Twenty shops, stores and saloons burned in Chicago. - Warmoth's proclamation convenes Legislature of Louisiana, Dec. 9th. - No change in the Legislative status in Alabama. — A London telegram states that the bark Larrabee, Savannah and Bremen, and bark Lancrost, Baltimore and Belfast, both of which sailed from the American ports last winter were lost with all on board.

THE MESSAGE.

We received the Governor's Message by last night's mail. Its great length precludes extended notice. much less publication, to-day. There is nothing startling or brilliant in the document. It seems to be as bitterly partisan as that Prince of Partisans, "Mass Tod," could make it.

Thanksgiving Day.

Next Thursday is Thanksgiving Day, and clerks and others are looking forward to it as affording them a brief respite from the cares of business. We know they will thank us for the suggestion that, if their employers give them the holiday at all, it should not be shorn of its valuable proportions by their being required to perform their usual duties for the greater part of the forenoon, as is sometimes the case.

The German Lauguage. The German language is fast becoming a to become "masters of the situation," and many have already attained to quite a proficiency in the language. The large number of Germans who have made this their adopted home and identified themselves with us render the proper understanding of the language an accomplishment of no little importance.

Mr. R. G. Ross is building a fine and substantial wharf on Eagle Island, opposite Dock street, for those enterprising gentlemen, Messra, Williams & Murchison, who have lately purchased the property in that locality. The wharf is to be built of the best material and will be two bundred feet in length; and its construction will be fol-lowed by the erection of warehouses and other buildings on the property, which will give Eagle Island quite a business-like ap-pearance.

The Horse Distemper.

There appears to be very little abatement n the malady here, though Messrs, Southerland & Steagall inform us that their horses. of which, as before stated, they have sixty odd on the sick list, are gradually improving. The street car horses are also represented to be on the mend. There are many horses continued at work, however, that should be kept quiet and under a rigid course of treatment, as their owners will probably discover when it is too late.

There were more oxen and steers attached o drays and other vehicles on the streets esterday than horses, and many were the udicrous scenes and incidents in which they performed a conspicuous part. Large numbers of these animals are being brought to the city for sale, and so far they have commanded very fair prices. It is probable, however, that the demand will soon cease.

Meeting of Israelites. The larger part of our friends of the Hebrew persuasion, of both sexes, assembled last evening in the City Court room in obedience to a call for a general meeting. The meeting was called to order by Mr. Sol. Bear, who, in a few very pertinent remarks, introduced Rev. Dr. M. Jastrow, of Philadelphia, who proceeded to address them on the importance of the erection of a Synagogue in Wilmington and called upon his hearers to leave no stone unturned to carry out the purpose; that every man, woman and child were alike interested in the success of the enterprise. The Rev. Dr. dwelt at length upon the social standing of the Hebrew faith in every community and called upon all to do their utmost to carry out the designs of the Committee appointed

at the last meeting. In conclusion, Dr. J. announced that he would officiate on Saturday morning next. at 10 o'clock, at the temporary Synagogue, when he would again address them.

A vote of thanks was tendered him by acclamation, after which the meeting ad-

LEGISLATURE OF NORTH CARO-

SENATE.

RALEIGH, Wednesday, Nov. 20. In the Senate, yesterday, Mr. Todd in-troduced a bill to prevent the spread of disease amongst cattle Mr. Norwood introduced a resolution

providing for a joint select committee on the State debt and liabilities. The joint committee raised last session to examine into the affairs of the Treasurer's office reported though Senator Dunham, a member of that commission. The report states the books and papers of the office have been admirably kept, but that several payments of the public moneys have been nade without authority of law. The commission suggests sundry amendments to the laws regulating the receipt and disburse-

ment of the public meneys. The report was ordered to be printed.

W. J. Wilson, of Haywood county, was elected enrolling clerk. The Senate was in session but thirty-five minutes yesterday, when it again joined the House to finish counting the vote for Gov-

ernor, &c.

But little of general interest transpired in the House of Representatives yesterday, save the introduction and adoption of a resolution by Mr. Badger, of Wake, petitioning Congress to remove the disabilities of certain citizens of the State. The original resolution included only the names of the Hons. W. A. Graham, W. N.

H. Smith and Burton Craige. The resolution was adopted under a suspension of the rules, after the names of Gen. Jas. G. Martin, James A. Craige, Gen. Robert Ransom, Hon. George Davis and Wm. H. McCray had been included. Mr. W. J. Wilson, the Enrolling Clerk of the last Assembly, was re-elected to that position. At 11:30 the two Houses assembled in joint session and at the con-clusion of the count of the election returns of August last, the speaker announced that the counties of Gates, Jones, Macon, Rowan and Watauga had not sent in returns. A resolution, offered by Mr. Brown, of Mecklenburg, was adopted directing the Secretary of State to send to the Seymour raising a joint committee to examine all the returns and report what action the joint assembly should take in reference to informalities, &c. The joint assembly adjourned until the 4th of next month,
