## JUDGE MERRIMON.

This gentleman has been most villainously treated by the Radical press of this State. Before the election they said he was a friend of Kirk, a persector of "Union" ladies, a confrere of Swepson and Littlefield. Since the election they change their tune and now talk of the incorruptable Merrimon, so superior to Ransom and Vance, etc., ad nauseam. They had an axe to grind with the illiterate voter before the election. They have an axe to grind with the Legislature in November. Hence this beautiful sandwiching of vituperation and praise. The sneaks! But as we have said before the best laid plans of Radicals gang aft agley. Judge Merrimon is too pure and too able a man to be caught in their flattery traps. Apropos of this matter, the Raleigh News of yesterday, clinches the accepted statement-that the Judge would contest Caldwell's election-by an authoritative affirmation.

The News says: The Radical press of the State has re-cently been making the assertion that Judge Merrimon declared his intention not to contest the late election before the next Legis lature. We are aware of the fact that Judge Merrimon will, in the name of the people of the State, demand a thorough investigation into the manner of the late election, and if fraud be discovered, of which we have not a particle of doubt, then the contest will be made in spite of the assertions of the Era that war will be made in such an

Nor will the effort that is being made to induce Judge Merrimon to refrain from the induce Judge Merrimon to refrain from the contest, with the hope of receiving higher promotion, be successful. Judge Merrimon has at heart not only the good of the people of the State, but will carry out in faith the favorable opinions which he won in the last campaign, and will demand, in the name of the people, that the ballot-box be purged of the immense frauds which are practised upon it, and that if he has been elected by the honest vote of the State, he be seated as Governor of the State of North be seated as Governor of the State of North

# LIBERAL REPUBLICANISM IN

It gave a change in the vote of five per cent. Five per cent. carries Pennsylvania, Indiana, Connecticut, California and Alabama from the Grant column to Greeley's. Not so bad by a jug full. What then is Maine's lesson? Work to get her five per cent. in the Keystone State and Indiana, and, as the Tribune says, "the battle down to extinguish it. wins itself."

The "Council of Three" assure re to be no more tears for La Belle France. Good for the "Three." Let us have universal peace.

Confusion to O'Conor! does he want to lose his and his read ers, wits for in another letter, socalled?

The Roanoke News has the following dots of progress for Littleton: Col. W. A. Johnston has just finished a splendid three story gm louse, the machinery of which he proposes to run by steam, having just bought one of Tanner's portable en-gines, such as was on exhibition at our last gines, such as was on exhibition at our last Fair. He expects to add a grist mill soon,

— Mr. M. Newsom is building a conveniently arranged store house which he expects to fill with goods as soon as finished.

— Dr. Willis Alston is building a nice residence, and will soon proceed to build and open a drug store. — Mr. Gid B. Alston is having a large manufacturing mill built on Fishing Creek, near his store. — There are twelve northern men living near by, all of whom seem to be succeeding well as farmers and fruit growers.

— Two negroes suspected of turning the switch at Brown's Turnout, on the R. & G. R. R., and thus throwing a freight train off the track, were tried and acquited at Littleton a few days ago.

- We see by the Robesonian that the Presbytery of Favetteville met in its fall session at Bethesds church (Head of Rockfish), in Moore county, on Wednesday last. The attendance was large, and the proceedings interesting.

- We notice in the Journal, published at Charleston, West Virginia, a handsome compliment to the honesty and integrity of Mr. Joseph Shields, late Collector of Internal Revenue for that District and a brother of Mr. G. C. Shields, of this city.

The Right|Step. Many will be glad to learn that Acting Mayor Brink has given directions that permissions for no more scrub dances are to be given. In certain locations on both North and South Water streets these dances have been almost of nightly occurrence and have long since been voted a most intolerable nuisance. On Tuesday night, in conse quence of the disorder which prevailed, the police made a raid on one of these establishments and broke up the fun, and hereafter they will not be permitted.

Another Homeless and Friendless

A white man, who gives his name as John Bolton, and says he is from Canada, was picked up at the Depot of the W., C. & R. R. R., yesterlay, and carried to the City R. R., yesterday, and carried to the City Hospital. He appeared to be suffering severely from fever and stated that he had on sick for about a week, but had no home to go to or means to procure medi-cines or medical attendance.

# WILMINGTON, N. C., THURSDAY, SEPTEMBER 12, 1872.

Executive Committee Meeting. A meeting of the Executive Committee of the Democratic-Conservative party was held at the STAR office yesterday afternoon.

