STH-THOS. D. JOHNSTON, of Buncombe COUNTY EXECUTIVE COMMITTEE ROOMS DEMOCRATIC-CONSERVATIVE Ex'tive Committee New Hanover Co. Wilmington, N. C., Oct. 5, 1872.

The members of the Democratic-Conservative Executive Committee of New Hanover County are requested to meet at the STAR office, in this city, Friday afternoon, October 25th, at 8 o'clock. This will probably be the last regular meeting of the campaign, and as important business is to be transacted, every member is earnestly requested to attend. WH. H. BERNARD,

Chairman.

THEIR RELIANCE.

Wisdom sometimes overreaches One of the instances in which wisdom, so-called, is too wise, is that of the Straight offshoot from Grantism, which the holders of that faith and practice would palm off as sound Democracy, pure and undefiled. In a humorous vein the other day, we alluded to the Straightouts of North Carolina, and called upon the practisers of that rite to hold a conven tion and bring out an electoral ticket

So much preambulatory. We were in jest. We did not think seriously that Colonel Fagg, of Buncombe, and brother Britton,

"Brave hearts to Britain's pride Now so faithful and so true,"

were meditating such a coup d'etat. But we have reasons now to believe that such, or something akin to it, is the fact.

Fellow-citizens! Something awful is impending. The very air is thick and heavy with premonitions of disaster. The stars, faithful augurs, are adverse. All is awry, wierd, gloomy, terrible. "Wherefore?" as old Bunsby would say. What's up? Why doth Jupiter thunder and Neptune fiercely shake his trident?

We'll tell you, and not suspend you between heaven and earth any longer. The Demograntic reserves are to

Such we think to be the latest news from the front. They think it is their only chance to carry this State. Ridiculous hope.

Tell it not in Gath nor publish it misrepresentation. Among other in the streets of Askelon-the Grantites rely upon old man Britton and the Greeley party held the polls, but two men from Buncombe or some other airy clime, "to fortune and to fame unknown," to carry North Carolina for the Gift-Taker Tuesday

Now, they will succeed-of course, like Butler succeeded when he essayed to capture Petersburg and got bottled up at Bermuda Hundreds, or their votes. The polls were not surlike their august master has succe in making an honest incorruptible, phlice. The police were held in re-

With the Hibernian it was I by potatoes and salt and salt and potatoes for dinner every day.

Seriously, it is nonsense for Radicals in this State to try to suck any drops of comfort from this Fagged-out, used-up, sucked-dry orange of Straight-outism. There are no Straight-out Democrats in North Carolina who will not support Greeley, and if there were a few hundred, they are gulled by Radicals into this transparent fraud they are so blinded, prejudiced and soured they could never be induced to support Greeley, and consequently if they stray out they become a straight loss to Grant and no loss at all to Greeley.

Live Britton! Live Fagg (till he's fagged out,) and long live the journalistic Flournaught! Nothing succeeds like success, and judging from its past history Faggism, alias Duneanism, alias Straight-outism, alias Demograntic Radicalism is a miracle of greatness and grandeur.

THE CODE OF CRUELTY AS PRAC-TISED ON THE FIELD OF FOLLY. Atlanta has finished a fresh illus tration of the mad folly and criminal wickedness of duelling. An inconsiderate young man in a playful mood slightly pinches the arm of a young lady, who foolishly resents the injury as an insult and gets her lover into the scrape, causing him to force a duel upon a friend of the young gentleman he having declined to fight the offending party himself as being 'no gentleman," and the friend is shot and dangerously wounded.

