NEW JERSEY'S DISGRACE.

Thirty-five thousand for a Vote.—The Most Extraordinary Scene Ever Witnessed in the Legislature—Repeal of the People's Railroad Bill.

It was exactly five minutes before twelve yesterday afternoon when the President of the Senate announced the long looked for No. 3.

Then indeed came the tug of war. McPherson had his railroad bill, which was drawn up in the interest of Tom Scott, brought up. Hewitt attacked it and it was laid over.

Williams closed the debate, and he heaped a fearful load of denunciation on the heads of McPherson and Lydecker.

A motion to adjourn having been voted down, the question was put as to the final passage of the bill, and it was defeated by the following vote: Yeas, 10; nays, 11.

Then ensued a scene of confusion such as was never before witnessed in the halls of the Legislature. Cries of "Fetch them out," "Lynch them," "Tar and feather them," "Go for Jarrad," were uttered in angry tones.

WASHINGTON NOTES.

WASHINGTON, March 5. EAGER TO GET THEIR EXTRA PAY. To show the eagerness of some to clutch at the extra \$5,000 which every member of the present Congress gets it is not amiss to mention that ten minutes after the conference report had been agreed on by the Senate, in the early hours of Tuesday morning, a New York member rushed to the office of the sergeant-at-arms and asked for his money.

PERILS OF THE RIVER.

Breaking Up of a Raft and Narrow Escape of Six Men.—The Cry for Help and the Rescue.

On Thursday night, about 10 o'clock, a raft containing six men, which was coming down the river near this city, became separated by the strong current prevailing and drifted apart.

Dr. Satchwell's Address. We find in the New York Tribune a synopsis of the Annual Address delivered by Dr. S. S. Satchwell, of this county, before the Medical Department of the University of the City of New York on Tuesday evening last, his theme being "Modern Physicians."

Local Dots. — Delightful weather yesterday. — Wood is becoming a little more plentiful. — Prices scaled according to work at THE MORNING STAR Printing House.

A Child Run Over by a Horse and Suffered Badly Injured. A small colored child, apparently about eighteen months old, was run over by a horse and buggy at the corner of Third and Castle streets, yesterday morning, which resulted in breaking its leg.

Baltimore and Wilmington.

We see from a statement made by Mr. D. J. Foley, President of the Baltimore and Wilmington Steamship Company, in a meeting held in Baltimore, that the profits of this line for the past six months amounted to 33 per cent.

For the Work House.

Deputy Sheriff Alex. McMillan, of Robeson county, arrived here yesterday with two prisoners for the County Work House. Their names are as follows: Willey Sealey, convicted of an affray, sentenced for 6 months, and Frank McNeill, convicted of assault and battery and sentenced for 4 months.

Cotton Factory.

The Visitor, published at Mount Airy, Surry county, says: "The Wilmington Star wants a cotton factory in the city of Wilmington. Why, yes, that live city ought by all means to have a cotton factory."

Marine Intelligence.

The Schr. Kate P. Lunt, Capt. Pomeroy, which arrived here from Weymouth, Mass., yesterday, reports heavy weather during the passage, during which she lost her jib-boom, sprung her foremast and split her mainmast.

No Tidings.

Hon. H. G. Onderdonk, Receiver of the Wilmington, Charlotte and Rutherford Railroad, who arrived home yesterday, states that he has received no tidings of the \$100,000 in coupons and other securities, of which he was robbed in Washington City on Tuesday last; neither has any clue been obtained to lead to the detection of the perpetrator of the daring theft.

Colored Laborers' Union. A meeting composed of some five or six hundred colored people was held at City Hall last night for the purpose of organizing a Laborers' Union.

CITY ITEMS.

WANTED.—\$5,000 express rail ticket, deliverable in Wilmington or at any navigable point on North-east or Northwest branch of Cape Fear River. Address, Theo. Williams, Rocky Point, N. C.

WANTED.—A situation as salesman or accountant, or both, in some business house or office. Satisfaction given or no pay. Good references given if required. Address immediately A. H. G., Wilmington, N. C.

The consolidation of the Carolina Farmer and the Weekly Star having largely increased the circulation of the latter, advertisers will find it an admirable medium of communication with the farmers and planters of the two Carolinas.

BOOK BINDERY.—THE MORNING STAR BOOK BINDERY does all kinds of Binding and Ruling in a workmanlike manner, and at reasonable prices.

JOS. PRINTING.—We call the attention of merchants, clerks of courts, sheriffs, lawyers, railroad and steamship officers and agents, and all others having orders for printing, to the facilities offered at the Morning Star Printing Establishment.

During the few epidemic last month, the stock of Ayer's Aque Care in the Old North State became exhausted, and before a supply could be received from Lowell, the suffering from chills and fever became fearful.

Persons calling for letters in the above list will please say "advertiser"; if not called for within 90 days they will be sent to the Dead Letter Office.

The Postal Bill.

A Washington correspondent says: The conference report on the post-office appropriation bill retained the clause inserted by the Senate excluding absolutely from the mails all free matter after the 30th of June, 1873.

This, of course, cuts off all free newspaper exchanges, and all free mail delivery of country newspapers.

Connecticut Tobacco.

The Connecticut tobacco-growers of Haddam had a meeting last week to agree upon prices for their last year's crop, which, at present market rates, will scarcely pay the cost of cultivation.

