Weather Report.

WAR DEPARTMENT, Office of Chief Signal Officer, Washington, July 9-4:35 P. M. Probabilities.

Increasing easterly winds with rain will probably continue without material change rom New Jersey to the Gulf States. A more serious disturbance is apparently in progress in the Guif and Southwest of Florida. Rising barometer and clearing weather prevail in the Northwest. Falling barometer and increasing cloudiness, with southerly winds and local storms, prevail over the Lower Lakes.

Polluted Atmosphere. It is said by eminent scientific men that "the decomposition of a single potato or a wilted turnip will breed disease if the vapors of the decaying substance are confined to the walls of a house," 'The same is said of decaying substances in alleys, streets, and yards. The vapors arising from manure and rubbish piles, will so impregnate the atmosphere as to make

it unhealthy, and thereby spread disease 'and death. This is the cause of so many diseases breaking out that beffle theskill of physicians. Filthiness causes destruction wherever it

Friends of Temperance.

A friend at Whiteville, Columbus county, informs us that at the last regular meeting of Calumbus Council No. 104, F. of T., the following officers were installed for the ensuing term: President, H. C. Moffitt; Ex President, T: A. Inman; Associate, J. A. Lumsden; Chaplain, W. B. Maness; Secretary, T. James Memory; Financial Secretary, W. H. Frazier Treasurer, J. L. Wiggins; Conductor, John Mears, Jr.; Assistant Conductor, W. C. Yates; Inside Sentinel, J. E. Kelly; Outside Sentinel, John G. Lumsden.

The officers were publicly installed by Rev. R. H. Whitaker, Secretary of the State Council, after which he delivered an eloquent address on the subject of Temperance, which our friend states he has no doubt will be productive of much good in the community.

A Live "Bolt."

The large number of Republicans in attendance on the mass meeting yesterday, establishes the correctness of our judgment in regard to the strength of the movement with the masses of the party. The number present from the country was notably large, and comprised some of the most influential members of the Republican party.

The fact that the Convention failed to make ominations is no evidence of the failure of the movement. It was very clear from the very moment the body was organized that the henchmen of the Rocky Pointers were present in considerable numbers and had a preconcerted arrangement to either get control of or break up the meeting; and their violent course in carrying out their programme will prove an element of strength to the disaffected members of the party. It has served to steady the wavering, to add new recruits and to transform into bitter hate what before was only decided opposition.

If the Rocky Pointers imagine they have defeated the object of their opponents they are wofully mistaken, we think.

But if those who inaugurated the opposition to the Rocky Point ticket and who were shamefully builled and browbeaten yesterday shall by any influences whatever be driven thus treated to lick the hand that smites he would be released in a few minutes, minus them-to vote for those who persecute them? his dangerous weapon.

Local Dots.

Vol. X-No. 94.

- The heat still continues oppressive in this

- Watermelons are coming in freely and alling in price.

- Marshal Canaday is absent for a brief visit to his family in Hillsboro.'

- This city and vicinity was visited by several fine showers of rain yesterday.

-It must have been delightful to act as Chairman of the pony-penning yesterday.

- Farmers in this section will hardly be able now to complain of the want of rain.

- We learn that Mr. P. McGowan, keeper of the Capitol at Raleigh, is very ill. He is the father of Capt. McGowan, of the Purcell

-In his speech yesterday, George Price spoke of the Rocky Point Convention as "a bull-pen, a hog-pen, and a slave-pen." George

is a very decided Republican, and he ought to know what he is talking about. - Clarendon Lodge No. 2, K. of P., will meet this evening, at 8 o'clock, in the new Hall over the College of Physicians and Surgeons, on which occasion the officers for

the ensning term will be installed. - Washington Howe, whose name appears in the report of the Mayor's Court in Sunday's paper, says he is not the individual alluded to. In fact, he says the boy gave his name wrongfully, as it should have been stated as Wash-

ington Lane. - Last night a small crowd of Schenck men. with a band of music, marched through the streets to the Market House, where a short speech was delivered by James Heaton, Schenck's "right bower," at the conclusion of which the crowd took up their line of march

for some other quarter. - One of the "bulliest" of the unpenned bulls who pawed dirt at the City Hall yesterday was the little pickled Gherkin. He talked as glibby about the "Ku Klux Democracy" as an old stager, and was willing to do big things for the harmony of the Great Radical party. 'An ounce of civet, good apothecary !"

