Stewed Oysters. One who seems to know whereof he speaks, gives this useful information to lovers of bivalves: We suppose that nine out of ten housekeepers will contradict us point blank in a statement that nine out of ten of them do not know how to stew a dish of oysters.

Star Book Bindery. The attention of the public is called to the superior facilities we now have for executing cheaply, promptly and skillfully all kinds of binding and ruling.

The Grand Lodge. The eighty-fifth annual session of the Masonic Grand Lodge of North Carolina will meet in Raleigh on Monday next.

Wood continues scarce and high. Bring in your supplies.

There was only one case before the City Court yesterday morning.

We learn that the stores and offices generally on the wharf, "as to speak," will be closed to-day.

We are requested to state that there will be no meeting of Germania Lodge, No. 4, K. of P., this evening.

The train on the Wilmington, Columbia and Augusta Railroad, between Columbia and the Watauga river, has been discontinued until further notice.

The Carolina Era, at Raleigh, says it has not seen a copy of the Star for three weeks. We are sorry at a loss to account for the failure.

We learn that many of the poorer class of our citizens will be furnished with good, substantial dinners to-day, through the instrumentality of the Ladies' Benevolent Society and the liberality of our citizens.

We are indebted to the publishers for a new pamphlet entitled "Columbia, S. C., the Future Manufacturing and Commercial Centre of the South, with some account of the Foundation, Destruction, and Subsequent Rehabilitation and Growth," published under the auspices of the Board of Trade, (Y. Y.) handsomely gotten up at the office of the Pencil, Columbia, S. C.

A Wandering Lunatic. J. G. Wagner, Esq., of Masonboro Township, brought to this city yesterday a white woman, giving the name of Lorina Jane White, whom he found wandering about the country without any friends or permanent abiding place.

Robbers. If you want Boarders, advertise in our new department, under head of "Wants," at half our regular rates, for advertisements not exceeding five lines.

Ripe Strawberries. Mr. A. P. Shaw, of Horse Shoe, Bladen county, sends us a flourishing strawberry plant, with several ripe strawberries on it.

Lost. If you have lost anything, advertise in our new department, under head of "Lost and Found," at half our regular rates, for advertisements not exceeding five lines.

The Festival. The Festival to be held at the City Hall this evening, commencing at 6 o'clock, will doubtless attract a very large number of our generous and public-spirited people.

Return of the Washington Fire Company - The Reception at Home. The Wilmington (Del.) Gazette in its account of the return of the Washington Fire Company from their recent visit South, and the reception which greeted them, says:

The Washington Fire Company returned home on the 5:30 train on Thursday evening from their Southern trip, during which they visited Charleston, S. C., Wilmington, N. C., and Norfolk, Va. They were met at the depot by numerous friends, who extended to them a hearty welcome.

They speak in the highest terms of the almost unbounded hospitality of the authorities and firemen of the different cities they had the pleasure to visit. In Charleston they were presented with a solid silver pitcher and two goblets by the fire department. The United Fire Company, of Norfolk, presented them with a beautiful banner, and the Hope Fire Company of the same city, made them the recipients of two handsome silver torches.

The Washington boys received every attention possible at the hands of the Southern firemen, which will be long and kindly remembered. They were also kindly received and most generously entertained in Baltimore, on their way home.

For Sale or Rent. If you have a house or farm for sale or rent, advertise in our new department, under head of "For Sale or Rent," at half our regular rates, for advertisements not exceeding five lines.

Our Chip Basket. Sweet leaves - No leaves. A popular nation - Vaccination.

Young wires - Brigham Young's. A large wholesale house advertises - Wanted, women to sell on commission.

A correspondent affirms that his "very soul was coiled up in horror" by some incidents of the Chicago fire.

A lady was lately bugged to death, in Minnesota! - another illustration of the power of "the press."

Out in Minnesota the ladies are already organizing preparatory to a vigorous leap year campaign.

While promenading with a couple of Lafayette's belles, a young man was met by his mother, who ordered him home to bed.

An English servant-maid said to her pastor, "I know I have really got religion, because the old folks would consent to our marriage."

A Boston couple, somewhat in haste about obtaining a license, were recently married by a coroner in the wash-room of a well-known saloon.

The indestructible Tag is a great convenience to merchants. It answers the combined purpose of a direction label and business card.

