Paving the Sidewalks.

If the city authorities intend to enforce the ordinance recently passed, requiring the owners of property on certain streets to have brick or stone pavements laid, we think they would show a becoming regard for the rights and interests of those they represent by purchasing the brick or flagstones and furnishing them to those who have pavements to construct at cost, which would, on a large purchase, be much less than it would in case each individual should buy his own material separately. And, further, in place of having the work done by the street hands, they should put it out by contract to experts, and thus ensure to those who will not have the work done themselves that it shall at least be well done and with a proper regard to economy. They should also have good crossings constructed at the intersection of the various

We hope the authorities will take the matter of purchasing the flagstones and brick into consideration, as it will result in quite a saving to those who have pavements to construct and be no loss to the City

On the Rampage.

A colored man, by the name of Daniel Chadwick, was arrested yesterday afternoon on the charge of striking a colored boy and afterwards cursing the police officer who interfered. Both he and the boy were taken to the Guard House, but were released on their own recognizance to appear before the Mayor's Court on Monday morning. Previous to the difficulty with the colored boy, we learn that Chadwick, who was partially intoxicated, came in collision with a small white boy on Second street, knocking him down and falling on him. The little fellow was badly stunned for awhile, the breath being nearly crushed from his body, but he soon recovered.

The Freshet.

The freshet in the river is so strong that two rafts of timber, bound for this city, were forced by the current into Brunswick river, Friday morning, where they will probably have to remain until the freshet subsides. Owing to the extent of the flood it is impossible to take in or put out freight at many of the landing places. At last sccounts the river was falling slightly at Fayetteville, but another rise was expected and has probably taken place before this.

Railroads spin their trains amid the temples of three thousand years; steamers dash their swells upon the Pireus, and the scream of their whistles resounds from Athos, Pentelicus and Cytheron to Olympus and the heavens beyond their gods. Dr. Ayer's world renowned medicines, those consummations of modern science, are posted on the Acropolis, the Parthenon, the Areopagus and the Thesion, while the modest cards of Cherry Pectoral, Ayer's Sarsaparilla, Ague Cure and Pills look from the windows of the shops in the streets of Athens, where they are sold.—N. North Carolina Legislature.

[Condensed from the Raleigh News.]

FRIDAY, Feb. 14, 1873. SENATE

Senate called to order at 10 o'clock, by the Lieutenant Governor. Mr. Grandy rose to a question of personal privilege on the Duily News, stating that that paper had misrepresented his position in his remarks on the constitutional amendments. That he only said that the passage of the amendments would be revolutionary

in its tendency. Messrs. Price, Love and Hill, from Proositions and Grievances; Mr. Norwood, from Agriculture; Mr. Murphey, from Insurance, and Mr. Todd, from Enrolled Bills, submitted reports.

By Mr. McCabe, a bill providing for the service of civil process against infants and persons of non-sane minds; to regulate the appointment of guardians ad litem, and for other purposes. Referred. By Mr. Dunham, a bill to amend the law

of evidence, relating to the conveyance of real estate. Referred. The school bill came up as the special order for 114 o'clock.

Mr. Cowles withdrew his call for the previous question on the passage of the bill. An amendment was offered by Mr. Welch providing for a new section to the bill, authorizing the organization of a Teachers Association, properly officered, &c., which shall report to the Register of Deeds the number of teachers, &c., of said Association, and the Association thus formed shall be a body politic and corporate in law, &c.

The amendment was discussed at con siderable length by Messrs. Welch and Worth for the amendment, and Messrs. Gudger and Love against it. The amendment was lost.

Mr. Love offered an amendment to the 14th section in regard to a division of the grade of teachers, leaving the grade to the decided by the Board of Examiners, regardless of applicant's knowledge of the classics or higher mathematics. Defeated.

Other amendments were offered, but none prevailed. The bill passed its third and last reading by 35 yeas to 3 nays.

