## Republican District Elector.

We learn that there is considerable dis satisfaction among Republicans at the action of the District Executive Committee, which met in the City Hall on Friday evening and appointed J. C. Abbott as Elector for this District. They allege that the action was illegal, inasmuch as there was not a quorum of the members of the Committee present. There being eleven members altogether, it takes six to constitute a quorum: but there was only four present, and one of those was appointed by the Chairman in place of the member for Columbus, who

had resigned. The others present were the members from New Hanover, Brunswick and Bladen, and one of these voted against Abbott. It is understood that his appoint ment will be ignored by the majority of the Committee, for the reasons stated, and that another will be made at an early day.

PURGATIVE PILLS have become a settled necessity with the American people. Indeed, cathartics al-ways have been and always must be used, in some form, by all mankind. In this country the pilular form of administration has been growing in favor ever since pills were first made of Aloes and Rhu-barb, rolled into a ball. Their high position in the public confidence has finally been secured and fast-ened into permanency by Ayer's Cathartic Pills, the most skillful combination of medicine for the dis-eases they are intended to cure, that science can de-vise or art produce.
