Wilmington and Baltimore.

The Baltimore Gazette, of Tuesday, says "The fact was stated on Saturday that a new steamer, to be called Daniel J. Foley, will be launched within the next ten days from the shipyard of Messrs. Buchanan Brothers, on the southside of the basin, to the line between this port and Wilmington, N. C. As soon as she is put in the water the keel of another, from the same company, to be used on the line between Baltimore and Newbern, N. C., will be laid, and she will be pushed to completion as rapidly as possible. These lines of steamers were started only three or four years ago by Baltimore merchants, and Daniel J. Foley, Esq., was elected posident of the company, with very uncertain prospect of success. By untiring energy the line was kept going until twenty-four per cent. of the capital invested had been sunk, when it began to prosper, and for two years past its success has been almost without precedent in the coast-

Difficulty with Sommon. Considerable excitement was created at the foot of Dock street yesterday afternoon, about 4 o'clock, caused by the refusal of two seamen, who had shipped on the Bark Geo. S. Hunt, for Amsterdam, to go on board when ordered to do so by the Captain. Officer Carr was finally called upon to assist in putting them on board of the Seward, the Hunt having started down the river, when they stontly resisted. The officer then attempted to use force in getting them on board, when one of them drew his knife from his sheathe and made an effort to plunge it into the body of the officer. The latter was too quick for him, however, and seized the knife, and in the struggle to gain possession of it the hand of the sailor was badly cut. They were then handcuffed, taken on board of the Seward and carried to their vessel. Quite a crowd collected in the vicinity during the slight disturbance.

"Mend Your Ways."

We have so frequently called attention to the condition of the theroughfare at the corner of Front and Queen streets, without any beneficial result, that it would appear altogether useless for us to revert the subject again. We will, however, once more ask the authorities to do something for that much neglected portion of the city. There is, and has been for some time past, a dangerous hole nearly in the centre of the street at that point, where the boards which formerly covered an acqueduct have rotted and fallen in. We have heard of several cases where persons travelling ou horseback at night have narrowly escaped serious injury from their animals falling into the chasm. There are other needed improvements in the vicinity, all of which we hope will receive the early attention of the authori-

Laying in Provisions.

Yesterday morning a barrel of pork belonging to Mr. Fred. Heyer was landed from the steamer Caswell on Messrs. Worth & Worth's wharf, and soon after a drayman was sent after it. Upon arriving at the place where it was left the drayman was informed by one Alex. Love that a colored man by the name of Caesar White had taken the barrel off on a dray, saying that he had purchased it. Officer J. C. Scott was put on the track of the missing pork, and finally succeeded in finding it on the opposite side of the river and subsequently in arresting a colored man by the name of Benjamin Williams, who had claimed the pork as his own and sold it to Cmear White. The culprit was taken to the Guard House to await a hearing before the Mayor's Court this morn-

Mesars, J. R. Turrentine and John McRae, two well known gentlemen, for some time past connected with the establishment of John Dawson, Esq., of this city, propose opening a henny's Drug Store, Northeast corner of Front and Market streets. Both members of the firm have had an extensive experience in the business and the ladies, particularly, will no doubt give them a fair share of their patronage. Mr. Turrentine goes North in about eight or ten days to purchase a stock.

COUNTY COMMISSIONERS.

Extracts from the Proceedings. A called session of the Board was held yes-

torday : The Sheriff offered his bond, but as the tax books are not ready for delivery, the matter was laid over until the 1st of September, or in the meantime the Chairman may call a meeting to take the bond into consideration.

Mrs. Fails, of Harnett Township was, on petition, allowed \$6 per month for her sup-

Mrs. Wm. T. Rackley, and Mrs. Elizabeth Wilson, of Caswell Township, were allowed \$4 per month each.

8. T. Potts, manager of the Oyrenean Cooperative Association, was granted license to retail spirituous liquors in the city.

It was ordered that the tax lists of real and personal property for the different townships of this county be accepted, and that the Clerk of this Board give notice in the newspapers of the city that this Board will attend at the Court House on Monday, Tuesday and Wednesday, 19th, 20th and 21st days of August, for the purpose of hearing complaints and revision

Ordered that Commissioners John C. Heyer, . M. Shoemaker and Jas. A. Lowrey constitute a Committee to have the tax lists for the different townships prepared and placed in the hands of this Board at the earliest possible

Adjourned subject to the call of the Chairman, and during the absence of the Chairman Commissioner E. M. Shoemaker to act as Chairman pro tem.

The Radical Joliffication.

The Republicans celebrated what they call their victory, last night, by a torchlight procession, speaking, &c. There were a large number of transparencies and any amount of torches in the procession. Of the mottoes on the transparencies we were enabled to decipher but a very few. There was quite a large crowd of colored people present from the neighboring townships and the procession, including boys, was probably about 2,000 strong. The jollification was kept up until a late hour and in the meantime the occasion was enlivened by the firing of cannon and a display of rockets.

Just as we are preparing for press we learn that a most disgraceful outrage was perpetrated on Fourth street, near Harnett, between 11 and 12 o'clock. While the procession was passing that point some parties made an assault upon the store of Mr. Claus Schriver, which was closed at the time, and the panne of the door smashed in and the glass broken, the door being pelted with stones and sticks. Is another column Mr. Schriver offers a reward of \$50 for information to convict the parties guilty of this outrage and we hope they may be brought to justice. Several persons were in the store at the time, who are ready to testify to the damage done a peaceable citizen.

There may have been other outrages of similar character, but this is the only authenticated one which has come to our knowledge.

Troops in Sampson. Lieut. Jones, with a small detachment of troops made their appearance in Sampson two or three days since. The object of their visit was not known to our informant. We learn that Lieut. Jones, on a former visit to Sampson, made a great many warm friends among the citizens and his advent among them again, although the motives of his visit are unknown, is not looked upon with any degree of apprehension.

Rusticating. Our local cotemporary of the Journal left here a few days since for for a brief sojourn in Chatham. We clip the following from the dry goods honse, about the 1st of October, in Raleigh News: "We had the pleasure of secportion of the building known as McIl- ing in our office yesterday Mr. Josh. T. Jarnes, local editor of the Wilmington Journal. Mr. James is enjoying the quietude of Chatham sounty for a while, resting from the duties which devolve upon a localizer of a daily."?

Capt. J. M. McGowan, for some time past connected with the Purcell House in this city, has accepted the Agency for Farrer's Electric and Ague Cure and will leave in a few days for Memphis, Tenn., and other points, where he will prosecute an active canvass in the interest of these justly celebrated medicines. Capt. M. has made many practical tests of the value of the Electric and Ague Cure in this city, and always with the most gratifying success. We commend him and his medicines to the communities he may visit.

There are some 1,400 names registered and 780 votes cast. The office where registration was carried on was very frequently left open and the books exposed to any who desired to register. Persons voted under names which were marked on the books dead, and numbers voted under assumed names, while others, who had only been in the county a few days were permitted to vote. At Palmyra there were nineteen more ballots than persons registered, Capt. Kitchen protesting against counting the votes at the time.