At 121 o'clock the Senate bill on the

constitutional amendments, in regard to the re-numbering of the sections of the Constitution was taken up and failed by a vote of 31 ayes to 8 nays. Harris, col., after the vote 'was an-nounced asked to change his vote to the

negative that he might move for a recon-Hyman, col., objected.

Harris, col., was surprised and mortified at the course pursued by certain members of the Republican party on this floor. He believed that some of them would vote against the "Ten Commandments" if introduced by the Democratic party. (Hyman answered he would.) Harris contin ued: The Senator from Warren says he would and he would here express his surprise that the representative of this good old county should be so blinded by prejudice as not to be able to discriminate right from wrong. He believed the constituency of these Republicans would hold them to an account for such acts, &c.

Mabson, colored, rose to explain and was proceeding "for Harris" when Mr. Humphrey rose to a point of order; that there being no question before the Senate Mabson's remarks could not be entertain-

The President sustained the point of order and Mabson was seated. Hyman, colored, withdrew his objection, when Harris moved the reconsideration of the vote by which the bill was defeated and its further consideration postponed till Wednesday next and made the special order for 12 o'clock on that day. Adopted.

The bill to incorporate the Central Carolina Railway Company introduced by Mr. Humphrey, came up as the special order for 1 o'clock.

Mr. Humphrey offered an amendment to the amendment of the Committee, requiring the building of the road to Shelby, Cleaveland county, in eighteen months from the passage of the hill.

After a considerable discussion by Messrs. Welch, Gudger, Humphrey and Dunham. Mr. Humphrey modified his amendment so as to read to "Shelby in

twelve months."

After some discussion the amendments were all adopted, when the bill passed its second reading.
On motion of Mr. Allen' the further consideration of this bill was postponed till Monday at 11 o'clock and made the special order for that hour.

The bill to incorporate the Raibon Gap Railroad Company was taken up and passed its third reading.

Adjourned. HOUSE OF REPRESENTATIVES. At 10 A. M. Speaker Robinson called the

House to order. Mr. Turner, presented several petitions from numerous citizens of Iredell county, stockholders of the Atlantic, Tennessee & Ohio R. R., protesting against the pro-

posed change in the charter. Mr. Moss, presented a memorial from various citizens of Granville and Wake county asking a new county te be called Morehead, out of portions of Wake, Granville and Franklin counties.

Messrs. Morrison, Stanford, Woodhouse.

Craige, Brown, of Mecklenburg, Anderson of Davie, Johnston and Waley submitted reports from various Standing Committees.
[The report of the Committee on Privileges and Elections, submitted by Mr. Johnson, unseats J. E. Moore, the present incumbent and gives it to Jno. R. Mizzel.] By Mr. Badger, a resolution declaring Jno. Mizzell entitle to a seat as the Representative from Martin county. Calendar.

By Mr. Gorman, a bill to incorporate the Raleigh Water Company. Referred. By Mr. Stanford, a bill to incorporate the Lanefield High School, Duplin county. By Mr. Guyther, a resolution declaring

A. Jones entitled to a seat as the member from Camden county. Calendar. The resolution authorizing the Governor to pray an appeal from the decision of the S. Circuit Court in the case of Henry Clews. vs. the Western North Carolina Railroad, and directing the Treasurer to give the necessary appeal bond and pay expenses, &c., was taken up as the un-

Mr. Craige caused the portion of the Governor's message in regard to this matter to be be read. He urged, in remarks of length, the passage of the resolution, and insisted that the General Assembly should not sit quietly by and see the State's interests sac-

Mr. Badger opposed the measure. Messrs. McGehee, Houston, Morrison nd Luckey, took strong ground in favor of the resolution. Mr. Johnston offered the following pro-

