The Peanut Crop.

A gentleman at Rocky Point, in this county, writing to a friend in this city, states that if this dry weather continues much longer producers will not be troubled with a dull peanut market next year. There is not one-tenth pirt of the crop planted in that section, and what is planted would be better out of the ground. He states that at least three-quarters of the crop has been planted in April heretofore since he has been in the business of raising peanuts. "If we were to have rain now," says he, "it would take until the 15th or 20th of May to get the crop in, with the best kind of weather." He says he has not planted a single one yet. All of which would signify that, unless we are blessed with plenticul seasons of refreshing rain during the remainder of this month, our Legislature at its next session will stand a good chance of being short of "goobers."

Ploneer Steamboat and Transportstion Company.

This company has been operating on the Pee Dee River in South Carolina for the past twelve months, the steamer Halogen having been running successfully in connection with the Wilmington, Columbia and Augusta Railroad. The freighting business of the company has steadily increased since the first month the boat was put on the river, and the enterprise promises fair to become a very important adjunct to the business of our port. The company was yesterday duly organized in this city under the charter granted it by the last Legislature, Messrs. R. R. Bridgers, F. W. Kerchner and T. H. McKay were elected rectors for the ensuing year.

At a subsequent meeting of the Directors Mr. F. W. Kerchner was elected President and Mr. William Calder Secretary and Treas

Masonic Funeral.

The members of St. John's Lodge No. 1, F. and A. M., performed the last sad rites peculiar to the fraternity, yesterday afternoon, over the remains of Mr. John Utley, a deceased brother and old citizen of this county, who died at Topsail Sound in December, 1870. The ceremony, which should have been performed soon after his death, was necessarily postponed, for reasons satisfactory to the Lodge, until yesterday. The body was recently removed from the place of burial at Topsail Sound to Oakdale Cemetery.

In country Lodges, when a brother dies at such a distance as to forbid the proper notification being given to the members of the Lodge in time for the burial, it is customary for the body to be deposited in the grave, which is partially filled, and at the next regular meeting of the Lodge a time is set for the laneral, when the Masonic ceremonies, are performed and the grave filled in the usual

WILMINGTON, N. C., THURSDAY, MAY 9, 1872.

- The first shrimps of the season were in market yesterday and sold at 25 cents a quart. - There will be services in the Lutheran Church this afternoon at 31/4 o'clock, in the English language, it being Ascension day.

- The Howard Relief Fire Engine Company were out with their engine yesterday, for parade and practice.

- The regular monthly meeting of the Chamber of Commerce will be held at the Commercial Exchange to-day, at 11 o'clock.

- Prof. Bond, the wire-walker, will give his first performance to-day, the wire being the Board of Commissioners of Duplin county stretched from the Seamen's Home to the building opposite.

- We learn that a party will go down to the blackfish grounds to-day, on the steamer Alpha. As some of the lucky ones are to be

of the party, we may look for "full returns." - The "Greeley Hat," approved by the Cincinnati Convention, made its appearance in New York on Saturday. It is a white felt, in the shape of a beaver. Look out for the style here.

- We learn that Wm. M. Harriss, Esq , has been appointed Deputy Register of Deeds in place of Mr. Wm. H. Gerken, removed, and that the former has qualified and entered upon the discharge of his duties.

- It is currently reported in political cir- same. cles that the late Senator Abbott will be a prominent candidate before the Republican District Convention for the Congressional nomination.

- A colored man, name unknown, attempted to get on the Southern train, yesterday, just this side of Sumter, when he fell on the track, the train passing over him. We learn that his body was horribly mangled.

- The Sunday School children of the Fifth Street Methodist Church will give an excursion and pic-nic to Smithville on Friday, the 28th inst., on the steamer Waccamaw. We learn that it will be a purely family affair.

-We learn that there is another "Richmond in the field" for the Sheriffalty of this county. Dr. H. E. Scott, we are credibly informed, has aspirations in this direction. The list now. stands as follows: Schenck, Manning, Holmes, Scott and Burney.

- In giving the names of the "Gate City" nine, who are to play against the "Athletics" in the grand match game of base ball next Tuesday, which were published in our last, that of Mr. J. A. Grubbs, catcher, and Captain of the nine, was inadvertantly omitted.

