Time Tests the Merits of all Things.

FOR OVER THIRTY YEARS PERRYDAVIS Pain Killer

Has been tested in every variety of climate, and by almost every nation known to Americans. It is the almost constant companion and inestimable friend of the missionary and the traveller, on sea and land; and no one should travel on our Lakes and Rivers

Pain-Killer was the First, and isithe only Permanent Pain Reliever. Since the Pain-Killer was first introduced and met with such unsurpassed sale, many liniments, reliefs, panaceas, and other remedies have been offered to the public, but not one of them has ever attained the truly enviable standing of the Pain-Killer.

WHY IS THIS SO? It is because Davis' Pain-Killer is what it claims to be, a reliever of pain.

Its Merits are Unsurpassed! If you are suffering from internal pain, from twenty to thirty drops in a little water will almost instantly cure you. There is nothing to equal it. In a few moments it cures

COLIC, CRAMPS, SPASMS, HEART-BURN, DI-

ARRHŒA, DYSENTERY, FLUX, WIND

IN THE BOWELS, SOUR STOMACH,

DYSPEPSIA, SICK HEAD-ACHE. In many sections of the csuntry where FEVER AND AGUE Prevails, there is no remedy held in greater esteem. Persons traveling should keep it by them. A few

drops in water will prevent sickness or bowel trou-bles from change of water.

From foreign countries the calls for Pain-Killer are great. It is found to Cure Cholera

When all other Remedies Fail. When used externally, as a liniment, nothing gives 2,500,000 Burns, Cuts, Bruises, Sprains,

> Stings from Insects and Scalds. It removes the fire, and the wound heals like or dinary sores. Those suffering with rheumatism gout, or neuralgia, if not a positive cure, they find the "PAIN-KILLER" gives them relief when no other remedy will.

IT GIVES INSTANT RELIEF

FROM ACHING TEETH. From 1840 to this day, 1872, (over Thirty Years), Perry Davis' Pain-Killer has had no rival. Every housekeeper should keep it at hand, to apply it on the first attack of any pain. It will give satisfactory relief, and save hours of suffering.

Do not trifle with yourselees by testing untried remedies. Be sure you call for, and get the genuine Pain-Killer, as many worthless nostrums are attempted to be sold on the great reputation of this valuable medicine. Directions accompany each

Office-63 Cuba street, SAWYER'S IMPROVED COTTON CINS

MR. P. C. SAWYER PRESENTS HIS IM-proved Cotton Gin to the public this summer under a firm persuasion that he has at last attained THE NE PLUS ULTRA,

and that this Gin accomplishes everything practica-ble to a saw gin, with the greatest possible ease, economy and rapidity. His improved ribs and roll box maintain a perfect circle for the roll, so that it is impossible to break it, crowd the boxes as you will in an attempt to do so. The roll box, adjustable oath at top and bottom, enables the operator to bring the ribs to any angle with, or position in rela tion to the saws desires, so as to increase or dimin ish at pleasure the depth of the operating surface of the saws in the roll, and thus make the machine gir faster or slower, with cleaner or fouler seed, and with more or less regard to the length of staple. with more or less regard to the length of staple. We saw a new gin in operation which had not even been painted, and an expert present showed by comparing the staple pulled from the seed by the fingers with that produced by the gin, that the natural length of the fibre had not been diminished at all in the process of ginning. This is, of course, the best performance of which any gin is capable. The cotton in this case was very dry, and it is doubtful whether so perfect a result could be attained with green cotton. But Sawyer staked his reputation upon producing the same result with green cotton. The gin has also some other improvements in the running has also some other improvements in the running gear, which we have not space to mention.—Macon Telegraph and Messenger, May 12, 1872.

YOUNG MEN

Who have injured themselves by a certain practice, indulged in when alone, a habit frequently learned from evil companions or at school, the effects of which are nightly felt, even when asleep, and if not cured renders marriage impossible, and destroys both mind and body, should apply immediately.

What a pity that a young man, the hope of his country, the pride of his parents, should be snatched from all prospects and enjoyment of life by the consequence of deviating from the path of nature, and indulging in a certain secret habit. Such persons must, before contemplating Reflect that a sound mind and body are the most necessary requisites to promote conaubial happi-ness. Indeed, without these the journey through life becomes a weary pilgrimage, the prospect hour-ly darkens to the view, the mind becomes shadowed with despair, and filled with the melancholy reflec-tion that the happiness of another is blighted with

A CERTAIN DISEASE,

A CERTAIN DISEASE,

When the misguided and imprudent votary of pleasure finds he has imbibed the seeds of this painful disease, it too often happens that an ill-timed sense of shame or dread of discovery deters him from applying to those who, from education and respectability, can alone befriend him. He falls into the hands of ignorant and designing pretenders, who, incapable of curing, filch his pecuniary substance, keep him trifing month after month, or aslong as the smallest fee can be obtained, and in despair leave him with ruined health to sigh over his galling disappointment; or, by the use of that deadily poison, Mercury, cause the constitutional symptoms of this horrid disease to make their appearance, such as ulcerated sore throat, diseased nose, nocturnal pains in the head and limbs, dimness of sight, deafness, nodes on the shin bones and arms, blotches on the head and face, and extremities, progressing with frightful rapidity, till at last the palate of the mouth or the bones of the nose fall in, and the viettim of this awful disease becomes a horrid object of commisseration till death puts a period to his dreadful suffering, by sending him to that undiscovered country "from whose bourne no traveler returns."

To such, therefore, Dr. Johnson offers the most certain, speedy, pleasant and effectual remedy in the world.
