METEOROLOGICAL RECORD.
Feb. 19, 1872.

Time.	Barometer.	Thermometer.	Wind.	Weather
7 A. M.	30:06	32	N Light	Cloudy
2 P. M.	29:96	50	N Fresh	Fair
9 P. M.	30:04	41	N Fresh	Clear

Mean Temp. of day, 41 deg.
NOTE.—All barometric readings are reduced to the sea-level and to 32 degrees Fahrenheit.
ROBERT SEYBOTH,
Serg't Signal Service U. S. A.

Weather Report.

WAR DEPARTMENT,
Office of Chief Signal Officer,
Washington, Feb. 19—4:35 P. M.

Probabilities.

The barometer will probably fall on Tuesday throughout the Mississippi Valley, with increasing north winds and threatening weather; the lowest pressure moving eastward towards Illinois; the highest barometer remain over Middle and Eastern States, with partially cloudy and pleasant weather; the low barometer in Florida move northeast, keeping some distance off the Atlantic coast, with increasing northeast winds; easterly winds veering to southwest with pleasant weather prevail on the western Gulf coast.

Dangerous winds are not anticipated for Monday night, except possibly Wisconsin and Lake Superior.

THE CITY.

The Reading Room

Of the Wilmington Library Association is open daily during the week from 10 A. M. to 1 P. M, from 4 to 6 P. M., and from 7½ to 10 P. M.

NEW ADVERTISEMENTS.

HEINSBERGER'S Live Book Store, 39 Market street—Faithful Crowned and Changed Cross.

DUDLEY & ELLIS, Sign of the Big Boot—Morocco Balmorals for ladies.

WM. M. POISSON, Secretary St. John's Lodge No. 1, F. & A. M.

HEIDE BROS.—Cheese, potatoes, oranges and lemons, &c.

DANIEL KLEIN—Street railway; new schedule.

S. L. FREMONT.—Cape Fear Agricultural Association.

J. C. STEVENSON—Special to Commission Merchants.

M. CRONLY, Auctioneer—8 head of horses, in good order.

BUNTING & McQUIGG—Valuable building lots.

W. M. STEVENSON—French china dinner sets, Queensware, Confections, &c.

Cape Fear Agricultural Association.

The Executive Committee of the Cape Fear Agricultural Association are requested to meet at the Chamber of Commerce this (Tuesday) evening, at 8 o'clock, for the purpose of electing a General Secretary and Marshal.

A full attendance is desired.

Unmailable Letters.

The following is the list of unmailable letters remaining in the city postoffice, February 20th: T. S. Pattinson, Elmira, N. Y.; Miss Willie R. Hill, South Gaston, N. C.; Miss Hattie L. Boyd, Brooklyn, N. Y.; Master Willie Buskell, Western Union Telegragh Office.

Corn Meat Pudding.

Two quarts of sweet milk, one pint of corn meal, one half pint of beef suet or fat pork, chopped fine, three eggs and a little nutmeg and salt; sweeten to your taste with sugar. Heat the milk, and while hot stir in the meal; after this set it where it will cool, and then add the eggs. Bake from three to four hours in a slow oven.

The Farmer.

The Newberry (S. C.) *Herald* says: The *Carolina Farmer*, published at Wilmington, N. C., by Wm. H. Bernard, at $3 a year in advance. The February number just received. The *Farmer* is a first class agricultural paper, ably edited and beautifully printed. We heartily recommend it to our readers, as a paper which will pay them back many times more than the subscription price.

Military Movements.

Capt. Gibbes, of the U. S. army and a member of the staff of Gen. Terry, now in command of the Southern Department, with headquarters at Louisville, Ky., arrived in this city on Sunday and yesterday embarked for Fort Johnson, where he goes to superintend some repairs. Sometime during the present week General Terry, accompanied by General Haines and Colonel Edward Smith, members of his staff, are expected to join Capt. Gibbes here, when the party will visit Fort Caswell. They will also probably pay an unofficial visit to Fort Fisher, a locality which must ever be possessed of thrilling interest to Gen. Terry, who was in command when the fort was finally wrested from the Confederates in 1865 after a hard struggle.

The projected visit of Gen. Terry and staff to Fort Caswell is significant, and we shall expect to hear at an early date that it has been placed on a war footing, as the forts around Charleston and Savannah have been.