-Gerken was much mortified at the bad behavior at the pony-penning. He was afraid the Democratic papers would have something to say about it. Yes, we will say it was the most disgraceful affair we ever witnessed. Gerken is not a full grown bull, but a bull-calf. We've heard it said : "There's uo telling the luck of a lousy calf."

The Bolters' Convention.

The Republican bolters from the late Rocky Point Convention, known as the Manning faction, met at City Hall yesterday morning with the avowed intention of nominating another county ticket to run in opposition to the one nominated at Rocky Point on the 29th uit. We have had occasion heretofore to refer to disgraceful scenes enacted at Conventions of the Radical party in this city, but that of yesterday far exceeded any similar demonstration in this respect that we have ever witnessed here or elsewhere. From the hour of meeting until that of adjournment the Hall was a scene of continual uproar and "confusion worse confounded," during which insulting ephithets were applied and blows exchanged, threatening a general "knock down and drag out." There was evidently a preconcerted movement on the part of the Schenck faction to break up the Convention, which was to a certain extent successful. There advent upon the scene was the signal for the commencement of the tumult and confusion which ensued, and which for some time precluded the possibility of the transaction of any business. Finally an organization was effected by calling W. H. Gerkin to the chair and appointing Lewis Nixon as Secretary. The latter individual's duties were light, as we would have defied any one to put on paper anything in the shape of an official report of anything that was said or done in the Convention. No nominations were made by the Convention, but a Committee, consisting of one from each Ward and Township was finally appointed, with power to effect a compromise with the Schenck faction or bring out a seperate ticket, whichever they may deem most expedient. One thing is certain, however, whatever may be the action of the Committee, and that is that a large number of those who bolted the Rocky Point ticket will fight it to the last, submitting to no compromise under any circumstances so far as they are individually concerned.

We give below the names of the Committee appointed:

First Ward-Owen Burney. Second Ward-Chas. Mallett, Sr. Third Ward-James Dry. Fourth Ward-J. H. Whiteman. Fifth Ward-Charles Southerland. COUNTY.

Masonboro'-J. J. Orrell. Harnett-D. C. Davis. Federal Point-Stephen Keyes. Grant-Charles Foy. Cape Fear-H. E. Scott Holden-John Johnson. Rocky Point-Thos. Hill. Holly-Samuel Hill. Union-Maurice Tate. Lincoln-Cudjor Larkins. Columbia-J. McHorrell.

Armed and Ready for the Fray. Just after the Republican Convention adjourned yesterday afternoon, and while a noisly crowd were yelling and gesticulating in the Hall, a colored man from the rural districts was observed by a police officer to have an open raizor in his hand. The officer arrested the man and took him to the Guard House, when he was followed by the crowd, who demanded his release and for a few minutes affairs wore quite a threatening aspect. Finally, however, the crowd, which nearly i nto the support of that ticket, we wish to ask filled the City Hall yard, was dispersed, Capt. them one question: Can there; be a worse Fitzgerald having informed them that, as the slavery than that which compels men who are | man had made no attempt to commit violence,

The Raleigh News says: During the storm of Sunday afternoon the residence of Rufus H. Page, Esq., on Hillsboro street, was struck by lightning, doing considerable damage to the building, but fortunately no person injured.

- Col. Saml. L. Arrington, of Montgomery county, Alabama, accompanied by his wife, passed through Raleigh a few days ago on a visit to his brother, Hon. A. H. Arrington in Nash county, who is now in feeble health. So says the News.

- The Charlotte Southern Home says: Last Saturday, a son of Wm. Hope, seven years of age, was bitten by a rattlesnake near Lincolton Paper Mills, in Lincoln county, in this State; and notwithstanding every effort was made to save the boy's life, he died three hours after he was bitten. Mr. Carpenter, who was passing at the time, killed the snake, which had twelve rattles and a button.

- The Statesville Intelligencer says: We regret to learn that on Tuesday, the 25th ult., a Mrs. Lackey, living in the neighborhood of Taylor' Springs in this county, committed suicide. It seems that during the early part of the day, Mr. Lackey had been absent, and returning home about 10 or 11 o'clock for dinner, his wife told him to look after the children while she took a bucket and started for the spring, when lingering much longer than usual, Mr. Lackey went down to the spring, and found his unfortunate wife suspended by a cord by means of which she had hung herself from a tree near by. No cause is assigned for the sad and untimely end of the poor woman,
