# MORNING STAR.

WILMINGTON, N. C., SUNDAY, OCTOBER 22, 1871.

Vol. IX-No. 26.

Local Dots. - We hope the city authorities will saw-dust at least a portion of the road to the Fair Grounds.

- The Cape Fear Building Company furnish Drawings for all ornamental and plain work done by them, free of charge.

- Rev. N. Z. Graves, of Goldsboro, will preach in the First Presbyterian Church at 10% o'clock A. M. and 7% o'clock P. M. to-

- Skating to morrow at the Hall, on the corner of 4th and Princess streets, from 10 to 12 A. M. and from 3 to 5 P. M. for ladies exclusively.

- Rev. Mr. Burr will officiate pro tem. at 2d Presbyterian Church (Brooklyn Hall), Fourth street, at 10% o'clock A. M., to-day. Sunday

School at 4 o'clock P. M. - Advertisements under head of "Wants," For Sale or Rent," or "Lost and Found" will positively be charged full rates unless

paid for in advance. - Mr. A. D. Brown announces his grand Fall and Winter opening of Millinery, &c., on Thursday and Friday, Oct. 26th and 27th. The ladies are particularly invited to attend.

- The Rockingham Observer is good in the notice" line. It eulogizes a Rockingham merchant who is a " whole-souled, good-natured, jovial, ever polite and attentive friend."

- Capt. Tom. Lowis has removed to No. 5 South Water Street, where he has groceries, provisions, ship stores, &c., in abundance Read his advertisement and give him a call.

- The Tremaine Brothers, with their new Troupe, will perform in Wilmington during the latter part of November or early in December. We can promise our people a rich treat when they do come.

-Maj. R. T. Long is the Radical candidate for Senator in the 28th District. The Conservatives of that District never were Lecbetter than in the last contest; but we expect to have good leader this time, too, and then Major Long will find himself short-of votes when the polls close.

- We learn that the Wheeler & Wilson Sewing Machine took the first and only -premium at the State Fair at Raleigh, over the Florence, Weed and Howe Machines. Parties wishing the Wheeler & Wilson Machines can procure them at the Wilmington Agency, No. 3 South Front Street.

- Buck Kenan came into our office last night, and talked about vitality being the capital of Life Insurance. We drew a Spanish stiletto on him, and told him if he didn't leave in three minutes the "Widows' and Orphans' Benefit Life" would have a heavy payment to make. He said he'd call again.

Piano-Forte Ware-Room.

We are pleased to learn that Prof. J. F. Rueckert has met with entire success in his new enterprise in the sale of Pianos. He is expecting soon a fine variety of styles of these instruments; among them, the "Weber" piano will be found, of which the leading musicians and most eminent artists speak in glowing terms of praise, pronouncing it "the best piano now manufactured."

Cape Fear Agricultural Association. We are requested to say that the Executive Committee of the Association will meet at the Chamber of Commerce in this city, on Wednesday, October 25th, at 7 o'clock P. M. A full attendance is desired as final and importantarrangements for the Fair will be made.

Another New Car. Another new passenger car for the Wilmington, Columbia and Augusta road is now in course of completion at the Company's shops, across the river, and when finished will compare favorably with any built at the North. The inside material is to be black walnut and curly pine, and the car will be fitted up with all that modern improvement hassuggested for the comfort of travellers. The work s under the immediate superintendence of Mr. W. J. Callais, Master Carpenter, and the mechanics engaged are adding largely to their reputation as skilled workmen.

Co-Operation. Three co-operative club stores have been successfully started in Danvers, Mass. The articles sold are groceries and provisions. Each family upon joining the club is required to pay in \$10. Pork sold elsewhere at 14 cents per pound retail, the familles obtain at 10 cents, before purchasing elsewhere. Thank-is before purchasing elsewhere. Thank-beat favore, a continuance of the same have put down the prices to as near wholesale have put down the prices to as near wholesale ssible, in order to break up the club res, but unsuccessfully.

