OUTLINES.

The Louisville fraud burdens our columns this morning to the exclusion of more interesting matter. —The magnificent Cathedral at Canterbury was burning yesterday. —Blanton, Duncan made a nonsensical speech at Louisville. —Gold quiet at 113 1/2 @ 113. —Spirits Turpentine steady in New York.

OPINION'S LETTER.

The letter of Charles O'Connor to the Louisville tea-party, the full text of which we publish under our telegraphic head, is one of the weakest political productions it has ever been our misfortune to read. We venture to assert that there is not a man in the United States who knows Mr. O'Connor's reputation as a lawyer, but will be astounded when he reads and attempts to analyze his Louisville letter. Whatever may be his present ability as a lawyer, Charles O'Connor is politically in his dotage. He shows his full sympathy with the Duncan-Pomeroy movement, however, when he indirectly acknowledges that he prefers Grant to Greeley; and this is all the true Democrats and Conservatives of the country care to know about Charles O'Connor.

DESTRUCTION OF CANTERBURY CATHEDRAL.

The burning of this hoary and magnificent pile not only brings pain to the true devotee of our Holy Religion, but saddens every heart "Devoted to fancy, virtue, art" in all the world. Wherever there is a taste for the beautiful, the ancient, the massive and the grand in art, there will be regrets at the casualty which in a short hour levelled to the dust one of the proudest ecclesiastical structures of the world ever saw.

The history of Canterbury Cathedral is the history of England, the history of insular civilization, the history of the Anglican Church. Here the Kings were crowned, the archbishops mitred, the great ecclesiastical councils held. All the glory is departed. Charred and blackened ruins remain. But the good and great and sweet influences upon civilization, religion, every form and phase of life, likewise remain, thank God.

ANOTHER SAMPLE BRICK.

We do not refer to Brick Pomeroy this time, but to Maj. C. W. Gassette, of Raleigh, who voted the whole Radical ticket in our recent State election, and who, as we learn from the News, left Raleigh Saturday evening as a self-constituted delegate (?) to the Grant side-show at Louisville. A majority of the animals in Duncan's menagerie are just such cattle as this fellow Gassette—full-fledged Grant men hired to go to Louisville and nominate a "Straight" Democratic ticket.

NEVER HAS THE ATTEMPT BEEN MADE

topalmoff on the American people such a transparent humbug as this Duncan-Pomeroy conclave. Why, the whole affair will simply result in a political ten-strike for Greeley and Brown. "Whom the gods wish to destroy they first make mad."

OH! NO, MR. GRANT; YOU CAN'T COME

that dodge over the people of the United States.

PROGRESS OF THE MAINE CANALS.

Tremendous Efforts of the Renominators to Save Perham's Majority—A Force of 200 Speakers in the Field—They Claim Only 8,000 Majority. (By Telegraph to the Tribune.)

PORTLAND, Sept. 1.

The Administration party are concentrating their forces for a final and desperate effort this week to save Perham's majority. About 200 native and imported speakers are now in the State. Secretaries Creswell and Robson and Congressman Dawes being among the latest arrivals. It is intended to make a simultaneous attack all along the line with speaking at all the important points during the week. Also, there is to be a careful canvass of every precinct and school district, so that the Grant Cause may be as sure as possible exactly how every voter will vote on the 9th. It is noticeable that the Administration men have gradually dropped their claimed majority. A fortnight ago it was 15,000, a week ago it was modified to 10,000, and it is confidently asserted that Perham will have at least 8,000 in the State. Only the latest speakers held to any thing like the large figures at first put out, but this may be part of a plan. Still there is a lack of confidence in Perham.

The Opera House.

Mr. Chas. E. Burr, of this city, an excellent scenic artist, is engaged in painting the scenery of the Opera House, which is to be thoroughly overhauled. There are various improvements to be made in the hall, all of which will be completed during the present month, in time for the commencement of the Theatrical season. We mentioned some weeks since that one hundred and fifty orchestra chairs were to be added to the facilities for seating the audience. In addition to this, we learn that it is intended to erect a temporary floor over the parquette for the accommodation of balls, church fairs, &c., which will make a very elegant Hall for such purposes, a thing much needed here.

Dramatic Association.

A number of young gentlemen of this city have organized what they term the "Empire Dramatic Association," which is expected to contribute to the amusement of our city during the approaching season. They are already rehearsing and making other necessary preparations, and intend to make their first appearance about the last of this month.

BURNING OF THE BIENVILLE.

Arrival in Wilmington of Six of the Survivors.

The Schr. Carleton, Capt. Albury, arrived at this port yesterday from Nassau, N. P., with six of the officers and passengers from the ill-fated steamer *Bienville*, which was burned at sea, on lat. 25.12, long. 74.15, on the 15th of August, full accounts of which have been given in our telegraphic columns. The *Bienville* was commanded by Capt. Jeff. Maury and was bound from New York to Aspinwall. There were on board at the time of the disaster 82 passengers and 65 crew. Of these 84 are known to have been saved; the others are either drowned or missing. The names of the passengers by the *Carleton* are as follows: George Rea, passenger; W. B. Wood, passenger; A. S. Barney, passenger; Dr. George Badger, Surgeon; George W. Close, steward; David Lewis, 2nd steward.

