THE MORNING STAR.

VOL. X.—NO. 159. WILMINGTON, N. C., SUNDAY, SEPTEMBER 22, 1872. WHOLE NO. 1,562.

OUTLINES.

Our next President continues his triumphal tour. —— Indian fight in the "far West"; thirty killed. —— Prince Oscar succeeds to the throne of Sweden and Norway. —— Count Von Arnim, German Minister to France, has resigned. —— Rumored now that O'Conor will father the Louisville fraud. —— New York markets: Money first at 7 @ cent.; Gold steady at 13¾; Cotton easier at 18½@19¼; Spirits Turpentine quiet at 41@42. —— The President gives a poor excuse for declining to pardon some of the Ku Klux prisoners confined at Albany. —— Mr. Greeley addressed the Chamber of Commerce at Cincinnati yesterday.

THE KEYSTONE STATE.

We presume no thinking man now doubts the election of Buckalew, the Democratic candidate for Governor of Pennsylvania. Cameron & Co. will attempt the perpetration of the most shameless frauds, but steps have been taken, as we show in another column, to "cut off their supplies" on this line.

Now, to show that we do not rely altogether on the estimates of our own political friends in predicting the election of Buckalew, we quote as follows from the Philadelphia *Press:*

"Happily for this Commonwealth, the doom of these tyrannical thieves and thugs is sealed. Nothing can save Hartranft now. His overwhelming defeat is as certain as that the sun will rise on the morning of the 8th day of October. Allegheny and the whole West is aflame with indignation at the audacious attempt of Cameron & Co. to impose this man Hartranft upon the Commonwealth as its Governor, and to elevate a notorious lobbyist and shameless corruptionist to the office which Hartranft has disgraced. Lancaster county is in open revolt. So is Luzerne; and scarcely a county in the State will give anything near its full Republican vote for Hartranft and Allen. Philadelphia cannot now be carried for them on a fair poll; yet, supposing the ring to count up a false majority of 10,000 for them in this city, careful estimates show that they will be beaten in the State by from 8,000 to 10,000."

A WASTE OF TIME.

It appears that a colored alien has been nominated on the Grant electoral ticket in Massachusetts, and the President's friends at Washington are in a peck of trouble over it, fearing he may be declared ineligible to vote in the electoral college. This they apprehend *may* result in the defeat of Grant; which, if it have no other signification, means that the Grant people are calculating on a very close contest. The Attorney General is at work on the Massachusetts case, and it is suggested that the colored brother will have to take a back seat.

But Gen. Grant's Postmasters and Custom-house officers need not bring this Presidential question down to so fine a point. The people have no idea of electing U. S. G again; no, not even by one vote. But it does seem highly probable that they will elect Horace Greeley by at least one hundred majority in the electoral college. Then why disturb the equanimity of the "colored alien" of Massachusetts? Let him enjoy the compliment of being an elector! It is a mere matter of form; and we are astonished that the Attorney-General should fritter away his valuable time in so useless an investigation.

O'CONOR!

The New York *Times* says Charles O'Conor has written a letter to a member of the "straight-out Democratic Committee" accepting the nomination of the Louisville Convention. We doubt very much the truth of this statement; but, admitting it to be true, what does Mr. O'Conor's candidacy amount to? He will no more be regarded as a Democrat in this race than will U. S. Grant. In fact, he will not be in the race at all. Every true Democrat will support the unanimous choice of his party in Convention assembled, regardless of such swindling side-shows as the Louisville Convention. If Mr. O'Conor is in any doubt as to the strength of Blatant Donkeyism, let him wait until the State elections take place next month.

— The Weldon *News* says: A vagrant negro who has been hanging around town for some time, utterly unable or unwilling to work, was found dead on the platform of the Petersburg Railroad on Thursday morning. Further of his history is known.

Domestic Market.

