

OUTLINES.

The Washington Chronicle thinks Pinchback has gone too far. — The Federal commander at New Orleans had instructions to prevent interference with the Conservative Legislature. — New York had a terrible sleet Sunday morning, which damaged the police and fire telegraphs to the extent of \$150,000. — The New Orleans Committee of Two Hundred have issued an address. — Pinchback's address threatened to disperse the Legislature. — Stokes was found guilty of murder. — Five convicts, in attempting to escape from Ward's Island prison, New York, were captured in a boat, and two women were drowned. — Congress met yesterday. — Stokes sentenced to be hanged on the 28th of February. — Mrs. Wharton was arraigned yesterday for an attempt to poison Van Ness. — Resolution that the Credit Mobilier Committee sit with open doors passed the House. — On a motion in the House of Representatives to commence proceedings against the Credit Mobilier for five and three-eighths millions no quorum voted, though a quorum was present on call of roll. — The question of method of choosing President and Vice President was introduced in the Senate yesterday by Morton, of Indiana. — Everything passed off quietly in Louisiana. The Legislature assembled. — Sherman's resolution of inquiry as to the contested elections in Arkansas and Louisiana comes up in the Senate to-day. — Decrease in population of Paris since '66 is 968,935. — Heavy snow storm in the trans-Mississippi section.

ALL QUIET ALONG THE MISSISSIPPI.

What is known as the Fusion or Conservative Legislature assembled yesterday without molestation in New Orleans. This is due to the firm demeanor of the military, who restrained Pinchback's faction from interfering. The press beginning to be brought to bear on the President may yet stay the mad course of the ultra centralizers, and secure a lawful government for Louisiana.

A silent meeting of citizens, the largest ever held in the Crescent City, convened yesterday evening to give more support to the people's Legislature. No interest is taken in the other body. The Committee of Two Hundred Citizens have supplied money to sustain the popular legislative body. The Legislature having no quorum, adjourned until to-day.

Doubtless Congress will take charge of matters in Louisiana and Arkansas.

The action in the Senate yesterday would seem to indicate such intention.

GREAT EXPECTATIONS.

Norfolk is a very modest place. It never claims anything for itself. — The local papers are so bashful that the "City by the Sea" can never be known and appreciated by the great public until a change of conduct takes place. We ought to credit the following blushing little paragraph to the San Francisco Call or Omaha Herald, as the Norfolk Journal would expire of sheer modesty were we so indiscreet as to credit it to itself:

We have always maintained, and we mean to maintain to the end, that this city is destined to be the chief city of the Atlantic coast south of New York. We go farther: the time will come when Norfolk will surpass New York. We say this in no sectional prejudice, nor from a desire to arouse expectations that have no foundation on the broad basis of obvious facts.

Again the truthful Record of the Weather requires the chronicling of severe disasters. A great storm prevails in the trans-Mississippi, and the heavy ice plays havoc at the North. The fire alarm and police telegraphs of New York have been down, and the loss is supposed to reach \$150,000.

W. L. Thorpe, Esq., has purchased a half interest in the Rocky Mount Mail, and assists Mr. Stille in its editorial conduct. Mr. Thorpe's accession will benefit the paper and the place, as he is a young gentleman of considerable energy.

Another Foul Murder.

Murders are becoming more and more the sensation of the day. In New York and sister cities they are of daily and nightly occurrence. The evil is spreading, and as it spreads it is assuming grosser and more offensive forms. In the city of Baltimore, on the evening of the 24th, Mrs. Mary Ann Lamplsey, aged seventy-two years, was found lying in her house brutally murdered. The old lady, it seems, had been left alone during the absence of her husband and daughter at the theatre. The case is as yet involved in some mystery; but from the fact that some one thousand two hundred dollars were taken from the house, as well as the jewelry on Mrs. Lamplsey's person, it is natural to conclude that plunder was the object which the murderers had in view. When an aged lady cannot be left alone for an hour or two in her own house without running

THE MORNING STAR.

VOL. XI.—NO. 91.

WILMINGTON, N. C., TUESDAY, JANUARY 7, 1873.

WHOLE NO. 1,631.

the risk of being murdered it is time for us to be ashamed of our civilization. Crime is on the increase in the midst of us, and it must continue to be so long as the worst offences against law can be committed with impunity. Our laws are good enough. What is wanted is the execution of the laws. A few months of rigorous justice and some wholesome examples would do a world of good. When will the reign of law begin and the reign of license cease?—A. Y. Herald.

