The Belfast riot had not been suppressed yesterday. Four persons were killed. A man killed his wife in Boston Sunday. The Third National Bank of Baltimore was robbed of \$100,000 Sunday night. Greeley arrived in New York yesterday morning from New England. Caldwell's official majority in 84 counties 2,673. Raid in New York on the three-card monte gamblers. No new cases of yellow fever on the Numancia. Federal council of Internationals met in New York Sunday. American Girl beat Palmer. U. S. G. will not go to Chattanooga. Two drownings among bathers at Long Branch. Bloody troubles in Peru. Another yellow fever vessel arrived at New York and more expected. Indian difficulties in Utah. Judge Barnard impeached and removed. The Geneva news favorable. Races exciting at Saratoga. Disturbances reported in Ulster county. Rumors of Carlist rising in Spain.

BELFAST.
The head-breaking business in Belfast is getting serious. Four persons were killed on the streets yesterday morning. A whole section is given up to the rioters, and ruffians, without let or hindrance, stalk through the city brandishing firearms. The riot is a religious affair, and the combatants fight with all the intensity that the odium theologium usually inspires, Catholic and Protestant wreaking their mutual vengeance.

Read our corrected Election Table made up mainly from original sources. We went to great trouble to procure the official votes of the counties and have already published a large number of these. The table is necessarily incomplete, as all the returns have not been received.

Indications are favorable to the award of a lump sum for our direct damages by the Geneva Board of Arbitration. This will be a great saving of time.

THE CITY.

NEW ADVERTISEMENTS.
JOHN D. LOVE.—Bookstore Removal. GREEN & FLANNER.—Congress Water. DUDLEY & ELLIS.—Boots! Boots! H. BRUNHILD & BRO.—Liquor Store. W. G. CURTIS, C. S. C.—Legal Notice. WM. M. STEVENSON.—Confectioneries. M. CROLEY, Auct'r.—Horse at Auction. WM. M. POISSON.—St. John's Lodge.

Evidence Not Sufficient.
John Mosely, charged with assaulting and severely beating Mr. Thomas Thompson, on Thursday night of last week, had a hearing before Justice J. J. Cassidy yesterday morning. The evidence, though conclusive as to the fact that Mr. Thompson was severely handled by those who assaulted him, was not considered sufficient to convict Mosely of being concerned in the matter. He was thereupon released. We learn that efforts to discover and arrest the guilty parties in that night's transactions will continue to be made.

Mayor's Court.
The following cases were disposed of yesterday morning:
Henry Anderson, charged with disorderly conduct, was found guilty and sentenced to pay \$5 and the costs.
Nicholas Debeaux, charged with disorderly conduct. Case continued over.
Charles Maler and Magie Reed, charged with disorderly conduct. Judgment for the costs, \$25 each.

Lutheran Synod.
Rev. G. D. Bernheim, Pastor of St. Paul's Evangelical Lutheran church in this city, accompanied by Mr. Christian Haahagen, as delegate, left here yesterday morning for the purpose of attending the session of the Lutheran Synod of North Carolina, which assembled at Organ Church, Rowan county, about ten miles from Salisbury, on Wednesday next, the 21st inst. Mr. Bernheim expects to be absent about two weeks.

District Conference.
The District Conference of the M. E. Church, which has been in session at Smithville since Thursday last, adjourned yesterday, and the Steamer Alpha arrived late in the afternoon with a number of the members and visitors. We learn that there was a good attendance, and that the session was exceedingly harmonious and in every way a great success. In our next issue we will give an official report of the proceedings, prepared by Rev. Mr. Harris, Secretary of the Conference.

Bishop Gibbons.
We see by our exchanges that Rt. Rev. Dr. Gibbons, of North Carolina, is to be Bishop of Richmond, Va., in the room of Bishop McGill, deceased. This appointment transfers the latter prelacie from this State to Virginia, but both States will, for the present, be united under the Episcopal jurisdiction of Dr. Gibbons.

People born with wooden instead of silver spoons in their mouths, must remember that the former are more likely than the latter to make a stir in the world.

Local Notes.

—Heavy rains all along the line of the Wilmington, Charlotte and Rutherford Railroad on Sunday.
—Mould and mildew, the effect of the excessive damp weather, has begun to make its appearance.
—Telegraph poles on the W., C. & R. R., are up above Laurinburg and the wire as far as Brown Marsh.
—The authorities have purchased a fine pair of mules for service on the streets in addition to those already in use.
—See advertisements of valuable property to be sold at Exchange Corner this morning, by Cronly & Morris, Auctioneers.
—The final drawing in the Charity Hospital scheme will take place this evening. The great question now is, who will get the \$1,000 prize.
—Last week was observed as a week of prayer by the Southern Methodist churches through the appointment of the bishops of that church.
—Two rocking chairs, left out on a piazza on Second, between Chesnut and Mulberry streets, on Friday night, were stolen by some passing thief.

