VOTE THIS MORNING FOR GREELEY AND BROWN.

The Naval Stores Trade. A correspondent, evidently a disinterested (?) Charlestonian, writing from this city to the Columbia Carolinian, has the following, which we give as the best joke of the season.

The copy before us is extracted from the Charleston News, where it appears as a choice morsel, of course.

"I chabed is written above the once chief naval stores depot of America. The ancient pines are well nigh through contributing their quota to the wealth and resources of the Old North State.

They have spent their vital juices for us till soon they shall be no longer. A friend who has travelled across the whole country interlarding the Pee Dee and Cape Fear, tells me there are no sound trees in that region. They have been boxed and reboked till they are "done for."

What Wilmington once was in point of naval stores importance Charleston soon will be. South Carolina hitherto has suffered this mine of prosperity to remain comparatively unexplored. Now she is going into the business largely. On the road I travelled (W. C. & A. R.), there are five distilleries between Sumter and Florence.

By-and-by the number will be tenfold greater, possibly. You see now that the people of this State are entering into the turpentine enterprise. They find transportation as cheap from Florence to Charleston as from the former place to Wilmington, and, for local and other reasons, they select Charleston as the depository of their product.

Two houses have been opened in this place recently which formerly came over from Liverpool to Wilmington for their spirit and resin, will ere long vary their line in the direction of Charleston. Thus one rises and another falls.

Brotherhood of Locomotive Engineers—A Handsome Presentation. The members of the Brotherhood of Locomotive Engineers met in their Hall on last Sunday evening, the 3rd inst., for the purpose of receiving the present of a handsome Bible, given them by the apprentices and others of the Wilmington, Columbia and Augusta Railroad.

The meeting having been called to order by Mr. Robt. Carter, Chief Engineer of the Brotherhood, Mr. Jos. Rowell, of the W. C. & A. R. R., arose, stating the object of the meeting, and then introduced to the Brotherhood, and the invited guests, Mr. Eugene Hall, of the W. C. & A. R. R., who was to make the presentation on behalf of the donors. Mr. Hall's remarks were well timed and suited to the occasion, and afforded much gratification to the Brotherhood, while it reflected credit upon himself.

Mr. L. B. Lyons, Secretary, on behalf of the Brotherhood, made a short but beautiful reply. After the usual complimentary resolutions had been offered they adjourned, quite pleased with the events of the evening.

VOTE THIS MORNING FOR GREELEY AND BROWN.

—A fight occurred outside the Fair Grounds, on Thursday evening, between two negroes. Pistols were used, but no harm done, says the Weldon News.

—We regret to announce says the Statesville Intelligencer, the death of Mr. Jesse McNeely, an old and highly respectable citizen, which occurred last week at his residence in this county.

Headen, Grant Elector, and Willie D. Jones, U. S. Revenue Assessor, and completely demolished them. Chatham is reported as being all right and will to-morrow (Tuesday) give Greeley and Brown a handsome majority.

—From the Statesville Intelligencer: "We met here last week, Capt. Baxter, of Gaston county, an old gentleman of sixty-five, who was arrested two or three years ago on some flimsy charge or other, and who has been dragged about from Court to Court, without ever being able to get a trial. He has been confined eleven months in jail, and is now under bond for his appearance. He has been knocked about from pillar to post at the same time, and is to-day no nearer a trial than when first arrested. These facts we have from Capt. Baxter himself, who assures us that there are scores of others in the same condition here. These are innocent men, and are virtually slaves, and must come or go at the bidding of this iniquity called a Court of Justice! What mockery! Did ever a free people bear such oppression so patiently? and how much longer will they bear it before they hurl their oppressors from power?" We add, shall we not to-day, so far as North Carolina is concerned, hurl them from the places they disgrace!"
