Row at Point Caswell.

We learn that quite a "serimmage," which at one time threatened to result in a serious and bloody row, occurred during the Radical pow-wow at Point Caswell on Tuesday last. While Heaton was addressing the crowd, denouncing the Conservatives and Democrats as Ka Klax, &c., Dr. J. F. Simpson, who, with a number of other Conservatives, was sitting at a little distance from the speaker, became irritated at some remark made by Heaton and denounced him as a liar. No sooner had the remark passed the lips of Dr. Simpson than Heatou was upon him, striking him a blow with his fist. A son of Dr. Simpson interfered in behalf of his father, when he was struck by a stick in the hands of a colored man. At this time there was a fair showing for a serious disturbance, but fortunately good counsels prevoiled, the parties were separated and the row quelled.

Not Satisfied.

We learn that there is considerable dissatisfaction among city Republicans at the action of the Executive Committee in calling for a meeting of the County Convention at Rocky Point instead of Wilmington, and it is rumored that a number of the delegates from this city are talking of going to the Convention simply to express their dissatisfaction, when they will adjourn and call for the meeting of a Convention in Wilmington at a subsequent day. The feeling of indignation at the action of the Committee is said to prevail to a more or less extent in the country, as well as in thecity.

The Benefactor att Right.
The steamship Benefactor, which went ashore

on the rip on Tuesday last, was gotten off on Wednesday night, through the assistance of the revenue cutter Wm. H. Seward and the steamer Waccamaw. We are giad to learn that she sustained no lajury whatever, her engines working as smoothly as before the accident. The thanks of the agents in this city are especially tendered to Capt. John Carson, of the Seward, together with his officers and crew, for promptness and energy displayed by them in rendering the necessarry assistance, which resulted in getting the steamer safely off the

The Benefactor crossed the rip yesterday and will go to ses to day.) OJIII

Death's Doings. The death of young Mackey, which is recorded in another column, is one of those sad events which is calculated to inspire feelings of no ordinary sadness and regret. He was comparatively a stranger in a strange land, but it is some consolation to those most interested to know that he was not without friends in his adopted home to minister to his necessities while living, and pay the last sad tribute of respect to his remains when death had snatched him from among us. His body, we learn, will be interred in the lot recently pur chased by the Young Men's Christian Associa. tion, just West of the Confederate Cemetery' and the President of that body requests the members to attend the funeral this afternoon at 4 o'clock.
