#### Northeast River.

We alluded a few days since to the contemplated trip of the Little Sam, Capt. R. P. Paddisoa, up Northeast River. The steamer returned on Saturday afternoon, having gone no further than Bannerman's Bridge, in consequence of there being no draw to the bridge, and the river being so high that the steamer could not pass under it. There was plenty of freight noticed on the river, going and returning, and Capt. Paddison thinks there will be no lack of it during the Summer. As soon as the water falls a little he will go above the bridge and he has little doubt of being able to reach Hallsville. The steamer came back with a full freight.

City Court. The following cases were disposed of yes-

terday morning: George Hooper, charged with forcible trespass and assault and battery, was found guilty and sentenced to pay the penalty and costs. Mayor recommended to suspend the execution

of the judgment on the payment of the costs. Woodly Shepherd and Virgit Hill, charged with stealing, taking and carrying away oars belonging on the Schr, Tarry Not, were found not guilty and discharged at the cost of the prosecution.

Job Borke, charged with drunkenness, was found guilty. Judgment for the penalty and costs. Mayor recommended to suspend execution on his paying the costs.

A new steamer, called the Lillington, built for F. W. Kerchuer, Esq., of the city, by Capt. R. P. Paddison, was launched on Thursday last. The Lillington is 85 feet in length, 18 feet in width of beam, 4 feet in depth of hold, and will carry 400 barrels. She will run between Wilmington and the Upper Black River and will be ready to commence her regular trips about the 1st of May. She is represented to be a very fine boat.

#### U. O. of Mechanics.

We understand that active measurs are already on foot for the establishment in this city of a Lodge-perhaps two-of this new Order; indeed, part of the necessary documents have been received and the form of application for charter rights is expected in a day or two. It had its origin in Maryland, has extended to to many Northern States and been established in Richmond. Of its aims we are of course not advised, but observe that professional as well as mechanical pursuits have membership in it.

Library Association. The room above Messrs. J. S. Topham & Co, and the one in the adjoining building have been reuted by the Library Association, and yesterday the work of connecting the two rooms by door way and fitting them up properly was commenced. We learn that the prospects of the Association are very encouraging ladeed, and large accessions to the membership are confidently expected, especially as a convenient locality.

Mr. E. M. Alfriend is a brother of Mr. F. H. Alfriend, of this city.

#### THE OUTLAWS.

Reports and Speculations.

The intelligence from Robeson yesterday was rather conflicting. It seems to be generally conceded, however, that Boss Strong is certainly dead. It is now stated that the wound in his head was not necessarily of a character to cause his death, but on account of the lack of proper attention mortification

As to the whereabouts of Henry Berry Lowrey there seems to be quite a division of sentiment. Some think he has left the county, others that he is dead, and others still that his mysterious movements bode no good to certain of his enemies. In other words, that he is preparing for mischief and that the death of Boss Strong will be terribly revenged, We learn that Andrew Strong is desperately angry, and we should not be surprised to hear that he has vented his spite on some one before many days have passed.

Henderson, the Herald correspondent, still remains with the outlaws, with whom he eats, drinks and sleeps, going about with them with a rifle slung to his back. He is in bad odor with the people where he goes, and many of them openly display their contempt

St. Patrick's Day. The birth day of Ireland's patron Saint was celebrated yesterday by the Hibernian Benev olent Association in the usual appropriate manner. The members met at their Hall on Market street at 916 o'clock, when a procession was formed under the direction of Chief Marshel John McAvoy and his Assistants. The procession marched to St. Thomas' (Catholic) Church, where suitable services were had, after which an address appropriate to the occasion was delivered by Father Hans, of Fayetteville- After the conclusion of the ceremonies at the church, the procession reformed and marched through some of the principal streets, making a very fine appearance in their beautiful regalia, and being preceded by the Rose Bud Band, which discourse very good music. The match game of base ball between the Base Ball. Hart & Bally Base Ball Club and a picked nine from the base ball fraternity of the city came off yesterday afternoon, resulting in a victory for the latter. The scoring stood 24 to 21. A great deal of interest was manifested in the game and quite a large crowd, including a number of ladies, were on the grounds.

A Sad Falling Out—It is indeed a sad falling out when, after years of the closest intimacy, the hair parts company with the head. Fortunately the lamentable separation may be easily prevented and the twain more closely united than ever by a timely and systematic use of Lyon's Kathairon, the most potent invigorant of the hair and promoter of its growth and beauty known to modern pharmacy. It completely obviates the dry and parched condition of the roots of the hair, which is preliminary to its coming out, ly supplying the precise degree of moisture requisite to its preservation in a healthy state. It is the only true dissolvent and evaporant of dandruff and other impurities of the scalp, whose presence is injurious to the hair. As a beautifier of the head the Kathairon has no equal. It not only increases the quantity of the hair, but improves its quality immediately, imparting a lustrous appearance and silky texture which are exeedingly attractive.
