THE CITY.

NEW ADVERTISEMENTS. HENNINGER'S Live Book Store, 39 Market Street—Chromos! Chromos!

Steamboat Equipments. Inquiries having been made to the Secretary of the Treasury as to whether the Department circular of August 23, 1871, contemplated the immediate application of steam registering gauges to boilers of steamers, he has replied that in accordance with the circular referred to, all equipments required under the new steamboat law, must be provided for steamers as soon as they can be procured by their owners.

City Court. The following cases were disposed of yesterday: W. Metts, charged with stealing lumber from J. H. Chadbourne & Co., was required to give security in the sum of \$200 for his appearance at Court to answer to the charge of larceny.

Lowry Unintentionally Misrepresented. In Sunday's paper we stated on the authority of Mr. David Matthews, Engineer on the Wilmington, Charlotte & Rutherford Railroad, that the train had been fired into on the day previous by Lowry, or some of his gang, somewhere between Biele's Store and Camp Seymour. Since then we have been informed by a friend residing in the vicinity that the shooting is supposed to have been done by some outsider and not by any one connected with the Lowry band. It was of course natural with Mr. Matthews to suppose at the time that the outlaws did the shooting, but it seems he was mistaken, and being at all times willing to "give the d-1 his due," we cheerfully accord Lowry and his associates in crime the benefit of this correction.

Spirits of Turpentine Trade. The present fluctuations in the Spirits of Turpentine market, (says the New York Daily Bulletin, of Saturday last, the 23d instant,) has caused an amount of speculation that has hitherto been unknown in the history of this market. The cause of it may be traced to the early part of the season, when the business for future delivery was greatly overdone in both the New York and London markets, although at prices above the average of former years. At the critical moment when the supplies should arrive, it was discovered there would be no French crop, and that almost the entire supply must be drawn from Wilmington. In addition to this, owing to the low water in the rivers, the Spirits arrived from the interior very slowly. In consequence of the short supply a "corner" was established and maintained, both at London and Wilmington, and in both markets an advance took place that was unprecedented in times of peace. The state of affairs continued through July and the greater part of August. At the end of August the "corner" was broken, prices declined and September became a comparatively free month. The deliveries have been light compared with the former months, but the local demand in New York has been very heavy and little Spirits were to be had for export. The local demand in New York has been so great, so far this month, that although prices had declined to usual rates, yet owing to the low water and the consequent diminished supply, the operators have been able to establish another "corner," and prices have again advanced. Within a few days past the market has advanced 10 cents per gallon. Sales were made at Wilmington for September delivery at 45, and the spirits have since sold at 55. A large amount of money has in consequence been lost, but those who were on the right side have undoubtedly made a great deal. The prospects are that the market will continue high, and that the "corner" will go out with September. The probabilities, however, favor high prices for the entire year. This year's crop exceeds that of last year by at least 25 per cent., but this increase is by no means sufficient to make up the failure of the French crop. The home demand has somewhat increased, and there is but a small surplus left for export. The receipts at New York during the past week have been 2,045 barrels, making 45,610 since the first of the year, against 50,282 for the same period last year. There were exported during the past week only 249 barrels, making 8,906 barrels since the first of the year. For the same period last year the exports were 14,149 barrels.

Local Notes.

Venus is now the morning star. The trees will soon be donning the golden hue of autumn. "Cold Water Templars" is the name of a new society for children. Yesterday was the coolest day of the season. The thermometer at noon stood at 63 in our office. St. John's Lodge No. 1, F. & A. M., hold a regular communication at St. John's Hall this evening. Mrs. Laura Rothwell will commence the thirty-sixth annual session of her school on Monday next, the 2d of October. We are indebted to Capt. Potter, of the Waccamaw, for one of a number of bunches of fine blackfish captured at the grounds yesterday. Weather permitting, the steamer Waccamaw will leave her wharf at 8 o'clock this morning with a large number of excursionists on board. We wish them a pleasant trip. We notice that Mr. P. Murphy is having his wharf between Market and Dock Streets overhauled and repaired, and learn that he will have a commodious shed erected thereon for the use of Messrs. G. G. Barker & Co. The practice of scribbling with coal, pencils or chalk, or dragging sticks, &c., across fences is very annoying to those who go to the expense of having them painted, as they do not wish to have them marked or scratched. We trust that the sidewalk up Seventh and North of Market street, recently petitioned for by the citizens and granted by the Board of Aldermen, will be built very shortly, especially as the costs of the same are to be paid by the property owners. C. W. Metts and Peter Gray, required by the City Court to give bond in the sum of \$200 each, to appear at the next term of the Superior Court and answer to the charge of larceny, having been turned over to the Sheriff, were committed to jail, yesterday, upon failure to find the necessary security.

