MORNING STAR.

Vol. VIII - No. 139. WILMINGTON, N. C., SATURDAY, SEPTEMBER 2, 1871. Whole No. 1,229

Local News. - Cool nights are in vogue now. - Melons and peaches are becoming extremely scarce.

Quite a respectable crowd participated in the moonlight excursion last night. - We learn that the Wilmington, Columbia and Augusta Railroad is now within six miles of Columbia.

We learn that the Royal Satsum's Japanese Troupe expect to visit this city some time in October and give a series of performances. - The pond North of the Wilmington and Weldon railroad, near the Charlotte Depot, was being filled up yesterday, by order of the city authorities.

A colored man by the name of M. A. Messias, was arrested by Sergeant Walcott, yesterday, charged with disorderly conduct. He was taken to the lock-up. - Arrangements are being made to erect several new buildings on the South side of Market, between Eighth and Ninth streets. One has already been commenced.

John Labey, a white man, who was committed to jail during last Court week on the charge of assault and battery, having been taken very sick, was sent to the City Hospital yesterday. - We learn that there is a very large and dangerous hole in the centre of Little Bridge, over Smith's Creek, just beyond the city limits, which should receive the immediate attention of the proper authorities.

The only case before the City Court yesterday was that of a white woman, indicted in two cases for retailing without a license, judgment being rendered for the penalty and costs in each case. - Some of the banks having complained of a scarcity of twenty-five and ten cent currency notes, a supply is now being printed at the Treasury Department, which will be sent out as soon as they are finished.

International Money Orders. We learn from Postmaster Brink that the Postmaster General has selected the office at this place, together with others, for the issue of postal orders for sums payable to beneficiaries in the United Kingdom of Great Britain and Ireland, by the Post Department of that country, and for the payment of sums remitted from the United Kingdom through the "Exchange" post office of New York.

Monday, the second day of October next, has been fixed as the date on which the issue and payment of British International money order will commence. Car for a Narrow Gauge Railroad.

By invitation of Mr. A. P. Bailly we visited the depot of the Wilmington and Weldon Railroad yesterday morning for the purpose of examining one of the three feet or narrow gauge passenger cars constructed at the works of the Jackson & Sharp Company, Wilmington, Del. As the narrow gauge railroad fever is getting to be very prevalent in our State just now and several are already in a fair way to be constructed at an early day, we had a natural curiosity to see one of the cars made especially for use on these new fangled roads and also at the same time to be enabled to give our readers some idea of its manner of construction, &c. The trucks upon which the body of the car rests are 24 inches in diameter, the height of drawhead 24 inches, the weight of the car 1,380 pounds, the weight of friction of the ordinary gauge, and the dead weight 40 pounds. The car is 30 feet in length, 6 feet 6 inches in width, 10 feet 4 inches in height, and will carry 34 passengers. The main axle is distant 27 inches from the rail, which is 18 inches less than customary on broad gauge roads. These cars are supplied with every convenience, and by the peculiar conformation of their trucks are made to run with the greatest ease. This car is very neatly and handsomely constructed and is intended for use on the Tuskegee, Ala., railroad, Tuskegee being a point about 41 miles from Montgomery. Mr. Bailly has the car in charge and will take it to its destination.

The cost of the car, it being a second class one, is \$2,100. Meeting of the College of Physicians. The proceedings of our College of Physicians on Thursday night were very interesting. A communication was received from acting Mayor Chabourn, requesting that the College would consider themselves a Board of Health for the city. The request was favorably considered, and the Mayor and President of the Chamber of Commerce were also elected members of the Board, which will be organized for work on Friday.

An spirited and protracted discussion ensued on the subject of yellow fever and quarantine, participated in by Messrs. King and Dr. Carr, Norcom, Satchwell and Love. Dr. King and Carr favored the doctrine of contagion, while Drs. Norcom, Satchwell and Love opposed it, insisting that yellow fever is not contagious. Dr. Satchwell, while admitting that fomites, or things, from an infected locality may be a means of communication, by transmitting this terrible disease, and that therefore rigid restriction should be enforced in this respect, opposed earnestly the establishment of general quarantine, and land quarantine, as an unnecessary and unwise, because there is no evidence that yellow fever is conveyed by one person to another person.

The origin of the disease was also discussed. The whole subject was continued over for further discussion at the regular meeting on next Thursday night. We trust that the entire profession of the city and county, who are able to attend, will do so and participate in this important discussion, to the end that science may be advanced, the truth ascertained, and the best interests of humanity and our city promoted.

All agreed as to the importance and necessity of a rigid enforcement of all such sanitary measures in our city as are calculated to promote cleanliness and health. The progress of sanitary science is doing much to alleviate and lessen human misery and to rob epidemics, plagues, and contagious diseases, of their terrors.

