The Soldiers in Robeson—Sergeant May.

We received a communication from George H. May, Serg't Battery S, 4th Artillery, stationed at Moss Neck, Robeson county, on Saturday last, in which he emphatically denies that the soldiers have been in the habit of "eating and carousing" with the outlaws.—The terms in which the letter is couched would really render it unworthy of notice at our hands, but we will state that we had authority for what we said, and, further, that the information came from one of the soldiers, who appeared to have no anxiety to make a secret of the matter. It is true that we did not hear, nor did we intend it to be so understood, that all of the soldiers were on such intimate terms with the outlaws, but as one of them could openly boast of "getting drunk with Steve Lowery" and call in question the bravery of the act which rid the county of Robeson of a robber and cut-throat, we did not know but there might be others in the same category.

Some of the soldiers have also openly declared that from what they could understand they were sent to Robeson to look after the election, but as Sergeant May does not see fit to deny the assertion, in the same article to which he refers in his letter which was made, we will let that pass.

The Sergeant admits "that there has been an accidental meeting on our part with the outlaws," but denies that the meeting was premeditated by them or that any "eating and carousing ensued upon said meeting."

We deny the soft impeachment of the Sergeant that we have any desire to "vilify and abuse United States soldiers," nor do we believe that any such "disaffection" as he alludes to exists among a "certain class of people in Robeson and adjoining counties." We have a high opinion of the "boys in blue" when acting in their appropriate sphere, or engaged in the performance of duties legitimate to the defenders of the Republic, but when sent into our poor down-trodden and much abused section to meddle in political matters, although they may be but the unwilling tools of Useless S. Grant and his aiders and abettors in tyranny and oppression, we must confess that our admiration of them is slightly diminished.

The Storm Sunday Night.

On Sunday night, about one o'clock, this city and vicinity was visited by one of the severest storms that we have experienced in a long time. The lightning was blinding and there were three distinct claps of thunder which fairly shook the buildings in various quarters of the city to their very foundations. In one dwelling a kerosene lamp was thrown from the mantelpiece and broken and in another a looking glass shared the same fate. Citizens generally were aroused from their slumbers in terror, so terrific was the concussion. We expected to hear of considerable damage by the lightning, but so far we have heard of but two instances. A large China tree in a lot on the corner of Eighth and Market streets was struck and torn to pieces and the roof of a house on Market street was struck, but without resulting in any damage. The rain which fell was very much needed, and, together with the showers which were experienced during the day, will do much towards gladdening the hearts of farmers and others. There was also a very perceptible improvement in the temperature hereabouts yesterday.

COUNTY COMMISSIONERS.

Extracts from the Proceedings.

A called meeting of the Board was held yesterday afternoon:

It was ordered that D. M. Bryant be appointed Inspector in Masonboro' Township in place of Elijah Hewlett.

Fred. D. Poisson was appointed Inspector in the Second Ward in place of Roger Moore.

Ordered that any necessary changes in the list of Registrars and Inspectors of Election in the city of Wilmington be referred to Commissioners Sanmaker and Heyer, and changes in the county outside of the city, be referred to Commissioner Black.

Adjourned to Saturday next, the 3rd inst., at 10 o'clock A. M.

Ladies' Benevolent Society.

The members and visitors of the Ladies' Benevolent Society are requested to meet at the residence of Mr. John A. Taylor on Tuesday evening next, the 30th inst., at 5½ o'clock, as business of importance.
Wilmington, N. C., 27th July, 1872.

—The various candidates of the Rocky Point and Manning tickets were to speechify in Harnett Township yesterday.

Local Items.

—Only two more days remain in which to register.

—A colored patient was sent to the Hospital yesterday.

—Dr. M. Weill, the eminent optician, is in Columbia.

—The political excitement is still waxing strong.

—There was another very pleasant shower last evening.

—Register! Don't wait until to morrow, but do it to day.

—Ex-Senator Abbott and J. P. Sampson arrived in the city yesterday.

—The word "its" occurs but once in the Bible, Leviticus, 25th chapter and 5th verse.

—Now and then you hear some bright fellow remark, "It is hot," as if any body doubted it.

