We take pleasure in making the annoence-ment to our readers that Gen. Wake Hamp ton, of South Carolina, has received and accepted an invitation to lecture in this city under the auspices of the Young Men's Christian Association and the Library Association of Wilmington. His theme on the occasion will be "General Lee," and the net proceeds of the lecture, which was prepared in the interest of the Lee Memorial Fund, will, as per arrangement with Gen. Hampton, be devoted to that purpose. We are assured that our citizens will be glad of an opportunity of contributing to the erection of a monument to that great and good man for whose memory the Southern peo-

ple feel such a deep and abiding reverence. As a soldier, Gen. Hampton had few superiors during the war for Southern independence, and as a speaker he is equally distinguished, his reputation as an orator being second to but few of the men of mark in his day and generation. The exact time of his visit here, which will be left with himself, has not yet been ascertained, but it will probably be within the next week or two. We congratulate our citizens on the prospect of enjoying an intellectual treat such as they have seldom had an opportunity of listening to, and at the same time of

aiding in the work of perpetuating the memory of one whose name will ever be so dear to the Southern heart.

An Interesting Work.

Dr. Isaac W. R. Handy, of Mt. Sidney Augusta county, Va., proposes to issue work to be entitled "United States Bonds: or, Fifteen Months' Duress at Fort Delaware." Dr. Handy is a Presbyterian Minister. At the time the late war broke out he was residing in Maryland, and having become obnoxious to the Federal authorities on account of his strong sympathy for the Southern cause, he was arrested and imprisoned in Fort Delaware, where he remained for fifteen months in sight of the home containing his wife and children from

Handy is represented to be quite old, but a gentleman of rare attainments, and his forthcoming work will no doubt possesss a lively interest (especially among ex-Confederates) throughout the South. Capt. F. M. Wooten, of this city, who was for some time a fellow prisoner with Dr. Handy in Fort Delaware, and of whom he speaks in the highest terms, will receive subscriptions to the work in this city, the price of which will be \$2 50.

The Verdict. Coroner Hewlett held an inquest on Snnday over the body of Mr. James Curtis, who died suddenly on Masonboro' Sound on Thursday last. The jury returned a verdict that deceased came to his death from causes unknown to them, but supposed to have been from heart disease.

VOL. XI.--NO. 127.

BOARD OF ALDERMEN.

Extracts from the Proceedings. The Board met in regular semi-monthly ession last night.

Capt. B. G. Bates and Mr. George Chadbourn, the newly elected members of the Board, came forward and took the oath rescribed by law.

The Committee on Streets and Wharves, to whom was referred a petition of sundry citizens in reference to improving the condition of certain streets leading to Union Depot, to wit: Princess from Front to Fourth, Fourth from Princess to Bladen, and Bladen from Fourth street to the depot, reported, recommending that the petition be granted. Report received and adopted.

The Committee on Streets and Wharves, whom was referred the matter of widening Nutt street from its intersection with Mulberry street to Harnett street, reported, recommending that said street be widened according to law to the additional width of 17 feet. Report received and Committee on Ordinances instructed to draw up an ordinance to that effect.

Proposition of Wilmington Rifle Guards, through J. S. W. Eagles, Captain, offering to report as a fire guard in case of fire, was laid on the table, in accordance with report from the Committee on Fire Depart-

Petition of Miss Amy M. Bradley, asking that the city furnish gas for Tileston Normal School, in consideration of the fact that a free night school for the benefit of the men, women and children who are unable to attend the day school will soon be commenced; and also for the placing of one or more gas lamps sufficient for lighting the approaches and entrances to the ouilding, was granted.

Petition of sundry citizens for a lamp on the corner of Ninth and Rankin streets. and that Rankin street between Eighth and Ninth be filled up, was granted.

Mr. N. Gerken was unanimously elected Chief of the Fire Department. There were some other matters acted

upon, which will be reported in our next. The Fire Last Night.

About a quarter past 11 o'clock last night our citizens were aroused by the alarm of fire, which was found to proceed from the store on the Southeast corner of Ann and Front streets occupied by Messrs. Stalter & Bremer as a grocery store. The fire originated on the inside and spread with such rapidity after it was discovered that none of the contents could be saved. A lady by the name of Mrs. Platt occupied the second floor, which was fitted up as a dwelling, and lost all her furniture, clothing, etc. The fire department were promptly on the spot and did effective service in bringing the flames under control. Fortunately, there were no other buildings immediately adjoining the one destroyed, and this fact, together with the noble efforts of the fire department, prevented any further spread of the flames.

