PROFITABLE ADVERTISING. We call the attention of the business men of Wilmington to the superior advantages offered by THE WEEKLY STAR as an advertising medium. It has, without exception, the largest circulation of any publication in Wilmington, and we can satisfy any one that it has no equal as a medium of communication with the people of the rural districts now trading with Wilmington.

NEW ADVERTISEMENTS. DUDLEY & ELMS.—No Humbug. \$1,600 Wanted—see advertisement. GREEN & FLANNERY.—Drugs, Medicines, &c. S. A. STORY.—Taken Up. JAS. I. METTS.—Lost, Strayed or Stolen.

NOTICE. In consequence of failing health, necessitating a trip to the country, Mr. Millard Toft, our present Agent for that portion of the city South of the centre of Market street, will resign that position July 1st. We wish to secure the services of an energetic, active and sober man to succeed Mr. Toft. Young gentlemen of "elegant leisure" will please not apply.

A Pleasant Compliment to Hon. A. M. Waddell, Our Candidate for Congress. Hon. A. M. Waddell, who has recently returned from Washington, where he has represented this Congressional District with distinguished ability, was the recipient, last night, of a very pleasant complimentary serenade from his friends, which, however, partook more of a social than a political character. At about half past 10 o'clock a number of gentlemen, accompanied by a very fine band of music, started from the corner of Third and Market streets and marched to his residence, arriving in front of which the band struck up a lively air. As the music ceased Col. Waddell made his appearance on the piazza, when he was greeted by three cheers from the crowd, which were given with a spirit which betokened the high appreciation in which he is held by his constituents and fellow-citizens of Wilmington.

At the close of this pleasant demonstration, Col. Waddell delivered a few pertinent remarks, thanking his friends for the compliment thus paid him, and for the striking evidence of appreciation of his efforts to serve his fellow-citizens of the District as evinced in his re-nomination as a candidate for Congress. He concluded his brief but well timed remarks by leaving all present to walk in and partake of his hospitalities. The invitation, of course, was accepted and a few hours were passed very pleasantly, when the crowd dispersed.

To be Absent. Rev. Dr. Moran, pastor of the Front street Methodist church, left the city yesterday morning for an absence of several weeks, during which time he will attend and deliver a sermon at the commencement of the Female College at Staunton, Va., will attend the meeting of the trustees of Randolph Macon College, at Ashland, Va., and visit his father in the State of Ohio. During his absence other ministers will supply the pulpit. Rev. John S. Long occupying it on Sunday morning.

Colored Masses. At the last communication of Gibble Lodge No. 23 F. & A. M., the following named members were elected as its officers for the ensuing Masonic year: Wm. McLaurin, W. M.; Joshua R. Ruse, S. W.; Jas. D. Dry, J. W.; Jos. C. Hill, Secretary; Wm. J. Kellogg, Treasurer; Josh. Green, S. D.; Fred. Brown, J. D.; Elijah Lane, Tiler; Hezekiah Reid, Lecturer; John D. Nixon, Chaplain; James Green, Marshal; Lewis Nixon, S. S.; Robert McKeanse, J. S.

The Lodge numbers about sixty members. **Academy of Music.** The entertainment of Miss Jeanie Patterson, consisting of musical readings and recitations, which came off at the Academy of Music last night, was attended by a large and appreciative audience. But one opinion was expressed as to the character of the entertainment and that was one of unqualified satisfaction and delight. Her delivery is excellent and her readings and recitations perfect in every respect.

We are glad to learn that Miss Patterson has consented to repeat the entertainment this evening, and we hope she will be greeted by a large audience.

Shipping notices, New Lots, Manifests, Charter Parties, etc., constantly on hand and for sale at the Star Printing and Publishing House.