METEOROLOGICAL RECORD.				
January 6, 1873.				
Time.	Barom.	Therm.	Wind.	Weather.
7 A. M.	30.14	43	W. Gentle	Clear
9 P. M.	30.16	35	N. Gentle	Clear
9 P. M.	30.28	45	E. Fresh	Clear

Mean Temp. of day, 47 deg.
Note.—All barometric readings are reduced to the sea level and to 32 degrees Fahrenheit.

Weather Report.
WAR DEPARTMENT,
Office of Chief Signal Officer,
Washington, January 6—4.35 P. M.

Probabilities.
For New England, westerly winds, gradually backing to southerly, and clear weather, but increasing cloudiness on Tuesday night. For Middle States, southerly to southwesterly winds and increasing cloudiness, with probably light snow over the Lower Lake region. For South Atlantic and Gulf States, east of the Mississippi, generally clear weather and rising temperature. From Tennessee to Lake Erie and the Upper Lakes, southerly to southwesterly winds and rising temperature with generally cloudy weather, and with light snow over the Lake region. For Northwest, winds veering to westerly and northwesterly and rising barometer extend eastward on Tuesday afternoon and night over Upper Lake region and to the Lower Ohio Valley.

THE CITY.

NEW ADVERTISEMENTS.
CITY HALL.—Grand Promenade Concert. L. H. DEROSSET, Agent.—Notice.
See advertisement of "Teacher Wanted." P. HEINSEBERGER.—Blank Books, &c.

Shipping Notes.

Capt. Eldridge of the Schr. J. M. Morales, which arrived here yesterday, reports that his vessel was struck by lightning in the port of Asua, about 60 miles Southwest of the city of San Domingo, a short time since, by which his mainmast was shivered. The Morales was bound for Boston with a cargo of sugar, honey, etc., and put in here under protest, this being the nearest port on the route.

The Schr. Helene, Capt. Adams, from Boston for this port, reports the loss of her mainboom, mainsail and boat and also had her foresail split during the passage.

Suppression of an Organ Grinder.

The Italian organ-grinder, with his educated monkey, did quite a thriving business on our streets yesterday. As a success in drawing crowds a first-class lecturer stands no chance in comparison with a third-class organ-grinder and monkey, even with but a slight difference in the pecuniary consideration involved. In fact, the sidewalks became so obstructed by admiring music-lovers who followed up the show during the afternoon that the city authorities voted the exhibition a nuisance and an order was issued for its suppression.

A Daring Exploit.

We learn that Mr. James Chadwick, employed at Messrs. Northrop & Cumming's mill, performed a rather hazardous exploit a few days since. He left Lockwood's Ferry at 11 o'clock in the morning and reached Wilmington at 9 o'clock at night, coming all the way, about 15 miles of the distance on the open sea, in a small shad skiff, which he rowed overhauled, coming in at the Western Bar. Very few would attempt such a trip in so small a boat. He made excellent time and was not "skereered worth a cent."

Alarm Telegraph.

Alluding to this useful invention, an imperfect description of which was given in our last issue, the Chief Engineer of the Fire Department of Savannah, in his annual report, says: "This simple but effective apparatus has given entire satisfaction; in no case failing to convey prompt and accurate alarm. In two years there appears no perceptible wear and tear, and its durability bids fair to equal its simplicity and efficiency. Its usefulness and economy becoming apparent, the system has been extended, until the city is now well covered by 23 stations."

Nutt Street.

Nutt street is not only in such a muddy condition generally as to almost swamp drays and other vehicles, but it is also so narrow that it is with much difficulty that two drays can pass each other. An instance in point occurred yesterday. Two drays going in different directions attempted to pass each other, when the wheel on one side of one of them, to which a mule was attached, became so deeply imbedded in the mud (about two feet) that the animal was thrown from his feet, and was nearly suffocated in mire before he could be raised.

Taking a Ride.

The Rocky Mount Mail says: One night last week Jim Weldon, engineer on the W. & W. R. R., brought a horned owl from Wilmington to Rocky Mount, a distance of 170 miles, on the head lamp of his engine. Upon reaching Rocky Mount the bird flew off. As it has landed near Rocky Mount, we naturally conclude that the owl is a sagacious bird, and will not fool at us, even tho' it is from "the city." Our cotemporary calls this a "fowl" trick. We pronounce it an "owl" trick.