Changed Proprietors. By an advertisement in this issue it will be seen that the entire interest of Dr. A. E. Wright in the Drug Store, Northwest corner of Front and Market streets, has been purchased by Capt. John L. Wooster, of this city. Capt. Wooster has secured the services of Mr. James W. Lippitt, an experienced and competent druggist, who will have charge of the business.

Mortality. On an examination of the records in the office of R. J. Jones, Esq., Secretary, we have the number of interments in Oakdale Cemetery for the month of August, which is as follows: 1 whose death was caused from cancer; 1 from hemorrhage; 1 from heart disease; 1 from dropsy; 1 from brain fever; 2 from consumption, and 1 still born. Total interments, 6. Of these, one was 71 years of age, one 68, one 61, one 51, one 29, one 9 and one 8. Five were males, two females and one not stated.

For one of the sickest months of the year this is a very flattering exhibit and will hardly entitle our city to the appellation of "fever hole."

YELLOW FEVER. The Latest from Charleston. A gentleman who has just arrived in this city from Augusta informs us that he conversed with a prominent business man who had just left Charleston with his family, and that he gave a very gloomy account of things in that unfortunate city, stating that the fever was evidently on the increase. This is in a measure confirmed by the Columbia Union, which paper states that a gentleman just from the infected city, and one who ought to know whereof he affirms, says that there were fourteen funerals in Charleston, on Thursday. The Union adds: "This would seem to indicate a wider range of the disease than has yet been reported. Seventeen parties were registered from Charleston yesterday at the Columbia Hotel."

On the other hand, the Charleston papers continue to take an encouraging view of the matter. The News of Friday says: "The city was a shade more cheerful yesterday. Excitement, which had been at a fever heat for several days, was subsiding, and the public mind is evidently settling down to the conclusion that it is useless to cry out before the body-politic is hurt. This sensible feeling will be encouraged by the official reports, which show the slow progress of the fever. It appears that up to Sunday last, the 28th instant, there were nine deaths from yellow fever. Three of the nine took place between August 1st and 19th, and the remaining six in the following week. For the current week the mortality will be greater, but it is officially stated that there were only thirty-four new cases of fever in the week ending on Wednesday night last. This is a very cheering exhibit, as the proportion of deaths to the entire number of patients is steadily decreasing. On yesterday, the busy tongue of rumor could conjure up only two new cases, and only two deaths occurred, to our knowledge, during the day."

Since writing the above the following telegram (Associated Press) has been received: "CHARLESTON, Sept. 1. - The cool change in the weather seems to have had a favorable influence in abating the fever. No new cases were reported to-day and only one death."

"To correct erroneous impressions and rumors it should be stated that the business of the city is proceeding without interruption of any kind, and that all railroad trains arrive and depart with accustomed punctuality."

"The Courier and the News to-day, in their commercial reviews, agree in estimating the growing cotton crop at from three million to three and a quarter million bales. They incline, however, to the former figures as the more probable."

We noticed Kemp E. Battle, Esq., of Raleigh, on our streets yesterday. - There were 19 interments in Pine Forest (colored) Cemetery during the month of August, of which number 14 were children and 5 adults. This makes a total of 27 deaths in this city during the month.

RIVER AND MARINE NEWS. The North Star arrived from Fayetteville yesterday morning, having left that place late Wednesday evening. Capt. Green reports a further rise in the river at that point, and that pretty heavy rains have fallen above Fayetteville. This being the case, there is ground for hope that there will soon be plenty of water for navigable purposes in the upper Cape Fear.

He Means Business. The course pursued by Gen. Gorman since his arrival in our county with a detachment of U. S. troops to assist in the capture of the outlaws, has been such as to impress every one with the conviction that he means business.

He did not stop at Lumberton and go into quarters there, twenty miles from the scene of the disorders they came to suppress, as the detachment under Capt. Thomas did last fall, but proceeded directly to Sculltown, and in twenty-four hours after arriving in the county had his arrangements all completed for a vigorous and determined campaign. We believe Gen. Gorman is fully determined in this matter, and we hope the citizens will emulate his example by extending a ready and enthusiastic co-operation and support. The troops have been sent reluctantly and grudgingly by the federal government, and unless there is an earnest and enthusiastic co-operation on the part of the citizens, they will be speedily withdrawn, leaving us to suffer the consequences of our own apathy and indifference. - Lumberton Reporter.

