Weather Report.
Falling barometer, easterly to southerly winds, cloudy weather and very probably rain will prevail on Saturday from the Ohio valley northward and westward, cloudy and threatening weather over the South Atlantic and Gulf States; clear and pleasant weather over the New England and Middle States, the wind backing to southerly and easterly, with increased cloudiness, over the lower lake region. Dangerous winds are not anticipated.

THE CITY.

The Reading Room.
The Wilmington Library Association is open daily during the week from 8 1/2 A. M. to 1 P. M., from 2 1/2 P. M., and from 8 to 10 P. M.

District Conventions.
The District Convention of the Democratic Conservative party for the nomination of a candidate to represent the Third Congressional District, and for such other matters as may come before it, will be held in the city of Wilmington on Wednesday, June 5th, 1872, at 11 o'clock A. M.

The Executive Committee will make arrangements to pass delegates for half fare on the Railroads and Steamboats.

Mortality.
By an examination of the records in the office of R. J. Jones, Esq., Secretary, we find that there were ten interments in Oakdale Cemetery during the month of May just closed. The diseases are set down as follows: Meningitis, 1; consumption, 1; cholera infantum, 2; typhoid fever, 1; congestion of the brain, 1; premature birth, 1; diseases not stated, 2. Of these 5 were males, 3 females and 1 sex not stated. Their ages were, respectively, 44 years, 19 years, 17 years, 1 year, and the remainder infants under 1 year of age. One of the ten died outside of the city limits and was brought here for burial.

Condition of the Wounded.
The condition of Messrs. Rickstraw and Bishop, the two men who were severely wounded by the railroad accident on Thursday morning, is pronounced by Dr. Winants, the Hospital physician, as very encouraging. They seem to be resting easy and are comparatively free from pain. They are thought to be in no danger.

Mr. Nelson, who lost his hand by the premature discharge of one of the *Sears's* guns, is doing as well as could be expected, though very weak from loss of blood. His arm was taken off about half way between the wrist and elbow.

Not the Same.
On the authority of Capt. Carson, of the Revenue Cutter *Albatross*, we stated in our last that the accident to the young man Nelson, by which he lost his right hand, was caused by the same gun which inflicted a similar injury upon Mr. K. R. Warrington, a few weeks ago. An officer of the *Sears* called on us yesterday, however, to state that this was a mistake, as the gun had been changed without Capt. Carson's knowledge. This being the case we think both the guns should be condemned, as the accident on Thursday was clearly the result of a defect in the piece.

Alarm of Fire.
The alarm of fire at 12:30 P. M. yesterday was caused by the lighting of the rosin furnace at Messrs. Hays & Bailey's Foundry, caused by overheating. The heavy smoke caused by the burning rosin created considerable alarm, as the engines and boiler of the *Albatross* were promptly on the street, but the flames were extinguished by the workmen, through the agency of a steam pump with hose and pipe, which brought on the premises before the flames arrived at the spot. Damage immaterial.

Following cases were disposed of yesterday morning.
Wm. Marsteller, charged with cursing and quarreling on the streets, was found not guilty and discharged.
David Walker, charged with cursing and quarreling on the streets, was discharged on the payment of costs.
Two or three cases were continued over.

Owner Missing.
The laying of the corner-stone of the Second Presbyterian Church, to be erected on Fourth street, near Boney Bridge, which was to have taken place this afternoon, has been unavoidably postponed. Due notice will be given through the papers when the ceremonies will take place.

Deaths.
We regret to learn of the death of Mr. W. F. Broadwell, of Laurel Hill, Richmond county, which occurred a day or two since. Mr. Broadwell was largely interested in the mercantile business and was well known among our business community. He was about 50 years of age.

Local News.
—Greely and Gratz—Brown Bands, and White Hats!
—The Swamp Outlaws, or the Lowrey Bandits of North Carolina, is the name of a book just issued.

—Mad dogs have been killed this week in several of the neighboring cities, and it will not be unwise to keep an eye on the dogs here.
—There were 24 marriage licenses issued in this county during the past month, of which 10 were for white and 14 for colored couples.
—Attention is called to the improved appearance of the fascinating Indian girl in front of Pigott's Tobacco Store. She has had her face washed!
—Another Editor gone! Mr. Alexander Stewart, of the *Rockingham Observer*, was married, on Wednesday evening last, to Miss Virginia Covington.
—With its last issue, the *Daily Journal of Commerce*, at Newbern, was suspended. We are glad to see, however, that the weekly issue of the paper will be continued.
—We learn that there will be an excursion to Smithville and other points on the seashore, on the steamer *Waccamaw*, about the middle of June, for the benefit of the Knights of Pythias of this city.

