HINSHBERGER'S Live Book Store, 39 Market St.—Kindness. GEO. H. KELLEY.—Cape Fear Lodge No. 2, I. O. O. F.—Dedication Ceremonies.

Arrested at Last.

A colored man by the name of Sargent, charged with committing an assault on one Richard Von der Brack, on the 20th of last month, but who has succeeded in evading arrest up to the present time, was captured yesterday and lodged in the Guard House.

The Weather.

The warm weather which has prevailed for several days past and which is considered very remarkable for this latitude at this particular season, culminated yesterday in a series of rain storms, accompanied by thunder and lightning.

The Tournament at Fayetteville.

We learn from the Raleigh Sentinel that the Tournament held at Fayetteville on Christmas day was quite a success. The four most successful knights were, First, Rob. Holladay, knight of Cross Creek, who named Amanda Chestnut as Queen; Second, George Cain, knight of the Flying Eagle, who named Mary Freeman 1st Maid of Honor; Third, Edward Merrick, Knight of the Rising Star, who named Caroline McCracken 2d Maid; Fourth, Henry Evans, knight of The Choice, who named Josephine Clegg 3rd Maid.

Our Chip Basket.

The greatest nutmeg ever known met with a grater. —Charles L. Roller has married Ellen Skatts. Let them slide. —Silken bonds of matrimony become iron chains to bind and chafe unfortunate couples if ever they cease to love.

The Musical Concert.

The first musical entertainment of this distinguished vocalist, at the Opera House last night, was unquestionably a substantiation of her right to the fame which she has won in Paris, New Orleans, New York, and, indeed, at all points where she has appeared in concert. We have no hesitation in saying that there must have been entire unanimity among the highly respectable audience—respectable both in numbers and critical taste—who honored the occasion with their presence, as to the charming voice and talent possessed and displayed by Mrs. Moulton. Her voice is a full mezzo-soprano of delicious quality and so perfectly under control that not a breath of discord mars her marvelous vocalization. This is not true merely of her simpler efforts, but applies equally to those productions of the grand old masters of music, which have so often denied the ability of really wonderful singers.

Local Doings.

Cold weather is close at hand. —The Legislature reassembles to-day. —The public offices were all closed yesterday.

—There was no session of the City Court yesterday. —We learn that there was target shooting for turkeys, &c., yesterday, in the vicinity of Castle street.

—Included in the bunting spread to the breeze yesterday we noticed the flag of the Danish Vice Consulate. —The most of the business houses were closed yesterday, and those who kept open had but few customers.

—Mr. Daniels had some more of those fine New River oysters at his saloon yesterday. He generally keeps the best to be had. —The Sheriff advertises that the quarterly tax of merchants and traders will be received at his office during the present week.

—The officers of Stonewall Lodge No. 1, K. of P., were installed last night, but up to the time of going to press the Lodge was still in session. —We are indebted to Messrs. Walker, Evans & Cogswell, Publishers and Printers, Charleston, S. C., for a copy of Miller's Almanac for 1872.

—Among the unmailable letters published in the last Raleigh Sentinel, we notice one addressed to Miss Annie Hill and one to Henry Ransom, both of this city. —We learn that the number of New Year's callers, yesterday, far exceeded that of any previous year. The custom is gradually growing in favor in these parts.

—During the month just closed there were 15 interments in Pine Forest Cemetery, of which 6 were adults and 9 children. This makes a total of 20 interments for the month. —We are requested to state that Rev. Lewis Puckett will preach at the 2d Baptist Church, corner of Sixth and Church streets, this (Tuesday) evening, at the usual hour for service. —The ceremony of dedicating the Hall of Cape Fear Lodge No. 2, I. O. O. F., will take place this evening in public. There will be an installation of officers for the ensuing term at the same time.

—The Cape Fear (colored) Steam Fire Engine Company had their engine on the wharf yesterday afternoon, practicing, but the clouds beat them so handsomely at their own game of throwing water that they gave it up in disgust. —Notice is given that on and after the 10th of January passenger trains on the Wilmington, Columbia and Augusta Railroad will cease to run to Kingsville. The route from Wilmington to Augusta will then be via Columbia. —The only arrests made yesterday, so far as we could learn, was a white woman, found on the streets in a state of intoxication, and a colored man charged with larceny. They were both furnished with spare lodgings in the Guard House.

