WILMINGTON, N. C., THURSDAY, SEPTEMBER 19, 1872.

WHOLE NO. 1,559.

OUTLINES.

The International Convention at London declare in favor of universal amnesty, suffrage by ballot, compulsory common school education, disbandment of standing armies, abolition of indirect taxes, and suppression of usury. — The Sioux Indians murdered a family. — Fighting going on between whites and Indians. — Gambetta has made a deposition in regard to surrender of Metz. — Sentences of seven French Communists commuted to imprisonment; three were shot. — Livestock heard from again. — Troubles in the Creek nation. — A fair jury has at last been obtained. — Gen. John A. Logan, President of Soldiers' and Sailors' Convention at Pittsburgh. — The Attorney General has written a reply to A. H. Stephens' petition in behalf of the Ku Klux prisoners. He doesn't think they deserve pardon. — Greeley went West yesterday morning. — Steam Vessel Owners' Association meets in Cleveland, Ohio, next Monday. — Evidence cumulates against Forrester. — Gloucester schooner *White Eagle* lost with all her crew. — Thousands are dying with cholera in Bokhara daily. — Demonstration yesterday in favor of Greeley at Trenton as he passed on the cars. — Reported that about to be tried by a German court martial. — Soldiers and Sailors endorsed Grant, Wilson and Haytman and adjourned *sine die*. — Ministerial candidate elected President of the Spanish Cortes. — Indian speakers at Washington complain of unfair treatment from the whites. — Sherman was at the War Office yesterday.

Senator Morton made a speech to a small crowd at Anderson, Indiana, Monday. He called Greeley a rebel and traitor, of course. The Republicans are coming over to Greeley every day. It only takes ten Liberal Republicans in each county added to the Democratic strength to carry the State.

Ohio is the State for the Liberals to work in. The Granites are neglecting the Buckeye State. Let us make hay while the sun shines. Work in Ohio. Her 29 electoral votes will help Greeley wonderfully.

Liberal Prospects in Illinois.

Senator Trumbull confident that the State will be carried for Greeley.

[By Telegraph to the Tribune.]

CHICAGO, Sept. 16.

Senator Trumbull has written a friend in Springfield that in all parts of the State which he has visited the utmost enthusiasm continues in the interests of Reform, and that there can be but little doubt, if the present sustained efforts are continued, of the success of the Liberal ticket in this State by a large majority. Senator Trumbull has traversed the State more thoroughly than any other public man, and speaks from the knowledge elicited by actual observation and from absolute facts.

The Cincinnati *Volkblatt* declares for Greeley. The Editor to speak at Avondale in favor of the Liberal Ticket.

[By telegraph to the Tribune.]

CINCINNATI, Sept. 16.

The Cincinnati *Volkblatt*, the oldest and most influential German Republican paper in the United States, has to-day declared in favor of Greeley. Its editor and proprietor, the Hon. Fred. Hassauer, one of the ablest and most eloquent orators in the West, will, on Wednesday evening, at Avon Hall, Avondale, adjoining Cincinnati, reply to Judge Hooley on the issues of the campaign. He will take strong ground for Greeley and Reconciliation as against Grant's military rule and arbitrary government. In doing so he will reflect the

sentiments of a large majority of the German Republicans of Ohio.

Liberal Rally in Champaign.

[Special Dispatch to the Chicago Tribune.]

CHAMPAIGN, Ill., Sept. 14.

One of the grandest demonstrations of the campaign took place here to-day and this evening. General Black and Senator Trumbull unite in pronouncing it the largest audience they have yet addressed. Carl Schurz's Bloomington meeting is probably the only one held in Illinois that exceeded this one in numbers.

Local Notes.

— Marshal Canaday left yesterday morning on a brief trip to Hillsboro.

— One of the colored female patients at the City Hospital died yesterday.

— The cistern at the corner of Sixth and Castle streets is being repaired.

— We noticed several watermelons in market yesterday, but neglected to enquire how they retailed by the peck.

— Cheney McNeil, not having paid her Court fine yesterday, was remanded to the Guard House to await her action in the matter.

— The new building for Messrs. Oldham & Cumming, now being erected on the wharf foot of Dock street, is nearly completed.

— We are requested to state that there will be a meeting of the Mechanic's Hose Company at their Hall this evening, at 8 o'clock.

— The new colored Masonic Lodge, at the corner of Eighth and Princess streets, is now going up rapidly and will soon be completed.

— Sarah Walker, colored, was sent to the Work House yesterday, she having failed to settle the fine imposed upon her by the Mayor's Court.

— Only about eight out of the one hundred building lots offered for sale yesterday were knocked down to purchasers. They brought too little "monish."

— We learn that Stephen Lowrey and Andrew Strong have issued a proclamation of outlawry against the young men who have been hunting them so persistently and offered a reward of \$200 each for their capture!

— H. E. Scott, Esq., Superintendent of the County Poor House, informs us that he killed a coach-whip snake on his premises Tuesday, which measured exactly six feet in length. He has been "bottled up" in alcohol for "future reference."