OPERA HOUSE.
The Drama.
The attendance at the Opera House last evening, to witness the second appearance of the Wilmington Dramatic Association, was not as large as we expected to see it, and yet not so small as to be at all discouraging to the young gentlemen who have taken upon themselves the responsibility of catering to the amusement of the public. The performance itself was in every way satisfactory, the various characters, in the beautiful comedy of "The Happiest Day of My Life," being well sustained in every particular and eliciting the most unmistakable evidences of appreciation from the audience.
Where all did so well it might be considered unjust to particularize, and we content ourselves with saying that the rendition of the piece more than met the expectations of those who were so fortunate as to be present.
The farce of the "Rough Diamond," so popular with all play-goers, was substituted for that of "Betsy Baker," which was announced in the programme, and called forth the most rapturous applause.
Altogether, the second appearance of our amateurs was a grand success.

COUNTY COMMISSIONERS.
Extracts from the Proceedings.
At an adjourned meeting of the Board held last evening the following proceedings were had:
It was ordered that the Chairman examine the accounts of the W. & W. R. R., for return of taxes to said road, exhibited by Messrs. Wright & Stedman, and report to this Board as to its legality and correctness.
The Chairman, to whom was referred the matter of bridge over branch Smith's Creek, leading to Work House, recommended that Mr. VanAmringe be allowed \$85 for the whole work.
It was ordered that at the request of the Trustees of the Township of Wilmington, a tax of three cents on the \$100 valuation of the real and personal property of said township, be and is hereby levied for the purpose of defraying the necessary expenses of the township and the payment of its just debts, to be collected by the Sheriff of New Hanover county at same time as State and county taxes are collected.
It was ordered that Commissioner Black take under his supervision the running out and establishing of the boundary lines between Rocky Point, Holden, Columbia and Lincoln Townships, the work to be done 40 days before the August election.
The Board adjourned to meet at 8 o'clock P. M. on Monday, the 3rd of June.

The Monitor.
A new Conservative paper, to be styled *The Monitor*, will make its first appearance at Magnolia, Duplin county, on Wednesday next. We had a call last evening from Mr. Starkey F. Gardner, who is to have charge of the editorial department, and he informs us that his prospects are very encouraging. We wish him every success.

More New Books.
The Library Association are constantly in receipt of new books. We mentioned a few days ago that an invoice amounting to about \$300 had come to hand and since then we are informed several additions have been made. Verily the Wilmington Library Association has become to be a live institution!

Episcopal Convention.
This body met at St. Luke's Church, Salisbury, on Wednesday, the 29th inst. We give the following synopsis of the proceedings from the report in the *Watchman*:
More than one-third of the parishes being represented, there was a quorum present. The morning services were then conducted by Rev. Dr. Buxton, assisted by several other clergymen.
The afternoon sermon was preached by Rev. M. Marshall, of Warrenton.
At the close of the sermon, the holy communion was administered to the clerical and lay delegates, and many visitors.
The motion of Judge Battle to organize for business by the election of Rev. B. M. Forbes as President, and W. N. Thibault as Secretary, was carried.
Rev. W. E. Wetmore, John S. Henderson and R. W. Pulliam were appointed a committee on credentials.
The committee on credentials reported that several delegates whose credentials were irregular, ought, in the opinion of the committee, to be seated. Report concurred in.
On the motion of Judge Battle the convention then adjourned until after the morning service on Thursday.
Many more delegates, both clerical and lay, arrived on Thursday morning, but no report of Thursday's proceedings could be furnished in time for this issue.

—Shipping Articles, Crew Lists, Manifests, Charter Parties, etc., constantly on hand and for sale at the STAR Printing and Publishing House.

Wilmington Presbytery.
We learn that a called meeting of the Wilmington Presbytery will be held at the Session Room in rear of the First Presbyterian Church, in this city, this day (Saturday) at 12 o'clock, for the consideration of important business.

Our Chip Basket.
—Twisted-hemp cures felons.
—A child was once asked, "what is faith?" She replied "doing God's will and asking no questions."
—What is that which works when it plays and plays when it works? A fountain.
—An Illinois paper speaks of three men who have gone crazy recently—"one for love, one for religion, and one on general principles."
—Fame is like a shaved pig with a greased tail, and it is only after it has slipped through the hands of some thousands that some fellow, by good luck, holds on to it.
—An Ohio woman has planted three brass bands, and on the tombstone of each she has placed the words: "We will meet in heaven, husband, dear." Looks like a trouble ahead, doesn't it?
—A Wisconsin man drew a girl toward him and kissed her. At the same moment a beam fell from the ceiling on the spot where she had been sitting. Since then, Wisconsin girls have beams in their eyes quite generally.