—There will be a special meeting of Germania Lodge No. 4, K. of P., this evening at 8 o'clock.

—Registration in the Second Ward, up to yesterday evening, footed up 48 whites and 37 colored.

—Majors C. M. Stedman and F. D. Poisson are advertised to address their fellow-citizens at Rocky Point to-day.

—Politics was at fever heat near the corner of Market and Second streets last night, between 8 and 9 o'clock.

—We learn that the friends of Jas. K. Cutlar will press his claims for the State Senate on the Republican side.

—A flat loaded with staves sank at the wharf foot of Market street, Saturday night. The accident was caused by a snag.

—Fred. Douglas was still in the city yesterday, and was riding out with some of his colored friends during the afternoon.

—The river is too low for good boating. The *Eagle* says some of the boats lodge occasionally an hour at a place.

—We learn from the *Eagle* that the steamer *Hurt*, which has been undergoing repairs, is now ready to resume her regular trips.

—Two vessels arrived here yesterday from Shields, England, laden with iron for the Wilmington, Columbia and Augusta Railroad.

—We learn that a dog in a lot near the corner of Sixth and Harnett streets, was struck by lightning during the storm of Sunday night.

—Old John Robinson's circus is coming in this direction. It will appear in Lynchburg soon. Barnum's show will also visit Virginia shortly.

—If you have not registered go and do so at once. If you registered at the last election, go and examine the books and see that your name is correctly enrolled.

—The city hands were engaged yesterday in opening Twelfth street from the Railroad South, and we learn that the work will be pushed forward to completion.

—By an announcement in another column it will be seen that Wm. M. Harriss, Esq., is a candidate for Register of Deeds. He is at present acting as Deputy Register.

—Mr. James Lyons, employed at the Machine shops of the Wilmington; Columbia and Augusta Railroad, had one of his fingers accidently chopped off yesterday morning.

—The only case before the Major's Court yesterday morning was that of Richard Holmes, charged with disorderly conduct, in which judgment was suspended on the payment of costs.

—Complaint is made of a disorderly assemblage on Sixth, between Harnett and Swann streets, which has been of daily occurrence lately, very much to the annoyance of peaceable citizens.

—A fight between a white and colored boy, near the corner of Market and Ninth streets, created considerable excitement in that locality yesterday afternoon. It is represented to have been of quite a desperate character.

—The Statesville *Intelligencer*, alluding to a recent speech of Geo. M. Arnold in that place, says: "He has more sense and *decency* than any white Radical orator we ever heard speak, and we will add that he has more of both these qualities than any Radical *editor* whose paper we read."

Intimidation.

The Washington correspondent of the Baltimore *Sun* under date of the 26th inst. says:

"It is asserted that no less than a thousand printed blank warrants were sent from here last night to the United States Marshal of North Carolina to be filled for the arrest of numerous parties in various portions of the State, under allegations founded under the Ku Klux law. If this proves true, it is evident that the Administration has resorted to intimidation to secure political results next Thursday."

Some of these will probably be used in Sampson and Robeson, where U. S. troops are now stationed. We must expect every effort to be resorted to by the Administration and its friends to carry the election on Thursday and our Conservative friends must do everything in their power, legally speaking, to counteract them.

New Steamship.

Under this head the Baltimore *Sun* of Saturday says: "Messrs. John A. Beacham & Brother, shipbuilders, on the south side of the basin, have been engaged for some time past in building a new steamship for the Baltimore and Wilmington (North Carolina) trade, or properly for the Southern Transportation Company. This will be one of the finest, if not the finest, steam propellors engaged in the trade, and will be of about 700 tons burden. The vessel is to be commanded by Captain Oliver, and will be launched about the latter part of August."

—It is an error to imagine that women talk more than men. They're listened to more—that's all.

CARL SCHURZ AT CHARLOTTE.

Four Thousand Persons Present—Gov. Walker of Virginia and Hon. Wm. A. Graham Make Speeches—Great Enthusiasm—Glorious News from the Charlotte Section—The Harrimon Outrage of the Radicals a Falsehood—An Incendiary Fire Intended to Break up the Meeting.