— See notices from various Lodges, Associations, Companies, &c., requesting members to be at their different Halls for the purpose of attending the funeral of Mr. H. Haar, Jr., which takes place this afternoon, at 3½ o'clock.

— The latest amusement among the juveniles is "playing circus." We noticed one in full blast yesterday afternoon, in a tent which they have erected in the open lot on Princess street, opposite the City Hall.

— Some of the boys displayed remarkable agility, considering their experience, in the art of "grand and lofty tumbling."

— The river had risen about 4 feet at Fayetteville during the latter part of last week, under the influence of the late rains, but had fallen again about fifteen inches when the *Les* left Monday, and has been steadily falling ever since. It is the impression of the boatmen that the water is as low now as before the rains.

Type for Sale.

We offer for sale the display and body type formerly used in printing the Daily and Weekly Star. Also, a lot of column rules, chases, brass dashes, &c. The assortment of type is large, and consists of Bourgeois, Minion and Nonpareil. To a cash purchaser the entire lot will be sold on the most reasonable terms, or it will be sold in lots to suit at a moderate price.

Should Be Withdrawn.

About twelve months ago a colored man, named Ben Bethea, was murdered near his home in Scuffletown. The crime was charged upon a party of young men of Robeson, of the highest respectability, who were known to have been in the neighborhood on the night of the murder in search of the outlaws. The matter came before the Grand Jury of the Superior Court of Robeson, which convened a few days afterwards, and they failed to find a true bill. Judge Russell, however, entered a protest against this action of the Jury, and issued a bench warrant for the arrest of the parties. Alarmed at the action of the Court, and fearing the result of a trial under the circumstances, they fled the State, and the Sheriff, after diligent search, returned the warrant with the endorsement, "Not to be found," whereupon Judge Russell issued a proclamation of outlawry against the young men, enjoining the Sheriff and all good citizens to take them dead or alive. At the late term of the Superior Court of Robeson another bill charging them with the murder was sent before the Grand Jury by Solicitor Cantwell, with the same result as in the first instance. In the meantime, as we learn from the *Robesonian*, facts have come to light completely exonerating the young men and producing a strong suspicion that the murder was committed by a colored man who is known to have had a quarrel with Bethea, a few days before, and who disappeared from the neighborhood on the night of the murder.

Under all the circumstances of the case the *Robesonian* thinks, and we are of the same opinion, that Judge Russell ought, at least, to withdraw the proclamation of outlawry against the young men in question.

Robberies.

Tuesday night, while the family were at supper, some thief entered the residence of Mrs. Nixon, on Chesnut, between Third and Fourth streets, and stole a silver pitcher and waiter, a silver cup and other articles.

On Monday night the residence of Dr. W. W. Lane was visited and a large copper kettle, which had been in the family for fifty years, was stolen and carried off.

It was found next day, however, in an unoccupied house adjoining, where it had been hidden with the view of taking it away at a more convenient time, it being too heavy to be removed readily.

Our citizens should be on the lookout for visits from these light-fingered prowlers and be prepared to give them a warm reception.

Mayor's Court.

The following cases were disposed of yesterday morning:

Wm. Sampson, charged with fighting, was fined \$5.

Emanuel Hogart, charged with fighting, was required to pay a fine of \$5.

Sarah Walker, charged with disorderly conduct, was sentenced to pay a fine of \$15 or go to the Work House for 30 days.

Chenah McNeil, charged with disorderly conduct, was required to pay a fine of \$3 and the costs.

John Walker, John Owens, Charles Howe and Scipio Hill were arraigned on the charge of disorderly conduct. Judgment for \$3 and the costs against Owen, Walker, Howe and Hill dismissed.

James Dunahoo.

Irving Lowrey and Purdie Jacobs, whose arrest for complicity with the outlaws in some of their crimes we mentioned a week or two since, were taken in custody by James Dunahoo, the same man who shot and killed the outlaw Boss Strong some time ago, he having been appointed by Sheriff McMillan special deputy for the purpose. Jacobs showed resistance at first, but finally succumbed. They are now in jail at Lumberton under a strong guard of citizens. We glean these facts from the *Robesonian*.

Lodged in Jail.

We learn from parties who arrived on the W. & C. & R. R. R., yesterday afternoon, that the young man Gilchrist, who was so desperately wounded in the affray which recently occurred in Robeson county with young McClellan, and which proved fatal to the latter, has so far recovered that he was taken to Lumberton on Tuesday last and lodged in jail. A strong guard, we understand, was kept around the house until his removal, under the impression that he was not so badly wounded but that he might attempt an escape.

Wilmington Building Association.

At the regular meeting of the Wilmington Building Association, held at the Commercial Exchange last night, 43 shares of stock were redeemed, as follows: Nine shares at \$149; twenty-seven at \$148 50; and six at \$148, being an average of \$148 50 per share.

A Bewitching Costume.