The following letter, which shows the condition of the survivors of the wreck now in our city, and which was received at the hands of Capt. Albury, of the *Carleton*, has been handed us for publication:

NASSAU, N. P., Aug. 24, 1872.
SILAS N. MARTIN, Esq., Wilmington, N. C.:

DEAR SIR:—Dr. Geo. Badger, last of the ill-fated steamer *Bienville*, with three or four of the others who have been saved from that vessel, are passengers in the *Carleton* to your city.

From the copy of the *Times*, which Capt. Albury will hand you, you will gather the particulars of the disaster, from which you will perceive that those who have landed safely from the *Bienville* have landed in a destitute condition, having no time nor opportunity to secure more than the clothes they had on. Their situation has excited so much sympathy here that a subscription has been got-up for the purpose of supplying them with clothing. As these parties desire to reach New York and have, of course, no means of paying their way, I shall feel obliged if you would assist them in getting there, and I have no doubt that your position and influence would suffice to do this favor to them. A schooner has taken some of the saved to Baltimore, but she could not take all. A few therefore go in the *Carleton*—and some forty still remain behind.

If you could help the latter to go on to the North you will confer a favor upon me and be doing good service in a case of real distress.

With best wishes, yours truly,
R. H. SAWYER.

Since writing the above, we learn that the officers and passengers of the *Bienville* were to leave for New York on the 10-40 train last night, their immediate necessities having already been attended to by one or more of our generous hearted citizens and means provided by which they are enabled to reach their destination.

THE CITY'S DEFENDERS.

The Newly Elected Policemen Take the Oath of Office—Address of Mayor Wilson, &c.

Yesterday afternoon, at 3 o'clock, the members of the newly elected police force, in accordance with notification from His Honor Mayor Wilson, met in the City Court room, when they were duly qualified by taking the usual oath of office, after which they each came forward and subscribed to the conditions and requirements for the government of the Department.

His Honor, Mayor Wilson, then addressed the force in the following words:

GENTLEMEN: The oath that you have severally taken to-day as policemen of this city is a solemn one. The peace, quietness and good order of the city, to a great extent, remain in your hands, and to you the citizens look for a better protection of their lives and their property. None but men of well known character for sobriety and worth should be placed in so important a position, and the Board of Aldermen, in appointing you to that position, confide in your honesty and integrity. Whilst first in the discharge of your duties you must, at all times, be civil and orderly; must maintain command of temper, observe decorum and exercise patience under personal provocation, and while exercising courtesy of demeanor and respect to superiors in rank, I shall hold you strictly responsible for the proper discharge of the duties severally assigned you. You will be held strictly accountable for the preservation of the public peace and for the fullest extent of the law, and your ability, to prevent assaults, breaches of the peace and all crimes about to be committed. The rules and regulations of the police department will be maintained and each one of you is expected to read, study and conform to the rules, and any willful violation of any of the rules and regulations of the department will be promptly met by a dismissal from the force. It should be your ambition to do your whole duty. I have confidence that you will do your duty and that you will act as men of probity and character.

The force as now constituted, comprises the following persons:

Captains.—John Fitzgerald, and Lewis Nixon.
Sergeants.—1st, Henry R. Kuhl; 2d, John W. Nash; 3d, Jack Davis.
Privates.—James H. Harris, Richard Sherwood, R. H. Brown, Joseph Cutler, Stephen F. Walcott, Richard J. Jones, Wm. H. Howe, Robert McKenzie, Josh Green, Geo. W. Green, Laurence Allen, Daniel Haynes, Beverly Scott, J. N. Van Soelen, Lewis Bryant, Edward Lucas, R. H. Leek, G. W. Davis, John Evangelist, Lewis Gordon.

The new force entered immediately upon the discharge of their duties.

Change in Policemen.

At the meeting of the Board of Aldermen on Monday night, Messrs. J. D. Orrell and G. W. Sealey tendered their resignations as members of the newly elected police force. W. H. Harrison, another of the newly elected members, was discharged. The following persons were elected to fill the vacancies: Lewis Gordon, John Evangelist, Geo. W. Davis.

Mayor's Court.

The following cases were disposed of yesterday morning:

Edward Gauge, charged with drawing a pistol and with disorderly conduct generally, was found guilty and sentenced to pay a fine of \$20 or go to the Work House for 30 days.

George Owens, charged with disorderly conduct, was fined \$10 and costs.

Three cases were continued over for a future hearing.

The Indigent Poor.

From the report of J. Francis King, M. D., President of the College of Physicians and Surgeons, to His Honor Mayor Wilson, of the number of indigent poor to whom medicines have been dispensed during the month of August, we get the following items: Number of persons, 117. Males, 30; females, 87. Colored, 56; whites, 61. Merchantable value of medicines dispensed, \$38 70.

The Baltimore Robbery.

Demonstrates the oft-told tale that cheap safes, old-fashioned safes, safes not up to the times, are the temptations to burglary. Bankers may provide watchmen, and may use other safeguards, but they will not put their money in the watchman's pocket, or trust it in a tin or wooden box, no matter how many guards are used. The safe, after all, is the last receptacle. No amount of watching or guarding will ever make a poor or old-style safe trustworthy. This is the citadel, and should be the best that can be made. THERE IS BUT ONE BEST. HERRINGS & FARRELL, 251 and 263 Broadway, cor. Murray st. Only manufacturers of HERRING'S NEW PATENT CHAMPTON BANK SAFES. [1*
