DUNCAN-POMEROY CONVENTION. Whether B. D. stands for Blanton

Duncan or Braying Donkey is a matter of but little consequence to the people of the United States; but those initials remind us that the Louisville straight-out fraud assembles to-day. We denounce it as a base fraud on the Democratic party of the country, and predict now that, whatever its action may be, that action will add strength to the movement in favor of Greeley and Brown.

Now, what do our people suppose was done by the thirty-two political dead-beats who assembled at Springfield, Illinois, a few days since, claiming to represent the true Democrats of that vigorous young State? Why, they appointed delegates (?) to the Louisville swindle, and then adopted a resolution closing as follows: "And we do pledge ourselves that in no event will we vote for the worst enemy of our time-honored principles, the notorious Horace Greeley; and we do further pledge ourselves to vote for a straight Democratic ticket or the present incumbent, Ulysses S. Grant."

Now, isn't that sweet? And these political gutter-snipes are the chaps who call themselves "unbought Demoerats;" who can't support the unanimously nominated candidates of the National Democratic Convention; but who are ready (and if the truth were told, anxious) to vote for "the present incumbent, Ulysses S. Grant."

We thank the fraudulent thirtytwo for thus distributing samples of the stuff that is to compose the Louisville swindle to-day. Now let them assemble in the Custom-house or the Post-office at Louisville and show their dirty hands. When they do that, the half-dozen respectable Democrats who have been duped into an endorsement of Brick Pomeroy's disreputable schemes will retire and the action of the fraudulent thirty-two will be endorsed. As the movement is gotten up in the interests of "the present incumbent, Ulysses S. Grant," let these "unbought" tools of Pomeroy and Duncan come out openly and say so, instead of bringing out a third ticket to take votes from their favorite.

PATRIOTISM AND FLAGS. A. Mooney, R. W. Logan, J. B. Carpenter, J. M. Justice and E. Whisnant, all of the County of Rutherford and State of North Carolina, and politicians of the Holden-Kirk persuasion, are so redundant of patriotism that they advertise their willingness to give to the county in this State "which shall give the largest increase majority for Grant and Wilson over the majority given in the last election for Gov. Caldwell, a stand of colors worth one hundred dollars,"

We submit that this proposition is not couched in suitable terms, it being evidently the intention of the Mooneyed quintette to give the colors to the county giving Grant the largest proportionate vote in excess of registered Radical voters With this amendment, the "repeaters" of Halifax county will take the starry rag off Mr. Mooney's bush beyoud any reasonable doubt, though there are several other counties that would not be far behind prolific

Halifax.
We feel confident the colors will go to "H- or Halifax," one! The Radical vote will probably be stronger in the former place.
