

MORNING STAR.

Vol. X-No. 98. WILMINGTON, N. C., SUNDAY, JULY 14, 1872. Whole No. 1502

Local Notes.

—Gen. Abbott left for the North last evening.

—Only one case to the City Hospital last week.

—No convicts to the Work House the past week.

—Beware of the politician who is always smiling.

—Green & Flanner's drug store will remain open today.

—The city docket shows 14 police arrests for the past week.

—Ex-Senator Doolittle will certainly speak in Raleigh on the 16th.

—Sand-papered heads is the fashion this week for young men.

—The thermometer indicated 89 degrees in the Star office yesterday at noon.

—There was no session of the City Court yesterday, there being no cases for trial.

—The present month of July has five Mondays, five Tuesdays and five Wednesdays.

—The campaign in North Carolina will be red-hot from now until the day of election.

—Go to the Registrar of your Ward or Precinct and see if your name is properly registered.

—The most desirable position just now is to drive an ice cart and take the heated term coolly.

—The Clerk of the Market reports the arrival of 359 market carts during the week just closed.

—Rev. Dr. Moran has returned to the city and will officiate in the Front Street Methodist Church to-day.

—Complaint is made that ice is not on hand at the branch house on Front street sufficient early in the morning.

—During the week just closed the various butchers of this city slaughtered 42 hogs, 2 hogs, 48 sheep and 1 calf.

—It is positively announced that Senator Carl Schurz will speak at several points in North Carolina before August 1st.

—There were five interments in Pine Forest (colored) Cemetery during the past week, of which two were adults and three infants.

—There was not a single interment in Oakdale Cemetery during the past week. This is speaking well for a city the size of Wilmington.

—If you want to be shaved quickly, and get a good one, too, go to Carraway & Cleophr's, where you won't have to wait. Four dispensers of the art tensorial in the establishment.

—Thanks to Mr. R. L. Harris, of the Front street News Depot, few copies of the N. Y. Ledger, Chimney Corner and Clipper for the current week. Reading matter of every description can be had at his stand on Front street.

—A very small audience attended the matinee at the Opera House yesterday afternoon. Our people are not very enthusiastic on the subject of paintings, especially during the heated term. The Panorama, we learn, will go hence to Philadelphia.

—Capt. George Morrison, the popular and gentlemanly Conductor on the Wilmington, Charlotte and Rutherford Railroad, has secured a furlough and will, in the early part of the present week, depart on a tour for the benefit of his health. We wish him a pleasant trip.

Stabbing Affray.

The Radical paper in this city endeavors to make capital out of an unfortunate stabbing affray which occurred on the up Wilmington train near Halifax on Friday, and in its article in reference to the matter it states that no attempt was made to arrest the "perpetrator of the outrage." From what we have been able to learn it was one of those unfortunate difficulties which are always liable to occur on the occasion of a large gathering. We have it from parties who witnessed the affair that a difficulty occurred between Mr. James C. Barnes, of Wilson, and a colored man by the name of Louis Cook, and that the latter struck the former at least four times with a stick before the stabbing took place.

Our informant further states that in five minutes after Mr. Barnes cut his antagonist he was arrested and taken to Weldon, where he was confined until Friday night, when he was taken to Halifax and lodged in jail.

Since writing the above we have received the Weldon News, which corroborates the statements made above, and further states that Mr. Barnes was heavily drunk at the time. The News learns that Cook has since died.

It is unnecessary to state that the affair is greatly regretted by all.

Watch Stolen.

A man by the name of J. A. Jenkins, a resident of Fremont station, on the Wilmington and Weldon railroad, was robbed of a valuable watch at a boarding house on North Water street on Thursday night. The watch was numbered 5,400. No clue has as yet been obtained as to the perpetrator of the theft.

Since writing the above we learn that Mr. R. L. Sellers, assisted by Officer Fred Williams, of the police force, arrested a young white man by the name of J. W. Sullivan alias Thompson alias Hinton, in whose possession was found the watch and chain stolen, together with another watch, about \$13 in specie, \$10 in greenbacks and two railroad checks, one numbered 297 and the other 277, all of which are believed to have been stolen. The young man is held for examination.

Grand Mass Meeting in Raleigh.