The store, as we before stated, was occupied by Messrs. Stalter & Bremer. Their stock, which was valued at about \$2,000, was insured in the Franklin Company, of Philadelphia, represented by Mesers, Taylor & Giles, for \$1,500. The building was the property of Mr. Fred. Stalter, and was insured with Messrs. Græme & DeRosset, but for what amount we were unable to ascertain. Mrs. Platt had no insurance on

her furniture, &c., which was all destroyed. The fire, from what we could gather, was undoubtedly the work of an incendiary. One of the first gentlemen to reach the scene of the conflagration states that an effort was made to open the door, when a portion of a key was found in the lock, the other part being broken off and gone.

The firemen and Hook and Ladder Company deserve great praise for their efforts last night. It would take a tremendous fire indeed to withstand such a stream as the "Adrian" threw upon the burning building, while three or four other streams in other directions aided materially in bringing the flames under subjection.

The frequency with which our city is being visited by the destroying element calls for some prempt and decisive steps on the part of our authorities, to endeavor to ferret out the parties who are guilty of the heinous crime of incendiarism in our midst.

Mayor's Court. The following cases were disposed or vesterday morning:

Mary Murphy, charged with disorderly conduct, was found guilty and sentenced to confinement in the Work House for 30

Ruffln Moore, charged with disorderly conduct, was required to pay a fine of \$5. Benjamin Clark, charged with the same offence as above, was found not guilty and

Daniel Chadwick, arraigned for a similar offence, was required to pay a fine of \$5. Robert Mills and James Record, ar

raigned on the charge of selling spirituous liquors on Sunday, were found not guilty and discharged.

A Total Loss.

The Sehr. Helene, from Wilmington for Boston, before reported ashore at Point Alderton, will prove a total loss. She has had her stern drove in, cabin washed out; lost chronometer, captain's papers and everything belonging to the captain, officers and crew. An effort was made on the 14th to save the sails and rigging. The Helene was built at Stony Creek, L. I., in 1849, and was rebuilt at East Boston one year ago. She was a good vessel, rated A11 at Lloyds, valued at \$10,000, and about half covered by insurance in Boston and Bangor offices, and was owned by Geo. P. Clark & Co., of

#### OPERA HOUSE.

Art Entertainment. The Opera House was crowded by an appreciative audience last night to witness the first of the series of Prof. Cromwell's Art Entertainments. The exhibition was in the highest degree entertaining and everybody seemed delighted with what they saw and heard. The great success which has attended these entertainments elsewhere could be easily understood as scene after scene was unfolded to the delighted lookers-on, while the explanations of the Professor enabled every one to understand all the magnificent works and historic scenes which he exhibited. Taken altogether it was one of the most intensely interesting exhibitions that has ever visited Wilmington, and we hope our citizens will turn out this evening and give Prof. Cromwell such an audience as the character of his enter-

Mr. Brown will remain several days in Savannah, and will make a careful and minute examination of the Water Works of that city, obtaining all necessary information in regard to their cost, mode of construction and practical value. As the topography of the "Forest City" is very similar to that of Wilmington, it is thought that the general plan of the Water Works there will answer our purposes here.

Cotton and Naval Stores. From the Secretary of the Chamber o Commerce we have the following statement of the stock of cotton and naval stores on hand and affoat at this port yesterday: Cotton, on hand, ..... 3,508 bales

The large oaks at the corner of Fifth and Castle streets, which have given the name of "The Oaks" to that locality, are being cut down. They are supposed to be among the oldest trees in the city and as such, if it were not too late, we should be inclined to say, "Woodman, spare that tree," or those trees, as we hate to see the old landmarks disappearing one by one from our midst.

Want a Post-Office.

The citizens of the village of Summer ville and vicinity, in Brunswick county, on the line of the Wilmington, Charlotte and Rutherford Railroad, are getting up a petition to the Department for the establishment of a post-office at that place. A correspondent writing from Athens curiously contrasts the mixtures to be found there of ancient and modern civilizations. Railroads spin their trains amid the temples of three thousand years; steamers dash their swells upon the Pireus, and the scream of their whistles resounds from Athos, Pentelicus and Cytheron to Olympus and the heavens beyond their gods. Dr. Ayer's world renowned medicines, those consummations of modern science, are posted on the Acropolis, the Parthenon, the Areopagus and the Thesion, while the modest cards of Cherry Pectoral, Ayer's Sarsaparilla, Ague Cure and Pills look from the windows of the shops in the streets of Athens, where they are sold.—N. #### North Carolina Legislature. [Condensed from the Raleigh Sentinel.]

