The Radical Pow-Wow Last Night.

After much burning of tar barrels, blowing of horns and beating of drums a considerable crowd was collected at City Hall last night to hear Abbott, McKay, Schenck, Heaton, and others, talk about the duty of voting the Republican ticket. W. P. Canaday, Esq., was called to the Chair and Maj. Mann, of the Post, and Nathan G. Sampson, colored, acted as Secretaries.

Abbott led off with one of his characteristic. efforts, and was followed by McKay, who was in excellent spirits over the fact that Col. Wad jell was not here to refute his arguments, or what few he advanced. The main topics of both these speakers were abuse of the Democrats and Horace Greeley, and appeals for unity in the Republican ranks. Old Horace seems to be a sharp thorn in their sides, and even Maj. Skanks, who was the next speaker, had occasion to indulge in a fierce onslaught on the sage of Chappaqua, no doubt, In his estimation, utterly demolishing the poor fellow, (?) white coat, white hat and all. How we pitied him !

The Sheriff was also extremely solicitous that

The Excursion on the 4th. A large number of our people, of both sexes, participated in the excursion to Smithville and other points below on the steamer Gov. Worth. A good band of music was on hand and the young folks indulged in the pleasant pastime of dancing during the greater part of of New York, are on a visit to Raleigh. the day.

Arriving at Smithville some of the party decided to remain there until the return of the boat, which next proceeded to Fort Caswell, where the excursionists enjoyed a pleasant stroll among the rains and inhaled the delightful breeze of "Old Ocean."

On the homeward trip nothing of special interest occurred until the steamer had reached a point nearly opposite the Mesars. Kidders' mill, when a young man by the name of Robert Evans, formerly of this city, but now residing at Magnolia, met with what might have proved a fatal accident. He had become overheated from excessive dancing a short time previously, and had stripped off his coat and cravat and lay down on on the deck to rest. Upon recovering somewhat he arose from his recumbent position and started to walk across the deck, when his foot became partially entangled in some way and he plunged into the 'river. It was some time before the boat could be stopped, but fortunately the steamer Oldham, which was in the rear of the Worth, approached near enough to young Evans, who is an excellent swimmer, to throw him a couple of life-preservers, which were immediately appropriated. A rope was finally thrown to him and he was hauled on

board of the Oldham, none the worse for his involuntary bath with the exception of the wetting and the exhaustion consequent upon his struggles to keep himself above water. In the meantime a boat attached to the Worth was manned by Messra. J. J. King, Michael Robbins and H. Beery and started with all possible speed to effect the rescue of the young man, but reached the spot just in time to witness his safe landing on the deck of the Oldham. With this exception nothing material happened to mar the pleasures of the trip, which was greatly enjoyed.

Since writing the above we learn that our informant was mistaken in saying that young Evans was rescued by means of a rope. He and put on board the Oldham.

Knights of Pythias.

At the regular meeting of Germanis Lodge No. 4, K. of P., held on Thursday evening, the following officers were duly installed for the ensoing term : W. Hottendorf, V. P., W. J. Buhman, W. C.; C. Schulken, V. C.; J. Beney, G.; H. Ohlandt, I. S.; Aug. Wessell, 0, 8. Attendants, A. C. H. Fluchen, D. Dasher.

The 4th at the Sounds.

Every available vehicle in the city had been engaged the day previously and at an early hour os the morning of the 4th a large number were seen making their way in the direction of the Sounds, where we learn the various parties who preferred spending the day on the seashore had a most excellent time. There were several beach parties and at night a Germau Ball took place at the Davis place, on Middle Sound.

Smithville.

The garrison at Smithville, we learn, had a fue display of fire-works Thursday night, together with an entertainment, gotten up by members of the garrison and a number of the young men of the place, the proceeds of which were appropriated to the benefit of the various churches of the town. We learn that the company intend playing the "Ticket of Leave-Man" next week.

Shoe Herl.

Mesara. fleaton and Sinclair treated the citizens of Shoe Heel to a political harrangue on the 4th. A large number of colored people were present and but faw whites. During the day, we learn, a difficulty occurred between ex-Sheriff Eldeldge, of Bladen, and some of the colored men present, which finally resulted in a "set to" between Eldridge and Heaton, the changelon "fightist." In the latter encounter rum ir hath it that the ex-Sheriff came out at the "little end of the horn."

