother, was about 16 years of age. The parties, espe cially Mr. McCollum, had been quite active in their efforts to capture the outlaws. Hence their desire, we suppose, to be revenged on them particularly.

It is said that the Sheriff has been requested by prominent gentlemen, including Capt. Wishart, to release the women now in custody. It is also stated that a petition has been received by the Sheriff from a number of ladies of the county, to the same effect, and gentlemen from Robeson inform us that they will likely be released, if they are not already

It is feared that other murders have been perpetrated ere this. The county, as may well be imagined, is in a terrible state of dread and apprehension, but we hope that the time of deliverance is near.

Arrested for Fighting.

Jacob Elliott and Alex. Ramsey were arrest ed yesterday, by Sergeat Wilson, near the corner of Front and Market streets, on the charge of fighting. Elliot proved obstreperous and the officer had to procure assistance to take him to the Guard House. He literally fought his way to the lock-up, and succeded in tearing a large rent in the officer's coat-

Arrival of a Prisoner from Robeson. Wm. Golns, who shot and killed Sherrod

Locklear, at Scuffletown, Robeson county, or Tuesday last, arrived here yesterday, in the custody of Mr. Berry Godwin, and was lodged in jail. A large crowd collected as the prisoner was passing through the streets, the impression being pretty general that he was one of the Robeson outlaws who had been captured. In fact it was even reported that he was the noted Henry Berry Lowrey himself, who had at last been nabbed and brought to this city to be placed in confinement, a supposition which is never likely to have its realization in fact. Goins is a mulatto, apparently about 40 years old. The difficulty between himself and Locklear, and which resulted in the death of the latter, was about some land which belonged to Goins, but on which Locklear persisted in working and threatened to kill Goius if he was interfered with. The owner finally attempted to enforce his right to prohibit intruders from working on his property, which resulted in Locklear being shot and killed by Goins, as stated above.

Arms for Robeson.

We copy the following paragraph from the Sentinel of yesterday:

C. S. Renno, the gallant man who recently captured Pop Oxindine, one of the Robeson county outlaws, in Richmond county, is now in this city. Mr. R. comes at the instance of the board of commissioners of Robeson county to procure arms and ammunition of Gov. Caldwell for the use of the citizens of that county in their efforts to capture or exterminate the gang of outlaws that are now infesting that county. We understand that Mr. R. succeeded in obtaining an ample supply of arms and ammunition and will leave for Robeson this morning.

We learn further that a private telegram from Gov. Caldwell was received in this city yesterday, in which it was stated that one hundred stand of arms and a full supply of ammunition had been shipped from Raleigh for our forces in Robeson county. The telegram also stated that the Governor had telegraphed the Secretary of War in regard to the troubles in our sister county, but that he feared the Government had now no troops to spare for service in that quarter.

To-morrow the annual Fair will take place at Masonic Hall, where it is expected that there will be a graud display of the different varieties of fruits, plants, wines, &c., produced from the soil of this and the surrounding counties. These fairs, if properly encouraged, are calculated to redound to the good of this section of the State and also to materially benefit our city.

Sheriff Schenck.

And now cometh our hero of dogwood and persimmon memory, and writeth us an epistle from the classic shades of Rocky Point from which we make the following extract just as it is written: "While waiting at the depot at this place for my horses which are to take me to Collumbia Township to-day-a copy of your issue of yesterday was handed me-I desire you to do me the justice to say in reply that the first statement made by your informer in Local article to wit-that I said in my speech at Grant Township the houses of collored citizens would be burned by white citizens is an unmittigated falsehood."

Of course, we do not hesitate to do the distinguished orator the justice to publish his denial, and leave it to him and our,"informer" to settle the question of veracity. The name of our "informer" may be obtained at this office if the Sheriff is in a hurry.

Gone North.

Rev. C. O. Brady, Rector of St. Paul's (col.) Episcopal church has left for Boston, where he goes to visit his family and to collect funds for the benefit of the new church. Before leaving, the female members of his church presented him with a fine suit of broadcloth, as a festimonial of their appreciation. He will probably be absent until October.

Advertising for the People. We would call the attention of the public to the Morning Stan's charges for short advertisements, especially for the accommodation of the growing demand for the publication of brief notices such as "Wants," "To Let," "For Sale,", etc. Most advertisements of this character can be reduced to five lines space, and the charge for them being but half our regular rates when paid for strictly inadvance

This offers increased inducements for servants wanting places, for families wishing do mestics, for farmers having a horse, or a cow, or an old wagon for sale, landlords wishing tenants, and tenants wishing landlords, to use the MORNING STAR as a medium for communicating with their several but unknown customers.

Storekeepers can also make equal avail of these rates for short advertisements, to invite public attention to any spe lasty in trade, or any change in their places.

The use of the dally newspaper, as the agency for communication between people of all classes, is constantly increasing, and illustrates one of the ways in which modern civilization is saving time, labor, and money, in carrying on the business of life.