The mass meeting of Conservatives, Democrats and Liberal Republicans, which comes off at Raleigh on Tuesday next, will probably be one of the grandest political gatherings ever assembled in this State. Among the speakers on the occasion will be Senators Stockton, of New Jersey, and Tipton, of Nevada, Gov. Walker, of Virginia, Hon. Sam'l Carg, of Ohio, Col. Hinton, of Norfolk, Hon. Z. S. Vance, T. L. Clingan, and probably Carl Schurz. Let everybody go.

Examine the Registration Books.

We again urge upon our Conservative friends the importance of examining the registration books in their several Wards with the view of ascertaining whether or not their names are properly registered. We mentioned in our last that three Conservative gentlemen, who registered at the last election, examined the book on Friday and their names could not be found. The same was the case in several instances yesterday. Let every Conservative who registered at the last election see to it that his name is properly on the books. Those who registered at the last election (except residents of the First Ward) are not required to register now, but they should be certain beyond a doubt that they will not be deprived of their votes on the day of election.

Colored Men for Greeley.

W. U. Saunders, the colored prominent citizen and custom house officer of Baltimore, whose able letter, withdrawing his name from the Grant electoral ticket and announcing his determination to support Greeley and Brown, was published in our last issue, was in Weldon at the grand mass meeting on Friday. We learn that he, in conjunction with two or three other prominent colored men from States North of us, who were present at Weldon, intend speaking at different points in this State in behalf of our ticket.

—Shipping articles for sale at the office of the Morning Star.

Masonic.

We were shown yesterday a dispensation from the Grand Master of North Carolina for a new Masonic Lodge in this place, and appointing Messrs. Samuel Northrop, W. M.; C. H. Robinson, S. W.; and Rev. George Patterson, J. W. The officers, we learn, have been fully instructed by Dr. Thos. B. Carr, who has recently been commissioned Grand Lecturer of the State. The Lodge will commence work at an early day.

German Pic-Nic.

We are requested to state that there will be a German Pic-Nic at the Wilmington Garden on Wednesday night next, for the benefit of one of the German Societies. Messrs. W. H. Gerken, G. A. A. Poppe and F. W. Orton comprise the Committee of Arrangements.

PROFITABLE ADVERTISING.

We call the attention of the business men of Wilmington to the superior advantages offered by

THE WEEKLY STAR

as an advertising medium. It has, without exception, the Largest Circulation of any publication in Wilmington; and we can satisfy any one that it has no equal as a medium of communication with the people of the rural districts now trading with Wilmington.

We solicit a call from those who wish to place their business prominently before the people of this section, confident that we can offer inducements that cannot fail to please.

Our Chip Basket.

—Tight trousers are on their last legs.

—Fiddles have had their day—they're played.

—The law of juries—"Many are called, but few are chosen."

—Does it add to a person's looks to be in a frame of mind?

—A man that don't know anything will tell it the first time he gets a chance.

—If a woman should go through college and take a degree could she be a Bachelor of Arts?

—The best people are not only the happiest, but the happiest people are usually the best.

—Loving wife at the seashore: "The horrid surf makes me keep my mouth shut." Sarcastic husband: "Take some of it home with you."

—A Michigan village had a regular leap-year celebration on the Fourth. The president, orator, marshal and all the officers, except the chaplain and the reader, were women.

—If time is money there are a great many in this town in very easy circumstances. They seem to have a great deal of time on their hands that they don't know what to do with.

Printing and Book Paper.

We can furnish printing paper in small quantities, say from two to ten reams, at reasonable prices for all strictly cash orders. We have on hand the following sizes of news, viz: 2x31, 2x32 and 2x33. Also, fine Book Paper 2x33 and 2x33; and a good assortment of other papers and cards.

To Keep Ice from Melting.

A correspondent describes a process in kitchen economy which is of special service to the house-keeper during these warm days. In such warm weather, it is almost impossible to prevent the untimely melting of the quantity of ice usually purchased by a small family. Very few refrigerators serve to keep it from wasting more than half. To stop this waste, our correspondent directs that an envelope of flannel and newspapers should be placed about the mass of ice. This envelope, of which the newspapers are the most important part, is said to be perfectly effective. Here's another proof of the great powers of journalism.

HOTEL ARRIVALS.

National Hotel, R. Jones, Proprietor. July 12, J. H. Harker, Esq. Co. R. H. Foy, Richmond, Va.; S. W. Dixon, City.