A New Steamship.

Speaking of the increased trade which is springing up between North Carolina and Baltimore, the *Sun* of Saturday last says: "The Baltimore and Wilmington (N. C.,) Steamship Company, owing to the rapid increase of trade, some weeks since placed an additional steamer on the line, the *Bolivar*, but the wants of the trade seems to be yet unsupplied, and with a view of further facilitating business, a contract has been entered into with Messrs. J. S. Beacham & Bro., to build a first-class steamship of some seven hundred tons burden. These gentlemen have already laid the keel of the new vessel at their shipyard, at the foot of Warren street South Baltimore, and she will be pushed forward as rapidly as possible. In addition to the above a number of first class propellers have been put on the inland route to North Carolina, running to and from Baltimore, via the canal from Norfolk."

MORNING STAR.

Vol. IX—No. 128. WILMINGTON, N. C., TUESDAY, FEBRUARY 20, 1872. Whole No. 1,372

Contract Advertisements taken at proportionately low rates.

Marriages, Deaths, Religious, Funeral and Obituary notices will be inserted at half rates when paid for in advance; otherwise full rates will be charged.

TERMS—Cash on demand.

Local Dots.

—Jos. Chadbourn, colored, was sent to the Work House yesterday.

—The Templeton Troupe left Raleigh Saturday night for Danville, Va.

—A new gas lamp has been placed ot the corner of Fourth and Orange streets.

—St. Paul's (Episcopal) Church, corner of Fourth and Orange, is being re-painted.

—Emergent meeting of St. John's Lodge this evening at 7 o'clock, for work in the third degree.

—See advertisement of valuable building lots offered for sale by Bunting & McQuigg, Auctioneers.

—Messrs. Crouly & Morris, Auctioneers, will sell eight Kentucky horses at auction this morning at 10 o'clock.

—Pleasant weather Sunday and large attendance at the various churches. The weather yesterday was also very agreeable.

—The flag of the Union of Norway and Sweeden floated for the first time, yesterday, from the office of Vice Consul Heide.

—There will be a called meeting of Germania Lodge No. 4, K. of P., at Pythian Hall this evening, at 8 o'clock. All are earnestly requested to attend.

—The only case before the City Court yesterday was that of Jos. Chadbourn, charged with cursing, quarreling, &c. Judgment for the penalty and costs.

—Alarm of fire Sunday night, about 8¼ o'clock, caused by the burning of the chimney of Mr. H. Marcus, on Second, between Dock and Orange streets. No damage.

—The Postmaster-General requests that in future the county as well as the post office and State be superscribed upon all letters, circulars, newspapers, &c., to be forwarded by mail in order that the sorting and distribution of the mail may be facilitated.

SAD ACCIDENT.

Probable Fatal Burning of a Colored Woman.

Yesterday morning a colored woman by the name of Maria Damon, an inmate of the County Poor House, accompanied by another colored parishioner, took an axe and went off about a quarter of a mile from the house to cut wood. Arrived at their destination they proceeded to build a fire and it is supposed that Maria Damon sit down near it and fell asleep. At all events the first thing her companion knew the unfortunate woman was enveloped in flame and before it could be extinguished every particle of her clothing was burned, leaving nothing on her person but her shoes. Intelligence of the accident was conveyed to the house and Superintendent Scott sent the requisite assistance and had her taken home. He then secured the services of Dr. J. E. Winants, who rendered all the medical aid possible. The condition of the woman, we learn, is considered critical, her body and limbs having suffered terribly from the fire. She is about 25 or 30 years old.

The Street Railway.

Col. D. Klein, Proprietor, has made his final arrangements for the running of the street cars regularly to and from the Union Depot on the arrival and departure of trains, and publishes his new schedule in this issue. No enterprise has been undertaken in this city for a long time that has resulted in more convenience to the public than this extension of the street railway is destined to do. The proprietor has been to a great deal of trouble and expense to carry out this improvement for the accommodation of our people, and they should see to it that he receives the encouragement which he deserves. Such energy and enterprise should not be allowed to go unrewarded, for it is to that which Wilmington must look to accomplish her destiny as one of the leading commercial cities of the South. The more of such public spirited men we have among us the better it will be for us, and we hope all such may be encouraged in whatever efforts they may make for the good of the city and their own individual benefit at the same time.

