Weather Report. The area of high barometer in the Ohio valley will probably move north and eastward with brisk northerly winds to-night for a short time from Virginia to New York.

The Grand Jury of the U. S. District Court have thus far returned five true bills. The Raleigh Carolinian has been enlarged, which is a pretty sure evidence of prosperity.

The Chapman Sisters are nightly packing Weisiger Hall, Louisville, Ky. Ella denies that she is either married or engaged.

We were in error in stating that the anniversary of Stonewall Lodge, K. of P., would occur on the 21st. It should have been the 14th inst.

The Brig Lima, Capt. Geo. W. Hill, master, arrived at this port yesterday morning, having made the run from New York to our bar in 74 hours. Good time.

Yellow Fever in Savannah. There is now no doubt that yellow fever prevails to a certain extent in Savannah, though too late in the season to do much damage. The Savannah Republican says:

"There is no doubt that well-defined cases of yellow fever have, within the past two days, made their appearance in the city. Confined, however, to a street (William) bordering on the canal. Three cases are reported as existing, one of which has proved fatal."

We also find the following in the Charleston Courier of Tuesday: "A passenger who arrived in the city yesterday, from Savannah, reported the yellow fever as rapidly increasing, and causing great alarm—so much so that a large number of the inhabitants are leaving. The passenger referred to said he would run the risk of taking the disease here, where it is mild, and yields to treatment, than remain in Savannah, where it is singularly fatal."

Harbor Master's Report. We are indebted to Mr. E. J. Lawton, Harbor Master, for the following report of the number of vessels which arrived at this port during the month of October:

Table with 2 columns: Vessel Name, Number. Lists Steamers, Brigs, Barges, Schooners, and Total.

With an aggregate tonnage of 14,823 tons. One barque, one brig and one schooner were from foreign ports, and twenty-six small vessels, under 50 tons, are not included in the above statement.

Patrons of the Club. The first "hop" of the L'Allegro Solace Club will come off at Eclectic Hall, on Friday evening next. We are glad to learn that the young gentlemen composing this organization are making extensive preparations for the coming season and that many enjoyable occasions are in prospect for those who relish worldly pleasures and amusements in their proper and legitimate sphere. The Club has selected the Commercial Exchange as a place for holding their meetings.

Ministerial Visit. We are requested to state that Rev. W. S. Plummer, D. D., of the Columbia Theological Seminary, will conduct services in the First Presbyterian Church on Sunday next, morning and evening.

Dr. Plummer is considered one of the ablest theologians in the country and enjoys a reputation as a pulpit orator second to but few.

Commenced Work. Workmen were engaged yesterday in making the preliminary preparations for the election, on Third street, next to the Odd Fellows' Hall, of the new building for the use of the College of Physicians and Surgeons as an Infirmary, Dispensary, &c. It will be a fine two-story building and ample in proportions for the purposes for which it is designed.

Those who suffer from nervous irritation, itching uneasiness, and the discomfort that follows from an enfeebled and disordered state of the system, should take AYER'S SERRA-PARILLA, and cleanse the blood. Purge out the lurking distemper that undermines the health, and the constitutional vigor will return.
