The following is the report of the Commit-Leved they have left the county. It is said | tee appointed to assess and examine the New sidewalk recently constructed on Seventh street and to report to the Mayor and Board of Alderman the condition of the same :

WILMINGTON, N. C., 10th April, 1872. The undersigned have this day gone over and examined the new sidewalk on Seventh erteet and report that they find t e said new sidewalk to be in all respects executed according to a copy of contract shown us, viz., the width up to Mr. Finlayson's house, corner of Walnut street, to be up to contract, as also the other particulars, viz, thickness of marl, wooden curbs and mode of constructing .-From Mr. Finlayson's house for a distance of two blocks North the new sidewalk is laid on the West side of Seventh street and is five feet wide. In other respects it is the same as the rest of the walk, South.

We consider the sidewalk on Seventh street an excellent one, and were every street in Wilmington as good, the greatest improvement in the city would then be accomplished. JOHN COLVILLE,