Local Notes.

—Large flocks of crows passed over this city yesterday, flying Southward.

—Schooner Charles A. Higgins, from this port, arrived at Boston Jan. 2.

—A terrific storm of wind and rain, accompanied by thunder and lightning, passed over this city Sunday morning.

—In the Mayor's Court, yesterday morning, Thos. Reid, charged with disorderly conduct, was fined \$5 and costs.

—The Rocky Mount Mail is informed that Hon. R. R. Bridges will soon have control of the Atlantic road from Goldsboro to Morehead City.

—A Grand Promenade Concert for the benefit of St. John's Church will take place at City Hall on Friday evening, January 10th. See advertisement elsewhere.

—"Roast beef," said a boarder to a waiter at one of our hotels a day or two since, "How will you have it, sir?" "Well done, thou good and faithful servant!"

—We are indebted to Geo. W. Childs, Esq., of the Philadelphia Ledger, for a copy of his Ledger Almanac for 1873, which is very useful for reference.

—There has been a change of schedule on the W. & C. R. R. R., by which the mail on this route will not reach the post-office hereafter until nearly 6 o'clock. It will be delivered with the Northern mail.

—The receipts in the City Treasury during the year closing the 31st December, 1872, amounted to \$128,417 82, of which \$85,649 90 was for real and personal and \$42,768 02 for specific taxes.

—A dispatch has been received in this city announcing the death in Savannah, Ga., yesterday morning, of Mr. William Giles Bradley, formerly of this place. The funeral will take place at St. James church on Wednesday morning, at 9 o'clock, from whence the body will be carried to Whittlesville Sound for interment.

—We learn that an effort will be made to repair the injuries to the propeller of the steamship Pioneer without hauling her on the ways. This will be done by stowing all the cargo possible in the forward part of the steamer first, thus tipping up the stern and enabling workmen to reach the propeller.

Sunday School Mass Meeting.

Notwithstanding the inclemency of the weather, on last Sabbath, several of our Sunday Schools met at the First Presbyterian Church at 4 o'clock, P. M., to hear an address from Rev. John McCullough, Secretary of the Southern Department of "The American Sunday School Union." It is enough to say, the address was characteristic of the man, who, for more than thirty years, has given his whole time and attention to the promotion of this noble cause in our Southern land.

From his treasury of interesting facts, he gave us a few, showing the necessity, value, and results of these Bible Schools planted by the Agency of "The American Sunday School Union" among the destitute. Here in North Carolina, as stated by this veteran Sunday School man, over nine thousand dollars have been expended by the Society within the past six years, in establishing Sunday Schools, and supplying the destitute with libraries. There has been 824 schools organized and otherwise aided with a total membership of over 40,000.

We are pleased to learn that, at night, a large audience greeted Mr. McCullough at the First Baptist Church, to hear more about the work and wants in the Old North State.

As a co-worker in the same noble christian enterprise, the Rev. G. S. Jones, a successful missionary in North Carolina, has been assigned the duty of visiting the different cities and towns throughout the State, so as to give the citizens an opportunity of co-operating with the Society in this great and blessed work. We bespeak for him, while in our city, a cordial reception and liberal response.

New Hardware House.

A new wholesale and retail hardware establishment is soon to be opened here by Messrs. Clayton Giles, of this city, and J. W. Murchison, of Fayetteville. The store corner of Princess and North Water streets is being fitted up for this purpose, and the gentlemen alluded to will leave for New York in a few days to lay in their stock. Both gentlemen enjoy the reputation of possessing fine business qualifications, while they will have as an assistant a gentleman (Mr. Berry Gleaves, lately connected with the establishment of Messrs. Dawson, Teel & Henning) who has large experience in the hardware business. The new firm have our best wishes.

Seizure for Taxes.

The first seizure of personal property for the payment of State and county taxes was made yesterday afternoon. It appears that the property belonged to non-residents, and the agent who carried on the business claims that it is therefore not liable to taxation. The Tax Collector holds, however, that the law makes no distinction between property belonging to non-residents, or in the way of a consignment, and that belonging to the party in charge, all being alike liable to taxation or seizure for non-payment of the same.

Death in Battleboro.

We are pained to learn of the death of Mrs. Alice McGuire, wife of Mr. R. H. McGuire, of the Battleboro Advance, and daughter of Henry G. Williams, Esq., of Battleboro, which sad event occurred at the residence of Mr. Williams on last Friday. The deceased lady was young, amiable and greatly beloved. We deeply sympathize with the bereaved family.