—Noses are worn rather shorter than formerly, with an inclination to turn up. Ears are now worn on both sides the head—one on each side—and those of pink color are preferred. Hair is again fashionable.
The indestructible Tag is a great convenience to merchants. It answers the combined purpose of a direction label and business card. Call at the STAR Printing and Publishing House and supply yourselves.

SPIRITS OF TURPENTINE.
—Raleigh boasts of a 250 pound sturgeon.
—Dog poisoning is a favorite pastime in Raleigh.
—Judge Merrimon speaks at Beaufort on Wednesday.
—Dr. Zevely, of Wilson, died in Washington on last Thursday night.
—The proceeds of the recent Raptist Festival in Raleigh amounted to about \$200.
—Judge Merrimon will speak in Clinton, Sampson county, on Monday next, 6th of June.
—The State Executive Committee of the Conservative party meets in Raleigh on 7th June.

—The premium list of the State Agricultural Society, for the next Fair, has been perfected.
—The Alumni of Trinity are to have a grand festival at commencement on Wednesday evening.
—Capt. Robt. W. Joyner has been appointed one of the Democratic sub-electors for Pitt county.
—The Town Commissioners of Wilson have passed an ordinance to prevent dogs from running on the streets.
—A great storm last Wednesday destroyed crops, fences, &c., on the line of its track, viz: between Oxford and Wilhamboro.

—Greensboro was favored this week with two delightful literary entertainments by Miss Jennie Patterson, of Mississippi.
—The Missionary Baptist Church in Wilson is about to be thoroughly repaired and otherwise improved, and to get a new bell.
—The *Battleboro Advance* says: An old man named Burroughs got badly hurt by being thrown from an ox cart Wednesday. The ox ran away. Mr. Burroughs was rendered insensible for a time by the fall.
—The *Charlotte Observer* says: Judge Logan yesterday sentenced Nat Caldwell, who was convicted of child murder on Tuesday, to be hung on Friday, the 28th day of July next.

The fine rains that have blessed our section recently, says the *Battleboro Advance*, have ensured an excellent stand of cotton. The prospects at this time are very good in both Nash and Edgecombe, and the farming community are therefore in fine spirits.
The *Greensboro Patriot* says: Mr. Buckard of this county has realized from his imported ram, 14 pounds of wool, worth 60 cents per pound, \$8.40. The sheep is valued at \$10.00 now for mutton, making him worth \$18.40. What inducement for our farmers to improve their sheep!

An establishing affair, says the *Charlotte Observer*, occurred in the eastern part of the city Tuesday night. At the instigation of Sophy Johnston, Monroe Johnston, her son, fell upon his father, Jerry Johnston, and inflicted three pretty severe cuts, but none of them serious. The parties were colored.
The *Charlotte Dispatch* says: Major Archibald McLean, who has been the Cashier of the Merchants and Farmers National Bank, sent in his resignation last Saturday. The Major left last night to accept the cashier's position in the new Bank just organized in Fayetteville, his old home.

The *Asheville Citizen* says: We regret to learn that a young man by the name of Ogle was killed at the Mines of C. D. Hay, Esq., in Yancy county, under the following circumstances: Ogle and a band of the Mines by the name of Mahan, engaged early in the morning in a scuffle, in which Ogle was thrown upon an open bear by, the ear of which was buried in his head, causing death in a few hours.

Sixteen Years of Success.—In 1856 the new famous Mustang Liniment was first made known to the public by an extensive system of advertising. From that time to the present the demand for it has been steadily increasing until it has taken the lead of all emollients, liniments, ointments and other external remedies, imported or domestic, ever introduced into the American market. In the most celebrated racing and trotting stables, in the establishments of state and city car companies, and in the stables of private gentlemen, it is the only recognized cure for such diseases of the horses as require outward treatment. Nor is it less valuable as a local application for some of the most distressing complaints to which man is subject. Rheumatism, stiffness of the joints, neuralgia, sore throat, lamina, wens, saracoe, toothache, itching humors, contusions, sprains, and properties, and burns, scalds and cuts are healed with incredible rapidity under its operation.

\$1,000 Reward is offered by the proprietor of Dr. Pierce's Golden Medical Discovery for a medicine that will equal it in the cure of Bronchitis, severe Coughs and the early stages of Consumption.
