### THE OREGON SENATORSHIP. THE ELECTION ON TUESDAY-POSSI-BILITY OF THE ELECTION OF CORBET. [BY TELEGRAPH TO THE TRIBUNE.]

WASHINGTON, Sept. 15. The election for United States Senator in place of Corbett will be held by the Oregon Legislature on Tuesday next. Thus far the opposition have held no caucus, and the Grant party in this city are greatly concerned for fear the Democrats and Liberal Republicans will unite and elect an opponent of the present Administration. The Democrats lack only eight votes of a majority in the Legislature, and it is feared that Corbett, who is not now and has never been a warm supporter of Grant, has enough friends, with the aid of the Democrats, to elect him as the Liberal candidate against either Mitchell, who is Bed Holliday's candidate, or Williams, the present Attorney-Gen-

Exciting Bunaway. Considerable excitement was created on Front street yesterday afternoon, about 3 o'clock, by a double runaway. A horse, attached by a halter to the centre of a long plank, which was dangling at his heels, came dashing down Front from the direction of Princess street. At the corner in front of Mr. A. D. Brown's millinery store he encountered a horse and dray, over which he dashed and took the sidewalk in the direction of Dock street. In the meantime the horse attached to the dray, in front of Mr. Brown's, became frightened and started up Front in the direction of Princess street, running on the sidewalk until he reached a point between Harris' News Stand and the Dawson Bank, when he fell. He rapidly regained his feet, however, and started again, but brought up against the iron railing in front of the Bank, when some one caught him. Two or three persons standing on the pavement near the news stand narrowly escaped being run over by the animal, while the railing of the

bank against which he ran was started from its fastenings by the force of the collision.

### Politics and the Crops.

A letter from a friend at Black Creek, Wilson county, who has just returned from Morganton, says he found much enthusiasm mong the mountain people for Greeley. That section, he says, will doubtless give Greeley and Brown a much larger vote than t did the State ticket. The crops in the West, our friend rcmarks, are remarkably fine. The cotton crop in the Wilson section is indoubtedly a short one. A Note for Sportsmen.

We hear that two large bears were seen at Point Peter early Monday morning and gain the same evening. They were prowlng around the premises of Mr. Potter and adly frightened some of the colored peoole. A fine opportunity is here presented or some of our sportsmen to try their skill. We have heard before of bears being seen in that vicinity.

### -ADDRESS OF GEN. EWING. [By Telegraph to the Tribune.] SPRINGFIELD, Ohio, Sept. 15.

2

Ε.

The largest night meeting ever held in this city, or in Central Ohio outside of Columbus, was addressed here, Saturday night, by the Hon. Thomas Ewing, Jr. The lowest estimate upon the crowd was 8,000, and some place it as high as 12,000. The enthusiasm was beyond all precedent. A torchlight procession, numbering probably 1,000, of whom hundreds were Liberal Republicaus, paraded the principal streets, and in passing General Ewing's hotel paid him such an ovation as no public man ever before received here. Shouts for Greeley and Brown and the State ticket fairly rent the air. Five clubs of 150 members each, some in uniform, turned out in the procession with music, banners, and all the paraphernalia of enthusiastic Greeley men. Mr. Ewing's speech was a vigorous indictment of the Grant Administration and a telling expose of its corruption, He spoke for 1½ hours, and was listened to till his closing sentence by the vast crowd.

ENCOURAGING INDICATIONS FROM ALL

PARTS OF THE STATE-COL. GROS-VENOR AND OTHER SPEAKERS AD-DRESS A LARGE MEETING AT DEL-

AWARE. [By Telegraph to the Tribune.] COLUMBUS, Sept. 15.

The Liberal canvass in Ohio has made satisfactory progress during the past week. The Greeley meetings have all been well attended, and the speaking has been more than ordinarily effective. The advices that have been received from all parts of the State by the Executive Committees of both the Democratic and Liberal Republican organizations are of the most cheering character. The supporters of Greeley feel confident that they will carry Ohio, both in October and in November, and will elect not less than 11 out of the 20 Congressmen, with the chances in their favor to elect four or five more. Col. Wm. M. Grosvernor of St. Louis has been speaking in Ohio since last Wednesday, and his meetings have all been excellent and quite large. He addressed a fine meeting in the Opera House at Delaware yesterday afternoon. His speech occupied two hours in the delivery, and was a powerful arraignment of the Grant Administration and the Grant party, and an effective appeal for the Reform cause. In the evening a mag- the day. nificent torchlight procession paraded the streets of Delaware with music, banners and transparencies, exciting the liveliest enthusiasm. Amid the thunder of cannon and the shouts of

the coast: north roasted lamb, tender and nicely dressed and west of the Ohio Valley, the barometer A cynic adds, "and without any sauce." will probably continue falling, and the in dications are favorable for increasing cloudiness or threatening weather, but the afternoon telegraphic reports from upper Michi-gan to Nebraska and westward are missing.
