The Colored Firemen's Tournament a Charleston.

The colored firemen's tournament a Charleston on Monday was a grand affair and was conducted in an orderly manner. Ten companies joined in the procession and in the subsequent contest for the prizes. The Cape Fear Company, of this city, not having their engine along, were furnished by the Comet Company, of Charleston, with their fine steam engine, they using their old hand engine, In the contest for prizes the Cape Fear made excellent time, but were cut out of a prize by the lack of water. The Rose Bud Band, under the leadership of Allen Evans, accompanied the Cape Fear Company and formed an interesting feature of the procession. A portion of the company started for home on Tuesday afternoon, at 5 o'clock, and arrived here yesterday morning. The remainder were expected to take their departure on the 10 o'clock train yesterday morning and arrive here the same evening. While in Charleston they were the guests of the Comet Company, who subscribed a handsome sum to defray their expenses. We learn that there was no disturbance whatever to mar the pleasures of the occasion, which fact is amply attested by the Charleston papers.

The Fire Department.

There is certainly a demand for some improvement in the regulations of the fire department, as was sufficiently obvious at the fire Tuesday night, and we hope the Board of Aldermen will give the matter an early consideration. Among other things there should be a regularly organized fire police, to be composed of a certain number of members from each of the companies, whose duty it shall be to keep the crowd at a proper distance from the fire and thus prevent them from obstructing the firemen in the discharge of their duties. The city police should also be required to act in concert with the fire police in preserving proper order. More discipline is also necessary to preserve the efficiency of the fire department. The narrow escape from a terrible conflagration which our city made on Tuesday night, which was almost entirely providential, should lead our authorities to use every exertion in their power to add to the efficiency of the fire department and also cause our firemen to redouble their exertions in this behalf

State Medical Society.

The State Medical Society met in Newbern on Tuesday and organized with Dr. P. E. Hines, of Newbern, as temporary Chairman. The following from the Newbern Times comprises allithe business of importance transacted during the first day's session : 12 001

A resolution was effered to raise a Committee to report at the next annual meeting on the subject of an Inebriate Asylum in this State. Also one to urge upon the Legislature protective legislation for the collection of physicians' fees. Also one to urge upon the same body the importance of providing for the examination and licensing of druggists. Also one to solicit an act by the same amendatory of the act providing for a Board of Public Charities, by which the board will be entirely composed of competent medical men.

Drs. S. S. Satchwell and W. W. Lane are in attendance as delegates from the New Hanover

## DRMING 3

Vol. X-No. 53. WILMINGTON, N. C., THURSSDAY, MAY 23, 1872.

- There was no session of the City Court yesterday morning.

- There was a refreshing rain here yesterlay afternoon. - The scenery in the Opera House is to be

taken out and overhauled. - The appearance of the river yesterday indicated a heavy freshet above. - A piece of flannel dipped in spirits of wine

and gently applied to papered walls, will remove grease. - The Festival in aid of St. Mark's (color-

ed) Episcopal Church commenced at the City Hall last night. - Gov. Caldwell, Col. Hargrove and others

will address the Republican voters at the City Hall this evening. - There will be a meeting of the Mechanics'

Hose Company this afternoon at 8 o'clock, at the Clifford House. - Quite a large party are expected to go

down to the Blackfish Grounds this morning to be in attendance at the time specified. on the steamer Waccamaw. - Mr. Lessman's loss by the fire on Tuesday

night was about \$500 or \$600, with no ir surance, as we before stated.

- Tobacco users are informed that it is not

nicotine but picoline that poisons, and will conduct themselves accordingly. - Mr. A. Lessman, whose bakery was de-

stroyed by fire on Tuesday night, is already engaged in repairing the damage done. - Mr. Nathan A. Stedman, Treasurer of the Western Railroad Company, is spending a few

days in our city with his relatives and friends. - The Wilmington Dramatic Association are now engaged upon an attractive programme and will present it on our boards at an early day, notions af antiches, very te

- Gov. Caldwell, Col. T. L. Hargrove and Gen. Abbott arrived on the Wilmington, Charlotte and Rutherford railroad yesterday

- We are glad to learn from our old friend John W. Galloway, of Brunswick, who was in this city yesterday, that the skies are bright and brightening for the Conservative cause in one of the ways in which modern civilization interment at Syracuse, N. Y. Judge F.

- A lot of dross caught fire at Messrs. Johnson & Birdsey's distillery, on Eagle Island, yesterday afternoon, but the flames were extinguished by the employees before any damage was done.

- In excavating for a new building in the Southern part of the city, a few days since, a coffin was found containing human bones. It was rotten and decayed and no flesh was found adhering to the bones. The coffin was subsequently replaced in a hole where found and covered up.

Romance and Crime.