The schedule will be found in another column, to which we invite the attention of our readers.

STABBING CASE.

One Colored Man Avenges an Insult by Cutting Another.

Last night two colored men, named Wm. Kelly and John Becton, met at the corner of Third and Market streets, and in the course of conversation Kelley charged Becton with stealing a keg of whiskey, for which he had been arrested during the day. Becton denied the "soft impeachment" in language very decided and informed Kelley that if he repeated the slander he would cut him, at the same time drawing his knife from his pocket. Noways daunted by the threat of his antagonist, Kelley again charged Becton with stealing the whiskey, when the latter immediately plunged his knife into the body of Kelley, the weapon penetrating the left hip over an inch. The parties were then separated by policeman who chanced to be in the vicinity and taken to the Guard House, when Dr. J. E. Winants was called to the sufferer and sewed up the wound, which is very painful, but not considered dangerous. Both the parties are said to have been to some extent under the influence of liquor.

Becton will probably have a hearing this morning.

Agricultural Meeting.

A general invitation is extended to the public, by the President of the Cape Fear Agricultural Association, to attend the meeting of the Executive Committee and Association, which will be held in the Court House in this city to-morrow, at 10 o'clock. Matters of general importance will come before the meeting.

Arrested for Larceny.

John Betton, colored, was arrested yesterday, charged with stealing, on Saturday night last, a keg of whiskey and a keg of blackberry wine from Mr. Herman Tietgen. The case will probably undergo examination to-day.

Our Chip Basket.

—Strong epithets are generally used to bolster up a weak argument.

—Two Wisconsin women have earned $2,000 the present season by the care of bees.

—What is the difference between a gentleman and a thief? One picks his company and the other picks their pockets.

—It is to be regretted that so many artists are dissipated. There is nothing some of them are so fond of drawing as a *cork*.

—Never read a book that you would not read in the presence of your mother. No matter how late at night or alone you are when sinning, God is looking right at you.

—A Tennessee woman's paper has terms thus singularly graduated: "Three dollars a year to men; $1 50 to unmarried workingmen; seventy-five cents to women with lazy husbands to support."

—A Wisconsin paper states that a little girl, eight years old, is begging in the streets of Oshkosh, with a paper which certifies that "the bearer is a widow with five children in destitute circumstances."

—A leap-year party of twenty or thirty couples went from Springfield, Massachusetts, on a recent evening, to Chicopee Falls, the ladies exercising their rights by doing all the honors and paying all the bills.

—The French women are the best dressed in the world, German women have the most luxuriant heads of hair, the Spanish women the smallest hands and feet, Italian women the most brilliant complexions, South Americans the most beauty, and American women the most style.

Board of Aldermen.

The regular meeting of the Board of Aldermen was held last night. The session was devoted almost entirely to the consideration of the tax list. The Board was expected to take a recess until to-day, but was still in session at a late hour. We noticed among the items acted upon in the tax list that the tax on real estate has been fixed at 2 per cent.

The Late Robbery.

We learn that the statement of the amount contained in the safe taken from the store of Messrs. Pope & McLeod, in Lumberton, on Saturday morning last, was correct as far as it went, but that the whole amount taken is not known. The impression is that it is much larger than we stated. We could hear no additional particulars.

PROFITABLE ADVERTISING.

We call the attention of the business men of Wilmington to the superior advantages offered by

THE WEEKLY STAR

as an advertising medium. It has, without exception, the *Largest Circulation* of any publication in Wilmington; and we can satisfy any one that it has no equal as a medium of communication with the people of the rural districts now trading with Wilmington.

We solicit a call from those who wish to place their business prominently before the people of this section, confident that we can offer inducements that cannot fail to please.

RIVER AND MARINE.

—The steamship *Rebecca Clyde* arrived at Baltimore on Wednesday last. Capt. Childs reports to the Baltimore *Sun* as follows: "On the 15th instant passed a bark on shore nine miles south of Nags Head, on Bodie's Island, with topsails set, braced aback, the vessel's head to westward, with heel to starboard, and two miles south of her a schooner also ashore. Capt. Childs is of opinion that the light-house department is very remiss or dilatory in erecting a lighthouse where it is so much needed, and where one would no doubt save the loss of life and much valuable property. He says that there is not a month but there is a vessel or two lost in that vicinity. A lighthouse, he adds, would also save many anxious hours to those navigating the Southern coast, the soundings in that locality being very irregular; hence so many losses."

