MORNING STAR

Vol. VIII—No. 103. WILMINGTON, N. C., SATURDAY, JULY 22, 1871. Whole No. 1,193

Local Notes.

The market is overstocked with water-melons. — Walking is recommended as a cure for dyspepsia. — This city and vicinity was visited by a refreshing rain in yesterday.

The thermometer in the STAR office yesterday at noon indicated only 83 degrees. — Sleeping in a room where a kerosene lamp is turned down will never fail to produce a headache.

Chas. Spicer, colored, was sent to the Work House yesterday, for non-payment of fine and costs in the City Court. — The funeral of the late Richard L. Fremont will take place from St. John's Church this morning, at 10 o'clock, thence to Oakdale Cemetery.

Wm. H. Waddell's friends are very sanguine that he will push Hill to the wall in the race for Township Constable. We don't know what Hill thinks about it. — The steamer A. Winania, Capt. Quinn, arrived here yesterday. She belongs to the New York Wrecking Company, and is to take the place of the steamer Lackawanna in wrecking the ship Bertha.

The members of Wilmington Steam Fire Engine Company No. 1, are notified to appear at the engine house this morning, at 9 o'clock, in full uniform, to attend the funeral of their late brother member, Mr. R. L. Fremont. — Three colored women, named, respectively, Mary Williams, Mary Murphy and Dorcas Franks, were arrested on the complaint of persons residing in the vicinity of Union Depot, charged with disorderly conduct of the grossest and most disgraceful character.

We learn that a small white boy died on Thursday evening, from the effects of remaining in bathing too long, he having been seized with a congestive chill soon after coming out of the water, which produced death shortly afterwards. This should be a warning to the little boys, as well as to their parents.

Improvement. We examined the plan, yesterday, of the addition which has just been commenced upon the warehouse of Messrs. Sprunt & Hinson, on Nutt, between Mulberry and Walnut Streets. The building was formerly of one story, but the increasing business of the firm has made it necessary to add another story, the second being intended for an office. There are other warehouses on the property, but the one which is to undergo the transformation is the one nearest the street. The building, as stated, will be two stories high, with a balcony on the South running the entire length of the building, and will be surmounted by a handsome and commanding tower. The end fronting the street will be corniced and otherwise handsomely finished, presenting a fine appearance from the street. The finest press brick, manufactured in this city by the Messrs. Kilder, will be used in the construction of the building.

The drawing of the plan alluded to was made by Mr. R. B. Wood of this city, an old and experienced architect, and is very neatly executed.

Speaking at City Hall Last Night. Little Jimmie Heaton alias "Cheap Jim," the Republican candidate for the Legislature from this county, made a long-winded speech at City Hall last night. The audience, which were mostly colored people, were doubtless very much edified by his learned and grandiloquent discourse. He thanked God he was a "carpet-bagger," and was very severe on the Ku Klux, though he very strangely forgot to say anything about the doings of the Klan, headed by Lowrey, in the county of Robeson.

We remained in the Hall only a few minutes, but we came to the conclusion that, though "Jimmie" has a good voice, many such efforts as that last night will spoil it beyond all redemption. He relieved himself of a vast amount of gas, and we hope he feels much better this morning.

Samuel R. Chinnis. We are informed by prominent gentlemen from Brunswick that Mr. Samuel R. Chinnis, the Conservative standard bearer for Convention in that county, has entered heart and soul upon the canvass and is winning over many of the doubtful and wavering among his fellow-citizens to the cause of Convention and Constitutional reform. Mr. Chinnis is emphatically a man of the people, among whom he is deservedly popular. Plain and outspoken in his manner of dealing with the issues before the public, possessed of fine intelligence and being a good speaker withal, he is just the man to bear the Convention banner triumphantly through the canvass in his county. Let others but do their duty fearlessly and there will be no doubt of the result on the 3rd day of August.

