RE,

A colored boy, some 18 or 19 years of age by the name of George Waddell, met with a segere accident at the Arthur Hill plantation yesterday morning. His father, Romulus Waddell, has charge of the plantation, and had given his son lustructions to watch the field and keep the birds frightened from the premises. At the time of the accident he was In a recumbent position, with his gun in his hand, when by some means it was accidentally discharged, the entire load of shot passing through his wrist and hand, lascerating them fearfully. The sufferer was removed to the College of Physicians and Surgeons, where the operation of removing several shattered bones from the wound was performed, and it is hoped that the hand will be saved.

Railroad to the Sound.

Pursuant to previous notice, a number of our citizens assembled at the Court House last night for the purpose of taking the neceseary steps to inaugurate the movement for a Railroad from this city to the Sound. The meeting was organized by calling Geo.

R. French, E-q., to the Chair and requesting Cipt. W. A. Cumming to act as Secretary. After remarks from several gentlemen, it was moved by F. W. Kerchner, Esq., that the Chair appoint a Committee of seven to solicit sub-criptions to the capital stock of the proposed road.

Upon the motion being put and carried, the Chair appointed the following gentlemen said Committee: F. W. Kerchner, Eli Murray, E. E. Burruss, Wm. A. French, J. C. Mann, A. Adrian, Geo. Harrise.

On motion, the Cuairman was added to the

On motion, the meeting then adjourned.

The operation of planting the polls for the telegraphic line from this place to the head of the Wilmington, Charlotte and Rutherford railroad, and ultimately to Charlotte, has been commenced, and the wire will be put up immediately upon the completion of this part of the work. We take this occasion to again urge upon the public attention the importance of a line from Lumberton or some other convenient point to connect with Fayetteville, We know of at least one firm in this city that would take a very liberal share of stock to secure this line, and we have no doubt that if the tall were put in motion there would be lift. sponded the bereaved one, "I have always had tle difficulty in securing the necessary amount. We are also confidently assured that the telegraph company would do their share towards carrying out the enterprise. Let some of our men of energy interest themselves in the matter and we shall nave the line without trouble. Telegraphic connection with Fayetteville is one. certainly one of the necessities of the times and the sooner it is secured the better for all concerned.

Printing and Book Paper. We can furnish printing paper in small quantities, say from two to ten reams, at reasonable prices for all strictly cash orders. We have on hand the following sizes of news, viz: 22x31, 24x36 and 24x38. Also, fine Book Paper 24x38 and 25x89; and a good assortment of other papers and cards.

ORNING TO

Vol. X-No. 30.

Local Dots. - Oysters are fast getting out of date.

- The streets are becoming terribly dusty. - April showers don't fall " worth a cent" this month.

- Our "Probabilities" read bad in the Charlotte Dispatch without any credit. - Registration commences this morning,

and will be continued until sundown of Saturday, the 4th of May.

9.A. M. to 2 P. M., and from 6 P. M. to 8 P. M. Further particulars to-morrow-- Registration hours in the Third Ward from 10 A. M. to 3 P. M. daily, and on Mon-

day, Wednesday and Friday evenings from 7 to - The Democrats and Conservatives of this city are highly elated at the seating of Gen. Ransom, and the Rads: are correspondingly

depressed. "Right is might." - The criminal docket having been disposed of, the Superior Court was adjourned yesterday morning, at 11 o'clock, until Monday next, when the civil docket will be taken up.

- Foreign advertising may be done through the STAR Advertising Agency more economically than by negotiating direct with publishers. The labor of writing and copying advertisements, expense of postage, stationery &c., may all be saved by contracting with this Agency.

- The practice of throwing rocks in the street is still carried on, notwithstanding the restrictions of the authorities. A little son of one of our prominent citizens was struck on the forehead by one, thrown by a colored urchin, on Wednesday; resulting in a very painful wound.

- A very fine buggy, containing two gentlemen, broke down at the corner of Front and Market Streets, yesterday afternoon, caused by turning the curve rather shortly, to avoid some ladies who were passing, the wheels becoming entangled in the street railway track. Nobody hurt.

- We would remind our readers that Cape Fear Lodge No. 2, I. O. O. F., of this city, will ce'ebrate the 53d anniversary of the introduction of the order in America, at their hall, this evening, by an address from one of their members. The doors will be open at 8 o'clock.

OPERA HOUSE.