Printing and Book Paper.

We can furnish printing paper in small quantities, say from two to ten reams, at reasonable prices for all strictly cash orders. We have on hand the following sizes of *news*, viz: 22x31, 24x36 and 24x38. Also, fine Book Paper 24x38 and 25x39; and a good assortment of other papers and cards. tf

Municipal Affairs.

We continue our extracts from the report of Mayor Martin, commenced in our last:

The allowance made in the estimates for the year 1872, of $16,000 for extraordinary expenses will cover all the recommendations made. This will leave at least $8,000 still to provide against any unforeseen contingency.

It is time our city commenced to assume the appearance as well as the name of a city. No one can regret any expenditure necessary to secure the comforts and pleasure of our citizens.

We need, in addition, a good park, where we may shake off the dust of the city and breathe purer air. Now is the time, while real estate is cheap, to project these improvements, otherwise houses will be built, where land may now be obtained at small cost, and the favored opportunity lost.

The importance of the early extension of the Wharves of the city to the line designated by the conjoint action of the Boards of Aldermen and Commissioners of Navigation, during the year 1867, is manifest. Every facility within the power of the city should be extended in furtherance thereof. I call your attention to the matter, as I learn it is the intention of several property holders to commence building out at an early day.

The establishment of Free Schools is of great importance to our people. The free schools established by the Township authorities are in operation, but are not supported as they should be, from lack of funds. The matter of the establishment of city free schools at an early day should interest every citizen. The city and its people owe a large amount of gratitude to Miss Amy M. Bradley and her efficient corps of teachers, for the labor done in the free education of the white children. The Normal School building, the gift of a benevolent lady of Boston, Mass, now being erected for the purpose of educating teachers, is a noble and fitting monument of the goodness of the donor, the usefulness of the teacher, and appreciation of *her work*. We are also indebted to the Rev. H. B. Blake and his corps of teachers for great labor and great results in the education of the colored children. All these schools are doing a great work, one which will be felt in future generations.

I am surprised and regret the indifference with which the citizens regard the affairs of the city. During two years not one individual has visited the City Hall to inspect the city accounts, or in any manner to examine the books. Every account and book is open at all times free of charge. Every explanation desired will be made with pleasure. It is particularly desired that those who are dissatisfied, if there are any, should come and gain information.

It is expected by the citizens and Board of Aldermen that the Mayor and City Marshal will preserve order, maintain peace and enforce the City Ordinances. While it is perfectly right that these officials should be held responsible, I most respectfully ask how they can do it without having some voice in the appointments? How can the Marshal or Treasurer conduct in a proper manner the duties of their respective offices when their subordinates are forced upon them without consultation or their consent? It is supposable that these officers, knowing the details and difficulties of the duties incumbent upon them, will look well into the character, skill and capacity of those they employ. I am in favor of the strictest responsibility resting on the principal officers, but, at the same time, I demand that the justice be done them to permit them to, at least, recommend those who are to serve under them.

The act of General Assembly of December, 1870, prolonged the term of the present Board of Aldermen until May, 1872. The year having expired on the 10th of January, 1872, in accordance with my practice I submit the foregoing report.

It is a great pleasure to me to look back through the two years I have had the honor to preside over the destinies of the city. It is gratifying to see the improvements daily springing up, to witness the growth and prosperity everywhere evidenced, and to look forward to the time when we shall become of great importance in the world.

I take pleasure in bearing witness to the efficiency of the City Treasurer and the City Marshal, as well as the chief officers of the police, and the general good conduct of all the employes of the city.

HEALTH OF THE CITY.

In times past the reputation of the city of Wilmington has been that it was unhealthy. I am happy to say it any reason existed for the assertion it no longer exists. During the year 1871 the number of interments in the Cemeteries was as follows:

	colored.	whites.
In Oakdale Cemetery		102
In Pine Forest "	175	
In City "	54	20
	198	122
Total		331

Out of the number making up the total of 321, several were strangers, sailors from the Hospital and wanderers, estimated at 49, which leaves the total number of deaths in a population of 15,000 at 272; or in the rates of 181 to the 10,000. How this compares with other cities may be learned from comparison with them. In the census of 1860, mortality statistics for the year ending June 30, 1860, the following rates are given for 10,000:

Boston, 286; New Bedford, 243; New York, 317; Philadelphia, 235; Baltimore, 259; Washington, 203; Charleston, 266; New Orleans, 582.