Exp-Graters. An order was issued yesterday morning requiring every hog to be removed from the city within twenty-four hours. They are first class breeders of filth, and it was deemed best to get rid of them as soon as possible. The order caused some little consternation at first and the price of pork rapidly declined. By this afternoon live hogs will have ceased to exist in Augusta. - Charlotte and Sentinel.

The Southerner says Tarboro is remarkably healthy.

SPIRITS OF TURPENTINE. - Raleigh is cleaning up. - Gov. Caldwell is in Burke county. - Guilford wants an agricultural fair. - Raleigh had a balloon ascension last night. - Twenty-one marriages in Craven last month. - A grand ball will be given in Raleigh during Fair week. - John Robinson's circus is expected in Raleigh shortly. - Cotton crop in Sampson is greatly damaged by rust. - The Presbyterians of Kinston are soon to have a church. - There is a great deal of light sickness in Newbern at present. - Newbern expects soon to have a first-class (white) brass band. - The scuppernong grape crop of Cumberland is short. - Deer hunting is quite successful in the vicinity of Fayetteville now. - Work on the Methodist College in Greensboro has commenced in earnest. - A series of protracted meetings is to be held in the M. E. Church at Goldsboro. - Mr. O. A. Joyner of Nash county was sent to the Lunatic Asylum on the 29th ult. - Recent rains in the Forsyth section have materially improved the prospects of corn. - Mr. O. L. McNider, now of Philadelphia, well known in these parts, is on a visit to Raleigh. - A hurricane visited the Western portion of the State last Saturday, doing considerable damage. - Rev. J. N. Andrews is conducting a very successful religious revival at Stantonburg, Wayne county. - The Presbytery of Fayetteville will meet at St. Paul's Church, Robeson county, on Saturday, 7th of October next. - Mr. A. A. McKethan, Sr., as we learn from the Fayetteville Eagle, had his arm broken on Wednesday by a kick from a horse. - The new telegraph company has commenced operations at Greensboro and are rapidly doing up the gap between there and Savannah. - The Hickory Tavern Eagle says a serious accident happened to the stage running between Asheville and the head of the Western North Carolina Railroad, on last Monday night. On crossing the Blue Ridge the stage was precipitated some hundred feet down the mountain sides, seriously injuring a number of the passengers. - The Raleigh Sentinel says: "The 'gentle savages' and 'noble red men' of Cherokee and Macon counties of this State, are, we understand, much excited this year over the approach of their annual game of ball, and not being able to select a suitable ground nearer home, propose coming to this city during the Fair, to play the game. We are told that the game is of thrilling interest both to the participants and spectators, and its being played here will attract a large number of Indians and crowds of visitors from all parts of the State."

NEW ADVERTISEMENTS. THE ENQUIRER, A WEEKLY NEWSPAPER, PUBLISHED AT TARBORO. E. R. STAMPS, Editor & Proprietor. THE ABOVE HAVING ASSOCIATED HIMSELF with Capt. Jas. E. Thigpen, in the office of the Recorder, proposes to edit there with a newspaper in politics devoted unswervingly to the interests of the NATIONAL DEMOCRATIC PARTY, especially as promulgated by the Democratic Conservative party of North Carolina; and while he may recognize as dead issues some of the questions that have been given practical effect in party differences, National and State, for the last five years, he pledges himself to a true allegiance to the Democratic principles of the fathers of our Constitution, to a fearless and unflinching denunciation of extra-legal means, and of speculation in office, and to reformation and reform in the administration of government. As a newspaper no pains will be spared to render the ENQUIRER a periodical worthy of its readers, by a careful attention to the literary selections, diligence in inserting the latest current news of the day, both general and local, and by taste and neatness in appearance. The design of the Editor is to make the ENQUIRER in every respect a "people's paper," to be read and enjoyed by all classes, and to be the free discussion of all subjects, practical, educational, social and religious, except so far as they may be personal and libelous in their character, or in their nature such as to be subversive of its prime objects. On account of accumulated business in the office the ENQUIRER will not be issued before the 1st of October. Terms - \$2 in advance; \$3 50 if paid at expiration of six months. sept 2-1m

A TERRIBLE TEMPTATION. BY CHARLES READE, author of "Put Yourself in His Place," "Griffith Gaunt," "Hard Cash," "It is Never Too Late to Mend," "White Lies," &c., &c., with many original illustrations. The most popular publication of the season is "A Terrible Temptation," Charles Reade's latest. Many read it as if it were a novel. It is quite the fashion to condemn it, but in such terms as to excite curiosity and prompt a perusal. We pity the mind that is polluted by a perusal of this story. To such an impure reader nothing would be safe which could be tortured into nastiness, and against such characters, all Bibles and plays, legends and ballads. This novel was not written for either purity or prudery. - Chicago Even. Journal.
