speeches, are the order of the day. Our people are waking up and going to work with a will. The Chairman of the Liberal Republican National Executive Committee, Hon. Ethan Allen, has just issued an excellent address to the electors of the United

States, the concluding portion of which is annexed: Fellow-countrymen, the purity of the ballot-box must be defended, or dangers the most momentous threaten the republic. The ballot is the very corner-stone of onr national existence. When that fails, ruin envel-ops all. Unbounded wealth has been the bane of nations before our time. Has this disease by which other States have fallen attacked us at last in the most vital part, the sanctity of the ballot? Our people will bow submissively to an honest election; but who shall declare that an Executive chosen by dishonest means, which annuls the popular will, may command popular obedience? Corruption grows with its own success, and, as may be expected, let these base deeds of the dominant party be repeated in November, and who shall say that the hour may

Rebuke those who in open day so shamelessly bring this disgrace upon us. Our national security demands your action. The vote is yet in your hands, and the insult to these three great commonwealths may be avenged. In spite of the frauds perpetrated we have carried Indiana, reperpetrated we have carried Indiana, reduced the vote greatly in Ohio, and lost Pennsylvania only by startling corruption. The future is full of promise. Georgia proclaims in her great majority that the suffering Southern States, in their desire for equal rights before the law, will give 125 electoral votes to Horace Greeley. An honest, Christian sympathy in the North will add to this more than enough votes to make his election sure. There is every cause for en-

STATE FAIR.

The State Fair closes its four day's exhibition to-day.

Up to Wednesday it was quiet but satisfactory. The principle items of interest connected with the proceedings of Wednesday will be found under our State news head.

It is noticeable that the exhibition in the Farmers' Hall was much better than was expected. This is gratify-

The Society has been discussing the proposition to remove the Fair from Raleigh. The propriety of this step is questionable. But the Raleigh people ought to do more for the Fair, in order to retain it.

The Judges of Election in the Fifteenth Ward of Philadelphia say they made a return of two hundred less votes than the official statement. That's the way the Rads, carried Pennsylvania.

Why stand we idle when we know that the success of the dominant party is political death to us? It is not a personal fight for Greeley or against Grant, but a warfare upon a corrupt party and its odious principles on the one hand, and a contest for principle on the other. The personal merits or demerits of the standard-bearers are of no consequence, for they are mere figure-heads, and, personally, could do neither serious harm nor material good. For this reason there is great significance in the motto of "anything to beat Grant," which does not and never did imply a war upon him personally, but which does mean unre-lenting hostility to the infamous pol-icy of his party.—Lynchburg Repub-

nnual Meeting of Stockholders of the Wilmington, Charlotte and

Rutherford Railroad. WILMINGTON, N. C., Oct. 17, 1872. The Stockholders of the Wilmington, Charlotte and Rutherford Railroad Company, assembled this day at 11 o'clock, (in regular annual meeting), at the City Hall, in this city.

On motion of the President, Mr. Martin, Col. R. L. Steele, of Rockingham, was called to the chair, and on further motion, Mr. I. F. Alderman and Capt. F. M. Wooten were appointed Secretaries.

On motion, the Secretaries were appointed a committee to verify stock, and after performing that duty reported the following representation:

Being a majority of the capital stock, the meeting was declared duly organized and ready for business.

The President, Mr. Martin, begged leave to read the following report: To the Stockholders of the Wilmington, Char lotte and Rutherford Railroad Company.

At a called convention of the Stockhold ers of your Company, held in Wilmington, May 3d, 1872, a resolution was passed to make effort to raise an amount of money sufficient to relieve the Company of its pres sing embarrassments, and retain the control in the hands of the Stockholders. In case of failure to raise the required amount, then the Directors were instructed to offer no opposition to the foreclosure.

There was no money raised. About the latter part of June, proceedings were commenced by the first mortgage bond holders, and the Superior Court of New Hanover county appointed receivers, who have now the control of the affairs of the company. The control of the Board of Directors ceased on the taking possession by the Court, and it has not attempted to exercise any authority since the Court has taken charge.

which he submitted.

On motion, said report was received. Mr. Cronly moved that the following resolutions, adopted by the stockholders at a meeting held in this city on the 3d of May

Resolved, That a Committee to consist of the collect.

three from each county along the line of the road shall be appointed by the Chairman of this meeting, whose duty it shall be to open subscription lists for the purpose of raising means to pay off the debt and extend the road, for which they shall receive second mortgage bonds at 50 cents on the dollar; that the said Committee shall report to the

Directors as soon as practicable.

Resolved further, That if the Company shall be unable to meet the interest on its bonded debt by July 1st next, according to the terms of the mortgage, and if no arrangement can be made with the bond-holders to avoid foreclosure of the mortgage, and if the bond-holders shall determine to institute legal proceedings for the sale of the road, as provided for in the mortgage, that then good faith on the part of the Company requires that no opposition shall be made on the part of the Company to the foreclosure of said mortgage.

Upon which he called a stock vote. The vote having been taken the result was as

The motion was lost.

On motion of Mr. Kerchner, the Convention proceeded to elect a Board of Directors, which resulted as follows:

The Jewish Ball.

The Ball given by our fellow-citizens of the Jewish faith, commonly known as the "Succoth," or festival occurring directly after the Jewish New Year, came off at the new Opera House Ball Room last night and was a grand affair. We had the gratification of being present for a short time and can say that the scene was one of transcendent beauty and loveliness. The ball room scenery was magnificent, while lovely wo man lent her charms to enhance the beauty of the bewitching picture. A splendid supper was in waiting to refresh the weary dancers, which was to be served at 1 A. M.

The moveable floor, alluded to in our last proved a decided success in every respect and elicited the highest praises from all. Excellent music was in attendance.

Fire Among the Turpentine Trees. The Columbia Phanix of Wednesday says: "A disastrous fire occurred in the lower part of this county on Saturday last. The flames broke out on the turpentine farm of Mr. A. H. VanBokkelen, consuming two crops of turpentine and 40,000 trees, and also destroyed a valuable dwelling place belonging to Mr. John English." Mr. Van Bokkelen, who resides in this city, received a letter from his overseer a day or two since stating that there had been a disasterous fire in the vicinity of his property, but made no mention of its having communicated to

Liberal Republican Club. A large and enthusiastic meeting of the Liberal Republican Club was held at their rooms last night, from which encouraging reports are received.