The average in eleven cities was 287 in the 10,000 of population. The average deaths in the United States was one in 79.77 or 125 in the 10,000.

I have no means of comparison with the mortality of former years, but I am satisfied that great improvement has taken place. The changes are obvious to any resident of our city of the past twenty-five years.

SPIRITS OF TURPENTINE.

—The *American* says the population of Statesville is about 900.

—Shad are arriving freely at Newbern and are selling at $1 to $1 75 per pair.

—Wayne Superior Court has been in session four weeks, and has entered upon the fifth.

—There were about 500 bushels of corn in the Newbern market Saturday, which sold for 67½ cents per bushel.

—The Raleigh *Banner of Temperance* says: Rev. Dr. Pritchard fell from the pulpit platform in the basement of the Baptist church Wednesday night last during service. The Doctor was not hurt.

—The Statesville *American* says: We learn that on Thursday morning last, while a little colored boy of this town, name not known, was standing by the fire, the flames communicated to his clothing, when he rushed from the house in a perfect sheet of fire, and ran at a rapid pace until he fell down and in a short time died.

—The 'Goldsboro' *Messenger* says: The Directors of the Farmers' and Mechanics' Association met on Friday last, when Mr. W. F. Kornegay was elected President, Col. J. J. Baker, Treasurer, and Capt. R. T. Fulghum, Secretary, of the Association for the ensuing year. Work will at once begin and premium lists on field crops, &c., are soon to be announced.

—The Shelby *Banner* says: In consequence of the recent heavy rains, there has been a greater freshet than has been known in this section for many years. Public bridges have been washed away over creeks and rivers throughout the county. A negro man, in attempting to drive a team of four mules, belonging to Mr. John Mintz, across a bridge over Buffalo Creek, was washed in and the mules drowned, but the negro was rescued by a man in a canoe. An United States officer, while fording Sandy Run, was thrown from his horse by some bushes and came near drowning. We learn that he had to swim about 75 yards.

The History of a National Remedy.—Here is the history of the most celebrated tonic of the age in a nutshell. In 1850 it was announced that a certain combination of vegetable ingredients, with a pure diffusive stimulant, was working wonders in the cure of chronic dyspepsia, nervous debility, liver complaint, periodical fevers, rheumatism and constitutional weakness. The unpretending name given to the specific was PLANTATION BITTERS. The statement attracted the attention of invalids everywhere. The new remedy received a fair trial, and the results more than confirmed all that had been said in its praise. Thenceforward it was a grand success. The business columns of the press spread the glorious news far and wide, and the martyrs to indigestion, biliousness, physical prostration and premature decay, as if by common consent, sought relief from the new vegetable restorative. *They found what they sought.* From that time to the present the increase in the demand for Plantation Bitters has been one of the most striking events in this age.

☞ For Coughs, Bronchitis and Consumption, in its early stages, nothing equals Dr. Pierce's Golden Medical Discovery.

HABIT, if not necessity, make it a Hair Dressing indispensable to many. The new VIGOR, which Dr. Ayer's Laboratory issues, is one of the most delightful we have ever used. It restores not only the color, but gloss and luxuriance to faded and grey hair.

WHEN YOU FEEL A COUGH or bronchial affection creeping on the lungs, take AYER'S CHERRY PECTORAL, and cure it before it becomes incurable.

PICTURES

THAT are refining in their influence and Christianizing in their beauty and teachings: "The Faithful Crowned," "Spiritual Guide," and "The Changed Cross."

"The Faithful Crowned" represents the ultimate and crowning reward of a young but immortal mind; one who has chosen the path of the righteous, leading upward to everlasting joy. She has meekly labored and watched for others with unselfish devotion, day after day, teaching the blessing of love, the beauty of religion and the glory of God. And at last, she beholds the heavens open, and the Immortal Master, who she has served in "spirit and in truth," descend with the symbol of a blissful immortality, a spiritual diadem of flowers that can never fade—

"Thus are the faithful crowned."
