OUTLINES.

Lake Erie Iron Company's works at Cleveland burned. - The burning of the court house at Quebec destroyed many valuable records. - Key West and Havana cable will be completed in May. — A director of the Bowery Bank, New York, was gagged and robbed on the street in a throng of people, Saturday evening .-The Evangelical Alliance have issued circular. - Norfolk had three fires Friday night on different streets. - Horrible explosion in a Pittsburgh iron works. -The passage of the Cunard Olympus to Boston was the roughest of the season. __ A movement for a school of mines to be located in North Georgia is before a Congress committee, two-thirds Southerners, and will be favorably reported on. - Va rious measures introduced into Congress vesterday of more or less importance.-Australian steamship subsidy tabled in the Senate. - Mrs. Wharton was released on renewing bail, the jury being discharged. - Another Ku Klux pardoned.

We don't see any way out of it but to abolish the would-be abolishers of the State Geologist. There are fossils in the Legislature more perfect than any Prof. Kerr has yet met with.

Ifinnocent, Mrs. Wharton ought to be acquitted; if guilty, convicted, sentenced and hanged. She has been, whether innocent or guilty, tortured too much.

"The bill relieving Hardcastle of Mississippi, passed." Now relieve him of his name and he'll do, probably. But may-be a man's name, like his house, is his castle.

The Legislature will consider the subject of suffrage restricted to payment of poll-tax.

Saturday's legislation at Raleigh was purely of local interest.

A Repetition Expected.

It is rumored that the late Concert under the auspices of the Concordia Society. which was so highly appreciated by our citizens, will, in response to a very general desire on the part of those present, be repeated on Thursday night next. As many were deprived of the pleasure of attending on last Thursday night, owing to the inclemency of the weather, it is to be hoped that the repetition will be given.

Since writing the above we have been handed the following, with a requst that it be laid before our readers;

To the Ladies and Gentlemen Who took part in the Concert on the night of January 30th.

We, the undersigned, appreciating the udable purpose you have in view and ishing to testify to the delight we excrienced at the Concert given Jan. 30th; lso knowing that many were deprived of he pleasure of hearing you by the inclemeny of the night, are extremely desirious of oing so, do most respectfully request that nother Concert be given at some early day, aggesting, if convenient, Thursday night,

We further beg leave to congratulate you all on the splendid success of the last oceasion, and to express our assurance that a like success awaits you in the future. Signed-W. H. Northrop, W. H. Mr. Troy offered an amendment providng that this act shall not allow the corporation ta interfere, in its exclusive right for fifty years, with any authority already vested in a corporated railroad company.

Various amendments were offered lookng to the location of the road upon some definite line, creating much discussion, but could not be made intelligible without pubishing the bill.

Mr. Dunham said he was a friend to inernal improvements. He would yield to no other Senator in his advocacy of all general improvements and in the development of the resources of the State. But he would not vote to any corporate body the powers asked for in this bill. The primary purpose of this incorporation was to make money for the incorporators—any advantage to the State or the people of the State was a secondary consideration. The privileges here asked for were unjust to the State, and such as should not be granted to any corporation. He could not give the bill its support unless

t was more thoroughly guarded.

Mr. Merrimon endorsed everything said by Mr. Dunham. It was a species of the Credit Mobilier, and he did not want to see the roads of the State trammelled by any orporation possessing unlimited powers.

Mr. Murphy said he had no confidence in the success of this enterprise under the present bill. He said he could not see the need of this legislation if there was nothing definite to be claimed by the friends of the Let straight-out bill, not covered by such an amouni of insinuative power be

gotten up, to run through any portion of the State, and he would heartly support it. Here an animated discussion took place, Mr. Murphy having some reference to the friends of the bill, that gentleman disclaiming any reflection upon any Senator, but referring to the parties who were pushing the bill. Mr. Morehead, of Rockingham, warmly advocated the bill, as Chairman of the Committee before it had been consid ered, and did not think any undue influ ences were actuating the motives of the incorporators, nor that there was any collusion between them and the Railroad Rings which had so thoroughly ruined the State as far as her various lines of public improvements were concerned. Pending the discussion of the bill, the Senate adjourned, the matter being made the special order on Monday at 12 o'clok.
