Attempted Burgiery.

On Saturday night, about 12 o'clock, Officer Davis, of the police force, having occasion to enter the premises of W. P. Canaday, Esq., City Marshal, discovered his kitchen door open. Having a suspicion that it had been broken open, the officer entered and awaited further developments. He had not long to wait, for in a lew minutes a colored man came to the door, heeped and peered about for a moment and then started to enter, when, being hailed by the officer, he darted out and quickly got into the street, and, thinking he had eluded the officer, got behind a tree and dropped to the ground. The officer, however, was quicker in his motions than the culprit had imagined, and before he knew of it he was in the clutches of the vigilant Knight of the Clubs and Stars, who lodged him in the Guard House. The prisoner, who answered to the name of Junius Bell, was before the City Court yesterday morning and doubtless got off much easier than he had anticipated.

Judge Merrimon.

A prominent gentleman of Wilmington, who heard the speech of Judge Merrimon at Clinton, on Thursday last, characterizes his effort as one of the ablest he ever listened to. by the way, we learn that we are likely to have a visit from our gallant standard bearer, as, upon being questioned on the subject at Clinton and urged to speak in this place durto do so, provided it could be so arranged that he could speak at night. The arrest of the clerk referred to accounts for the whole difficulty. The name of the clerk is not mentioned.

A Free Fight. A crowd of about twenty five or thirty colored boys were congregated on Tenth, between Princess and Chesnut streets, on Sunday afternoon, and got into a dispute among themselves which finally resulted in a free fight, during the progress of which one or two of the boys were badly beaten. For a funday afternoon performance it was very refreshing to the neighbors, and the think it

Got His Deserts. REALED SAMORT

We mentioned a few days since the arrest in this city of a colored imposter by the name of Geo. Douglas, charged with obtaining money under false pretenses, and in the same connection we stated that Douglas had represented himself as a U. S. Detective and had caused the arrest of a young white man whom he professed to recognize as a party who perpetrated a brutal morder in Virginia sometime since, but who was subsequently discharged by the authorities, Douglas in the meantime being incarcerated in the County Work House. The following from the Norfolk Virginian will show that the villain and impostor has received his just deserts, as do most of those who at tempt to perpetrate their rascalities in our

Captain Stoakes, of the police, has received a letter from the chief of police of Wilmington, N. C., stating that he has arrested in that city a white man by the name of Broughton, of Tennessee, by order of a negro detective of Portsmonth named Douglas, who charged him with having committed a murder in this city. The negro is a swindler, and was arrested here a short time ago for disorderly conduct, and when taken before the mayor he tried to make out he was a detective employed by somebody or other to arrest the Ku Kiux. He seems to have a mania for representing himself as a dearrangements for an excursion to this city tective. We have no negro police in Portsmouth, and this fellow has caused the arrest and imprisonment of an innocent man. We hope the Wilmington authorities will not allow him to escape justice.

Star Book Bindery.

The attention of the public is called to the superior facilities we now have for executing cheaply, promptly and skilfully all kinds of Binding and Ruling. Our business in this department has steadily increased, an evidence that we have not labored in vain in our effort to establish a Book Bindery equal to the demands of our growing city. But we are deing the campaign be signified his willingness termined to do still more; and as our business grows so will our facilities be increased.

CLAF-TRAP AND CANT.

Invalid reader, if you are unwise enough to put yourself outside of any of the meck tonics guaranteed to contain "no diffusive stimulant," you will inevitably come to grief. Ask your physician if any liquid preparation, destitute of stimulating properties, is worthy of the name of a tonic. He will tell you no. Shun all such nauseous catchpennies. Plantation Bitters, the most wholesome invigorant in the world, owes the rapidity with which it relieves the disordered stomach and the shattered nerves to the diffusive agent which conveys its medicinal ingredients to the seat of the complaint. That agent is the spirit of the sugar cane, the most nutritious and agreeable of all the varieties of alcohol. The medicinal ingredients of the Bitters, valuable as they are, would be comparatively useless without this distributive basis. They would terment and sour. Beware, as you hope for health, of the horrible compounds of refuse drugs in a state of fermentation which humbugs are endeavoring to foist upon the public as medicines.

Dr. Pierce's Golden Medical Discovery will not raise the dead, but it will benefit and cure the living. For all severe Coughs, Throat and Bronchal diseases it has nover been equaled.