"Train" Missed Connection.

Thursday morning, after it was too late to. make the announcement through the city papers, a telegram was received from George Francis Train to the effect that he had missed connection at Columbia and would not be able to get here in time to deliver his promised leeture that night, and that in order to keep his appointments ahead he would have to postpone it until some time in August. We learn that the prospects for a fall house, had he stopped here, were very flattering. He passed through here Thursday night en ;routs for Petersburg, where he was to lecture last even-

unity should prevail in the party. He was really eloquent on that subject, because he "knows how-it is himself." The calm and quietude which succeeded upon his taking the stand was probably owing to the deep interest felt by his audience in what he was saying, but that could hardly account for the action of the number who quietly took their hats and retireć.

The Duty of Registrars.

The election law passed at the late session of the Legislature provides that "Registrars shall, between sunrise and sunset on each day (Sunday excepted) from the first Thursday in July up to and including the day preceding the first Thursday in August, 1872, keep open the books for the registration of any voters residing in the township or precinct, entitled to register, whose names have not been registered in such township or precinct before, or do not appear in the revised lists." As a penalty for neglect or refusal to come up to the requirements of the law in the premises we find the following :

"Any Registrar or Judge of Election, or any officer falling to perform any duty required of him by the Election Act, shall, on conviction, be fined not more than one thousand dollars nor less than five hundred, and imprisoned not more than six nor less than two months." We advise our Registrars to cut out the above and paste it in their hats or some other prominent place, as we have a notion that it would not be wholesome to either of them to be called upon to pay a fine such as is mentioned in the last paragraph.

The Target Shooting.

The Rifle Guards had their target shooting at Greenfield on the 4th. The company marched through the streets Thursday morning, followed by a large crowd of colored people of all sexes, ages and sizes. The target shooting commenced at about 91% o'clock and was kept up until near 3 P. M. The following were the successful contestants: The first prize, a silver watch and chain, was won by Private Wm. Johnson; the second prize, a silver pitcher, by Private James Shaw, and the third prize, a set of silver tea spoons, by Thaddeus Cowan. The target was won by John Alexander. The company next repaired to Dudley's Grove. During their stay at that point a difficulty occurred between Washington Green, t member of the company, and a colored man by the name of Stewart, in which it is said the latter individual came out " second best ' With this exception everything passed off very quietly and satisfactorily to all concerned. The grand Promenade at the City Hall at night concluded the festivities of the day with the Guards, which was largely attended and

Portraits of Gens. Lee and Jackson. Mr. W. H. Rivers, General Agent for the sale of life-size portraits of Gens. R. E. Lee and Stonewall Jackson, is in Wilmington and will call upon our citizens with the view of procuring subscribers to these elegant and faithful portraits of the two great heroes of our "Lost Cause." It would be proper to state that Mr. Rivers will in no case require the money until the delivery of the picture, so there will be no risk on the part of the sub-

scribers. From a number of testimonials from Intimate friends and acquaintances of Gens. Lee and Jackson, we subjoin the following:

[From R. H. Chilton, late Gen. C. S. A. and Chief of Gen'l Lee's Staff, Columbus, Ga.] The engraved likeness of General R. E. Lee, which you have submitted to my inspection, is the most perfect which has come under my observation.

If I fully concur in the opinion of General HENRY L. BENNING, Late Maj. Gen'l C. S. A. Chilton.

[From Jefferson Davis, Memphis, Tenn.] The engraved likeness of General Lee which you have submitted is the best that has ever come under my observation.

[From Mrs. Gen'l Thos. J. Jackson, Cottage Home, N. C., 1871.]

MESSRS. W. W. BOSTWICK & Co.

Gentlemen :-- Your letter arrived somewhat in advance of the picture with which you have been pleased to present me, hence the delay in returning my thanks. There have been so many different pictures published of Gen. Jackson, and many of them such carricatures, that I know it must be difficult for any one who never saw him to form an idea of his anpearance. You have been fortunate in procuring the latest and best likeness of him as your model, and have succeeded in making a fine copy of it. Certainly it is a noble and pleasing picture and as far as I can judge, a very fine engraving. I shall prize it most highly, and feel very grateful to you for it. Most Respectfully and Truly, M. ANNA JACKSON.
