Registration.

Registration' in the several wards of this city commences to-day. According to the election law Thursday was the day for registration to begin, and the party or parties responsible for the delay, whether it be the County Commissioners, the Sheriff, or the Registrars them selves, are liable to a heavy penalty.

To Parify the Blood.

A well known physician says that he consid ers the following prescription for purifying the blood as the best he has ever used : One ounce yellow dock, one half ounce horse radish, oue quart cider. Dose, one wine-glassful four times a day.

Look Oat for Him.

A man calling himself George P. Cabler. Genera' Supervisor of some advertising medium with a long name, is reported to have just made his escape from Savannah, after swindling the merchants of that city out of several hundred dollars paid in advance for advertisments to be inserted in Cabler's Medium.

Unmailable Letters.

The following is a list of the unmailable letters remaining in the city postoflice July 9th : Mrs Mary C. Burnette, Lillington, N. C.; Miss Sarah E. Faircloth, Dismal, Sampson co.; Seaman Lors Osten, Brig John Pierce, Havana; Geo. W. Hill, Efflingham, S. C.; Rev. Green Simmons, Dudley, N. C.; J. W. Hill, Smithville, N. C.; John McNally, Philiad, Pa.; Mrs. Margaret McMillan.

Runaway.

Last night, between 10 and 11 o'clock, a horse attached to a buggy started from the front of the Parcell House and ran up Front street to Red Cross, thence to Fourth street, the corner of which he turned and the last we heard of the animal he was crossing Boney Bridge, there being no abatement in the speed of the horse or injury sustained by the vehicle up to that time. His owner lived just north of the bridge.

A Nuisance to be Abated

Complaints having been made in reference to the terrible stench arising from the large number of hog pens in the neighborhood of "Paddy's Hollow," on Nutt street, and from thence to Red Cross, we learn that immediate steps will be taken by the authorities to abate the auisance. Persons who attended Front Street Methodist Church last Sabbath, were forcibly struck with the necessity of such action on the part of our "City Fathers."

Capital Selections.

.

The nomination of Capt. John W. Ellis for the Senate, by the Conservatives of Columbus and Robeson, and of Mr. V. V. Richardson for the House of Representatives from the former county, is the best that could possibly have been made and we congratulate our friends on the excellence of their choice. Mr. Richardson is now the efficient Sheriff of Columbus county. Both gentlemen are dcservedly popular and will be triumphantly elected.

barbecue at Weldon.

The Pony-Penning.

But the unpenned bulls have certainly ,one obstacle to contend with: Most of the leaders of the party have their mouths so full of Federal, State, City or County mush that they find it impossible to utter a word in behalf of the Great Unpenned. In other words, the "new movement" is wanting in that noisy leadership which has hither to exercised such a powerful influence in Republican councils. The whippers-in of the Rocky Pointers have been busily engaged in efforts to silence the opposition of Price and others to their county ticket, and it remains to be seen whether or not these efforts have proven successful.

We hear that delegations to the mass meeting are expected from several townships, and that the city will be well represented by those who favor a new ticket. Of course, the Knight of the Dogwood Blossom and his adherents concede no strength to the "splits," but if an opposition ticket is placed in the field with such men as S. H. Manning for Sheriff, George W. Price for the Senate, Owen Birney and others for Representatives, Joseph E. Sampson for Register of Deeds, Silas N. Martin, A. R. Black and others for Commissioners, we think that the Rocky Pointers will have just as much as they can attend to from now until the first day of August; and after that day, they will have no business to attend to at all of an official character.

At present, the issue, briefly stated, stands as follows: the Rocky Pointers excel in leadership and money, while their opponents outnumber them in votes. In a few days we shall know "what's the

matter with Hannah."

Destructive Fire in Elizabeth City.

Through a private letter received by a gentleman of this city, we learn that a destructive fire occurred at Elizabeth City on Friday, the 5th inst. It was first discovered about 51% o'clock in the morning, in the large brick store of the Land and Lumber Company, which was totally destroyed, but little of the large stock of goods it contained being saved. The clerk, who was in the store at the time, barely escaped through one of the windows .-There was an insurance of \$30,000 on the stock, in the following companies : Liverpool and London and Globe, \$6,000; Underwriter's Agency, \$9,000; Georgia Home, \$4,000; Home, of New York, \$5,000; Royal, \$6,000.

The owners of the property are a company of Pennsylvanians, who have invested largely in Elizabeth City.

> An Essential of Loveliness.-To be en-threly beautiful the hair should be abundant and lustrous. This is absolutely essential to complete loveliness. The most regular fea-tures, the most brilliant complexion and pearliest teeth fail of their due effect if the hair be thin, dry or harsh. On the contrary the plainest face, if it be but surmounted by luxuriant and silken tresses, is apt to impress the beholder with a sense of actual beauty. That crowning ornament of her sex is, hap-pily, within the reach of lovely woman, and being as discriminating as she is lovely, she long ago discovered that LYON'S KATHAIRON was the sure means of securing it. No pre-paration for the Hair ever enjoyed a tithe of its popularity, and no wonder, since it pro duces such gratifying results. Applied to the waste and barren places of the scalp, it fruc-tifies and enriches them with a new and ample growth. It is not, of course, pretended that it will do this if the capacity for reproduction is extinct, but so long as it remains that won-deriul rehabilitant will assuredly propagate the germ of the hair into life and activity.

A New Enterprise.

We learn that our enterprising friends, Messrs. Binford, Crow & Co., are now nego. tiating the establishment of a regular line of sulling vessels to run between Swansboro and New River, Unslow County, and Wilmington. In order to facilitate business from those sections, they propose to have vessels of light draft, suited especially to the navigation of New River, their object being to make quick trips under open policies of insurance, when desired. To justify their enterprise, which is one of no little importance, we hope they will have the hearty co-operation and support of who should be interested in the movement. | disturbance of a serious nature occurred.

This was acceded to by the mother and the way the youngster awoke the echoes in the vicinity of the Guard House was convincing evidence

that she earried out the contract to the letter.
