The Paugrama or Tableaux Paintings, being series of representations entitled, "The Cross and Mamrock," "The Streets of New York," and Burning of Chicago," exhibited at the Opera House yesterday afternoon and evening, lrew together large audiences. Especially was this the case at night, when the spacious hall was literally crowded. Among the rest there was a large number of young folks present, who seemed to be very much interested and : mused.

The alarm of fire yesterday morning was ansed by the ignition of the roof of the house the corner of 2d and Red Cr. ss streets, beonging to Mrs. Thomas Smith, originating from a spark from the chimney, which burned place about three feet in dimensions when it was fortunately extinguished by the applicalon of water thrown upon the flames from nekets. Still in Trouble. The Washington Patriot of Tuesday has the ollowing about "our Allan": The excitement in the Third Auditor's office is on the derease. The charge brought against Auditor Ratherford, by A. W. Hunt, with having twice drawn commutation money for the same period while a disbursing officer of the Government a North Carolina during the war is being looked into by Secretary Boutwell, and the ineations, so far, are not favorable for Mr. Rutherford. It is asserted, with more certainlythan ever, that there will be a vacancy at he head of that bureau very shortly.

A couple of colored hen named Zack Watkins and Manuel Merrick state that they saw two men lugging somebing between them, and that they followed them with the incention of finding out what it tas. The thieves discovered the fact, howtter, and made good their escape. Yesterday noming the same parties found the tray of the trank in the fork; of ;a tree a short distance from the depot and carried it to the station Dute. The tray contained a number of artieles, valuable to the owner, but it is presumed, deourse, that the main part of the trunk, which is still missing, contained the wardrobe the loser, besides other articles of value. he owner of the trunk is said to be Mr. Wm a Graham, of New York, a well known gentleman and a director in the Wilmington and Weldon and Wilmington, Columbia and Aucusta Raliro ds. In fact his name is on the trunk as well as on several articles contained in the tray. As he proceeded on his journey it is natural to suppose that he was unaware of his loss at the time.

- The street railway extension to Union Depot has been nearly completed.

- At the regular monthly meeting of the Wilmington Building Association, held at the Commercial Exchange last evening, 12 shares of stock were redeemed at \$105 per share.

- Those who wish to "try their fortune," should invest in the old Havana Royal Lottery. Messrs. Bornio & Brother, 77 Gravier street, New Orleans, will send circulars, giving all particulars.

- The Concert in ald of St. John's Parish School takes place in the school room next North of St. John's Church this evening, just completed the knitting of a stocking commencing at 8 o'clock. Prof. Grabau presides at the organ.

- A gentleman who visited the farm of Mr. F. M. Agostini, about two and a half miles peas about two inches above the ground and ready for "sticking."

- The flaming posters of Haight & Co.'s Circus, Menagerie, &c., which adorn the big bill board at the corner of Third and Princess streets, attract great attention. The "show" itself will probably attract more.

Still They Come.

Mr. Cunningham and Mr. Cochran, from New York, accompanied by their families, arrived in this city yesterday, by rail, with the is to be inherited by young and pretty girls view of settlin; on the tract of land near Lecaburg, in this county, recently alluded to by us as having been purchased by Col. E. R. there and two back. Brink, of this city, and laid off in eighty acre lots with the view of encouraging immigration to this section. Several other families will follow, we learn, so soon as they receive a favorable report from those already here.

More Amusements Ahead.

In addition to the various amusements ready annouced for the present theatrical season, we now learn that the "Old Reliable" troupe, of Petersburg, consisting of twentytive lady and gentlemen performers, are expected here on the 12th of February, to remain two weeks. This has the reputation of being an excellent company.

The Berger Family of Bell Ringers, which have been highly commended by the press everywhere they have visited, are also expected to appear here sometime in March.

Pronounced All Bight.

On a writ de lunatico inquirendo, issued by Maj. J. C. Mann, Judge of Probate for this county, the following named jurors were summoned on Tuesday to inquire into the mental condition of Mr. Daniel O'Conner, of this city, to wit: Robert Henning, Foreman; G. C. Shields, W. T. Daniels, Benj. F. White, N. B. Vincent, Geo. F. Tilley, W. H. Gerken, Wm. M. Harriss, Chas. Posner, J. W. Perdew, E. D. Hewlett and Elijah Hewlett. The jury, after mature investigation, returned a verdict to the effect that Mr. O'Conner was in every way capable of taking care of his own affairs.