This excellent company was again greeted by a very fine audience, last evening, which evidenced its appreciation of the charming music rendered by the Troupe in frequent and well-deserved testimonials of applause.

This afternoon, at 3 o'clock, the company will give a grand matinee for the accommodation of ladies and children, on which occasion the entertainment will be of a most pleasing character.

Several new features will be introduced and every effort made to give satisfaction to those who may be present. We are requested to state, in this connection, that the Theatre will be darkened, as far as natural light is concerned, and gas-light introduced, so as to make the effect the same as if the performance was at night.

To-night will conclude the engagement of the Troupe in this city.

Benefit Night of the K. of P. Don't forget the entertainment to-night, by the Tremaine Brothers and Pierson, for the benefit of the Knights of Pythias.

If you have found anything, advertise in our new department, under head of "Lost and Found," at half our regular rates, for advertisements not exceeding five lines.

Advertising for the People. We would call the attention of the public to the Morning Star's charges for short advertisements, especially for the accommodation of the growing demand for the publication of brief notices such as "Wants," "To Let," "For Sale," etc.

These charges can be reduced to five lines space, and the charge for them being but half our regular rates when paid for strictly in advance.

These offers increased inducements for servants wanting places, for families wishing domestics, for farmers having a horse, or a cow, or an old wagon for sale, landlords wishing tenants, and tenants wishing landlords, to use the Morning Star as a medium for communicating with their several but unknown customers.

Storekeepers can also make equal avail of these rates for short advertisements, to invite public attention to any specialty in trade, or any change in their place.

The use of the daily newspaper, as the agency for communication between people of all classes, is constantly increasing, and illustrates one of the ways in which modern civilization is saving time, labor, and money, in carrying on the business of life.

To be Remembered. Hereafter, no papers will be sold in the press-room of this office. Newsboys and others who wish copies of the Star must call at the counting-room each day, pay for the number of copies wanted following morning, and get an order on the mailing-clerk for same.

SPIRITS OF TURPENTINE.

The Warrenton Gazette is soon to have an entirely new dress.

The Raleigh Era joins in the cry for a reduction of the tax on amusements.

Rev. Dr. Munsey delivers his lecture on "Man" in Raleigh on the 6th of December.

The Raleigh Carolinian says: There are now 87 Deputy Marshals in this city; 180 Ke Kix Tanning loaves; and 120 prisoners in our jail.

The New North State says Drs. Bailey, Comstock and Hempstead, from New York, are in Greensboro, with splendid dogs and guns, for the purpose of hunting.

On the 14th of December John Wilson, negro, will be hung at Hillsboro for the murder of a fellow negro man named Jack Hall, a short while since. The murder was of a most heinous character, Wilson having the knife with which he perpetrated the deed - made for the purpose this day previous.

Thos. A. Williams of Buncombe county, has been pardoned out of the Penitentiary. In one day more he would have been entitled to his discharge. The pardon not only released him from one day's imprisonment but restores him to all the rights of citizenship, which was the main object of Williams in applying for pardon. So says the Carolinian.

Dr. Atter's Laboratory, that has done such wonders for the sick, now issues a potent restorer for the beauty of mankind - for the complexion which advancing age is so prone to diminish and destroy. His VIGOR mounts luxuriant locks on the bald and grey pate among us, and thus lays us under obligations to him, for the good looks as well as health of the community.

HEALTH, the poor man's riches, the rich man's bliss, is found in AYER'S MEDICINES, after a fruitless search among other remedies. A word to the wise is sufficient.

To the Public!

THE Star of the 17th Inst. stated truthfully that Messrs. Crockett & Henry, of Norfolk, Va., exhibited at the late Fair the only Button Hole and Sewing Machine combined in the world. The same paper of the 19th Inst. stated that the Wheeler & Wilson Machine possessed the qualities of a Button-Hole and Sewing Machine combined also.

We say that the Wheeler & Wilson Attachment does not, and cannot make a button hole stitch; it sews through the cloth, and then they cut between the rows of stitching; whereas, a button-hole stitch can only be made by sewing over the edge of the fabric after the hole is cut.

In a few days the American Button-Hole Overseaming and complete Sewing Machine, and the plain American Sewing Machine, without button-hole parts, will be on exhibition, and for sale in this city, by Mr. Geo. A. Newell, CRECKMUR & HENRY, Agents for South-side Virginia and Eastern North Carolina. nov 30-1f