The following prices ruled among retail dealers in our market yesterday:

Apples 50@60 cents a peck; peaches $1 a peck; scuppernong grapes 50 cents a peck; green corn 40 cents a dozen; sweet potatoes $1@$1 20 per bushel; Irish potatoes 50 cts. a peck; tomatoes 10@15 cents a quart; onions 10 cents a quart; okra 5@10 cents a dozen; butter beans 20 cents a quart; field peas 10 cents a quart; vegetable eggs 10@12½ cents a piece; cabbage 5@25 cents a head; red peppers 10@15 cents a bunch; beets 20 cents a bunch; chinquepins 40 cts. a quart; red haws 10 cents a quart; grown fowls 75@80 cents a pair; chickens 50@60 cents a pair; eggs 25@30 cents a dozen; New River oysters $3 a bushel; sound oysters 20 cents a quart; beef heels 5@10 cts.; fish 20@25 cents a bunch; clams 20 cents a peck; crabs 20 cents a dozen; shrimps 20 cents a quart; beef 10@15 cents ℔ pound; pork 15 cents ℔ lb.; mutton 12½@16 cents ℔ lb.; veal 15@16 cents ℔ lb.; sausages 25 cents ℔ lb.

A Stolen Gun Recovered.

A double-barrel gun which, from every indication, is the same that the colored boys, had in their possession at Northeast station two or three days ago, allusion to which was made in yesterday's paper, was recovered yesterday morning from a small white boy residing North of the railroad by ex-policeman Statcher. The latter saw the weapon in the possession of a colored boy and, having a suspicion that it had been stolen, tried to get hold of it for the purpose of examining it. The boy was too quick for him, and got out of his way. He subsequently traced it up and found that it had been turned over to the white boy from whom he afterwards obtained it. The name of the owner, which had been marked on the stock, had been so far erased that it could not be made out. The gun is now at the City Hall where the owner can call and identify it.

Mayor's Court.

After two days intermission, during which there were no cases for trial, Court opened again yesterday morning and the following cases were disposed of:

Walter Dickinson, charged with throwing rocks in the street. Case dismissed.

George Thomas, charged with disorderly conduct, was sentenced to the Work House for 30 days. This is the boy alluded to in our last who was caught in the act of stealing money from a drawer in the store of Mr. H. B. Gay, corner of Fourth and Harnett streets.

John Taylor, charged with disorderly conduct, was fined $3 and the costs.

On the Rampage.

A colored man by the name of Nick Dubose, arrested by Special Deputy R. L. Sellars, charged with committing an assault upon his wife, was arraigned before Justice Cassidey yesterday afternoon. It was shown in evidence that he not only struck his wife, but rubbed his fist in the face of a white woman on the premises, who expostulated with him in regard to his conduct. He was required to enter into bond in the sum of $200 to keep the peace.

More Thievery.

Two colored boys entered Wooster's Drug Store last night, and while one of them was purchasing a five cent cigar, the other secreted several boxes under his coat. The clerk happened to detect the thief and endeavored to stop him, but he ran off. He came upon him a few minutes afterwards, however, with two of the boxes of cigars in his possession, when he was placed in the hands of a policeman and lodged in the Guard House. Capt. Wooster's clerk states that $50 worth of cigars were missing.

Committed for Larceny.

York Eagles, colored, mentioned in our last as having been arrested on the charge of entering a house on McRae, between Chestnut and Mulberry streets, had a hearing before Justice Cassidey yesterday afternoon. The evidence being sufficient to convict, defendant was required to give security in the sum of $200 for his appearance at the next term of the Superior Court, in default of which he was committed to jail.

State of the River.

The water in the Cape Fear is still very low and still falling. During the past week, at Fayetteville, it has come within about one inch of losing the rise of eighteen inches which it had previously gained under the influence of the late rains. The boats find considerable difficulty in getting down, and the trouble will be increased unless a favorable change is brought about by rains in the up-country.

Important Sale.

Particular attention is called to the advertisement in this issue of Messrs. Cronly & Morris, Auctioneers, of that valuable property, the present residence of Maj. J. W. Schenck, Jr., situated on the Plank and Old Newbern roads, which they will sell at auction, unless sooner disposed of at private sale, on Tuesday, October 22d. See advertisement for particulars.