[Special telegram to Morning Star.]

Charlotte, N. C., July 29th, 1872.

This has been truly a great day for the Conservatives of Western North Carolina. We have had as orators to-day the distinguished German Senator from Missouri, Carl Schurz, Gov. Walker, of Virginia and ex-Gov. Wm. A. Graham, of this State.

Schurz made a grand speech, which took with the audience like wild-fire. He gave the Administration some heavy thrusts.

Gov. Walker and ex-Gov. Graham spoke in their usual style.

There were four thousand people present. The greatest enthusiasm prevailed.

During the speaking, to draw off the crowd, some wretch set fire to an unoccupied two story building, three hundred yards from the centre of the City. After the fire the crowd returned to hear the speakers conclude.

Unless there are very great frauds practiced, you may expect to hear a good account from Mecklenburg, Cabarrus, Lincoln and Gaston counties. The people are fully aroused and mean to do their duty in this election.

The reports sent from this city about the interruption of the Radical speaker, Gov. Harrimon, are false. He was treated as well as street speakers are usually treated.

Another Runaway and Smash-Up.

Yesterday afternoon, shortly after the runaway recorded in another place, the horse of Mr. George Kidder, which was attached to a buggy, suddenly stumbled when in front of the Catholic church, on Dock street, falling on his knees and throwing Mr. Kidder out. The thing was so unexpected to Mr. K. that he was unable to hold on to the reins and the animal instantly darted off. Running down Dock street to South Water he turned the corner in the direction of Market; but here the buggy came in contact with a lot of railroad ties and was smashed almost to fragments, the horse, with the broken shafts attached to his body, continuing his course up Water to Market street, where he crossed to the pavement on the North side and fell. He was then seized and a stop put to his mad career. The animal was found to be quite badly bruised, while the buggy was almost a complete wreck. Fortunately, Mr. Kidder sustained no injury.

Riot at Wadesboro.

We learn that after the speaking at Lilesville on Saturday afternoon last, in which Conservatives and Republicans participated, a number of colored men, together with a few whites, got a fife and drum and marched to Wadesboro'. There they got up a riotous demonstration, rocking the houses of two gentlemen by the name of Threadgill and Mr. Thomas May. Those gentlemen came out to remonstrate with them and were greeted with insulting epithets and threats. Finally the white men gathered in considerable numbers and they were driven off. During the *melee* which ensued, one of the riotors was badly wounded with a rock. The riotous gang was headed by one Manus McNair, who has for some time past been employed on the Wilmington, Charlotte and Rutherford Railroad and was one of the most trusted hands. A great many of the rioters were more or less intoxicated.

The Slayers of Tom Lowrey.

We had the pleasure, yesterday afternoon, of shaking hands with Messrs. A. S. Wishart and J. H. McKoy, two of the gallant young men who figured most conspicuously in the slaying of Tom Lowrey, the Robeson county outlaw and bandit. They inform us that everything is quiet in Robeson at present. The mission to Raleigh to secure the reward offered by the State for Lowrey was unsuccessful, the Governor being absent from the city, but they are satisfied that it will be forthcoming in good time. We confess to no little pleasure in making their acquaintance and wish them in the future the brilliant success which has attended their past efforts.

A Runaway.

A horse attached to a dray runaway on Water street yesterday afternoon, about 4 o'clock. In crossing the rock pavement at the foot of Market street the animal slipped and fell to the ground. He quickly regained his feet, however, and started down Water street, but at the corner he ran in between the large cannon (which serves as a corner post) and the wall, where the dray became stationary and the horse broke loose. He was then captured and found to have sustained some slight bruises. The dray was uninjured.

Chatham.

A gentleman just from Pittsboro says that cool heads there place Merrimon and Rogers' majority at six hundred. This is fine news. Chatham has not been counted on by as large majority as this.

Death of the Father of Sheriff Schenck.

We regret to learn that Sheriff Schenck received a dispatch on Sunday night announcing the death of his father, J. W. Schenck, Sr., which occurred at his residence at Fishkill, on the Hudson river, New York, on Sunday morning. The Sheriff left this morning for the purpose of attending the funeral.