Promptness. Mr. James D. Brooks, Traveling Agent for the Brooklyn Life Insurance Company, issued a ife policy to Mr. Thomas Barnes in March last for \$1,000. On the 22nd of December Mr. Barnes died, having in the meantime only paid in on his policy \$21 33. On January 9th proof of his death went up to the Company, and on the 13th a check (which was shown us yesterday) was issued for the full amount of the policy, without deducting interest, which is common among insurance companies when the policy is paid in advance of the time allowed them, which in some companies is ninety and in others sixty days. Such promptitude is creditable to the Brooklyn Life, which is fortunate in having a gentleman of such energy and reliability as Mr. Brooks to look after its interests in this section.

Provision for the Insane.

There is now a bill pending in the General Assembly of this tate, upon which a favorable report has been made by the Committee havlog it in charge, which proposes to establish a branch of the Asylum for the Insane at this place, to be under the control of Dr. J. E. Winants, now in charge of our City Hospital. It is to be hoped that this bill will meet the favorable consideration of the Legislature. A petition, signed by a number of our leading and most influential citizens, has gone up to Raleigh urging its passage, and will doubtless have great effect with the members. That such an institution in this part of the State would be a great public benefit no one can deny, and the fact that the State Asylum at Raleigh is new overcrowded, with several hundred of the poor unfortunates confined in the various county jalls, as if they were criminals instead tion was to give the right to any elector of being objects of sympathy and compassion to every one who feels for the misfortunes of his kind, should, it seems to us, be a sufficient incentive to our Legislators to induce them to pass the bill without the least hesitation.

Dr. Winants states that he has now adequate means to receive and maintain in comfortable condition, and provide medical attendance, for fifty such patients, and could, if necessary, be in a condi ion in four months from this time to provide accommodations for at least two hundred additional patients. This, it seems to us, would result in a great saving to the State, taking into consideration the proposition to enlarge the building at Raleigh, let alone the fact that this latter course would result in so much loss of time and cause so much unnecessary suffering to the unfortunate class sought to be benefitted. The cost, per annum, of feeding, clothing and maintaining the patients, including medical attendance, Dr. W. expects, or course, to be the same as allowed the State Asylum. Dr. Winents has had much experience in the treatment of the insane, and we are satisfied that tuey would receive proper care and attention at his hands, should the Legislature deem it expedient to Meteors make thirty-seven miles an hour, establish a branch Asylum at this point.

LEGISLATIVE SUMMARY

[Condensed from the Raleigh Sentinel.]

SENATE.

TUESDAY, Jan. 16. The Senate met at the usual hour, Mr. President Warren in the chair. Mr. Barnett, a bill in relation to the boundary line between the States of North

Carolina and Virginia. Referred. Mr. Moore introduced a resolution to enquire into the official conduct of the

Doorkeeper of the Senate. Mr. Robbins, of Rowan, offered amendment, which was accepted, and as amended the resolution was adopted.

Mr. Cowles introduced a resolution proposing that the Senate adjourn sine die on the 23d inst. Mr. McClammy introduced a resolution

in relation to the Cape Fear harbor. Re-Mr. Brogden introduced a resolution declaring the rights of Senators on that

floor, and complaining that his being cut off from a speech on yesterday by the motion to lay on the table, was depriving him of his privilege as a Senator and was unjust, oppressive and wrong."

Mr. Gilmer drew attention to the fact that Mr. Brogden had the right (which he failed to avail himself ot) of being heard on a motion to indefinitely postpone, which took precedence of the motion to lay on the table. The resolution was clearly a reflection on the president of the Senate.

Mr. Brogden disclaimed any purpose whatever to reflect on the President of the Senate.

Mr. Morehead concurred with Mr. Gilmer, and moved to lay the resolution on the table.

This motion prevailed-21 to 10strict party vote, except that Mr Lehman voted to table, explaining that he could not subscribe to any imputation of unfairness towards any member of the

SPECIAL ORDER.

The bill to be entitled "an act concernng representation in the House of Representatives, being the special order, was put upon its second reading. Mr. Lehman moved to amend the sec-

ond section, so as to provide for cumulative suffrage in lieu of the present majority system of representation. [The proposi to give one candidate as many votes as

Mr. Moore said the matter had been fully considered by the committee, and they were unanimausly of the opinion that it would not be wise to recommend the cumulative system.