Board of Aldermen.

The Board met in regular monthly session last night:

A proposition of J. S. W. Eagles, Captain of the Wilmington Rifle Guards (colored), to detail a Lieutenant and 10 men who will hereafter report to the City Marshal under arms, upon the occurrence of any fire within the corporate limits, for duty as a fire guard, to be subject to the orders of the City Marshal, was referred to the Committee on Fire Department for report.

Application of Thos. P. Burnett for a recommendation for license to retail spirituous liquors, was granted.

A petition from the street hands for an increase of pay was referred to the Committee on Streets and Wharves for report.

The Committee on Streets and Wharves reported that they had examined into the condition of Nutt street, and recommended that the said street, from a point near the intersection of Mulberry street to a point as near as needs be to the depot of the W. & C. R. R. R., be covered with plank four inches in thickness and eighteen feet in length, with four sleepers or pieces under the same of 5 by 8 inches. It was further recommended that the work be done by contract, the Board reserving the right to reject or confirm any or all bids made for the work. Report adopted.

Committee on the petition of James Dawson, President of the Dawson Bank, asking that an order be passed by the Board instructing the City Treasurer to refund the tax levied and collected from said institution as monthly taxes, reported, recommending the abatement of the tax on banks from November 1, 1873. Report confirmed.

A motion was adopted instructing the Committee on Streets and Wharves to examine and report upon the practicability of grading Fifth street, so as to make it passable from the railroad.

The petition of Silas N. Martin, Chairman of the Board of Education, Henry B. Blake, County Examiner, and L. E. Rice and E. M. Shoemaker, members of the Board of Education, asking the adoption by the City of Wilmington of all the free schools within its limits and the establishment of a city system of instruction, was referred to a special committee, consisting of Mayor Wilson and Aldermen Kerchner and Sampson, to confer with the committee of the Board of County Commissioners on the subject.

The following was adopted: Resolved, That the Committee on Fire Department be required to recommend to the Board a plan or plans for the purpose of forming a Fire Brigade.

The Committee was increased by the addition of Aldermen Kerchner and Sampson.

Resolved, That the Committee on Fire Department be directed to inquire into the cause and the extension of the fire on the corner of Second and Market streets; also of the conduct of the Fire Department during said fire, and report at next meeting.

In the matter of the fire alarm telegraph, a letter was read from Mr. Lee A. Angel, covering a dispatch from Mr. J. R. Dowell, Esq., stating that he would furnish fifty street boxes, six gongs and seven miles of wire for \$7,000. The matter was referred to the Committee on Fire Department.

The City Marshal was instructed to place a street lamp at the corner of Tenth and Princess streets.

Alderman Radcliff on behalf of the Committee on Fire Department, made an extended verbal report on matters relating to the Department and on charges of mismanagement at the recent fire, corner of Market and Second streets, attributing the principal cause to a short supply of hose.

The City Marshal reported that he needed 2,000 feet of hose as follows: 400 feet for the Brooklyn, 300 for the Cape Fear, 300 for the Adrian, 300 feet for the Rankin and 800 for the Mechanics' Hose Company.

It was ordered that 1,200 feet of the best hose be purchased for the use of the four fire engines belonging to the Fire Department.

The matter of the construction of a cistern corner of Market and Fourth streets was referred to the Committee on Fire Department for report.

Howard Relief F. E. Company.

At a meeting of the Howard Relief F. E. Company No. 1, held last evening, the following officers were elected for the ensuing term:

H. Ohlandt, Foreman; H. Hintze, 1st Assistant; A. Adrian, 2nd Assistant; H. Ehrbeck, President; D. Doscher, Vice President; W. Furlong, Chief Engineer; W. F. Lessmann, Assistant Engineer; W. H. Strauss, Corresponding Secretary; John Maier, Recording Secretary; G. H. W. Range, Treasurer, (re-elected.)

County Commissioners.

The Board met last night. The Committee on Township Claims reported that they had examined the claims presented and audited by the Trustees of the Township of Wilmington, amounting to about \$600, and had directed that the same be paid.

Report of Sheriff Black, recommending the location of the proposed bridge on North East river be at Asa B. Crook's ferry, was received and adopted, and the Chairman of the Board was authorized to advertise for plans and estimates for the same, to be submitted to Committee on Roads and Bridges for consideration by the Board.