Wants. If you want a clerk, bookkeeper, salesman or porter, advertise in our new department, under the head of "Wants," at half our regular rates, for advertisements not exceeding five lines.

Unavailable Letters. The following is the list of unavailable letters remaining in the City Postoffice, Sept. 28th, 1871: H. F. McAllister, Quitman, Ga.; John D. Futch, Clinton, N. C.; F. Broadwell, Laurel Hill, N. C.

Thanksgiving. It has been suggested that Sabbath next would be an appropriate occasion for the Pastors of the various churches to deliver thanksgiving sermons, or return thanks to Almighty God for preserving us as a city from the ravages of disease the present season, that day being the first day and first Sabbath of the month.

Pythian Notes. Deputy Grand Chancellor Wm. A. Jobson, of this city, departs for Raleigh this morning, where, this evening, in connection with other Knights, he will institute Centre Lodge No. 5, Knights of Pythias. This Order is rapidly extending itself in this as well as other States of the Union.

From Charleston. We learn from the News of yesterday that there were no new developments about the yellow fever on Tuesday. The report for the week ending Saturday, the 23d, shows a total of 30 deaths from the prevailing disease. Our press telegram of last night reports five fever deaths for the preceding twenty-four hours.

A Narrow Escape. Last evening, about 7 1/2 o'clock, as one of the street cars was passing the corner of Fifth and Market streets, a colored man attempted to cross in front of the horses to the South side of the street, when he was knocked down by the horse nearest to him, the other jumping over his prostrate body. The driver put on brakes as soon as possible and jumped out to the man's assistance, when he found him lying across the track, with one of the front wheels of the car resting against his neck, showing that but for the Providential stopping of the car at the very moment it did the man, whose name was Peter Churchill, would have been instantly killed. It seems that the driver was under the impression, until it was too late to avert the collision, that the man was approaching the car with the purpose of jumping on as it ran, as is frequently the case, without requiring him to stop his horses. His injuries were light.

Our Chip Basket. A man refuses to drink coffee on various grounds. What does a man see in the wild, wild waves. Sea-foam. Motto for sewing machines—as you sew, so shall you rip. A cool proceeding—an ice man cloping with a pretty girl. "Please let my brother go" is the latest musical sentimentality. Many ladies have become real cripples from wearing the French high heels. An Irish lover remarked that it is a great comfort to be alone, "especially when yer swateheart is wid ye."

A sad warning is conveyed in the fact that a Nashville girl fell dead while "sitting up" with her young man the other night. Omaha bridal couples indulge in two dollars' worth of carriage ride as a wedding tour and are happy. A negro driver of a coach in Texas stopping to get some water for the young ladies in the carriage, being asked what he stopped for, replied: "I am watering my flowers." A more delicate compliment could not have been paid.

Almost a Fire.

The alarm of fire last evening, about 7 o'clock, was caused by the burning of a mosquito netting at the residence of Mr. F. C. Singletary, corner of Sixth and Dock streets. The flames were promptly extinguished, without further damage than the burning of the netting—alluded to, and a slight injury to the hands of an inmate of the family who was mainly instrumental in preventing the spread of the flames. The engines and Hook and Ladder Company were, as usual, ready for the emergency.

Murder in Sampson. We received information yesterday to the effect that a colored man by the name of Meanus Herring had been murdered in Sampson county. It seems from what we can gather that Herring, in company with Gabriel Riels, Archie Jacobs and Anthony Boykin, all colored, were returning home from Clinton, where they had been on a visit, on Saturday evening last, and when about two and a half miles from that place, near the residence of Dr. Holmes, they were suddenly fired upon by some one in ambush on the side of the road. Though there was apparently but one report, Herring was shot and instantly killed, having run about thirty feet before falling, and Gabriel Riels and Anthony Boykin were severely wounded. Herring was subsequently removed to his house, which was near by, when he was found to be literally riddled with shot. Anthony Boykin had nine shot in his body and Riels was wounded in the stomach. It is alleged, we understand, that Herring was the principal witness for the State in the late trial of Hanson Lockamy and others, charged with Ku Kluxing in Sampson, whose trial was transferred to Brunswick at the June term of the Superior Court for this county. It is also stated that the others were witnesses in the same case. These are the facts as they come to us, and we await further developments before saying anything further on the subject.

RIVER AND MARINE NEWS. Capt. Potter, of the steamer Waccamaw, reports the Schr. Archer and Reeves ashore on Big Island Shoals, about nine miles below the city. She will be gotten off without much difficulty. He also reports the Brig C. W. Van Horn in below, bound up.