Local News. — There will be a Radical pow-wow at Long Creek to-day. — The scenery of the Opera House is being overhauled. — J. A. Bonitz, Esq., of the Goldboro' Messenger, was in the city yesterday. — No session of the City Court yesterday, there being no cases for trial. — Two good boys wanted at this office to learn the printing business. Must have fair English education. — We are glad to learn that there is a prospect of Rev. John S. Long delivering a lecture before the Library Association of this city at an early date. — Mr. Wm. H. Gerken, in a neat salutory, which appeared in yesterday's issue of the Evening Post, assumes control of the local department of that paper. — We are informed that the affair at Point Caswell, mentioned in our last, was very much exaggerated and that no blows passed between Messrs. Simpson and Heaton. — There had been a rise of four feet in the Cape Fear at Fayetteville up to Wednesday morning, but a slight fall was perceptible when the Worth left Thursday morning. — A white woman, by the name of Lovey Ann Jones, was arrested and lodged in the Guard House yesterday, by Officer John Wilson, on the charge of creating a disturbance. — Obituary notices, tributes of respect &c., are charged half advertising rates when paid for in advance of publication. In all other cases full advertising rates will be charged. — Another supply of that choice, juicy Baltimore beef has been received at the "Gem" Saloon, on South Water street. Also another lot of that plump Baltimore butter. Call and try it. — In the proceedings of the Board of Aldermen, published in our last, the types made us say 22 captains and 16 privates, instead of 2 captains and 16 privates, in alluding to the police force. — Six marriage licenses were issued from the office of the Registrar of Deeds on Thursday, which shows that the state of the thermometer doesn't have much of a restraining effect on the matrimonial market. — At the meeting of the Board of Aldermen, held on Thursday night, Alderman Ed. R. Brink was appointed Mayor pro tem., to act in the place of Mayor Wilson during his absence in attendance upon the Boston Jubilee. — The steamer Waccamaw arrived yesterday with 600 barrels of rosin, part of the cargo of the steamship Benefactor, which was taken off to lighten her and could not be conveniently returned on account of the rough sea prevailing. — Considerable alarm was created for a few minutes yesterday afternoon, about 4 o'clock, by the burning out a foul chimney at the county jail. The cry of fire was raised and the engines were quickly on the ground, but no damage was done. — The Salisbury Tri-Weekly Examiner has been united with the Watchman, Mr. Stewart, late Editor of the Examiner, assuming the position of Associate Editor of the Watchman. — This is a strong team and will do good service to the Conservative cause. — Subscribers to the capital stock of the North-east Steamboat Company are notified by advertisement in this issue that the first installment of 25 per cent was due and payable to Mr. James Sprunt, Secretary and Treasurer, on the 10th inst. — Residents in the vicinity of Ninth and Mulberry streets complain that a number of colored boys nightly congregate at the street railway bridge at that point and make night hideous with their singing, hollering, dancing, &c., frequently keeping it up until 1 or 2 o'clock. — Foreign advertising may be done through the Star Advertising Agency more economically than by negotiating direct with publishers. The labor of writing and copying advertisements, expense of postage, stationery, &c., may all be saved by contracting with this Agency. — This morning at 11 o'clock, at Exchange Corner, Messrs. Cronly & Morris, auctioneers, will sell a number of unimproved lots, located on Orange, between Seventh and Eighth streets. At 11 o'clock, at the same place, they will sell a lot of No. 1 mackerel, just landed, together with sundry articles of household and kitchen furniture, &c. — Louis Dry, a colored man who resides at the corner of Tenth and Market streets, brought us a best yesterday, raised in his garden, which can't be beat—now, that's Dry so! In fact, it is an enormous beet, a little the largest we have seen this season. A man who can raise such vegetables is in no danger of becoming a dead beat!

Much Ado About Nothing. Quite an excitement occurred on Second, between Market and Dock streets, yesterday afternoon. Upon investigating the matter we found that it originated from a dispute between two men, one white and the other colored, about a carpet-bag which the white man claimed. The altercation took place in a store, and a colored spectator of the difficulty, probably supposing there was going to be a row between them, stepped outside and blew a whistle which he carried in his pocket, at the sound of which several policemen hastened to the spot, followed, of course, by a crowd, who were anxious to see "what was up," and participate if it became necessary. The crowd continued to grow in numbers until the two disputants were taken off, when they promptly dispersed. An energetic search was made for the man who blew the whistle, but he was not seen.

— Do daily and hourly your duty, do it patiently and thoroughly. Never mind whether it be known or acknowledged or not, for such a course will ultimately bring its own reward.

The New Postage Law. The most important change is the authorization of one-cent postal cards for correspondence or for printed circulars. The style of the cards was left to the discretion of the Postmaster-General, who prefers the open card, and will order that kind only to be manufactured. The face of the card will bear a one-cent stamp, and will be provided with lines for the address, and the back will be ruled for the letter. The price of the card and stamp will be only one cent. It will probably be three or four weeks before any will be ready for sale. The postage on circulars, newspapers, and other transient printed matter, which under the old law was two cents for every four ounces or less, is now one cent for every two ounces or less. Small circulars, which formerly cost two cents to mail, can now be sent for one cent—an important reduction to business men who use the mails largely to advertise their business. The change is now in force, the law being immediate in its effects. The First Assistant Postmaster-General refused a few days since to recognize the law, however, when an attorney laid the question before him, after having been told at the Washington post-office that his circulars with one cent stamps could not be sent. The official claimed the right to suspend the operation of the law until it could be promulgated to postmasters throughout the country. This suspension is regarded as indefensible. The law is now operative, and everybody is entitled to claim its benefits, postmasters being expected to know its provisions as well as other people.

Star Book Bindery. The attention of the public is called to the superior facilities we now have for executing cheaply, promptly and skillfully all kinds of Binding and Ruling. Our business in this department has steadily increased, an evidence that we have not labored in vain in our effort to establish a Book Bindery equal to the demands of our growing city. But we are determined to do still more; and as our business grows so will our facilities be increased. Give us a trial. 21aw2w

— "I wonder where those clouds are going," sighed Flora, pensively, as she pointed, with delicate finger, to the heavy masses that floated in the sky. "I think they are going to thunder," said her brother.

CLAP-TRAP AND CANT. Invalid reader, if you are unwise enough to put yourself outside of any of our medicines guaranteed to contain "no diffusive stimulant," you will inevitably come to grief. Ask your physician if any liquid preparation, destitute of stimulating properties, is worthy of the name of a tonic. He will tell you no. Shun all such nauseous catchpennies. Plantation Bitters, the most wholesome invigorant in the world, owes its rapidity with which it relieves the disordered stomach and the shattered nerves to the diffusive agent which contains its medicinal ingredients to the seat of the complaint. That agent is the spirit of the sugar cane, the most nutritious and agreeable of all the varieties of alcohol. The medicinal ingredients of the Bitters, valuable as they are, would be comparatively useless without this distributive basis. They would ferment and sour. Beware, as you hope for health, of the horrible compounds of refuse drugs in a state of fermentation which humbugs are endeavoring to foist upon the public as medicines.

Dr. Pierce's Golden Medical Discovery will not raise the dead, but it will benefit and cure the living. For all severe Coughs, Throat and Bronchial diseases it has never been equalled.
