The vote is increased for both parties in Vermont. Probable Radical majority of 25,000. - The Straight-Outs have nominated Charles O'Conor for President and John Quincy Adams for Vice-President. For the first time since 1860 the Democrats carried Wilmington, Delaware, —Hy-acinthe is married. —The entire crew of a ship in the South Sea Islands were massacred by the natives -- Democratic and Liberal Conventions of New York in session at Syncuse. -- O'Conor's telegram on reception of the announcement of on at Louisville is construed to mean that he will accept if the convention will arge him. — Judge Chase re-turns from New England in improved health. — Loss of brig Annie and Michacl with 90,000 ft. of lumber in a gale. Crew arrived safely at Bavannah.

LOUISVILLE.

The vote on the nomination at Louisville stood-O'Conor 600, Pendleton 4. A letter was read from John Quincey Adams stating that he would support O'Conor and accept the second place on the ticket.

A later dispatch states that Mr. Adams was nominated on the third ballot for Vice-President. A telegraphic dispatch from Charles O'Conor expresses his desire to be allowed to remain in private life, (he will be gratified) but endorses the Louisville abortion as being first-rate Democratic practice, &c., &c., ad nauseum The telegram, it is thought, is only the maiden modesty which says, "Oh, I can't play," but only waits for hard insistance.

Thus two distinguished men allow themselves to be dragged into the mud by the emissaries of Grant and the Radical party. They only injure themselves. They do not hurt the Liberal Democratic party.

CONTINUE TO SEND THEM IN.

We urge upon the people in the the counties where frauds are reported to send full and accurate statements of the same to the Chairman of the Democratic-Conservative State Executive Committee at Raleigh, Hon. D. M. Barringer. In the matter of the election exact justice must be done, the blatant threats of the Era and Radical party to the contrary notwithstanding.

Wake up, friends, and report every instance of well-authenticated fraud and irregularity in registration, voting or making returns. We must have elections free and pure in North

VERMONT ELECTION. A Montpelier dispatch of last night gives a probable Radical majority of 25,000.

This is a considerable Liberal gain. The Radical majority at the September State election of 1868 was 27,326.

Grant's majority was 32,122. "The Liberal movement is losing ground;" oh yes! Greeley is so unpopular in New England. We didn't

expect to storm this stronghold of Radicalism. It is a moral victory to reduce on a full vote their former majorities in such a hide bound State as Vermont.

Let every county and township be fully and thoroughly organized for the campaign that is now upon us .-No time to lose. Our advices from different parts of the State are very hopeful, but this should inspire us to make renewed exertions.

Ever since his father was defeated by Greeley for the Liberal nomination at Cincinnati, Quincy Adams and the whole Adams tribe have been down on the Liberal movement .-They now go into the Grant fold through the doors of the Duncan side show. They leave no gap.

The thing has gotten so warm in Indiana that Senator Schurz has to sunrise or any time a crowd collects to hear him.

— The Carolina Era, in invoking brute force to prop Caldwell in his position as Governor of the State, shows the desperation and violent spirit of the Radical leaders. For that paper, as the party organ, would not dare to uner such revolutionary sentiments, if it was not upheld and sustained by the voice of the prominent members of the arms pages.

THE EVENING BEFORE THE NOMI-NATIONS.

[Special to the Sun.] SYRACUSE, Sept. 2-Evening.

A good many delegates to both Conventions are here. The main mestion is the nominee for Governor. All admit that either Church or Seymour would best meet the needs of the situation, both State and national but it is feared that Church will positively decline because of his judiciary position. This is not certain. Seymour is said to be pledged to Kernan, and it is asserted that Church favors him. Kernan is strongly pressed by the counties in this vicinity. Samuel J. Tilden is earnestly for Kernan, and left the train at Utica to confer with him and Seymour. The fight will be over Kernan, I think. Beach, Potter, Slocum and Schell are named. For Lieutenant-Governor, Alvord, Little-john, Depew and Dorshiemer are named, For Congressman at Large, Cox and Dorshiemer are mentioned.

The Blackfish Grounds.

We are glad to learn that the excursion to the blackfish grounds yesterday met with very flattering success. Besides enjoying themselves to the fullest extent the party succeeded in landing about twelve hundred fish one of the number catching as high as one hundred and fifty. The day was fine and the sport in every way satisfactory. We learn that another trip to the grounds is proposed for some time next week.

Fatal Accident.

A white man by the name of H. L. Lawson, was run over on the Wilmington, Columbia and Augusta road; on Monday night, just this side of Timmonsville, and instantly killed. It is supposed that three seperate trains passed over him, as his body, when discovered the next morning, was horribly mutilated. Deceased belonged in Timmonsville and was about 25 or 30 years old. It is supposed that he was intoxicated and lay down on the track and went to sleep. An inquest was held over his remains yesteaday and a verdict returned in accordance with the facts.

A Sick Sailor.

A white seaman, by the name of Thomas Fitzsimmons, was admitted into the City Hospital yesterday for treatment, he having been suffering for several days past with a severe attack of intermittent fever. He shipped some time last week on the Schr. John, for New York, but being taken sick before the vessel got outside of the bar, Capt. Williams landed him on the wharf at Smithville, when he was taken care of by some of the citizens until yesterday, and then brought to this city on the Seward.

County Commissioners. An adjourned meeting of the Board was

held yesterday: Petition of H. E. Scott, relative to the Poor House, was referred to Committee on Poor House, with power to furnish articles

required if deemed necessary. Bond of Joseph Highsmith, Constable of Harnett Township, for \$500, with Deleware Nixon and J. W. Schenck as sureties, was ordered registered and filed.

It was ordered that the Clerk of this Board notify the Sheriff of the County to prepare and deliver to him a statement of Schedule B tax, and such other collections of taxes as are mentioned in section 34. Chapter 49. of Revenue Act of General Assembly of 1871-72, with affidavit as required by law.

It was ordered that the Clerk of this Board notify the Board of Trustees of Caswell Township, that it is the opinion of this Board that the public interest will be subserved by changing the present overseer of roads by making a new appointment.

The following preamble and resolution were adopted:

Whereas, It appears that the Bonds of J. W. Schenck, Jr., Sheriff of New Hanover County, are not in such sums or secured by such securities as will insure the due col-lection of the State and County taxes, and the payment thereof, which are collectable during the year 1872. And, whereas, the late Board of County Commissioners has duly notified the said J. W. Schenck that other and further bonds will be required of him, as will appear by the records of the Board of Coudty Commissioners, reference thereto being had; And, whereas, the said J. W. Schenck has failed to offer to this Board good and sufficient bond, with good and sufficient sureties thereto, conditional for the faithful collection and payment of said taxes for the said year of 1872, as required by the said order and notice, the Board of County Commissioners now here, in pursuance of the Act of Assembly in such case made and provided, do.

Resolve, That the Board proceed to elect and appoint a Tax Collector for the collection of the said taxes of 1872, aforesaid.

In pursuance of the above order, the Board proceeded to elect and appoint a Tax Collector as aforesaid, and after due consideration do elect and appoint David Pigott, provided the said Pigott shall execute and deliver to this Board one bond in the penal sum of \$30,000, conditional for the faithful collection and payment of the county tax as it appears upon said tax list, said bond with the securities thereto to be approved by this Board.

The Board adjourned to 104 o'clock this
