One of the vessels consigned to the Na rassa Guano Company, which arrived last | this city are included in the list. week, brought as a present to a gentleman officially connected with the company, a beautiful parrot, secured at Navassa Island. A colored boy was directed to take the bird to the residence of the gentleman, on Friday night, and while doing so he stopped for a few moments to blow his hands. Placing the cage on the steps of the Front street M. E. church, which he was passing at the time, he ventured the remark that i was cold, whereupon he was startled by the exclamation, "It is d-d cold," which proceeded from the cage. "Polly's" early education was certainly neglected, but how the bird knew anything about cold weather is the question, coming as it did from such

Last Night of Miss Putnam.

The concluding performance of Miss Putnam was given last evening to a house fair as to numbers and exuberant with enthusiastic appreciation of the most charming actress that has visited Wilmington in many years. The occasion was a doubly interesting one, being not only the last of Miss Putnam's performances in our city, but being also selected by her as the occasion of her debut in a character in which she is destined to achieve new laurels. For the first time in her life, she essayed Fuliet, and played it most admirably. Mr. Browne also made his debut in Mercutio, a part well adapted to his fine capacities in light comedy, and rendered by him very handsomely. The performance terminated with Stage-Struck, in which Miss Putnam gave renewed evidence of her wonderful abilities in farce and burlesque.

At nearly midnight, the audience reluctantly bade farewell to the charming little sprite who has given us at least one week of | hanging out a side light at the time. unalloyed enjoyment.

The Senate on Friday, by a vote of 43 to granted the charter asked for the New York, Norfolk and Charleston Railway Company, after the bill had been shorn of the broad privileges it contained. The proposed road will strike North Carolina somewhere in Gates county, will pass through the counties of Gates, Hertford, Bertie, Martin, Pitt, Greene, Lenoir, Duplin, Sampson, Bladen and Columbus, passing into South Carolina from the latter county. It is understood that the company obtaining this charter have at their command several millions of dollars. Work upon the road is to commence within twelve months.

Rev. Mr. Dickson's Lecture.

We learn that the lecture of Rev. Mr. Dickson of the Frst Presbyterian Church, on the "Great Pyramid of Egypt," delivered at the rooms of the Young Men's Christian Association, on Friday evening last, was largely attended and exceedingly interesting to those who were so fortunate as to be present. Severe indisposition compelled the lecturer to curtail his remarks. much to the regret of his auditory.

UDOLPHO WOLFE'S SCHIEDAM SCHNAPPS AS MEDICINE AND BEVERAGE.—As a general beverage a necessary corrector of water rendered impure by a necessary corrector of water rendered impure by vegetable decomposition or other causes, as Limestone, Sulphate of Copper, etc., the Aromatic Schiedam Schnapps is superior to every other alcoholic preparation. Its purity and exemption from all grossly intoxicating properties, combined with its mildly stimulating and invigorating elements, establish it as the only alcoholic beverage in our country that can be imbibed with pleasure and asfety. The nervous terpor and debility which follow the admin-istrations of other alcoholic preparations and mix-tures of the day, succeeded by their intense and tures of the day, succeeded by their intense and painful nervous reactions, are unknown, as the subsequent effects of the Schiedam Schnapps, even when taken so freely, while as a stomachic, a tonic appetiser, it stands pre-eminent among the established curatives of the day.

A public trial of twenty years' duration, in every section of our country, of the Schiedam Aromatic Schnapps, its unsolicited endorsement by the medical faculty, and a sale unconsided by any other alco-Schnapps, its unsolicited endorsement by the meu-cal faculty, and a sale unequaled by any other alco-holic distillation, have insured for it the reputation of purity and salubrity claimed for it by the proprie-tor on its original introduction to the public.

PERSONAL.—We were pleased to receive a call, during the past week, from Dr. AYEE's traveler, who was in our town devoting his time and attention to the preparations of the great medicine man. This call has become a pleasant annual to us from the able and reliable business character of the accomplished gentleman whom this firm send out to transact their business. No house is better known or valued by the press for its promptness in settlement than the well established and popular J. C. AYER & Co., Lowell, Mass., whose medicines have become a household necessity, and won the confidence and praise of all. Our own acquaintance with them has extended over a series of years, and we have invariably found them, their travelers and their medicines worthy of the commendation they everywhere receive.—Jackson (Tenn.)