—What is required to make a pair of boots? Two boots.

Hon. O. P. Meares.

The Golsaboro' *Messenger* of yesterday says: The citizens of Granthams' township, in this county, held a Mass Meeting on Saturday last. By invitation, the Hon. O. P. Meares, of Wilmington, addressed the people in a most excellent speech, which was listened to most attentively by all present. He spoke for two and a half hours, treating the important issues now before our people with marked elegance of language, clear arguments, and great earnestness and sincerity. His remarks went right to the hearts of all who heard him.

Nash all Right.

We learn from a high source that "Old Nash" will be right side up on the day of election to the tune of probably one hundred and fifty majority This will elect the gallant Dunham, his colleague in the Senatorial candidacy, W. K. Davis, Esq., and Colonel John E. Lindsay, candidate for the House in Nash.

Glorious News from the State.

We have just had a conversation with an intelligent gentleman, who has, in the last few weeks, made the tour of the State. He is sanguine of a majority ranging from three to seven thousand.

—Yesterday, about 3 o'clock, a horse attached to a dray, when near the corner of Front and Princess streets, suddenly fell to the ground, it is supposed from being overheated. The usual restoratives were administered and he finally revived sufficiently to arise and go about his business.

Our Chip Basket.

—When is a man a scapegrace? When he is late at dinner.

—A handful of good life is better than a bushel of learning.

—It is not the varnish upon a carriage that gives it motion or strength.

—One of the rarest and most pleasing of flowers is the pink of politeness.

—The purest joy is unspeakable: the most impressive prayer is silent, and the most solemn preacher at a funeral is the silent one whose lips are cold.

—The hardest thing in the world for a little man to learn is, that people don't give themselves the trouble to think about his littleness. This is equally true in its moral application.

—A seasonable theatrical performance for a hot night would be "Cool as a Cucumber," "The Sea of Ice," "Nothing to Wear." The orchestra will introduce some fresh airs."

—An old lady who inquired for "the dollar varden hat" went away sorrowing when the clerk told her that they were just out, but he had plenty of "six dollar vardens."

—When you see two young persons seated in the centre of a pew in church, you may make up your mind they are engaged, or going to be; but when one is at the head and the other at the foot of the pew, you can immediately determine that they are married.

TO THE BUSINESS MEN OF WILMINGTON.

Rooms Con. Ex. Committee,
New Hanover County,
Wilmington, N. C., July 27, 1872.

By resolution unanimously passed at their last meeting, the Executive Committee of the Conservative party of New Hanover county earnestly request their Conservative friends in the city of Wilmington to suspend all business on the day of election, in order that their employees may have an opportunity of devoting themselves to the Conservative cause. It is hoped that this appeal will meet with a general and hearty response.

Wm. H. Bernard,
4t Chairman.

If you desire rosy cheeks and a complexion fair and free from Pimples, Blotches and Eruptions, purify your blood by taking Dr. Pierce's Golden Medical Discovery.

Yeas and Neighs.—If horses could make themselves understood in human language, they would signify by a universal "Yea," their assent to the statement that the Mustang Liniment is the best remedy extant for all these external ailments, and by a most emphatic "Neigh!" show their displeasure at every attempt to use any other preparation in its stead. Ever since its introduction at St. Louis, at the close of the Mexican War, in 1849, it has proved a signal blessing to horse and man—curing, with absolute certainty and wonderful despatch, such equine diseases as spavin, ringbone, poll evil, scratches, hoofale, &c., and relieving and finally removing the painful affections which attack the muscles, sinews and external glands of human beings. It is a fact beyond contradiction that for all injuries or complaints of man or quadrupeds to which an external remedy is applicable, the Mustang Liniment is preferable to every other.

A CARD.

HAVING been waited upon by a number of the Republicans of this city, who seem anxious to know my political creed, I hereby announce myself a candidate for the position of Representative to the next General Assembly upon the platform of principles enunciated at Cincinnati.
I shall not be able to meet the regular candidates on the stump throughout the county, owing to previous engagements, but will speak in the Wards of the city.
july 21-tde J. M. WEBB.