A man by the name of Johnson, formerly employed as a bricklayer in this city, passed through here last evening, in the custody of a detective, en route for Savannah, Ga., where he is taken to answer the charge of embezzling funds belonging to other parties and also with running away with another man's wife, It seems that Johnson, who was at work in Savannah, succeeded in ingratiating himself with the wife of one of his fellow workmen and finally gained her consent to elope with him. To secure sufficient funds to bear the necessary expenses of their flight our gay Lothario resorted to the expedient of drawing the money due his fellow-workmen, his dulcenes at the same time and in a similar manner getting possession of what was due her husband, with which they embarked for parts unknown. But a Nemesis was on their track. The outraged husband missed his wife, ascertained that she had left the city in company with Johnson, secured the services of a skilled detective and followed quickly after the guilty couple. They were finally traced to Richmond, Va., where they were arrested, and, as before stated, arrived here yesterday afternoon, Johnson being securely handcuffed. They were subsequently placed on the Wilmington, Columbia and Augusta train and left in the direction of Sayannah, where the "gay deceiver" will likely suffer the penalty of his misdeeds.

Conservative Nominations in Duplin. At the county Conservative Convention held at Kenansville, Duplin county, on Tuesday last, the following nominations were made. Our readers will recognize in the ticket one of the strongest that could have been brought out in old Duplin, and one that is sure to win the race in the coming contest:

For the Senate-Wm. A. Allen. For House of Representatives-J. D. Stan-

ford, J. H. Outlaw.

For Sheriff-Bland Wallace. For County Treasurer-John A McArthur. For Register of Deeds-Rev. J. M. Sprunt. For County Commissioners-Jacob Loftin, Jacob Smith, D. T. McMillan, D. J. Middle-

ton, G. W. Lamb. Our informant could not give us the name of the candidate for Coroner.

It should be remembered that the counties of Duplin and Wayne elect two Senators

New Order. We learn that a Lodge is shortly to be instituted in this city, to be styled "North Carolina Lodge No. 1, Independent Order of Mechanics." A meeting of its charter applicants (of which there are 27) is to take place at the City Hall this evening, at 8 o'clock, when the necessary steps preparatory to organization will be taken. We are requested to urge upon all who are interested in the success of this important Order in our midst

Advertising for the People.

We would call the attention of the public to the MORNING STAR's charges for short adver tisements, especially for the accommodation of the growing demand for the publication of brief notices such as "Wants," "To Let," "For Sale," etc. Most advertisements of this character can be reduced to five lines space, and the charge for them being but half our regular rates when paid for strictly in advance

This offers increased inducements for servants wanting places, for families wishing domestics, for farmers having a horse, or a cow, or an old wagon for sale, landlords wishing tenants, and tenants wishing landlords, to use the MORNING STAR as a medium for commu-

Storekeepers can also make equal avail of these rates for short advertisements, to invite public attention to any specialty in trade, or any change in their places.

The use of the daily newspaper, as the agency for communication between people of all classes, is constantly increasing, and illustrates is saying time, labor, and money, in carrying was the founder of the city of Syracuse, on the business of life.

MEANS WHAT HE SAYS,

Though "confirmations strong as proofs of Holy Writ," and as numerous as the sands on the sea shore, were produced to prove that Dr. Pierce, the proprietor of Dr. Sage's Catarrh Remedy, is in earnest and means what he says, when he offers \$500 reward for any case of Catarrh which he cannot cure, yet there would be some skeptics and fogies who would continue to shout. "Humburg" "Humburg" "Humburg" there would be some skeptics and fogies who would continue to shout, "Humbug" "Humbug!" "It cannot be, because Dr. Homespansays Catarrh cannot be cured." Now, this Dr. Homespun is the identical, good-natured old fellow who honestly believes and persists in declaring that this earth is not round or spherical, but flat as a "slap-jack," and does not turn over, otherwise the water would all be spilled out of Deacon Bascom's mill pond. But astronomical science has nosmill pond. But astronomical science has positively demonstrated and proven that Dr. Homespun is wrong in supposing this earth to be flat and stationary, and medical science is daily proving the fact that he is no less mistaken and behind the times in regard to the curability of Catarrh. In short, it has been positively proven that this world moves, and that medical science is progressive—the opinion of Dr. Homespun to the contrary notwithstanding. That Dr. Sage's Catarrh Remedy will cure Catarrh, thousands who have used it attest. mill pond. Talk at the Teilet.—Every lady's maid knows that the bewitching beings who pave their triumphant way with conquered hearts, regard a splendid head of hair the most effective of all womanly fascinations. They believe, and they are right, that they can lasso as many beaux with the luxuriant ringlets and glossy braids as they can "kill at sight" with their beaming eyes. Hence in their toilet talk among themselves and with their attendants, the merits of preparations for the hair are freely canvassed, and the latest result of this discussion seems to be the almost universal adoption of Lyon's Katharion as an article better adapted to promote the growth article better adapted to promote the growth and beauty of the "Chief Glory of Woman than any other at present before the world. They say that without irritating the skin of the head it eradicates dandruff, and that it penetrates below the surface to the roots of the hair, endowing them with new life and