The question on Mr. Lebman's amendment resulted—yeas 8, nays 84. The question recurred on the passage of the bill.

Mr. Latham said it was a mere question of figures based upon the U.S. census returns of 1870. The bill then passed its second reading

by acclamation. On motion of Mr. Cowles, the rules were suspended and the bill passed its third reading by a vote of 27 to 9. On motion of Mr. Robbins, of Rowan, the bill to promote immigration was

postponed till 11 o'clock, to-merrow.

THE SCHOOL BILL. The bill entitled "an act to consolidate

the school laws, and to provide for a system of public instruction"-being the substitute of the committee—the special order for 12 o'clock, was put upon its third reading.

On motion of Mr. Merrimon, the bill was considered by sections. On motion of Mr. Graham, of Orange, the further consideration of the bill was postponed and made the special for tomorrow at 11 o'clock.

HOUSE OF REPRESENTATIVES. TUESDAY, Jan. 16.

The special order being the bill in regard to the debt of the State it was taken up and considered. A lengthy debate took place in which

Messrs. Ashe, Stanford, Gregory, Strudwick, Jordan, Crawford, Tucker, col, of Craven, and Heaton took part. The bill failed to pass its second reading. Mr Sparrow moved to reconsider the

In the lower part of Johnson, as well as in Wake county they are taking off the negro labor to South Carolina to work in turpentine at eighteen dollars a month .-Consequently "hands" are growing very scarce in both these counties. - Says the Newbern Times of Wednesday: Captain Hall of the steam-hip

Gary reports seeing a three-masted schooner ashore between Cape Hatteras and False Cape, name unknown. He also reports, that on the last outward trip he discovered the masts of a schooner out of water, sunk in the vicinity of Cape Hatteras. He could learn nothing in relation to it. - We learn by private informa-

tion from Tallahassee that the notorious George W. Swepson was arrested in that city on Saturday by the Florida State authorities on a charge of embezzlement. We learn also that \$800,000 bail are required. Swepson will be remembered as one of the North Carolina railroad developers, who, in connection with his partner Littlefield, came near bankrupting the State.

- The Newbern Times says: On Tuesday, January 9, while the Revenue Cutter Stevens was laying at Ocracoke Inlet, cries "help!" "murder!" were heard from the schooner Sarah Webb, of Beaufort. In answer to those cries, a boat with an officer and armed crew was sent to the schooner to quell the disturbance. On arriving it was found that a general melee was taking place, and, in order to stop it, one of the belligerents was brought off and placed aboard the cutter.

Mr. McClammy was in favor of the cumulative system, but it was new and he desired to see the experiment tried on a smaller scale.

Mr. Moore said the matter had been in the 49th year of her age. She lived a peaceful, quiet life—beloved by all who knew her; was always a true and taithful wife, parent, friend and neighbor. She bore her sufferings, which were long and severe, with patience seldom shown by any one. She was aware of the approach of death and, though she never expressed a willingness to die, yet from her conversation we were led to believe she was ready to go; had no lear to meet her fate or see her master's face. She has gone, and forever, and we hear not her footsteps fall upon the threshold. We see to believe that she died to live beyond this mortal clay.

Progress of the Revolution .- A new light dawned upon the world with the intro-duction of Plantation Bitters twelve years duction of Plantation Bitters twelve years ago. Drastic purgation went out-restoration and renovation came in. The eyes of the people were opened to the great fact hat the way to cure disease is to at engthen and support its victims, not to place them at its mercy by depriving them of the little strength they have. It soon became evident that as a means of infusing vitality into the feeble system, regulating the secretions, curing indigestion, and reforming a bilious habit of body, no medicinal preparation then known was at all comparable to the new restorative. Since then hundreds of attempts have been made to rival the Bitters. They have all failed, and the Grand Revolution in Medical Treatment. Which was commenced in 1860, is still in progress. Nothing can stop it, for it is founded on the principle now univer ally acknowledged, that physical vigor is the most for, mitable antagenist of all human ailments and experience has shown that Plantation Bitters is a peerless invigorant as well as the best possible safeguard against epidemic diseases. ago.