—The pavement on Front street, between Dock and Orange, in the vicinity of Thorburn's bakery, is represented to be in a very bad condition. We hear many complaints in regard to it and hope the authorities will see that it is put in proper condition. —Delegates to the Agricultural Convention at Raleigh, to be held on the 11th inst., will be passed over the Wilmington, Charlotte and Rutherford Railroad for one second class fare by purchasing return tickets, good from the 9th to the 14th inst., inclusive. —We hear that some malicious persons have been in the habit recently of placing rocks on the street railway track with the purpose of throwing the cars off. This has been the result in more than one instance, both at night and during the day time, and something should be done to put an end to the practice. —A beautiful assortment of Albums just received at VANORDELL'S.

Emancipation Celebration.

The colored people of this city celebrated Emancipation Day yesterday. They assembled in the City Hall at noon, and at about 12 1/2 o'clock the exercises of the day commenced. The first thing in order was the reading of the Emancipation Proclamation, which duty was performed by Geo. L. Mabson. After this came the speaking. George W. Price, Jr., led off, and he was followed by Judge Cantwell.

The addresses being concluded, a procession was formed, and preceded by the Rose Bud Band commenced parading through the streets. The heavy rain that came up early in the afternoon, however, seriously interfered with this part of the programme, and the procession soon broke up. The vicinity of the City Hall was densely crowded with colored people of both sexes during a greater portion of the day. —Oval Walnut and Gilt Frames, (all sorts and sizes, at VANORDELL'S.

The Raleigh Carolinian says:

On Thursday a squad of United States soldiers left Burkeville, Va., with thirty horses, fresh from Kentucky, and en route for North Carolina. —On Christmas morning, in Asheboro, a young man named Thomas Norville, in attempting to draw a pistol from his pocket, accidentally shot himself in the thigh, inflicting a very painful wound. —The Raleigh Carolinian says: The Raleigh and Gaston Railroad Company recently brought to this city, without charge for transportation, between fifty and one hundred cords of wood, purchased for the poor of Raleigh. —The Goldsboro Messenger of yesterday says: Morgan, the young man shot accidentally in this town last Wednesday evening, as reported in our last issue, died about an hour after the accident. The verdict of the coroner's jury was in accordance with the facts. —The Goldsboro Messenger of yesterday says: A mulatto, named Joe Williams, was brought to town and lodged in jail on last Saturday evening, charged with horse stealing. He is said to be a member of a notorious gang of thieves operating in the south-western portion of this county. While resisting arrest Williams was badly shot, upwards of twenty buckshot having entered his body. Amputation of his legs was deemed necessary and the operation was performed on yesterday by Drs. Miller & Kirby. —The Raleigh Sentinel of yesterday says: D. S. Ramsour of Cleaveland, a student of Wake Forest, was arrested on Friday night between the hours of nine and ten o'clock by an United States Marshal and five armed soldiers while in attendance upon the Escholar Society. Soldiers were placed at the front and back doors of the college building while the marshal entered to make the arrest. The lad was carted through the

SPIRITS OF TURPENTINE.

Wayne county is to have a tournament. —Newbern had another Tournament on Monday. —Corn is selling in Newbern at 65 cents a bushel. —Snow Hill is to have a tournament on Thursday. —The emancipationists of Newbera celebrated in style. —The Charlotte skating rink has "played out." So we infer. —Statesville claims to have no beggars, and no one that needs help. —The last sheriff has settled with the State Treasurer, and he was from Madison. —The town of Mount Olive, on the W. & W. R. W., is said to be building up quite rapidly. —There were only ten interments in the different cemeteries of Newbern during the past month. —There were 37 marriage licenses issued in Craven county during the past month, 8 of which were for white couples. —There is a child now in Warren county who was born with perfect holes in the ears ready for the reception of ear-rings. —A little girl of Mr. George Adams of Greensboro, swallowed a tin whistle, which was with great difficulty removed from her throat. —Dr. G. G. Mott, of Statesville, has presented the congregation of the Episcopal Church of that city with a large, fine toned Troy-made bell as a Christmas present. —The Raleigh Carolinian says: On Thursday a squad of United States soldiers left Burkeville, Va., with thirty horses, fresh from Kentucky, and en route for North Carolina. —On Christmas morning, in Asheboro, a young man named Thomas Norville, in attempting to draw a pistol from his pocket, accidentally shot himself in the thigh, inflicting a very painful wound. —The Raleigh Carolinian says: The Raleigh and Gaston Railroad Company recently brought to this city, without charge for transportation, between fifty and one hundred cords of wood, purchased for the poor of Raleigh. —The Goldsboro Messenger of yesterday says: Morgan, the young man shot accidentally in this town last Wednesday evening, as reported in our last issue, died about an hour after the accident. Soldiers were placed at the front and back doors of the college building while the marshal entered to make the arrest. The lad was carted through the

country instead of coming on the train.