Now where is the sense, the humanity, the honor in all this wild admixture of comic silliness and tragic folly? We fail to see it. One thing we know. It sends a thrill of horror through every heart susceptible of emotions superior to those of the tiger. And if there is instinctive condemnation in all human hearts, the Code must be bloodily antagonistic to the refined, Christian spirit of the age and should be deprecated by the ladies and repudiated by the gentlemen of our enlightened land. There is no argument that can be

advanced in favor of the tragic, inhuman Code Duello that will stand the crucial test of right reason. It is silly, absurd-a travesty and farce. It is a barbarous relict of a barbarous, unchristian age. It is treason against the laws of the State and high treason against the laws of God. All disputes not in their nature, judging from a human stand point, capable of amicable adjustment, can be settled otherwise than by standing on the rigid, cold path of death and toying with Heaven's sacred mercy and love. If they cannot be so settled, let them stand forever unsettled. Broken peace is better before murder than the haunting, horrible unrest that follows the

We are glad to recognize the fact that this criminal foolishness which once disgraced our Southern civilization is now rapidly being numbered be brought to the front to be reviewed among the things of the past. Britton and Fagg, the country, liberalizing, refining, humanizing, elevating and Christianizing the tone of society, the relations of business and the common every-day intercourse of man with man.

RADICAL ROORBACK.

The dispatch sent to Washington relative to the election in Savannah is pronounced by Mayor Screven and four ex-Mayors of that city a gross things they emphatically deny that say the Grant men held them for two hours. They declare that if any outrage was committed, it was by persons believed to be agents in the Republican party, who issued to unlettered and too confiding negroes fraudulent papers, purporting to be tax receipts, and so deprived them of anded by a large body of armed serve at a distance from the polls, They lean on a rotten reed. orious Republican leader whose in the fluence over the ignorant country negroes was known to be very great Much apprehension and excitement were produced in the community, and it was deemed a duty to take pre cautionary measures. Hence it was determined to have the streets rolled for the public protection, and it is reasonable to suppose that if members of the Sabre Club and other citizens, riding in pairs or singly, did patrol the city in citizens' dress, quietly and unostentationsly. Their special duty was to report disturbances at the distant points in the city. They took no part in the regulation of the election.

So much for the great Radical cry of intimidation which has been raised to cover the shame of their defeat and for sinister purposes.

TIMELY TOPICS.

Some idea of the extent of the telegraph business of this count;y may be gained by perusing the statistics of one great company, the Western Union. It has 29 directors who represent \$27,311,600 value of stock. Most of the directors are New Yorkers. From President Orton's report, read on the occasion of a recent meeting in the city of New York, we learn that on the 30th of June, 1872, the company operated 62,032 miles of line, with 137,199 miles of wire, through 5,237 offices. The increase during the year past was 6,000 miles of line, 16,039 miles of wire, and 631 offices. To perform the labor required the company has in its employ 8,347 operators, who last year transmitted 12,444,495 messages, being an increase of 1,788,422 over the year preceding The gross receipts for the year were \$8,437, 095 77, the expenses \$5,666,863 16, leaving a net profit of \$2,770,232 61, which is an increase over the last year of \$919,646 92 in the gross receipts, \$564,075 97 in the expenses, and \$257,570 95 in the net profit. The present Western Union system dates from the consolidation of the United States, the Southwestern and the American companies, in 1866, and its net profits during the six years ending June 30, 1872, amounted to \$17,116,694 23. Of this sum \$4,856,879 34 was distributed to the stockholders in dividends and \$1,898,401 98 disbursed for interest on the company's bonds. The balance-\$10,361,412 91-was expended in the construction of new lines, the erection of additional wires, and the purchase of telegraph property.

Boyd Henderson, the Herald man arrested and imprisoned in Cuba the other day, has been released. It will be remembered that it was this fellow who wrote the sensational letters to the Herald about the "Swamp Angels," as he fancifully termed the Lowrey Gang. Always on the qui vive for a monster sensation, he went to the "Ever Faithful Isle," which is now the theatre of revolution, with the view of kicking up a big rumpus. It seems he has failed signally. We are inclined to think he is pretty much a failure anyway.