Provided, however, That if the plaintiff and other parties to the suit herein authorized to be appealed from, will agree that the decree of foreclosure and sale heretofore made in the Circuit Court of the United States, for the Western District of North Carolina, shall be so modified and amended as to require that the party or parties purchasing the property directed to be sold under said decree, shall not obtain a perfect title thereto, unless said purchasers shall, with two years from the date of said sale, complete and equip in running order, the Railroad sold under said decree, and unless they shall also bid not less than the full amount of the actual and bona fide indebtedness of said Eastern Division of the Western North Carolina Railroad Company, which said indebtedness shall be determined by arbitrators to be selected by the parties under the direction of the Court, and subject to confirmation by the Courtthen the parties herein directed to appeal on behalf of the State are authorized to aban don such appeal or the instituting of any suits, authorized to be instituted under the

provisions of this resolution. Mr. Johnston urged the adoption of his proviso in remarks of length. Messrs. Bryan, of Alleghany, and Mc-Neill argued in favor of the resolution. Mr. Craige hoped the proviso would not pass. He said it covered a proposition from the Southern Security Railway Company, that if the decree was allowed to stand, that they would, for a bonus of \$100,000, guar-

antee the completion of road, but who is to be the judge of the guarantee?

Mr. Gudger favored the proviso of Mr.

Johnston. He contended that if the road was not sold to a Company who would build it the transmontaine country would continue to be shut up for years to come.

M. Robinson said a large number of members were groping in the dark in this matter. The Committee raised for that purpose had not given the House any information as to the validity of the mortgage under which plaintiff seeks to foreclose. Yet neither the gentleman from Wake, (Mr. Badger) nor the gentlemen from Buncombe, Mr. Johnston, have controverted the position that the mortage bonds are illegal and fraudulent, and while the Supreme Court of the United States might sanction the decree of the Court below with the record as it now stands, yet upon a bill of Review as suggested by the gentlemen from Wake, he felt satisfied that Judge Dix, from his knowledge of that distinguished gentleman, would set the whole matter aside and give the relief that was in accordance with law

He did not yield to the gentleman from Buncombe or anylone else in his desire to have Western North Carolina penetrated by railroads, but if his constituents demanded of him that he should compound a felony, or authorize the Governor to do so. and thus stultify his conscience, in the sale of \$4,000,000 of property for the benefit of Henry Clews, whose name is intimately associated with all the dirty lobbying and rascally theiring of bonds during the reconstruction of our impoverished States of the South, and who, according to the gen-tleman from Wake, Mr. Badger, could not touch a bond without stealing a coupon, then another man must take his place on

the floor. This Senate resolution gives the Governor all the power that the gentleman from Wake would vest in him by his proviso, and goes further and lodges the power of appeal in him if he thinks the State's interest demands it, while the proviso of Mr. Badger takes the power of appeal from him, and leaves the Governor tied hand

Mr. Bowman said in his opinion the mortgage was a valid one. Mr. Bryson, of Swain, offered a proviso that the Company why may buy the road be compelled to build it to Paint Rock and Bucktown in five years. Lost.

Mr. Johnston's proviso was put to a vote and rejected. The resolution then passed its second reading by the following vote: YEA8-101. NAYS-Messrs. Blackwell, Blythe, Gudg-

er, Michael. -4. The resolution was taken up on its third reading and was made special order for tomorrow at 11 A. M.

On motion of Mr. Badger, the resolution seating John R. Mizzell as the Representative from Martin county vice J. E. Moore, was taken up and adopted.

- In Newbern Superior Court on — In Newbern Superior Court, on Thursday quite a number of persons visited the court room to hear the trial of the case of Wallace vs. Ellis. A compromise was effected, however, states the Republic, the defendant paying the plaintiff one thousand dollars, and the costs of the suit. Upon a trial of the case at former term of the Court, it appeared in evidence that Ellis claimed from the U.S. Government the sum of \$80.000 for room taken from the sum of \$62,000 for rosin taken from him during the war, that the said claim was allowed.