- The tax taken off by the recent passage of the bill to admit tea and coffee into this county free of duty is only three cents on coffee and fifteen on tea, but 'its repeal will probably make a reduction of twice as much in the prices of those articles. This will be good news to tea and coffee drinkers, "one of whom we are which."

- We learn that two young gentlemen of this city intend issuing a monthly advertising sheet to be styled The Guide, containing time tables and other interesting information to the public, including reading matter, which will be circulated on the railroads, steamboats, &c. They will commence canvassing immediately and the paper will be issued sometime during the present month.

- We are indebted to "mine host" of the Purcell House for a sample bottle of his "Zeb. Vance" N. C. rye whiskey, two years old, and manufactured in Iredell county. Those who have tried it say it is like one of Zeb.'s jokes, as "it makes a fellow feel good all over." The present came to hand through our friend, Capt. McGowan, connected with the estab

- It was rumored on the streets yesterday that one exhibition of the magnificent works of art known as "Over Land and Sea," would be given some time during the coming week for the benefit of the Sunday Schools of this city. All who have witnessed these paintings are enthusiastic in their praise, and we can safely promise that if the exhibition shall be given no one will regret having patronized it.

Seashore Railroad. The Committee charged with the duty of canvassing for subscriptions to the capital stock of the Wilmington and Seashore Railroad commenced their labors yesterday, and we learn that the result was very encouraging, between \$9,000 and \$10,000, or about one-fifth of the necessary amount, having been subscribed. These were mostly in \$1,000 subscriptions. We are requested by a member of the Committee to urge our citizens to make

It was ordered that a committee of three, to consist of James G. Burr, W. M. Poisson and Geo. Hooper, or such substitutes for either of them at the chairman may appoint, be and are hereby appointed by this Board to examine the books and accounts of all county officers during the term commancing September 1st, 1870. It was further ordered that the examination shall include all financial transactions by and through any and every officer of the county, the taxes of all kinds, payments and every other matter of interest to the public or the authorities. It was ordered, further, that the committee shall report as early as practicable, in writing, to this Beard.

It was ordered that the chairman of this Board inquire into the cause, if any, why the order of the Board to enter suits against parties falling to register licenses has not been complied with.

The Memorial Celebration.

All persons who feel interested in the Memorial Celebration are requested to assemble in Germania Hall, on Friday moraing, to assist in making the decorations for the graves of the Confederate dead.

The ladies will be greatly obliged if those having flowers would send them to the Hall at

They earnestly hope that all places of business in the city may be closed during the afternoon of the 10th, so that citizens generally may take part in the celebration, which is expected to be more than usually interesting, as the unveiling of the Confederate Monument will take place immediately after the address.

Amusements at Home.

Don't be afraid of a little fun at home. Don't shut up your houses, lest the sun should fade your carpets; and your hearts, lest a hearty laugh should shake down some of the musty cobwebs there! If you want to ruin your sons let them think that all mirth and social enjoyment must be left on the threshold when they come home at night. Young people must have fun and relaxation somewhere. If they do not have it at their own hearthstones it will be sought in other and less profitable places. Therefore let the fire burn brightly at night, and make the home ever dalightful with all those little arts that parents so perfectly understand. Don't repress the buoyant spirits of your children; half an hour or merriment round the lamp and firelight of home blots out the remembrance of many a care and annoyance during the day, and the best safeguard they can take with them into the world is the unforeseen influence of a bright little domestic sanctum.

BRONCHITIS. This is an irritation or inflammation of the bronchial tubes, which carry the air we breathe into the lungs. It arises from a cold settled in the throat, from Catarrh extending to these parts, from scrofulous affections, and from severe use of the voice. The irritation from this latter cause commences in the larnyz and glottis, which are the organs of the voice, and extending downwards, produces hoarseness, coughing and spitting mucous matter, sometimes with blood. NEW ADVERTISEMENTS.

To the Public.

MY course in the late municipal election has been so grossly misrepresented, that I feel it due to the public that I should make some explanations why I allowed my name to be used as an Independent Candidate for the position of Alderman.

Many of my German friends were desirous that another German should be elected to the Board and made representations to me that enough votes could be polled from the German and Republican voters to elect me—that this, with the four that would be elected by the conservatives, would give five Conservative members, including three Germans. I never should have allowed my name to be used, if I had known that it was intended to injure the prospects of the Conservative ticket, as I have always been, and do yet wish to be known, as a member of that party.