By common consent, the world over, amateur performances are exempt from criticism in its severest sense. Ordinarily this is an exceedingly fortunate dispensation for the members of amateur associations. In the case of the young gentlemen performing at the Opera House last evening, no excusatory remarks are needed, and they may well afford to throw the ensemble of their performance entirely upon its merits, and abide the result.

A more creditable performance by amateurs is rarely seen, and in the present case, the merit of the performance is enhanced by the consideration of the youth and inexperience of the members. Excellent judgment was displayed in the selection of the plays performed; and a truly remarkable taste and familiarity with "property" requirements was displayed in the setting of the stage and the arrangement of costumes. In the latter particular the audience readily recognized the discriminating taste and judgment of the stagemanger, Mr. Brown. A most commendable feature of the performance was the perfect familiarity of each of the young gentlemen with his individual part. In occasional passages an improvement would have resulted from more distinct enunciation. This, however, is a fault that will be easily remedied, as there was a striking absence of "stage f.lght" among the debutants.

Of the acting there was universal commendation of Mr. Jas. Brown's Margery in the Rough Diamond. He has certainly very considerable dramatic aptitude, and, in the feature of dressing, he displayed a most correct appreclation of the requirements of the occasion. His "Dolly Varden" was a most timely "hit." Mr. Anderson in both pieces was faithful, and Mr. Gause also made an excellent impression. Mr. Conoley as Cousin Joe was very effective, barring an occasion indistinct enunciation. He will improve, we are assured. As a whole the acting was smoothe and satisfactory, all

things considered. It is to be hoped that the Dramatic Association will favor the public with another exhibition upon an early occasion.

Knights of Pythias.

The following, from the Richmond Dispatch, will give some idea of what was done at the late session of the Supreme Lodge in Balti-

The session lasted five days and nights, and a great deal of work vitally affecting the interests of the Order was done. The changes in the ritual of the Order have been considerable, but it is believed that they are nearly all im provements. The idea of a lodge being an assembly of Knights is now carried out in the titles of the officers and in all parts of the work. The place of meeting is Castle Hall; - Registration in Fourth Ward to-day from the presiding officer is the Chancellor Commander instead of the Worthy Chancellor; the Guide becomes "Master at-Arms"; the Stewards are superseded by Guards; the retiring Chancellor Commanderassumes the purely honorary position of Past Commander; and the duties bitherto discharged by the Venerable Patriarch are assigned to a prelate. The itual bas also been amended so as to make it

Knightly in nom-nelature and phraselology.

The demand for a new or higher degree has been met by the institution of what has been styled the "supplemental third," rendered in choice blank verse by a distinguished professor in an Illinois College. The new degree is spoken of as sensational and eminently attractive. It is used at the option of any Subordinate Lodge. It will be transmitted through the usual channels to those in this jurisdic-

A resolution was also adopted that no changes should be made in the present prescribed outside regalia for the space of ten years. The new regalia, which is very appropriate and becocoming, and is already in use in most of the Grand Jurisdictions, can be obtained at very small cost. It is prescribed that every member of the Order shall wear a sword, which is appropriately ornamented with devices of the Order.

Southern Theological Seminary.

We :learn that Rev. J. C. Hiden, of this city, will deliver the sermon before the Society for Missionary Enquiry of the Southern Baptist Theological Seminary, at Greenville, S. C., on the 5th of May. The Commencement Sermon of the same institution will be preached by Rev. Dr. Lorrimor, of Boston.

Fayetteville Presbytery.

The Spring sessions of this ecclesiastical body were held at Philadelphus church in this county commencing on Friday April the 12th and closing on Monday, 15th. The attendance of Ministers and Delegates was large, the proceedings were interesting and highly edifying to the community who turned out en masse to hear the delegates and enjoy the preaching.

The usual routine business was transacted in the course of which the pastoral relation between Rev. J. H. Coble and Centre Church in this county was dissolved and said church declared vacant; Committee were appointed to prepare biographical sketches of Revs. H. McNeill and J. M. Sherwood, ministers who died since last meeting of Presbytery; Rev. J. H. Coble and Ruling Elder W. D. Harrington were appointed Commissioners to the General Assembly, with Rev. M. Nc-Nair and Elder John C. Smith as alternates: the next regular sessions of Presbytery were appointed to be held at Bethseda (Head) of Rockfish) church, Moore county, to commence on Wednesday before the Second Sabbath in September, 1872 at 12 M.; a vote of thanks was tendered to the citizens of the neighborhood for their liberal hospitality towards the members, when Presbytery adjourned to meet in extra session in Fayetteville on Wednesday June 5th, at 10 A.