The Indians Coming. We learn from the North Carolinian that the Cherokee Indians, now in Raleigh will wisit Wilmington soon-we presume, during our Agricultural Fair. We are glad to receive this

information, as we feel sure those noble sons of the forest will attract a large crowd, and will contribute largely to the pleasure of the Fair. With their ball games, foot-races and bow-shooting, they will undoubtedly prove one of the leading attractions of Fair week.

An Old Paper. We are indebted to Master James Dawson for a newspaper published in the days that "tried men's souls." It is a copy of the Boston Gazette, Issued March 12, 1770, a year or two before the writer of this paragraph was born. It contains some very interesting reading matter, especially the account of the horrible massacre of March 5, 1770, in which several citizens were butchered by the British soldiery, in the state of the state of the state of

- The Cherokees ran a half mile race at Raleigh Friday. Our beloved friend A.Mah-Ne-La-He won the race (and eight dollars) in 2:15.

- We take this encouraging item from the Salem Press: For the past two weeks, Fries' factory has been running night and day, a double set of hands being employed. It is probable this will be the case all winter. The reason of this 1s the heavy demand for Fries' fabrics, especially from the North. Does it not sound curiously to say that the South is supplying the North with factory goods?

- We copy the following from the Raleigh Era: The managers of the Institution for the Deaf, Dumb and Blind gave a public exhibition on Thursday night, at the request of many visitors whom the fair attracted to the city. The audience was quite large, and all seemed to be well pleased with the performances of the pupils on the occasion. At the close of the exercises, on motion of Rev. Bennett T. Blake, a resolution of thanks was unanimously voted by the audience to the managers for their courtesy.

- A short time since, says the Winston Sentinel of the 19th inst., two negrees, partially disguised, went to the house of a respectable white woman and asked to stay all night, and when they were refused they maltreated the lady. One of them was caught and lodged in jail, but the other is still at large. About two weeks ago as Mrs. —, a respectable white lady, 62 years old, was returning home from Thomasville on foot, she was met by a negro, who brutally outraged her. To accomplish his purpose he choked and otherwise abused her, and her condition is now very critical. The miscreant was captured and lodged in jail—the jail | 750 Bbls. - The following from the Weldon News is all we can gather concerning the meeting of the Central Conservative Committee last Wednesday evening. Strangely enough, the Raleigh papers have had nothing to say about it: "The meeting of the Democratic Conservative Executive Committee, aided by delegates from the different counties throughout the State, which was held in the Senate Chamber on Wednesday night to consult, was exceedingly well attended, forming the most respectable and able body that we have seen gathered together since our residence in the State. The mecting lasted through several hours, and was of a very interesting character, and steps taken looking to a more thorough organization of the party throughout the State. An adjourned meeting was to have been held on Thursday night."

#### SPECIAL NOTICES.

THE MEANS OF ESCAPE. The fall has many perils for the weak and feeble, and its sudden atmospheric changes are trying to the constitutions of even the robust. The chilling temperature of the pights, as compared with the almost summer warmth of the days, necessarily exercises an unhealthy influence on all who are exposed to it. Hence dysentery, diarrhea, intermittent fevers, billous attacks, and derangements of all the secretions, are common at this season. The true way to escape them is is to meet the causes with a protective and Bitters are designed for this exigency. This powerful vegetable specific relieves the system of all acrid humors, purifies the fluids. tones the secretive organs, promotes healthy evaporation through the pores, increases the activity of the digestive functions, cheers the spirits, and regulates the bowels. To do this is to make the whole body vigorous, and render it proof against the vicissitudes of temperature, and against malaria. A course of the great tonic and alterative is therefore in all cases advisable as a preventive at this season. If, on the other hand, the mischief is already done, and intermittent or remittent fever is actually present, or the liver, bowels, or stomach disordered, there is no medicine so certain to effect a quick and thorough cure as this harmless and agreeable preparation. oct 22-eodlw-Sun Wen Fri