The Auditing Committee reported that they had examined the books of the County Treasurer for the month of December and found them correct.

David Pigott, Tax Collector, was directed to pay over to the clerks and treasurers of Rocky Point and Harnett townships so

much of the taxes authorized to be levied as is already collected, on account of said townships.

The Chairman and Commissioner Shoemaker were appointed a committee to assist the County Treasurer in his yearly settlement with the county officers, in accordance with Section 40, of Act of January 17th, 1872.

The matter of jail fees was referred to a Committee consisting of Commissioners Lowrey and Rice, with instructions to report at next meeting of the Board.

Adjourned to Monday, 20th inst, at 8 p. m.

In a Prosperous Condition.

There was a sale of stock in the First Co-operative Store of Wilmington yesterday at an advance of 15 per cent. per annum on its par value, which is a very fair indication of the general good management which has characterized the workings of this store since its commencement, by which it has taken its stand as one of the permanent institutions of the city.

Colored Sunday School Mass Meeting.

We learn that the mass meeting of colored Sunday School children at St. Stephen's church, corner of Fifth and Red Cross streets, on Sunday morning, was a very interesting affair. There were between 500 and 600 children present and addresses were delivered by Rev. Mr. McCullough, Rev. Mr. Jones and Sheriff A. R. Black.

Lecture.

Rev. J. C. Hiden will deliver a lecture on the subject of "Symmetrical Culture," under the auspices of the Young Men's Christian Association, at the Front Street Methodist Church this (Tuesday) evening, at 8 o'clock. The public are invited to attend. Seats and admission free.

CITY ITEMS.

No better oysters can be found in the State than those to be had at Gilbert's saloon on South Water street. We have tried them frequently and always find them up to the standard of excellence he has adopted.

BOOK BINDING.—THE MORNING STAR Book Bindery does all kinds of Binding and Ruling in a workmanlike manner, and at reasonable prices. Merchants and others needing Receipt Books, or other work, may rely on promptness in the execution of their orders.

The consolidation of the Carolina Farmer and the Weekly Star having largely increased the circulation of the latter, advertisers will find it an admirable medium of communication with the farmers and planters of the two Carolinas.

WANTED.—To buy a small dwelling, centrally located. Apply at this office.

JOE PRINTING.—We call the attention of merchants, clerks of courts, sheriffs, lawyers, railroad and steamship officers and agents, and all others having orders for printing, to the facilities offered at the MORNING STAR Printing Establishment for the prompt and faithful execution of all kinds of Job Printing. We can furnish at short notice Cards, Bill-Heads, Letter-Heads, Programmes, Ball Tickets, Blankets, Pamphlets, Tags, Hand-Bills, Drafts, Bills of Fare, Show-Bills, Checks, Catalogs, &c., &c. Satisfaction guaranteed.

A full stock of News Ink of superior quality for sale at the office of THE MORNING STAR. Cash or C. O. D. orders will have prompt attention.

A POLYLOGOT BUSINESS.—The widespread influence of American skill and enterprise has outstripped the comprehension of the Americans themselves. The fabrics of our mills clothe the savages of both continents. They sweep the land of Africa, and the tawny skies of South American pampas. But wider still are spread the products of our skill in medicine. A late visit to Dr. C. Ayer & Co.'s laboratory and office in Lowell showed us that the whole surface of the habitable globe pays its tribute there; they cater to and serve the requirements of almost all nations. Their publications are in the many tongues that the world speaks, and their medicines are read from and written in many tongues, for which there sits a long range of correspondents with the indispensable accomplishments for their duties. Their daily mail of half a bushel of letters brings them advice, orders and remittances from the circle of the world. We were overwhelmed with amazement, and our readers would be by an inspection of this wonderfully extensive, health-dealing enterprise. —Holly Springs (Miss.) Conservative.

"In these days when alcoholic liquors are so largely consumed, and customers are so much in doubt whether their systems are not being gradually impaired by adulteration, it is well that one at least of our popular beverages of the period is reliable as pure—that is UDOLOG'S WOLF'S ANAESTHETIC SCIENCE-SCHWAPPA. It is something to be secured by physicians and others of the scientific profession, that we have in this article a genuine extract which, in its condense quantity and under ordinary healthy conditions of body, affords a beneficial stimulant to the animal functions, and even if taken in excess leaves but a minimum of the inevitable evils of abuse."