SATURDAY, Feb. 15.

SENATE. President Brogden in the chair. Mr. Allen presented a memorial of citizens of Kenansville, Duplin county, accompanied by a bill for that purpose, praying for the passage of an act, subject to the approval of the qualified voters, to prohibit the sale of spirituous liquors within the corporate limits of said town. Referred.

Mr. Avera, a petition of citizens of Hertford and Northampton counties, in favor of the establishment of the new county to be called "Bragg." Referred. Reports from standing committees were presented by Messrs. Welch, Avera, Mur-

phy, Allen and Murray.

Mr. Cowles, a resolution to provide for the printing of the muster rolls of the soldiers of North Carolina in the war of 1812. Calendar.

Mr. Hili, a bill to incorporate the Trustees of the Shallot Baptist church, Brunswick county. Referred. Mr. Waring, a resolution of instruction

to the Attorney General.

Caldwell issued his warrant to the Treasurer to pay Welker the sum of \$5,000 to carry on the affairs of the Penitentiary. This money was paid to Welker and has not been expended for the use of the Penitentiary nor returned to the treasury. The resolution of Mr. Waring instructs the Attorney General to institute suit against the sureties on the official bond of Welker for the recovery of the money. Several days ago Mr. Troy introduced a resolution of enquiry into the matter, looking to like proceedings. The resolution went over

The special order, the bill to incorporate the Bank of Fayetteville, was taken up, the question being on the resolution of Mr. Nicholson to reconsider the vote by which an amendment was incorporated in the bill, on its second reading, limiting the bank in its loans to the "legal rate of interest." The vote was reconsidered.

The question then recurred on the adoption of this amendment Mr. Morehead, of Guilford, was in favor of the amendment, and thought a like pro-vision should be incorporated in all bank

Mr. Dunham objected to the amendment. Mr. Troy urged the passage of the bill without the amendment. He showed the necessity for increased banking capital in Fayetteville, and the increase of banking facilities, by means of competition, had al-ready resulted in the reduction of discounts

from two to one per cent. per month. Mr. Norwood thought the people should be allowed to charge as much as the banks, or at all events that the banks should no be allowed to charge more than the peo-

Mr. Allen offered o substitute for the amendment restricting the bank to such legal rates of interest as are now or may hereafter be provided by law, but subse-quently withdrew the substitute, Mr. Respess opposed the amendment. It was impossible to regulate the price of

money by act of assembly. Mr. Troy offered a substitute for the pending amendment limiting the rate of interest on loans to farmers to enable them to make their crops, to eight per cent. In small commercial transactions this could not be done.

Mr. Worth offered a substitute for Mr. Troy's amendment subjecting the provisions of the proposed charter to future acts of Assembly. This amendment was adopted and the bill then passed its second reading by a vote of 29 to 6. The bill to incorporate the Mechanic's

Hose company, No. 1, of the city of Wilmington, passed its final reading. The bill to amend the charter of the Wil-mington & Wrightsville Turnnike company was discussed at considerable length. Mabson, col., moved its further consider-

ation be postponed till 12 o'clock on Saturday next. The vote resulted in a tie and the President voted in the affirmative, and the motion to postpone prevailed. The special order, the bills on the calen-

dar to authorize special taxes was pro-ceeded with and bills affecting the following counties passed their second reading; Bladen, Columbus, Camden Green, Curri tuck, Person, Swain, Montgomery, Gran-ville, Harnett, Caldwell, Randolph, Moore, Cumberland, Transylvania and Pitt.

Mr. Morehead, of Guilford, introduced a resolution providing for night sessions, on and after Monday next, except on Saturdays, for the consideration of private bills.

Adopted. A message was received from the House transmitting an amendment (adding an

enacting clause) to the resolution providing for an appeal in the Clews' decree for the sale of the Western N. C. R. R. The amendment was concurred in and the resolution ordered to be forthwith enrolled. The House resolution, appropriating \$45,000 for the support of the Institution for the Deaf and Dumb and the Blind, to be paid in quarterly installments, in advance, and providing that \$5,000 of said sum, or such sum as may be necessary, be used for needful repairs, to pay deficit on last year's appropriation, &c., passed its several readings and was ordered to be