We are informed that an United States Marshal has a bench warrant from Judge Bond to arrest Ramsour, if to be found in South Carolina. Carpet-bag Shaffer has issued a warrant for the young man and now has him in tow. We suppose Shaffer will order him to be delivered to Bond. Shaffer has no power other than to "take bail, or commit for want of it." The marshal of South Carolina cannot arrest upon a warrant which runs only in that State. What will Gov. Caldwell do if the boy appeals to him? —If you have found anything, advertise it in our new department, under head of "Lost and Found," at half our regular rates, for advertisements not exceeding five lines. —Advertisements under head of "Wants," "For Sale or Rent," or "Lost and Found" will positively be charged full rates unless paid for in advance. —Advertisements under head of "Wants," "For Sale or Rent," or "Lost and Found" will positively be charged full rates unless paid for in advance. —Advertisements under head of "Wants," "For Sale or Rent," or "Lost and Found" will positively be charged full rates unless paid for in advance.

superior facilities we now have for executing cheaply, promptly and skillfully all kinds of Binding and Ruling. Our business in this department has steadily increased, an evidence that we have not labored in vain in our effort to establish a Book Bindery equal to the demands of our growing city. But we are determined to do still more; and as our business grows so will our facilities be increased. Give us a trial. Star 2w

Advertising for the People.

We would call the attention of the public to the MORNING STAR's charges for short advertisements, especially for the accommodation of the growing demand for the publication of brief notices such as "Wants," "To Let," "For Sale," etc. Most advertisements of this character can be reduced to five lines space, and the charge for them being but half our regular rates when paid for strictly in advance. This offers increased inducements for servants wanting places, for families wishing domestics, for farmers having a horse, or a cow, or an old wagon for sale, landlords wishing tenants, and tenants wishing landlords, to use the MORNING STAR as a medium for communicating with their several but unknown customers. Storekeepers can also make equal avail of these rates for short advertisements, to invite public attention to any speciality in trade, or any change in their prices. The use of the daily newspaper, as the agency for communication between people of all classes, is constantly increasing, and illustrates one of the ways in which modern civilization is saving time, labor, and money, in carrying on the business of life.

A BODY AND MIND DISEASE.

Such is dyspepsia. The stomach and the brain are too intimately allied for the one to suffer without the other, so that dyspepsia and dependency are inseparable. It may be added, too, that irritation of the stomach is almost invariably accompanied by irritation of the temper. The invigorating and tranquilizing operation of Hostetter's Bitters is most powerfully developed in cases of indigestion. The first effect of this agreeable tonic is comforting and encouraging. A mild glow pervades the system, the chronic uneasiness in the stomach is lessened, and the nervous restlessness which characterizes the disease is abated. This improvement is not transient. It is not a merely temporary relief of the symptoms with superadded force, as is always the case when unmediated stimulants are given for permanent accession of healthful invigoration. But this is not all. The aperient and anti-bilious properties of the preparation are especially desirable at the season when sudden spells of raw, unpleasant weather are apt to check the natural perspiration and produce congestion of the liver, coughs and other ailments. The best safeguard against all diseases is bodily vigor, and this the great Vegetable Restorative especially promotes. [Jan 2]

DON'T HAWK, HAWK, EYEBIT, SPIT, BLOW, BLOW, and disgust everybody with your Catarrh and its offensive odor, when Dr. Sage's Catarrh Remedy will speedily destroy all odor and arrest the discharge.

The Secret of Captivation.

Features of Grecian mould, a well-turned nose and beautifully rounded arms, are no doubt very nice things to have, and ladies who possess these charms have reason to be thankful to the inventor of the standard beautifying preparation of the present age. It differs from all ordinary cosmetics in three most essential particulars, inasmuch as it contains no injurious ingredients, does not contract or shrivel the skin as all the astringent "blowings," "douches" and "powders" eventually do, but produces a lasting loveliness by improving the texture of the skin. Under its operation the texture of the epidermis becomes finer, and the surface soft as velvet and smooth as porcelain. Features cannot be changed, but complexions can, and it is quite certain that a lady with no other charm than a fresh and rosy complexion, will attract more admiration in company than her neighbor with a classic face but a sallow skin. [TUESDAY]

THE PEOPLE have been so much imposed upon by several worthless Sarsaparillas, that we are glad to be able to recommend a preparation which can be depended on as containing the virtues of that invaluable medicine, and is worthy of the public confidence. Doct. AYER'S SARSAPARILLA cures what anything can cure the diseases that require an alternative medicine.

Take AYER'S SARSAPARILLA to purify the blood and purge out the humors, pimples, boils and sores which are merely emblems of the rottenness within.