ADRIAN & VOLLERS, Agents. Jan 3-1/2

Spirits Turpentine.

—The Tarboro papers complain of the late delivery of the mails.

—Some of the State papers are still "harmonizing the party."

—Col. Jones, of the Statesville Intelligencer is in New York.

—There are only two cases of small-pox in Nashville now.

—The Mail says Gray's hotel is now under the control of Col. G. W. Hammond.

—The Citizen says a horse ran away in Asheville Christmas week and killed himself.

—The cotton crop in Franklin county is much better than the Courier thought it could possibly be.

—The little son of the foreman of the Statesville Intelligencer office was badly hog-bitten a few days since.

—W. M. Robbins, Congressman elect in the 7th district, has removed his residence from Salisbury to Statesville, Iredell county.

—The News says Messrs. Jones and Chevrone, two English gentlemen who bought farms near Henderson a few months since, are much pleased and have gone into stock raising.

—Prof. Fetter, late of the University of North Carolina, was in Raleigh on Saturday, en route for Scotland Neck, Halifax county, to take charge of the Vine Hill Academy at that place.

—Yesterday, says the Raleigh News, four colored men, named Bryant Whitley, Solomon Watson, Chas Miles and Guilford Seawell, were sent to this city for imprisonment in the county jail on the mittimus of W. I. Buebee, J. C., charged with the theft of a bale of cotton in St. Mary's township. They gave bond for their appearance.

—The Weldon News is pained to say that the oldest son of Rev. M. C. Heptinstall, of Enfield, died on Thursday night.

—As Nashville has the small-pox, the Rocky Mount Mail suggests to the Legislature the propriety of passing a special act authorizing the February term of Nash Court to be held in Rocky Mount.

—The 38th anniversary of the Eulalian and Philomathesian Literary Societies of Wake Forest College, will be celebrated on the 11th of next month by a public debate and anniversary oration.

—The Raleigh News learns with regret that during the month of December 113 emigrant tickets were sold at Company Shops, on the line of the North Carolina Railroad, besides large numbers sold at other points on the same road.

—The Franklin County Commissioners have employed several efficient nurses for the small-pox sufferers in that county. The Louisville Courier heartily endorses this noble action.

—The Louisville Courier learns that there have been seven deaths from small-pox at the residence of Mr. Reuben Rogers up to this time. The weather is so unfavorable that the doctors have but little hope of several others in the neighborhood.

Henderson Redman, a colored man, was found dead on Christmas day, about 14 miles Northeast of Statesville. The negro had been out on a hunting expedition, and having too freely used tangleweed bended his way to a negro cabin, and not being able to reach it, no doubt laid down and died. The jury of inquest gave in their verdict, "death was caused from the use of bad whiskey." So says the Intelligencer.

—The Edgecombe council Friends of Temperance flourish, according to the Enquirer. At a late meeting of this body the following officers were duly elected: M. L. Huxsey, Treas. J. B. Palamontain, Ex-pres., John J. White, Associate, L. Chamberlain, Chaplain, Geo. T. Terrell, Secty., C. Williams, Treas., G. W. Walker, Financial Secty., Geo. T. Williams, Conductor, F. Spivey, Assistant Con., W. P. Williamson, Justice Sentinel, and F. McCullen, Outside Sentinel.

—On Christmas evening (says the Citizen) the good citizens about Swannanoa, some thirteen miles from Asheville, were thrown into great excitement by the killing of Mr. Millington Lytle, Jr., by Mr. Lewis Ingram. It seems from what we could learn, Ingram, and one or two others, were at the house of Mrs. Elizabeth Stepp, and engaged in a personal quarrel, when Lytle came up. Seeing the difficulty he approached the parties, and commanded the peace, whereupon Ingram turned upon him quite suddenly, attacked him, cutting him with his knife, the blade of which was about three inches in length, from which he died almost instantly. Upon examination the above facts were elicited, whereupon Ingram was arrested by Deputy Sheriff R. H. Young, and committed the jail. Of course (adds the Citizen) whiskey had something to do with it.

DIED.

BRADLEY.—In Savannah, Ga., on the morning of the 6th inst., William Giles Bradley. The friends of the family are invited to attend the funeral at St. James' Church, in this city, on Wednesday, Jan. 8, at 9 o'clock A. M. The interment will take place at Wrightsville Sound.

NEW ADVERTISEMENTS.