A beautiful evening dress is made of rich broad satin silk, white ground with broad blue satin stripes. Between the stripes are bouquets of pink roses with green foliage. The corsage is set in low with short sleeves of the same. Overdress of white figured lace, trimmed with point applique headed with blue ribbon. The corsage has a deep bertha of point applique and sleeves of the same. Ornaments, pearls and pink roses in the hair.

Ember Days.

The Ember Days fall on the 19th, 20th and 21st days of the present month—Thursday, Friday, and Saturday—the latter, also, being St. Matthew's day. Those days are appropriately observed by the Episcopal and Catholic churches.

— The Lumberton *Robesonian* says the telegraph office at that place and at other points along the new line will be opened in a few days.

— Senator Ransom's engagements in this State, says the *Sentinel*, will prevent his making the contemplated campaign tour in Pennsylvania and other Northern States.

— The *Eagle* is anxious for a railroad from Fayetteville, by or near Shoe Heel, to the Pee Dee country. Whether Greek is elected or not, Mr. says the road must be secured.

— Miss Bettie Cobb, daughter of Mr. Orren Cobb, proprietor of the Farmer's Hotel at Nashville, returned from Baltimore on the 4th of this month. Since then she has been taken with the smallpox. All Nashville is in a scare, but extraordinary precautions are used to prevent the spread of the malady.

— The *Robesonian* informs us that a Masonic Lodge has been established at Lumberton. The officers are: W. R. McMillan, Worshipful Master; N. C. Graham, Senior Warden; A. G. Johnson, Junior Warden. An effort is being made to raise funds to build an academy and lodge room at that place.

— The Jackson correspondent of the Weldon *News* sends the following item

to that paper: David Taylor, a colored man, accompanied by his wife and child, while driving a mule, to a cart, through here on Wednesday, met with a sad accident. When opposite Mr. Buxton's store the mule stumbled, throwing the woman and child from the cart, and the child passed over the child's head injuring it so that it died in a short while.

— From the Rutherford *Vindicator* we learn that on the 6th ult., a party of surveyors, near Rortle State, in attempting to cross the Platte, while about the middle of the river, were carried below the ford by the deep and rapid current. Encumbered by books, instruments and heavy revolvers, only four of the party of seven succeeded in swimming to the shore. The others were drowned. One of the victims of this sad affair was Alfred F. Grayson, son of Rev. J. C. Grayson, of McDowell county, N. C. His body was recovered and buried at Fort Stead, Wyoming Territory. Mr. Grayson served with distinction in the Engineer corps of Lee's army.

— We learn from the *Robesonian* that one Dunc. Chavis, a Scuffletown mulatto, was arrested a few days since for retailing whiskey without license. As soon as Chavis found that he was "wanted" by the sheriff, he armed himself for resistance and took up his abode with the Lowrey outlaws. In this way he managed to escape capture until Wednesday morning last, when Arch'd McCallum, a brave and daring young man who had been appointed by the Sheriff a special deputy for the purpose, came upon him at his own house in Scuffletown, where, alone and without assistance, he effected the arrest of this desperate villain. When Mr. McCallum made his appearance, Chavis leveled his gun upon him, and threatened to shoot him if he advanced, but the bold and intrepid young man presented his repeater, and, rushing upon him, compelled him to lay down his arms and beg for mercy. Mr. McCallum then drove the desperado before him a distance of eight or nine miles to Lumberton, where he was immediately committed to jail to await his trial. This Dunc. Chavis, says the *Robesonian*, is an old offender against the laws of the country, and a notoriously desperate character.

Bottles Full of Beauty.

Ladies, if you would have beauty by the bottle, all you have to do is to purchase HARRIS' MAGNOLIA BALM. That peerless beautifier of the complexion not only brightens natural charms, but renders even the plainest countenance exceedingly attractive. It recalls to the pallid cheek the rosy glow of health, restores to the faded lips the coral tints, and gives face, neck and arms the plump and engaging appearance of youthful beauty. All this is accomplished by the most natural means, viz: by gently and naturally stimulating the circulation in the capillary blood vessels. Besides being the most effectual aid to beauty known to modern science.

Pimples, Eruptions, Rough Skin.

The system being put under the influence of Dr. PIGOTT'S Golden Medical Discovery for a few weeks, the skin becomes smooth, clear, soft and velvety, and being illuminated with the glow of perfect health within, true beauty stands forth in all its glory. Nothing ever presented to the public as a beautifier of the complexion ever gave such satisfaction for this purpose as this Discovery. The effects of all medicines which operate upon the system through the medium of the blood are necessarily somewhat slow, no matter how good the remedy employed. While one to three bottles clear the skin of pimples, blotches, eruptions, yellow spots, comedones or "grubs," a dozen may possibly be required to cure some cases where the system is rotten with scrofulous and violent poisons. The cure of all these diseases, however, from the common pimples to the worst scrofula, is with the use of this most potent agent, the matter of time. Sold by all druggists, sep 10-11 Th Sat