For the Breath. From six to ten drops of the concentrated solution of the chloride of soda, in a wine-glassful of pure spring water, taken immediately after the ebullitions of the morning are completed, will sweeten the breath, by disinfecting the stomach, which, far from being injured, will be benefited by the medicine. If necessary, this may be repeated in the middle of the day. In some cases the odor arising from carious teeth is combined with that of the stomach. If the mouth is well rinsed with a teaspoonful of the solution of the chloride in a tumbler of water, the bad odor of the teeth will be removed.

Conservative Meeting. We are requested to announce that Col. R. H. Cowan, Hon. A. M. Waddell and others will address the people of Wilmington on Tuesday evening next, the 25th inst., at 8 o'clock, from the steps of the City Hall building. Let every voter, white and colored, in the city of Wilmington, be present and hear the views of these distinguished gentlemen on the question of Convention and constitutional reform.

All Quiet in Robeson—An Unfortunate Mistake, &c.

Our intelligence from Robeson represents all quiet in the dominions of Lowrey. The efforts to capture or exterminate the outlaws still continue, but so far nothing tangible has been effected. It is reported that a colored man was arrested yesterday morning on the suspicion of being one of the spies in the employment of the outlaws. He was taken to Bule's Store, and is said to have been very impudent and defiant in his manner, threatening dire vengeance upon those who were instrumental in his capture should he ever regain his liberty. Our informant was unable to give us his name.

We learn that one of those unfortunate accidents, to guard against which our people cannot exercise too much caution, occurred a few nights since. One squad of the Sheriff's forces came across another, and, being unable to distinguish them in the dark, fired a volley into their ranks, resulting in wounding one of the men in the face and another in the arm, but neither being seriously hurt. The strangest thing connected with this affair is the fact that one of the men belonging to the squad fired into had not, our informant learns, been seen since the unfortunate occurrence, and all efforts to discover his whereabouts have been fruitless.

A call, we learn, has been made upon the Sheriff of Bladen county for reinforcements. It is to be hoped they will be forthcoming, and that the efforts to kill or capture the outlaws may be redoubled. There should be no such word as giving up now until the safety of the people of the county from future depredations is fully secured.

The Wilson Plaindealer, received last night, says: Several families who had left their homes, in Robeson, on account of the dangers incident to a simple residence, in that county, passed through Wilson a few days since. They represent the state of affairs as being terrible. These persons had themselves, left nearly everything they had in the world, for the sake of living somewhere in peace and quiet.

Petition for an Engine on the West Side of the Cape Fear. We learn that all the merchants on Water street have signed a petition to the city authorities to place one of the hand-engines now out of service on the West side of the Cape Fear river, or in the 6th fire district, to be used exclusively for the protection of the large amount of property on that side of the river; the company to be organized for the management of the same to be subject to all the privileges and immunities of the regular fire department, but to be separate and distinct from it so far as fires in the fire districts on the East side of the river are concerned, which is intended to provide against the risk and delay incident to transporting the engines from one side of the river to the other. We have no doubt the request will be cheerfully granted by the authorities. There are a number of warehouses, distilleries, railroad shops and sheds, naval stores and other property on that side of the river that requires protection, and no better plan could be devised to attain this object than that proposed in the petition alluded to.

I. O. O. F. The Grand Lodge of this fraternity, now in session in Raleigh, elected the following officers on Thursday: J. H. Baker, of Edgecombe Lodge, No. 50, Tarboro', M. W. G. M. J. W. Yopp, of Cape Fear Lodge, No. 3, Wilmington, R. W. D. G. M. W. E. Edwards, of Buena Vista Lodge, No. 31, Greensboro', R. W. G. W. J. J. Litchford, of Manteo Lodge, No. 8, Raleigh, R. W. G. Secretary. R. J. Jones, of Cape Fear Lodge, No. 2, Wilmington, R. W. G. Treasurer. J. B. Webb, of Tuscarora Lodge, No. 22, Kinston, W. G. Chaplain.