It being suggested that some doubts were entertained as to the authority of this Committee to conduct the Presidential campaign in this county, the Chairman read the following letter received from Hon. D. M. Barringer, Chairman of the State Executive Committee:

RALEIGH, N. C., Sept. 4, 1872. W. H. Bernard, Esq.:

My DEAR SIR:-Yours of the 31st just re ceived. Your appointment as Chairman of the County Executive Committee continues through the Presidential campaign. It was so intended under the general plan of organization, which embraced the appointment of Presidential Electors and other matters pertaining to the Presidential can-Yours very sincerely, D. M. BARRINGER.

Mr. R. K. Bryan offered the following resolutions, which were unanimously adop-

Resolved, That we recommend to the Conservatives of New Hanover County that they organize a Club in each Township and Ward, in order that the claims of Horace Greeley and B. Gratz Brown for the Presidency and Vice-Presidency of the U. S. be

duly presented to the people.

Resolved, That the Executive Committeeman for each Township and Ward in the county be charged with the duty of calling a meeting in his Township or Ward, for the purpose of organizing a club therein.

Mr. F. W. Kerchner was elected a member of the Committee, to represent the Fourth Ward, in place of Mr. Wm. H. Bernard Chairman of the Committee.

There being no further business, the Committee adjourned.

Personal.

We are pained to learn from the Raleigh News that Dr. C. T. Murphy, Senator elect from Sampson, has been quite sick in Morganton for some weeks past, which has prevented him from attending to some duties as Chairman of the Committee on Charitable Institutions which require his immediate attention. His health, however, was improving a couple of days since. We are pleased to learn that the health of his lady. who has been quite ill at Morganton, is also improving.

### The Steam Engine Bankin.

We were shown, yesterday, one of the flues taken from the steamer Rankin. It was eaten through in several places by the rust, which covered it to the depth of a quarter of an inch. The other flues, we learn, are not in much better condition. As no salt water has been used in the engine it is difficult to conjecture why they should have so easily rusted. New flues have been ordered and will be placed in the engine in a few days, when she will be in better condition for service than ever before.

Nearly Finished.

The bridge across Black River, now in process of construction by Mr. R. G. Ross, of this city, will be completed in about two weeks. This bridge will connect the coun ties of Duplin and New Hanover and will no doubt be a great benefit to the trade of this city, as it will materially facilitate the transportation of the rich products of the Kaintuck and other sections to our market. We hear that it will be christened Black Bridge, in compliment to Commissioner A R. Black, to whose exertions the success of the project is mainly due.

Larceny. Yesterday Lewis Gause, Charles Roo and Eliza Finch, all colored, were arrested on a warrant charging them with the lar ceny of a trunk containing a quantity of wearing apparel, the property of Mr. John F. Heines, and which was appropriated during the progress of the fire on Sunday night. The parties were required to give bond in the sum of \$100 for their appear ance before Justice Cassidey this morning. at 10 o'clock.

erford Railroad yesterday we have intelligence of a horrible tragedy that took place in Robeson county on Tuesday evening last. It seems that two white men named Gilchrist and McClennan had some misunderstanding at a church a few Sundays ago, during which both parties became very much exasperated. At the solicitation of mutual friends, however, they agreed to drop the matter for the time being. It termination to prepare for a future occasion and on the evening in question they encountered each other at or near the ing the animal he fell dead in the road. Gilchrist lingered until yesterday morning, when he also died.

Fatal Affray between Two White Men in Robeson County-They are Both

By the Wilmington, Charlotte and Ruth seems, though, that each had formed a deresidence of a Mrs. McCormick, not far from Lumberton. It appears from what we can gather that they met on the road, when Gilchrist drew his pistol and fired upon Mc-Clennan and then ran off, followed quickly by his antagonist, who in turn drew his pistol and shot down Gilchrist, following up his advantage by deliberately walking up to the fallen man and firing three shots into his head. He (McClennan) then turned off and walked back towards the point where he had dismounted from his mule when he saw Gilchrist approaching, but before reach-

The Horse and His Rider.—It was a happy day for Horse and his rider when the Mustane Linders was introduced as a cure for the external diseases and injuries of both. In the stable, the barn and the household this wonderful emollient is equally useful. If a horse is spavined, or foundered, or harness-galled, or afflicted with any other of the many superficial ills that equine flesh is heir to, the Liniment effects a speedy cure, and it is equally efficacious when applied to draught oxen or cows suffering from outward swellings, strains, or hurts of any description. As an application for bruises, cuts, burns, rheumatism, stiff joints, neuralgia, sprains, earache and toothache, it takes precedence for all other tropical remedies, and is therefore an article of prime necessity in families.
