Death from Strangulation,

In Masonboro Township, on Tuesday, Coroner Hewlett held an inquest over a colored child, about seven weeks old, by the name of Ann Lavinia Buie. FOUNDED ON A BOCK. The disappointed adventurers who have from time to time attempted to run their worthless potions against Drake's Piantation Bitters, yow that they cannot understand what foundation there is for its amazing popwhat foundation there is for its amazing popularity. The explanation is simple enough. The reputation of the world-renowned tonic is founded upon a rock, the Rock of Experimence. All its ingredients are pure and wholesome. How then, could tricksters and cheats expect to rival it with compounds of cheap drugs and refuse liquor, or with liquor less trash in a state of acetous fermentation? Of course the charistans have come to grief. Their little game has tailed. Their contempt Their little game has tailed. Their contempt Their little game has failed. Their contempt for the sagacity of the community has been fitly punished. Meanwhile Plantation Bitters seem to be in a fair way of eventually superseding every other medicinal preparation included in the class to which it belongs. In every State and Territory of the Union it is, to-day, the accepted specific for nervous debility, dyspepsia, fever and ague, rheumatism, and all ailments involving a deficiency of vital power.