—One of our white Radical friends, attempting to vote in one of the Wards on election day, found he had been registered as colored. The necessary change was made on the books and he was allowed to vote.
—A patriotic citizen residing in the Southern part of the city has a Greeley rooster perched upon his chimney. It is made of tin and has inscribed upon it the name of the next President of the United States—Horace Greeley.
—A gentleman by the name of Wilson, from Plymouth, N. C., has purchased a large tract of land about 8 miles from Lilesville and is preparing to enter extensively into the business of getting staves which will be shipped to this port.
—According to an advertisement in this paper, the Board of County Commissioners were to attend at their office, yesterday, to-day and to-morrow, with the tax lists of the several townships, for the purpose of hearing complaints and revision of lists.
—The pastors of the two Methodist churches and the Baptist church were out of the city Sunday, which accounts for the absence of services at those places. The two former were in attendance upon the District Conference at Smithville, while the latter is in Virginia.
—H. Brunhild & Bro. advertise that they have the largest stock of pure Kentucky rye whiskeys and imported wines and brandies of any house in the State, and are ready to compete with any Northern market. Purchasers should give them a trial.
—A gentleman just returned from a visit to Maine informs us that during the excessive hot weather here a couple of weeks ago, where he was thick clothing was worn in the day, while over-coats were not at all uncomfortable at night, the temperature being about the same as we experience here in the latter part of October and during the month of November.
—"Vegetable pills" exclaimed an old lady. "Don't talk to me about such stuff. The best vegetable pill ever made is an apple-dumpling; for destroying a knawing in the stomach there is nothing like it—it always can be relied on."

Sanitary Matters Again.

We feel that we cannot too often revert to the sanitary condition of the city and urge upon our authorities the duty of doing everything in their power for its immediate improvement by every available means at their disposal. The lots and cellars should all be cleaned out and plenty of lime and other disinfectants used. The city, or some parts of it, is literally reeking with filth. Persons who pass through the streets late at night are almost suffocated with the stench arising from decaying vegetable, neglected lots and other sources. On Second, between Market and Dock streets, from Saturday night until yesterday afternoon, there were at least seven or eight bushels of watermelon rinds and other vegetable refuse, upon which heavy rains had fallen, steaming in the hot sun and sending forth an almost intolerable stench, while on Market street, in some places, there were piles of filthy substances which had been swept together and not removed.
Our authorities put forth noble exertions in the way of purifying the city last Summer and we believe it is only necessary to call their attention thus directly and pointedly to the matter to insure like action on their part now. But promptness and efficiency is necessary to counteract the miasmatic and unhealthy influences of the late heavy rains. There is nothing truer, especially in this case, than that "delays breed dangers" and "that an ounce of preventive is worth a pound of cure."

Our Chip Basket.

—A bad style of arithmetic—Division among families.
—Why is the root of the tongue like a dejected man? Because its down in the mouth.
—It is claimed that the handsome blonde at the Greenbrier White Sulphur Springs is from Tarboro, N. C.
—As daylight can be seen through very small holes, so little things will illustrate a person's character.
—Great powers and natural gifts do not bring privileges to their possessors so much as they bring duties.
—Happy are families when the government of parents is the reign of affection, and the obedience of children the submission of love.
—Mr. Miller, of Indianapolis, went on a cat-shooting excursion, the other night, and wounded a school marm, who was studying astronomy.
—The ladies at the United States Hotel, Long Branch, have established a society for the suppression of "poker." All married gentlemen not in their rooms by 11 o'clock are hunted up by the society in a body.
Citizens of Wilmington.
All of you who feel an interest in maintaining and making the "Cape Fear Agricultural Association" a permanent institution of this section of our State and of your city, are respectfully and earnestly requested to meet with the Executive Committee at the Court House in this city, at 8 o'clock on Tuesday evening, the 20th inst., for the consideration of important business connected with the Annual Fair in November.
1st. The objects of the meeting are:
2d. To consider all the "ways and means" to insure and make the Fair a full and complete "success" in all respects—quantity and quality of articles to be exhibited, and the full gathering of the people at the exposition.
3rd. To arrange for the accommodation of visitors, beyond the capacity of the hotels and regular boarding houses to provide.
4th. Any other appropriate business that may be brought before the meeting.
5th. The citizens must take this subject in hand, if they desire, as all our sister cities seem to desire, to maintain their "Fairs," and place them upon a permanent footing.
The officers have done and are doing all they can to "organize success," and it is for the business men of the city to say whether this shall be the largest and best (in all respects) "Agricultural, Mechanical and Commercial Fair" ever held in the State of North Carolina.
Come to our meeting and join hands with us, and work with us until the 12th of November, and our success will not only be assured, but the FAIR AND EXPOSITION will reflect credit upon the old Cape Fear country.
B. L. FREMONT,
President.

—Hon. J. J. Hickman, of Kentucky, comes to this State in the interests of the Good Templars. He is now in Raleigh.

NEW ADVERTISEMENTS.

A DISEASE WITH A THOUSAND NAMES.
Dyspepsia, the most prevailing of all human ailments. Its symptoms are almost infinite in their variety, and the forlorn and despondent victims of the disease often fancy themselves the prey, to turn of every known malady. This is true, in part, to the close sympathy which exists between the stomach and the brain, and in part, also, to the fact that any disturbance of the digestive function necessarily disorders the liver, the bowels and the nervous system, and affects, to some extent, the quality of the blood. A medicine that, like Hostetter's Bilets, not only tones the stomach, but at the same time controls the liver, produces a regular habit of body, braces the nerves, purifies the fluids and "ministers to a mind diseased," is therefore the true and only specific for chronic indigestion. Such is the operation of this famous vegetable restorative. It not only cures dyspepsia, but also all concomitants and consequences. Moreover, it is invaluable as a preventive of indigestion. No one who chooses to take half a wineglassful of this agreeable appetizer and stomachic habitually three times a day will ever be troubled with oppression after eating, nausea, sour eructations, or any other indications of a want of vigor in the digestive and assimilating organs. The debility and languor superinduced by hot weather, immediately and permanently relieved by the Bilets, and persons who are constitutionally inclined to look upon life "as through a glass, darkly," will be apt to take a brighter and more hopeful view of the situation under the genial influence of this wholesome medicinal stimulant.