SPIRITS OF TURPENTINE.

—Sailing parties are now the rage at Newbern.

—Wake county crops are said to be generally good.

—The Odd Fellows of Goldsboro' went on an excursion to Morehead City on Friday.

—The Rocky Mount Mail says: A letter from Greene county says that the Republicans are not agreed among themselves, and that their difficulties will be hard to reconcile.

—The reports of the cotton crop from some portions of the county, says the Louisburg Courier, are very discouraging. Frequent rains have rendered work almost useless in killing grass. The grass in some sections is almost as tall as the cotton.

—The Weldon News says: Crops along the line of the R. & G. Railroad are said to be in splendid condition with a fine prospect for a large yield. With a good prospect politically and good crops we need fear nothing, but rush on to peace and prosperity.

—The Louisburg Courier says: The Rads made a failure of it on last Saturday in Franklin. The speakers were there, honest John Pool, Marshal Carrow and Collector Young, but the people were not. About thirty negroes and a half dozen whites constituted the crowd that the big lights of radicalism had to welcome them.

—The Asheville Pioneer says: One day last week, in the county of Transylvania, a man by the name of Duckworth, shot and killed a man by the name of England. We learn that Duckworth claims that it was an accident, but our informant says that there had existed an old grudge between the parties. Duckworth is now confined in the jail at Brevard.

—The Tarboro' Enquirer says: In canvassing the county we have a good opportunity to see the crops, and have been forced to the conclusion that they are decidedly below an average this year. In many parts of the county there has been an amount of rain that it is impossible to kill the grass. Some of the cotton, we think, is beyond redemption, it matters not what kind of weather we have from now out.

—The Raleigh News says: Columbus Adair and Govan Adair on yesterday expiated the crime of murder on the gallows at Hendersonville. These men were convicted, with one Martin Baines, of the murder of Silas Weston and two children, in the county of Rutherford in May, 1871. Baines had been further respited by Gov. Caldwell until Friday, the 18th of October, in order that he may appear as a witness against other parties implicated in the same murder, at the Fall Term of Rutherford Superior Court.

—The Greensboro' Patriot gives the following amusing incident: A few days ago a minister in Rockingham county had closed the religious services for the day at the church; published his next appointment and then inquired if there was any other appointments to publish; whereupon an old class-leader, 80 years of age, arose and in a clear and distinct voice announced that "Gen. Leach would speak on next Thursday at the Summit." Immediately the minister gave out the doxology, "Praise God from whom all blessings flow," which was sung in good earnest, and the large congregation dispersed wearing pleasant countenances.

DIED.

SHARP.—In this city, on the 12th instant, Thos. H. Sharp, infant son of Isaac and Elizabeth Sharp, aged 1 year and 4 months. The funeral will take place this afternoon at 2 o'clock, at the residence of his parents on Queen, between Fourth and Fifth Streets. Friends and acquaintances are respectfully to attend.

NEW ADVERTISEMENTS.

It is necessary to the health of the body that its exhausted and refused particles should be carried off by the excretory organs, and it is equally necessary that the waste matter thus expelled should be replaced by new elements derived from digested and assimilated food. It is evident, therefore, that good digestion and perfect assimilation are essential to bodily vigor; and it is because Hostetter's Stomach Bitters powerfully assist these processes, that it is regarded by the intelligent classes, whose opinions are founded on observation, as the only absolute specific for dyspepsia and its attendant ills, at present known. When the system, either from constitutional causes, overwork, excess, anxiety or actual disease, is in an unnaturally relaxed condition, something more than its exhausted particles passes through the pores. Vitality leaks through these ventages. Elements which should remain in the blood and enrich it are evolved, and that fluid becomes then watery and incapable of removing the solids of the body as fast as they decay. The consequences are emaciation, debility, nervousness, loss of spirits and a general, or perhaps a rapid, decline of all powers of life. It is in cases like this that the restorative properties of Hostetter's Bitters are most conspicuous. The first two or three doses sometimes produce a change in the feelings and aspect of the invalid that is perfectly astonishing, and by a persevering use of this superlative vegetable tonic and alterative, the vital fluid is sure to be arrested, the strength re-established, the flesh restored, the constitution reinforced, and the brain relieved of the cloud that obscured it.