Indestructible Tag. The indestructible Tag is a great convenience to merchants. It answers the combined purpose of a direction label and business card. Call at the STAR Printing and Publishing House and supply yourselves.

SPIRITS OF TURPENTINE. Raleigh is to have a masquerade ball at the skating rink on Saturday next. Mr. E. R. Stanly has gone to Baltimore to represent Newbern in the National Commercial Convention, whose session commenced on Monday. The Sentinel regrets to learn that L. F. Melton, Esq., of Rutherford county, died at the boarding house of Mrs. Rowe, in that city, Monday evening at 7 o'clock. He was in attendance as a witness.

There were three deaths in Kinston on Saturday, Sunday and Monday last. Mr. Jess Alphin died on Saturday, a young child of Rev. Mr. Womble on Sunday, and a child of Mr. Joseph White on Monday morning. So says the Newbern Times. Charley Jones, the colored man who some two or three years ago, in an affray—killed Asa Delemar by striking him in the head with a brick, and who was sentenced to the Penitentiary for a number of years—arrived in Newbern on Monday night, having, as we learn, been pardoned by Gov. Caldwell. So says the Times.

We have only just learned, says the Newbern Times, (owing to the modesty of the principal actor) of a very gallant act performed by Mr. N. B. Agostine one day last week. Mr. Agostine, while on Rixford wharf, on East Front street, fortunately observed a colored boy struggling in the water, evidently exhausted and about to sink for the last time. Without a moment's hesitation, he plunged in, caught the boy in time and brought him to the shore, where he was soon placed in good condition.

FOOT AYER'S LABORATORY, that has done such wonders for the sick, now issues a potent restorer for the beauty of mankind—in the complexion which advancing age is so prone to diminish and destroy. It is VIGOR mounts luxuriant locks on the bald and gray petals among us, and thus lays us under obligations to him, for the good looks as well as health of the community. It is addressing to see our hair blossoming for the grave too early. More especially women feel this affliction, and it is even a greater deformity to them than to men. AYER'S HAIR VIGOR removes it and restores the hair sometimes, but its original color always.

NEW ADVERTISEMENTS.

Special Notice. SUBSCRIBERS CHANGING THEIR places of residence on Oct. 1st will please let it be known either to the City Agents or at this Office, so that their paper can be changed also. By complying with this request they will save much trouble to all concerned. sept 23-tf

NEW ADVERTISEMENTS.

NOTICE! GEN. M. C. BUTLER. JOHN CHADWICK. GEN. M. W. GARY. OFFICE OF THE South Carolina Land & Immigration Ass'n, ACADEMY OF MUSIC BUILDING, CHARLESTON, S. C., SEPT., 1871.

THE SOUTH CAROLINA LAND AND IMMIGRATION ASSOCIATION beg to inform their subscribers that from apprehension that the prevailing fever in Charleston may produce interruption to their business, which has progressed very satisfactorily up to this time, and the impossibility of having the drawing during the existence of the yellow fever in this city, would respectfully announce to their patrons that the drawing will be postponed until the 8th of January, 1872.

This postponement so far from being any detriment to our large list of ticket-holders, is an absolute guarantee that it will postpone an opportunity to thousands of our friends throughout the South who were anxious to secure tickets, but were unable to do so, until they had realized from the sale of their crops. Respectfully, &c., BUTLER, CHADWICK, GARY & CO. sept 28-S&Fit

MISCELLANEOUS.

NEW YORK EVENING Semi-Weekly & Weekly Express for 1871. We solicit from friends, personal and political, and from the business public, a continued interest in the Express, and in its Daily, Semi-Weekly and Weekly issues. It is thirty-four years since the Daily Express commenced in this city with its present proprietors, and in all that time it has been earnestly devoted to the Union, the Equality of States, the rights of the people, a Constitutional Government, the maintenance of Law and order, the diffusion of Knowledge, and to whatever will secure the greatest good of the greatest number of people. We also believe in what is tried and good, rather than what is vacillating and revolutionary. To that portion of the people, therefore, who believe in a stable Government, good men, good laws, an economical and honest Government, and in equal and exact justice, we appeal for that measure of public favor which is due to the principles we avow. The Express we shall aim to make more and more in a its departments, a thorough National and Local newspaper—a Home Journal for the farmer, a political newspaper for the politician—a Financial and Business Journal for the Banker and man of business. And for the rest, in the future as in the past, the Express must speak for itself. TERMS. The New York Evening Express, Semi-Weekly Express and the Weekly Express, for 1871, will be published upon the following terms: THE EVENING EXPRESS. Mail subscribers, one year, \$9 50; six months, \$5. Price to Newsdealers, \$3 per hundred. THE SEMI-WEEKLY EXPRESS.