Let Conservatives make hay while the sun shines. No time to lose. Every thing to gain by working with faith and determination; every thing to lose by doubt, indecision sluggishness. Up from your couches! Work this week. Work to-day. Let us have no more folding of the hands. It is dangerous to dally. It is folly to put off. It is criminal to give up. Rouse, every mother's son, to his high duty to glorious Old North Carolina, to republican liberty, to the Union of

What are the Greeley clubs doing in New Hanover and the State? Gentlemen, citizens, patriots! it is incumbent on you to strain every nerve now. It is the time of crisis-the time of the trying of the stuff of which as men we are made. Are we doing what we can for the success of our cause next Tuesday a week? Remember we have not two weeks in which to work.

Citizens! register and make ready to vote for Greeley, Brown and the perpetuation of our republican institutions. You have not wo weeks. The time is growing shorter, and you ought to ask yourself the question What am I doing for the cause ?"

South Carolina Election-What was and what was not Done-The Constitutional Amendments.

Much was accomplished, much was left undone that might have been done. Perry was defeated in the Fourth district, which is a great disappointment.

The summing up of results which we find in the Charleston News of

Monday is subjoined: In the matter of Congressmen the State stands where she did before. All her representatives in the Federal council are Radicals, and four of the five are colored men. The attempt to elect a Democrat in the Fourth district has apparently failed, by reason of the supineness of the Conservatives. There was a white majority the district, and Governor Perry could easily have been elect-In the State Legislature the Conservatives make some gains; a complete list of which we print elsewhere. And there is an improvement in the mental calibre of the Conservatives who are chosen. They will not be mere lay-figures at the Capitol. Both amendments to the State Constitution are adopted by 'a nearly unanimous vote. One of them changes the day of holding the State election, so that, every four years, both the State and Presidential election will take place on the same day. The other amendment prohibits any addition to the State debt, without the approval of a two-thirds vote of the people at a general election. This is a step in the right direction.

Official Returns of the Ohio Election. The South Carolinas tate Debt CHARLESTON, October 20-Advices from all sections of the State show that the amendment to the State constitution prohibiting any increase of the State debt has been ratified by an overwhelming affirmative vote. Both parties very generally endorsed the

The amendment provides that the General Assembly is hereby forbidden to create any further debt or obligation, either by the loan of the credit of the State by guarantee, endorsement or otherwise, except for the ordinary and current business of the State, without first submitting the question of the creation of any such new debt, guarantee, endorsement or loan of the credit to the people of this State at a general election, and unless two-thirds of the qualified voters of this State voting on the ques-tion shall be in favor of a further debt, guarantee, endorsement or loan of the credit none shall be created or

SPECIAL NOTICE.

Undeveloped Vigor.

The feeble and debilitated usually fancy they are n a more hopeless condition than they really are. The resources of nature are not easily exhausted .-Even when strength and appetite fail, when the eyes are heavy and lustreless, the complexion pallid, the nerves tremulous, the body attenuated, and the mind lepressed, there is generally a reserve of latent power behind such palpable evidences of weakness. Various modes of treatment are resorted to by physi cians in the hope of developing and rendering available this store of sleeping vitality, but the surest, and indeed the only thoroughly safe and reliable means of awakening the dormant energies of the system is a course of Hostetter's Stomach Bitters. Electricity, shower baths, the flesh brush, sea bailiaries, but they do not reach the source of the evil-All physical debility proceeds either from a derange ment of the functions of the assimilating, secretive and vital organs, or from a sluggish constitution. In either case, and also in cases where both causes exist, the Bitters will invariably produce an immediate and salutary change in the condition of the patient, and eventually effect a complete cure. None of the dangerous alkaloids, too often adminis tered as tonics, can be otherwise than deleterious under such circumstances, and to give mercury is positively criminal. The direct effect of the great vegetable specific will be manifested in an improved appetite, a more cheerful frame of mind, a gradual return of strength, an increase of flesh, and a healthier complexion. Meanwhile, however, the constitution, if inert and feeble, will have been roused and renovated by the subtile elements of invigoration oct 20-1w Su Wed Fri