A New Paper. The Franklin Courier is the title of a new weekly paper published at Lenoir, in this State, and edited by R. M. Furman, Esq., the first number of which has just come to hand. The Courier is conservative in politics and is a neat, handsome and spicy sheet. We welcome it to our exchange list and wish it every success.

The Ball in Motion. Col. R. H. Cowan, one of the candidates in this county for Convention, will commence the canvass at Leesburg, in Union township, to-day. The ball will thus be put in motion, and we call upon the friends of Convention throughout the county to keep it moving from now until the day of election.

Our Strip Basket. — Stripy hair is a sign of weakness. — Curly headed people are quick-tempered. — A new style of wedding card is pure white with wide gilt edge. — A single baron holds forth at Long Branch, two lords at Newport, and a solitary nobleman at Cape May. — A young woman in the country says she wishes she had a magic mirror, to see how her husband amuses himself in her absence. — If we could read the secret history of our enemies, we should find in each man's life-story and suffering enough to disarm all hostility. — It is said that women now lecture on every subject but washing, darning and the economy of the household; all these things are sealed books to the strong minded. — A cautious wife refused to permit her husband to go a fishing excursion because he was very apt to get drowned when he went upon the water, and moreover, did not know how to swim any more than a goose. — A joyous damsel rushed into a citizen's arms at Savannah, exclaiming, "Oh, you are my long-lost brother!" She soon discovered her mistake, and rushed off in a confused manner, accompanied by her long-lost brother's pocket book.

That Meteor Again.

A correspondent at Scott's Hill in this county, gives the following description of the brilliant meteor which startled our citizens on Wednesday evening last: "About 8 o'clock this evening a natural phenomenon of unusual splendor was seen in this vicinity. An igneous meteor suddenly illuminated sky and earth with a brilliant white light, which, for the space of six seconds, was sufficient for reading the finest print. The meteor first appearing near the zenith, passed in a direction somewhat east of north, intersecting the meridian at an angle of about 30 degrees, and in about ten seconds from the time of its first appearance ceased to be visible. In something more than one minute thereafter an explosion was heard in the direction taken by the meteor, resembling the report of a heavy gun. The sky overhead was clear at the time, but there were frequent flashes of lightning and the muttering of distant thunder was audible. Nothing, however, like the report in question either preceded or followed it."

So we learn from the Eagle. — The Eagle says: O. H. Dockery spoke here last Tuesday about 50 negroes from the country and about 100 white and black from town. Hon. T. C. Fuller replied to him. — During a storm on Thursday of last week, Miss Arceno Swanson, aged about 16 years, living in the southern portion of Franklin county, was struck by lightning and instantly killed. So says the Raleigh Sentinel. — A stabbing and shooting affray occurred in Newborn on Thursday between two colored shoemakers, Benjamin Starkey and George Stanley, in which both were severely wounded. They were both at work in the same shop. — On Saturday last, about 3 o'clock, P. M., W. H. Dever, deputy revenue collector, shot and killed Joseph A. Thompson, of Marion, McDowell county. The difficulty originated about revenue taxes, Thompson being a distiller. Thompson was a prominent Radical. — The Goldsboro' Messenger says: We learn that the magnificent brick building, known as Washington's Mill, at Kinston, N. C., a portion of which was occupied by Mr. Campbell as a carriage factory, was almost completely destroyed by fire on Wednesday night last. The fire is supposed to have been accidental. Loss from \$12,000 to \$15,000. — The Supreme Council of the Friends of Temperance will meet in Richmond, Va., on Tuesday the 25th inst. The following are the delegates from North Carolina: D. S. Vance. — A report to the War Department states that on the 26th of June a detachment of the 4th artillery, left Rutherford, North Carolina, to assist the deputy marshal to break up illicit distilleries. The result was the arrest of five men, the burning of nine still-houses, the destruction of five casks, five worms, two stills, and sixty gallons of whiskey. They brought away eighty gallons of whiskey.