Postal Cards.

Call at the STAR office and examine specimens of Postal Cards. A novel method of advertising or writing letters on a cheap scale. Who will be the first merchant of Wilmington to try them? May be sent anywhere in the United States at one cent each. Furnished with printed card, or blank for writing. tf

The steamer Wasamasa has been chartered for an excursion to the Blockfish Grounds on Tuesday, and will certainly leave her wharf at 7 o'clock A. M. precisely. A glorious time is expected.

— The Asheville *Pioneer* says: On Monday last Henderson Adair and his two surviving sons, Croyton and Avery, were removed from the jail at Hendersonville to that in Rutherfordton, in which county they are to be arraigned for the murder of the Weston family.

— Our cotemporary of the Elizabeth City *Economist* says: The Wilmington *Star*, in its new suit, presents a neat and tasteful appearance, and under the able and enterprising management of brothers Bernard and Harris, aspires to lead the State Press. You bet! It is a well conducted journal and a credit to Wilmington and the State. Our best wishes.

—The Asheville *Pioneer* has the following: We are informed by letter that on Saturday last Capt. Nimrod Jarret, who lives a short distance beyond Franklin, was found dead not far from his house, with a bullet hole in the back part of his head, his watch gone and his pockets rifled of their contents. It appears that a stranger from Tennessee stopped at the house of Mr. Jarret, and in company they started for Franklin. Shortly after the body of Mr. Jarret was found lying in the road. His supposed murderer was pursued and captured and is now in jail in Franklin.

Half Alive.

It is a sad thing to pass through life only half alive. Yet there are thousands whose habitual condition is one of languor and debility. They complain of no specific disease; they suffer no positive pain, but they have no relish for anything which affords mental or sensuous pleasure to their more robust and energetic fellow beings.

In nine cases out of ten this state of inanimate and torpor arises from a morbid stomach. Indigestion destroys the energy of both mind and body. When the waste of nature is not supplied by a due and regular assimilation of the food, every organ is starved, every function interrupted.

Now, what does common sense suggest under these circumstances of depression? The system needs rousing and strengthening; not merely for an hour or two, to sink afterwards into a more pitiable condition than ever (as it assuredly would do if an ordinary alcoholic stimulant were resorted to), but radically and permanently.

How is this desirable object to be accomplished? The answer to this question, founded on the unvarying experience of a quarter of a century, is easily given. Infuse new vigor into the digestive organs by a course of Hostetter's Stomach Bitters. Do not waste time in administering temporary remedies, but make the system up by recuperating the fountain-head of physical strength and energy, the great organ upon which all the other organs depend for their nurture and support.

By the time that a dozen doses of the great vegetable tonic and invigorant have been taken, the feeble frame of the dyspeptic will begin to feel its benign influence. Appetite will be created, and with appetite the capacity to digest what it craves. Persevere until the cure is complete—until healthful blood, fit to be the material of flesh and muscle, bone and nerve and brain, flows through the channels of circulation, instead of the watery pabulum with which they have heretofore been imperfectly nourished.

So general has the public confidence become in Dr. Ayer's medicines and so great the demand for them, that unprincipled villains are attempting to deceive the unwary by imposing upon them their worthless nostrums under a similarity of name. Cherry Pectoral Lozenges, Dr. Ayer's Troches, Ayer's Pastile for Coughs, Cherry Pectoral Cough Drops, Ayer's Fever and Ague Cure, Doct. Ayer's Indian Pills, &c., &c., (none of which are of Dr. Ayer's manufacture or composition) are specimens of this villainy and deceit. They not only defraud the sick of their money but of their health, or the recovery of their health, which is far more important than money. From actual counterfeits the people are protected by law which the Doctor promptly enforces, but these evasions sometimes elude the law, and purchasers must protect themselves by refusing to be deceived by them.—*Dover (N.