Persons calling for letters in the above list will please say "advertiser"; if not called for within 90 days they will be sent to the Dead Letter Office.

An enterprising darkey informs the Salem Press that he started with \$14,800 just after the war; and now owned a good farm, almost paid for, besides having on hand a crop of 2,500 pounds of good tobacco. All this had been done by himself with the assistance of his wife and a son about twelve years old, and a horse. Besides he had raised enough corn, wheat, potatoes, and hogs for his own use and to spare. Why don't more go and do likewise, instead of lying about the town?

Spirits Turpentine.

— Sheriff Mathias Masten, of Forsyth, is dead. — So far \$5,000 have been raised for the State Fair.

— Look out for the Lincolnton Progress on the 15th. — There are 400 more women than men in Surry county.

— Sheriff Lewis of Nash county has had a congestive chill. — Negro women conspire together to steal goods in Newbern.

— On dit that a Radical paper is to be started at Rocky Mount. — Harry Hall, a colored ferryman on the Yadkin, aged 80, is dead.

— D. B. Jones, of Nash, cut his hand badly in a cotton gin. — Mr. Mickey, of Forsyth, has 24,000 plants of different kinds of berries.

— T. M. Argo, Esq., has been appointed a Director of the Insane Asylum. — Spry of Davie beat his wife, the hog. Her condition is critical and he is in jail.

— Efforts are making for the building of a Presbyterian church in Rocky Mount. — A bale of cotton was stolen from Mr. T. J. Battle, of Nash county, last Saturday night.

— The Sheriff of Warren carried three colored men to the Penitentiary, convicted at the last term of court. — William C. Chandler, Esq., has been appointed Solicitor for the Eleventh Judicial District, vice Mark Erwin resigned.

— The child of Harriet Pulley, of Nash, missing some weeks since, was found drowned in Sappony Creek, says the Advertiser. — The Salem Press says Mr. S. T. Mickey made 600 gallons of wine from 1,800 vines in 1871. In 1872 he made about 3,000 gallons.

— One hundred and thirty thousand children in North Carolina totally unprovided for, without any educational advantages. — The Charlotte Observer says the colored child that was burned the other evening at old Blind Dick's house died Tuesday evening.

— The Rocky Mount Mail is now a handsome well-printed paper of 25 columns, having been greatly improved. Good luck, P. T. — Mr. S. T. Mickey, of Salem, last year put up one thousand packages of canned grapes, peaches, black and goose berries. "Rah for Mickey."

— The News tells us that Judge Settle will be the orator of St. Patrick's Day. Maj. Gales, C. M. Busbee and others will also speak to toast.

— Up to the present time, says the Surry Visitor, there has been 125 cases of measles in Mount Airy, and for a number of years carried on the business successfully near where Thomasville now is located. — The Wilson Plaindealer respectfully declines to engage in the organization of the proposed Press Association, because he thinks he can manage his own business better than the contemplated Association could.

— By decision of the Supreme Court Thursday, the Western North Carolina Railroad passes into the hands of Maj. W. H. Howerton as its legal President and he will take immediate steps to get possession. — Republicans in Raleigh state that the report of Gov. Holden succeeding Calvin J. Rogers as postmaster in that city, and the decision of U. S. Young as collector of that district in favor of W. D. Jones, is true beyond a peradventure. — The Caldwell Board of Directors of the Penitentiary convened again Thursday. Capt. W. H. Thompson was chosen to supersede Captain Everard Hall as Deputy Warden, and Mr. M. Grausman fill the place of Mr. D. C. Murray as Steward. — On Monday, the 24th ult., Miss Mollie Owens, oldest child of Richard Owens, while attending school at Walnut Grove, in Davie county, was badly burned, by her clothes igniting from the fire-place, where she was warming. She died Thursday following. — Judge Albertson will hold the Spring terms of the Supreme Court in Wake, Johnston and Granville counties, and Judge Watts will hold the Spring terms in the counties of Gates, Chowan and Perquimans. This exchange is made in consequence of Judge Albertson having been of counsel in suits in the three above named counties in his district. — The story of the ex-Confederate Simmons is pathetically told by the Advertiser. He was wounded during the war in the hand, mouth, top of the head, breast passing through the lungs. On his way, he said, from South Carolina to his mother's, near Suffolk, he was found on the railroad at Clayton cold and apparently dead, with blood running from his head. Assisted to Enfield, he got left there and was sent to Wilkesboro, where he said he wanted to go. It is believed his mind is impaired. — Says the Sentinel: On Wednesday night the new Board of Directors of the Asylum for the Deaf and Dumb, and the Blind, held their first meeting and took possession of the establishment. Sheriff Tim Lee, not confirmed by the Senate, was elected President of the Board. John Nichols was elected Principal of the Institution; James Harris, col., Principal or Supervisor of the colored department; city night watchman, Watson, was put in charge of the shoe shop, in place of Henry Porter, removed; Robert Ellis made Steward in place of Leach, removed; Robert Wyche, col., made watchman in place of Samuel Bridges, white, removed. Mrs. Stanford Nichols, deaf mute, was elected teacher of the Deaf and Dumb in place of Miss Laura Ballinger, removed.

DIED.

MURCHISON.—In Brooklyn, N. Y., on the 5th inst. of scarlet fever, John R. Murchison, of Col. and Mrs. K. M. Murchison, aged 7 years.
