A Beautiful Present.

We were shown, yesterday, at the jewelry store of Mr. T. W. Brown, a dozen magnificent silver teaspoons, in elegant cases, which we were informed are intended as a present to Capt. J. L. Boatwright, of the Wilmington S. F. E. Company No. 1. By an arrangement among the officers and members of this com pany, the individual who succeeds in getting to the engine house first upon an alarm of fire is entitled to what is known as the "red ball," and the one who was so fortunate as to get the "red ball" the greatest number of times during the year was to be presented with a prize. This year Capt. Boatwright has been the lucky individual and hence he receives the reward due for his promptness. The spoons, which would tempt the cupidity of one much more honest than Ben. Butler, bear on on one side the inscription: "Red Ball-'71 and '72." and on the other, the initials, "J. L. B."

To day being the anniversary of this excellent company, the prize will be presented at the engine house, Mr. J. C. Stevenson having her deserving of all the laudatory appellatives been selected to deliver the presentation address. There will be no public demonstration on the occasion, and no unusual parade. The the most beautiful and fragrant flowers of customary monthly trial of the engine will take place.

Small Fires.

Yesterday morning, about 9 o'clock, the roof of a small frame dwelling, in the rear of Mr R. D. Burnett's saloon, caught fire from spark from the chimney. Fortunately, the fire was discovered and extinguished by the inmates before any material damage was done or the alarm sounded.

Shortly after the above occurrence a lot of rosin on the premises of Mesars. Willard Bro., on Eagle Island, caught fire, endangering a vast amount of property in the immediate vi cinity. It was discovered and put out however before any mischlef was done.

Of course Mrs. Oates was brilliantly re-
